

# Womack Army Medical Center App FACT SHEET

The WAMC mobile app provides Defense Health Agency beneficiaries located at Fort Bragg, North Carolina, information on how to access health care at the medical center.

The app contains phone numbers, hours of operation, and information on pharmacy, lab, and prescription refills, guidance on accessing care, up-to-date announcements, and other health care services. The app also includes useful resources such as access to the MHS GENESIS Patient Portal, bereavement support, and information on how to maintain Defense Enrollment Eligibility Reporting System personal data.

The app was produced by the **Solution Delivery Division** Web & Mobile Technology Program Management Office. This app is part of a series of resource apps planned for military hospitals and clinics across the country. The apps will help beneficiaries easily access the care and services available to them. WAMC serves more than 160,000 eligible beneficiaries in the region, the largest beneficiary population in the Army.

## Key Features

- Usable on both computers and mobile phones
- Simple, easy to navigate layout
- Supports mobile browsers

## Key Benefits

- Single resource to WAMC medical care and services
- Convenient and portable information accessible by mobile phone
