

Yeah...It's Fast

TRICARE Encounter Data (TED)

TED records, collects, verifies and tracks millions of dollars annually in purchased care claims and encounter data for TRICARE.

How it Works

- Health care providers submit claims to insurance carriers for payment-of-services rendered by TRICARE patients
- Using TED, the carriers then electronically transmit their claims payment information to TRICARE

Product Features

- Simplify electronic claims processing and automates claims acceptance
- Validate claim payments within 24 hours of submission
- Help civilian providers get paid promptly for their services

Benefits to the Defense Health Agency

- Prevent payment for duplicate, fraudulent or erroneous claims
- Create shorter billing cycles
- Provide data for developing health care trends and budget projections
