The DHA Appointing Portal (DAP)

The DHA Appointing Portal (DAP) is an online scheduling tool. You can use the DAP to self-book your COVID-19 or flu vaccine appointment at your local military hospital or clinic.

You don’t have to be enrolled to a military hospital or clinic to use the DAP. You also don’t need an account or Common Access Card to make an appointment.

How do I book a Vaccine Appointment?

You’ll be asked to provide:

- First and last name
- Department of Defense ID number. This is found on the back of your military-issued identification card.
- Phone number
- Desired vaccine date and manufacturer of previous vaccine (for COVID-19, if applicable)

1. After booking your appointment through the DAP, you’ll receive a confirmation that will display on your screen.

2. You can also use the DAP to cancel or reschedule your vaccination appointment.

3. Contact your local military hospital, clinic, or vaccination site for their COVID-19 and flu vaccination process.

4. Not all military hospitals or clinics are using the DAP. Visit the COVID-19 vaccine locator page at www.TRICARE.mil/vaccineappointments to find out:
   - Which sites are currently offering vaccine appointments
   - How to make a COVID-19 or flu vaccine appointment
