DoD Third Party Collections (TPC) program activities involve the billing of health insurance plans, or agreements, on behalf of beneficiaries for both Inpatient and Outpatient treatment provided in Military Treatment Facilities (MTFs) and Dental Treatment Facilities (DTFs), to the fullest extent allowed under CFR 32, part 220, 10 U.S.C. 1095.

OTHER HEALTH INSURANCE (OHI)

- **What is Other Health Insurance (OHI)?**

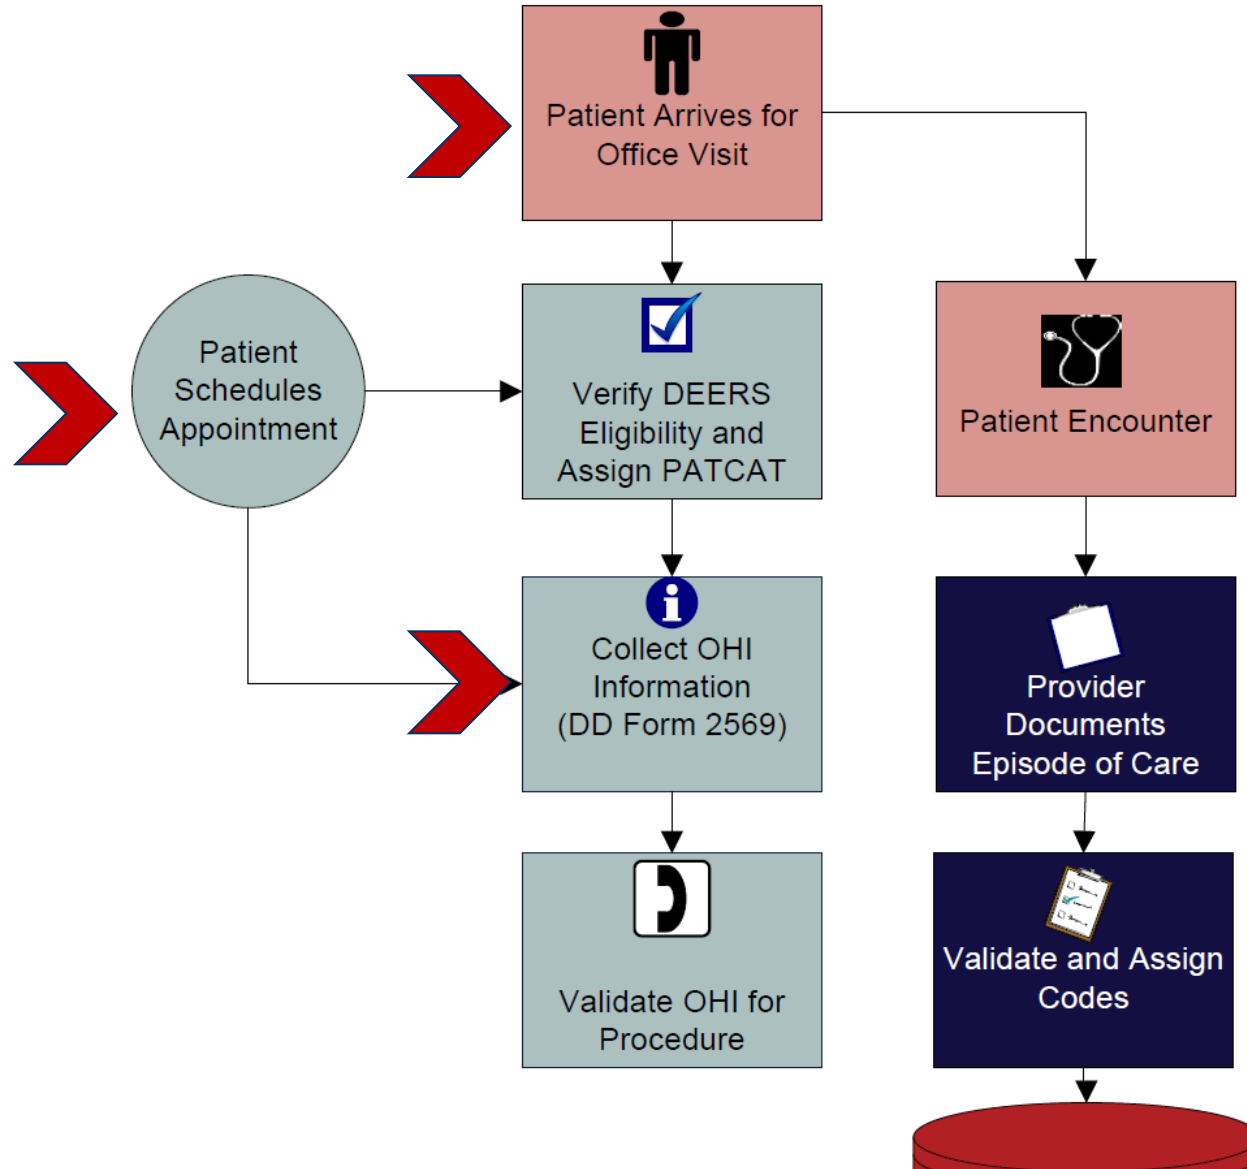

- Other Health Insurance (OHI) is any health insurance policy covering medical, dental, or pharmacy established through an employer or private insurance company.
- TRICARE, TRICARE Supplemental plans, Medicare, Medicaid, and certain government-sponsored programs are not OHI.
- OHI is stored in the SIT in the form of Health Insurance Carrier (HIC) IDs. It is assigned by DEERS and composed of:
 - First 3 characters of insurance company's name
 - Plus 2-character state abbreviation
 - Plus 4-digit number assigned by DEERS

E.g. Aetna of California = AETCA0001

OHI High Deductible Health Plans (HDHP)

- OHI coverage can constitute High Deductible Health Plans (HDHPs).
- HDHPs are at times linked to Health Savings Accounts (HSAs), Health Reimbursement Accounts (HRAs) and Flexible Spending Accounts (FSAs) being used.
- Any payments received from these payment types as part of cost-sharing should not be accepted.
- HRA payments made to cover HDHP cost-sharing amounts must be returned per 32 Code of Federal Regulations (CFR) 220.2(b).

