

FACT SHEET

MEDICATION ADHERENCE APP

The Medication Adherence App is used by patients to track their medications, dates, dosages, delivery methods, and prescription numbers.

The app tracks compliance, sets reminders and provides information on several conditions and medications. It is also available for free download.

The app was produced by the Web & Mobile Technology Program Management Office, part of the Defense Health Agency Solution Delivery Division. WMT provides web and mobile solutions to the DHA and other Department of Defense and Department of Veterans Affairs organizations.

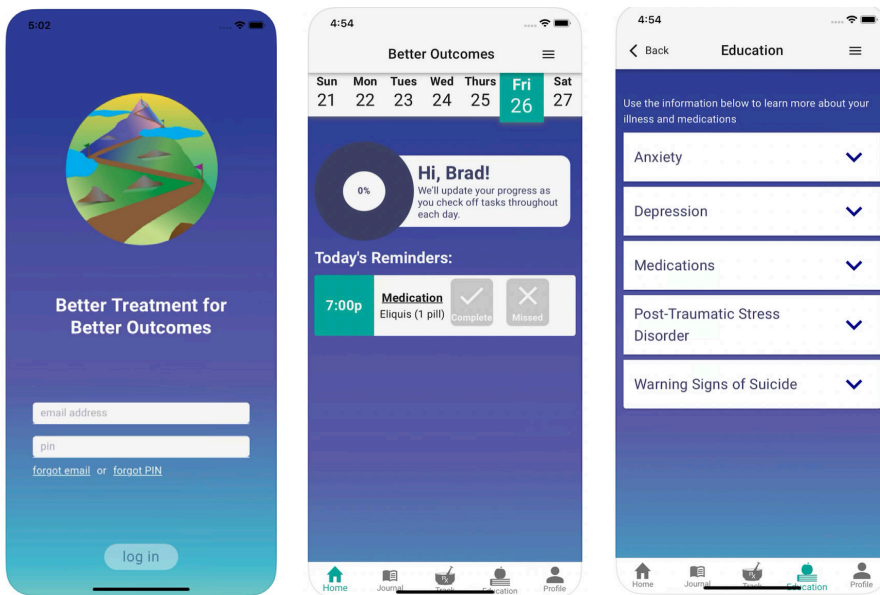

Key Features

- ▶ Easy, secure pin entry
- ▶ Tracks dosages and sets reminders
- ▶ Provides access to educational resources online
- ▶ Users can add provider contact and add and delete appointments

Key Benefits

- ▶ Centralizes medication management
- ▶ Users can enter multiple medications
- ▶ Users can track daily and weekly compliance
- ▶ Users can document journal entries on symptoms and side effects to share with their care team
