Personally Identifiable Information (PII) may be collected, maintained, processed, or disseminated by systems and applications within the enclave or documents stored on file servers and shared drives. PII may include numerous types of PII including employee and beneficiary contact information, military information, demographic information, Social Security Number (SSN). Commercial-Off-The-Shelf (COTS) applications such as Microsoft Word, Excel, PowerPoint, and Outlook are utilized to provide administrative support to the enclave and may process PII.

Personal Identifiable Information (PII) may be disseminated/transferred in some systems, applications, and available within documents stored on file servers and shared drives. The administrative, physical, and technical security controls that protect the confidentiality of PII within the enclave, and electronic collections are addressed in separate Privacy Impact Assessments(PIA). The PIAs are available at: <http://dodcio.defense.gov/InTheNews/PrivacyImpactAssessments.aspx>.