STANDARD INSURANCE TABLE (SIT)

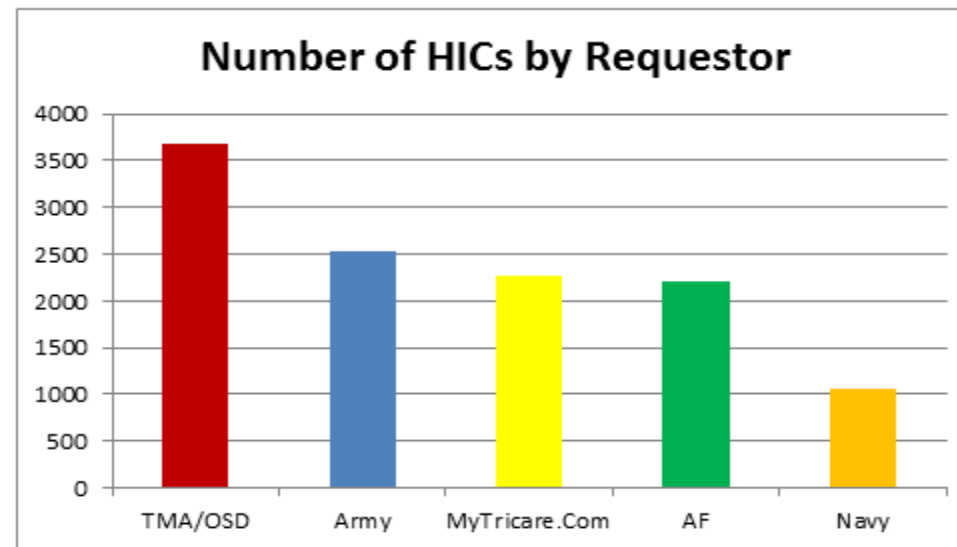

- **What is the SIT?**

- Centralized database of commercial Health Insurance Carriers (HICs) and their claims addresses and the types of coverage (comprehensive, medical, pharmacy, dental, vision, etc.) that each HIC offers.
- The centralization of SIT data allows for insurance company claims addresses to be managed and standardized throughout the MHS.
- Excludes insurance companies billed *only* under Medical Affirmative Claims (MAC) and Medical Services Account (MSA) Program.
- SIT has valid Health Insurance Company (HIC) name and claims address. OHI policy is “pointed” to the appropriate HIC address.

COMMON SIT/OHI DATA ENTRY ERRORS

- **What is the impact on billing processes?**
 - Standardized and centralized SIT and OHI data across the MHS information systems allows MTFs to bill Other Health Insurance (OHI) for services rendered. SIT and OHI information is shared with Direct Care and Purchase Care.
 - Allows for straightforward changes to the Local SIT
 - Increases potential for Third Party Collections.
 - If a patient has OHI and is covered by TRICARE, federal law requires Military Treatment Facilities (MTFs) to collect reasonable payments.
 - If a third party payer pays any portion or all of a claim, it will be considered as satisfying the normal medical services or subsistence charges, and patients will not have to make any further payment.

- Incomplete queries with duplicate HIC entries
- Insurance carrier name is abbreviated
- Use of “RX” prefix: “RXAetna” for insurance carrier
- Use of commas, periods, symbols: 1.800.234.5678 or 1-800-234-5678- It should look like: **18002345678**
- Use of DSN instead of commercial telephone number
- Invalid insurance carrier telephone number
- Incorrect Coverage Type: XM, MD entered and insurer is clearly Pharmacy (RX)
- Failure to “cancel” an incorrect entry

- Loss of connectivity with DEERS:
 - MTF did not subscribe to DEERS during a 7-day period, and local CHCS became out of sync with the central SIT.
- MTF must request a full subscription:
 - Menu path: DAA -> CFT -> CFM -> STM -> SIT -> Subscribe action.
 - Select the DOD HIC Full Inquiry secondary menu option.
 - Answer “yes” to the question, “Proceed with Full Subscription?”
 - The system will confirm that a Full Subscription has been tasked.
 - The data returned from DEERS will be integrated automatically into CHCS.

- Placeholders:
 - Temporary OHI entry with preliminary/incomplete payer information.
 - The word “Placeholder” or either one or a series of 9s is entered into the Insurance Payer field.
 - Managed Care Support Contractors routinely create Placeholders as a method to identify potential OHI.
 - UBO staff members are **discouraged** from using Placeholder as a valid SIT/OHI entry.

- Remember to:
 - Query the local CHCS SIT table first before adding a new entry to avoid duplicates
 - Use the commercial telephone number for POC
 - Obtain a valid insurance carrier telephone number
 - Use local comment field for additional information
 - Cancel an entry when it is a mistake
 - **Do not deactivate any Health Insurance Carriers (HICs)**
 - When in doubt, contact the VPOC
