## FISCAL YEAR 2009

### MEDICAL OFFICER SPECIAL PAY PLAN

A. PURPOSE: To promulgate pay rates and policy for the Fiscal Year 2009 (FY 2009) medical officer special pay program.

B. APPLICABILITY: The provisions of this policy memorandum apply to the Office of the Secretary of Defense and the military departments.

C. TERMS AND DEFINITIONS:

1. Medical Corps Officer. An officer of the Medical Corps of the Army or Navy, or an officer of the Air Force designated as a medical officer, who is on active duty under a call or order to active duty for a period of not less than one year.

2. Creditable Service. Includes all periods that the officer spent in graduate medical education while not on active duty and all periods of active duty as a Medical Corps officer.

3. Subspecialties. Specialties grouped for pay purposes into the following categories:

a. Subspecialty Category I. Includes cardio-thoracic surgery, colon and rectal surgery, oncology surgery, pediatric surgery, plastic surgery, organ transplant, trauma/critical care surgery, vascular surgery and fellowship trained orthopedic surgeons.

b. Subspecialty Category II. Includes nuclear medicine physicians.

c. Subspecialty Category III. Includes Internal Medicine and Pediatric fellowship trained physicians in: allergy/immunology, nephrology, hematology/oncology, pediatric cardiology, and neonatology.

d. Subspecialty Category IV. Includes all internal medicine/pediatric subspecialties not listed in *Subspecialty Category I or III* or listed separately in table 1.

e. Subspecialty Category V. Includes physicians who are fellowship trained in ophthalmology, otolaryngology, obstetrics/gynecology, and urology.

4. Residency. A successfully completed formal program of medical specialty or subspecialty training.

5. Specialty. Medical specialty for which there is an identifying specialty skill identifier number, a Naval Officer Billet Classification number, or an Air Force specialty code number.

D. MULTIYEAR SPECIAL PAY (MSP):

1. Annual payment amounts for multiyear contracts will be in the amounts indicated at Table 1. Officers may be paid at the rate for any specialty for which they are currently credentialed, but the MSP and incentive special pay (ISP) specialty must be the same.

2. Eligibility. A Medical Corps officer:

- a. who is below the grade of O-7, and
- b. who has a current, valid, unrestricted license or approved waiver, and
- c. who has at least eight years of creditable service, or has completed any active duty service commitment incurred for medical education and training, and
- d. who has completed initial residency training, or is scheduled to complete initial residency training before October 1, 2008, and
- e. who executes a written agreement to remain on active duty for two, three, or four years that is accepted by the Secretary (or designee) of the military department concerned.

Note: Based on Service unique requirements, the Secretary concerned (or designee) may decline to offer MSP to any specialty that is otherwise eligible or restrict the length of an MSP contract for a specialty to less than four years

3. Subject to acceptance by the Secretary (or designee) of the military department concerned, a medical officer with an existing MSP contract may terminate that contract to enter into a new MSP contract with an equal or longer obligation at the MSP annual rate in effect at the time of execution of the new MSP contract. The new obligation period cannot retroactively cover any portion or period under the old contract that was already executed.

4. Active duty service obligations for MSP will be established as follows:

a. Active Duty obligations (ADO) for education and training and previous multiyear pay agreements will be served before serving the ADO for MSP. The MSP

ADO is served after any other existing ADO for education and training has been completed.

b. When no education and training ADO exists at the time of an MSP agreement execution, the ADO for MSP is served concurrently with the MSP agreement period and all non-education and training ADOs. Also, if the MSP agreement is executed before the start date of fellowship training and no other education and training ADO exists, the MSP ADO is served concurrently with the MSP agreement period. However, if the MSP agreement is executed on or after the start date of fellowship training, the physician is obligated for the full fellowship period and the MSP ADO will begin one day after the fellowship ADO is completed. Once a physician has begun to serve an MSP ADO, it will be served concurrently with any existing ADO including obligations for other special pay agreements or medical education and training obligations incurred after the execution date for that particular MSP agreement.

c. Obligations for Additional Special Pay and Incentive Special Pay may be served concurrently with any other service obligation.

d. The ADO for Special Pay, promotion, doctorate degree, master's degree, and non-medical military schooling will run concurrently with any MSP obligation.

#### E. INCENTIVE SPECIAL PAY (ISP):

##### 1. Eligibility. A Medical Corps officer:

- a. who is below the grade of O-7 and
- b. who has a current, valid, unrestricted license or approved waiver, and
- c. who has completed specialty qualification before October 1, 2008, except for cases listed in paragraph E.6., below, and
- d. who executes a written agreement to remain on active duty for a period of not less than one year beginning on the date the officer accepts the award of ISP.

Note: Subject to the acceptance by the Secretary (or designee) of the military department concerned, a medical officer must be currently credentialed and privileged at a military treatment facility in the specialty for which ISP is to be paid.

2. Annual ISP payments for contracts beginning on or after October 1, 2008 will be in the amounts indicated in Table 1, *as further explained in paragraph 4 below*. Unless otherwise listed, subspecialties of the primary specialty are included with the primary specialty.

3. The Secretary (or designee) of the military department concerned may approve recommendations for ISP payments to fully qualified physicians assigned to positions requiring a substantial portion of time performing military unique duties under adverse conditions or in remote locations outside the United States or that preclude the ability to spend appropriate time in a clinical setting.

