

FACT SHEET

ALEXANDER T. AUGUSTA MILITARY MEDICAL CENTER

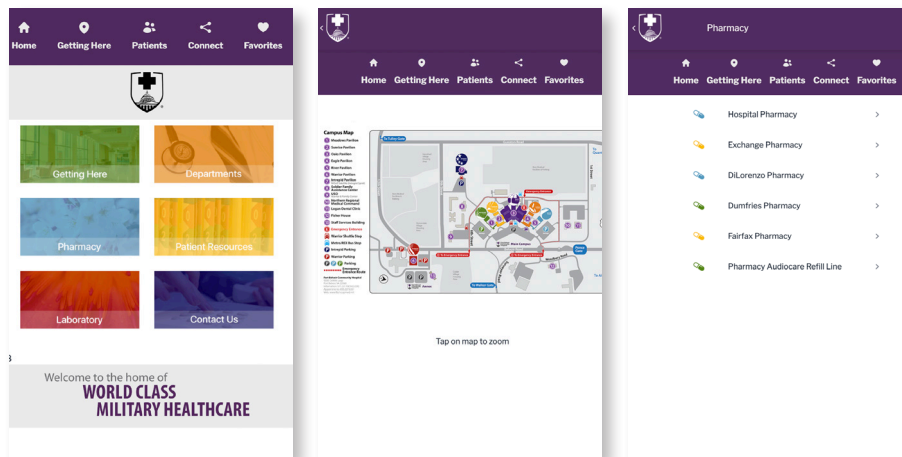

THE FACILITY'S SEARCHABLE DIRECTORY

The Alexander T. Augusta Military Medical Center App is a searchable directory for navigating the military hospital located at Fort Belvoir, Virginia.

The app features an easy-to-use home screen that enables users to quickly find their way to and around the facility, along with links to the hospital pharmacy and laboratory, patient resources and contact information.

The directions section includes a parking garage diagram with beacons to help patients find their way from the parking area to specific departments inside the hospital. This app is available for free download to iPhone and Android devices. WMT provides web and mobile solutions to the Defense Health Agency within the Department of Defense, and also the Department of Veterans Affairs.
