

# Natural Medicines Comprehensive Database Mobile App

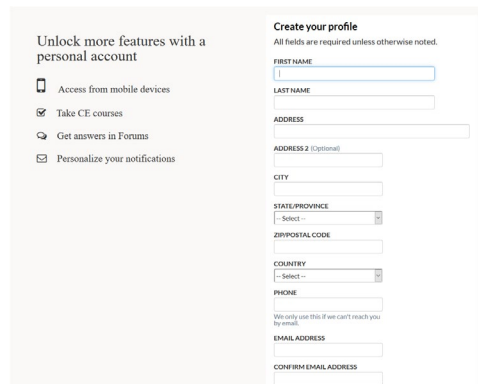

**You will need to create a personal login to access the mobile app.**

## How do I create a personal login?

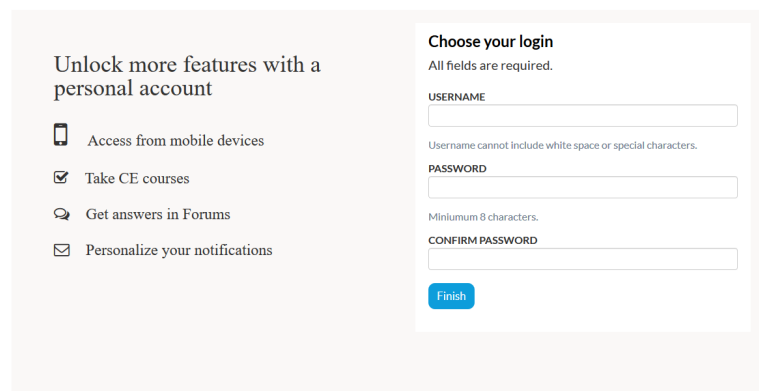

1. Access Natural Medicines Comprehensive Database while on the DHA network or while logged in through your OpenAthens remote access account.
2. Click on “Get Your Login ID” in the top right corner.

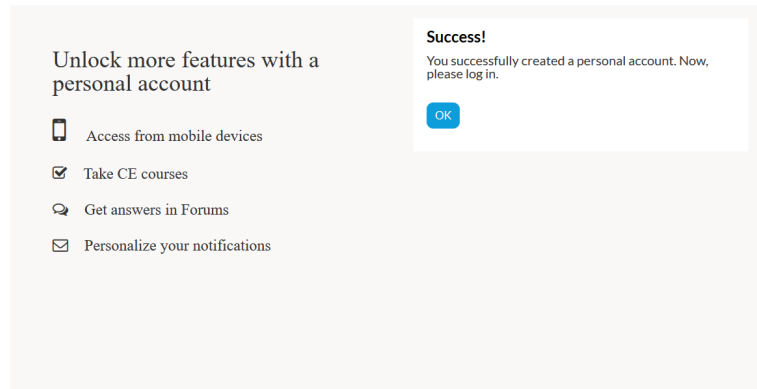

3. Create your profile.

A screenshot of a web form titled "Create your profile". On the left, there is a section "Unlock more features with a personal account" with four checkboxes: "Access from mobile devices", "Take CE courses", "Get answers in Forums", and "Personalize your notifications". The "Take CE courses" checkbox is checked. On the right, the "Create your profile" section contains several input fields: "FIRST NAME", "LAST NAME", "ADDRESS", "ADDRESS 2 (Optional)", "CITY", "STATE/PROVINCE" (a dropdown menu), "ZIP/POSTAL CODE", "COUNTRY" (a dropdown menu), "PHONE", "EMAIL ADDRESS", and "CONFIRM EMAIL ADDRESS". A note below the phone field says "We only use this if we can't reach you by phone."

4. Create a login and hit “Finish.”

A screenshot of a web form titled "Choose your login". On the left, there is a section "Unlock more features with a personal account" with four checkboxes: "Access from mobile devices", "Take CE courses", "Get answers in Forums", and "Personalize your notifications". The "Take CE courses" checkbox is checked. On the right, the "Choose your login" section contains three input fields: "USERNAME", "PASSWORD", and "CONFIRM PASSWORD". Below the "PASSWORD" field, there is a note: "Minimum 8 characters." Below the "CONFIRM PASSWORD" field, there is a blue button labeled "Finish". A note above the "USERNAME" field says "Username cannot include white space or special characters."

5. **IMPORTANT:** When you get to the screen below, you DO NOT need to click “OK.” It takes you to an error message.

6. Download Natural Medicines Database app from Google Play or the App Store.
7. Log in with the personal username and password you created in step 4.