4. Subject to acceptance by the Secretary (or designee) of the military department concerned, a medical officer eligible for, but not under an MSP agreement, may enter into a new one-year ISP agreement at the one-year rate listed in Table 1. To receive the multiyear ISP rate listed in Table 1 while eligible for MSP, an MSP contract must be executed. If a member is not eligible for MSP due to a training obligation, the “one-year ISP Rate without MSP” listed in Table 1 applies. Termination of a current ISP contract prior to its expiration can only be done in conjunction with execution of a new MSP.

5. Medical Corps officers who enter an MSP contract at the rates stated herein may enter an ISP contract during FY 2009 at the amount listed in Table 1 for the same specialty as stated on the MSP contract. The officer would continue ISP eligibility at that rate for each active year of the MSP contract. Should future reassessments cause an increase to the ISP rate for a specialty, the officer may take advantage of that increase only by signing a new MSP contract (at the annual rate in effect at the time the new contract is signed) with an equal or longer obligation.

6. ISP shall not be paid during the same fiscal year in which the qualifying residency training is completed. However, if the qualifying training is completed out of cycle (at a time prior to the end of June) and it is not the fault of the medical officer, the Surgeons General are delegated the authority to waive the Department of Defense (DoD) policy and grant ISP during the same fiscal year in which the qualifying residency is completed. The effective date for ISP shall be calculated from the completion of the qualifying training plus three months. This keeps all medical officers eligible for ISP consistent in how their eligibility date is calculated.

F. VARIABLE SPECIAL PAY (VSP): Medical Corps officers on active duty under a call or order to active duty for a period of not less than one year are entitled to VSP at the amounts listed in Table 2.

G. ADDITIONAL SPECIAL PAY (ASP): Medical Corps officers who are on active duty under a call or order to active duty for a period of not less than one year and are not undergoing medical internship or initial residency training, and who execute a written agreement to remain on active duty not less than one year, who have a current, valid, unrestricted license or approved waiver are entitled to ASP for any 12-month period at the annual amount of \$15,000. Physicians who have just completed internship training, but who are not presently in initial residency training are also eligible with evidence of having successfully completed all three parts of the national licensing exam and

submission of an application for licensure pending review and approval by a state licensing board.

H. BOARD CERTIFIED PAY (BCP): Medical Corps officers on active duty under a call or order to active duty for a period of not less than one year, who have a current, valid, unrestricted license or approved waiver and are board certified in accordance with DoDI 6000.13, are entitled to BCP at the amounts listed in Table 3.

I. TERMINATION OF ENTITLEMENT TO SPECIAL PAY: The Secretary (or designee) of the military department concerned may terminate at any time a Medical Corps officer's entitlement to MSP, ISP, and ASP. Reasons for termination may include, but are not necessarily limited to: Loss of privileges; Courts martial convictions; violations of the Uniform Code of Military Justice; failure to maintain a current, unrestricted license to practice medicine; or reasons that are in the best interest of the military department concerned. If entitlement to one or more of the aforementioned special pays is terminated, the officer shall be paid, on a pro-rata basis, the portion served up to the official date of termination. The military departments shall establish regulations that specify the conditions and procedures under which termination may take place. The regulations and conditions for termination shall be included in the written service agreement for MSP, ISP, and ASP.

J. REPAYMENT: Repayment of MSP, ISP, and ASP shall be conducted in accordance with sections 301d(c), 302(f) and 303a(e) of title 37 (U.S.Code) and in accordance with the repayment policy guidance established by the Principal Deputy Undersecretary of Defense (Personnel and Readiness) policy memorandum, *Repayment of Unearned Portions of Bonuses, Special Pay, and Educational Benefits or Stipends*, dated May 21, 2008 (reference c.) The regulations regarding repayment shall be stipulated in the written service agreement.

K. SPECIAL PAYS FOR RESERVE COMPONENT MEDICAL OFFICERS:

1. Under section 302(h) title 37 U.S.C., Reserve Component medical officers under a call or order to active duty for a period of less than one year, who have a current, valid unrestricted license are entitled to special pay at the rate of \$450 a month for each month of active duty, including active duty in the form of annual training, active duty for training, and active duty for special work. The amount shall be prorated for periods less than one month.

2. Under section 302f of title 37 U.S.C., Reserve Component medical officers called or ordered to active duty (other than for training) for a period of more than 30 days, but less than one year, and have a current, valid, unrestricted license, are eligible to receive VSP, ASP, BCP and ISP at the rates established herein. Payments shall be paid monthly, and amounts shall be prorated for periods less than one month. Reserve Component medical officers receiving ASP and ISP under section 302f of title 37 U.S.C.

are not required to execute a written agreement to remain on active duty for at least one year.

3. Reserve Component medical officers serving on active duty and receiving special pay under the authority section 302h of title 37 U.S.C. (paragraph K.2., above) are not entitled to the special pay under the authority of section 302(h) of title 37 U.S.C. (paragraph K.1. above).

4. Repayment of special pays shall be conducted in accordance with sections 301d(c), 302(f) and 303a(e) of title 37 U.S.C and in accordance with the repayment policy guidance established by the Principal Deputy Undersecretary of Defense (Personnel and Readiness) policy memorandum, *Repayment of Unearned Portions of Bonuses, Special Pay, and Educational Benefits or Stipends*, dated May 21, 2008 (reference c.) The regulations regarding repayment shall be stipulated in the written service agreement, if one is required.

4. ISP shall not be paid during the same fiscal year in which the qualifying residency training is completed. However, if the qualifying training is completed out of cycle (at a time prior to the end of June) and it is not the fault of the officer, the Surgeons General are delegated the authority to waive the Department of Defense policy and grant ISP during the same fiscal year in which the qualifying residency is completed. The effective date for ISP shall be calculated from the completion of the qualifying training plus 3 months.
