DHA MEDLOG

SUBJECT: Use of Defense Medical Logistics Standard Support (DMLSS) as the Authoritative Information System (IS) of Record for Medical Logistics (MEDLOG) Enterprise Activity (EA)

References: See Enclosure 1.

1. PURPOSE. This Defense Health Agency-Procedural Instruction (DHA-PI), based on the authority of References (a) and (b), and in accordance with the guidance of References (c) through (g), establishes the Defense Health Agency’s (DHA) procedures and:

   (a) Establishes use of the Defense Medical Logistics Standard Support (DMLSS) System as the authoritative Information System (IS) for military medical treatment facilities (MTFs) and DHA Components.

   (b) Directs the use of DMLSS and related systems under the Defense MEDLOG-Enterprise Solution. This DHA-PI supports interoperability and standardizes the authoritative IS within the DHA Medical Logistics (MEDLOG) Enterprise Activity (EA).

2. APPLICABILITY. This DHA-PI applies to all personnel to include: assigned or attached active duty and reserve Service members, federal civilians, contractors (when required by the terms of the applicable contract), and other personnel assigned temporary or permanent duties at DHA, DHA Components, (i.e., markets, military medical treatment facilities, etc.), DHA regional and field activities (remote locations), and subordinate organizations administered and managed by DHA to include MTF and DHA Medical Units, under the authority, direction and control of the DHA.

3. POLICY IMPLEMENTATION. It is DHA’s instruction, pursuant to References (d), (e), and (f), that DHA military MTFs and Medical Units will use the DMLSS system for all logistics business functions, except for management of transportation assets.
4. RESPONSIBILITIES. See Enclosure 2.

5. PROCEDURES. MTFs and DHA Medical Units will use the following DMLSS modules including, but not limited to: Customer Area Inventory Management, Inventory Management, Equipment Management, Equipment Maintenance, Assemblage Management, System Services, and Facility Management. These DMLSS modules will provide a processing environment for the following automated processing: new item requests, inventory, orders, receipt, issues, and dispositions of medical materiel associated with operations, research, and support prescribed by the DHA mission.

6. RELEASABILITY. Cleared for public release. This DHA-PI is available on the Internet from the Health.mil site at: www.health.mil/DHAPublications.

7. EFFECTIVE DATE. This DHA-PI:

   a. Is effective upon signature.

   b. Will expire 10 years from the date of signature if it has not been reissued or cancelled before this date in accordance with Reference (c).
