As required by 10 U.S.C. § 1074g(f), with respect to any prescription filled after January 28, 2008 (the date of enactment of the National Defense Authorization Act for Fiscal Year 2008 (NDAA-08)), the TRICARE Retail Pharmacy Program shall be treated as an element of the Department of Defense (DoD) for purposes of the procurement of drugs by Federal agencies under 38 U.S.C. § 8126 to the extent necessary to ensure pharmaceuticals paid for by the DoD that are provided by pharmacies under the program to eligible covered beneficiaries under section 1074g are subject to the pricing standards in such section 8126.
This statute is implemented by the regulation at 32 C.F.R. § 199.21(q) under the Final Rule republished in the Federal Register on October 15, 2010.

The statute requires Manufacturer refunds, the process for which the Final Rule established through the TRICARE Retail Refund Program (TRRP).
Objective of this Webinar

■ Our goal today is to provide valuable information to Manufacturers to help build a more effective partnership with the TRICARE Retail Refund Team (TRRT) and to communicate the processes by which Manufacturers must work with the TRRT to effectively resolve disputes within the 60 day time period

Successfully Navigating the Dispute Process
Pay Level Discrepancies vs. Claim Level Disputes

- Pay level discrepancies are based on pricing calculation
  - Generally submitted with G Dispute Codes
  - Submitted on the Reconciliation and Payment Detail Form

- Claim Level Disputes are based on utilization of pharmaceutical agents dispensed by TRICARE Retail Network pharmacies to TRICARE beneficiaries
  - All other Dispute Codes
  - Dispute reasons should include specific information regarding discrepancy in the claim data
Price Calculation

- Variance in pricing between calculations is a common discrepancy

- Manufacturers select their billing method on their DoD Retail Refund Pricing Agreement
  - Unit
  - Package

- Manufacturers may request to update their billing method by contacting UFVARR_Requests@mail.mil
Unit Refund Calculation

- Divide refund per FCP package size by the FCP package size, and then multiply by units dispensed

Example:

137 tablets were dispensed in 1Q14 for a product.

The package size was 30.

Standard Minimum Refund: $100.00

\[(\frac{100}{30}) \times 137 = 456.67\]
Divide quantity by FCP package size, round down to the next full package number, then multiply the result by the standard minimum refund.

Example:

137 tablets dispensed in 1Q14.

The package size was 30

Standard Minimum refund: $100.00

137/30 = 4.56 packages. Round down to 4 packages, then 4 × $100.00 = $400.00
Dispute Submission

- Disputes should be submitted via the new Claim-Level Dispute Submission Form to UFVARR_Requests@mail.mil and your CRM FM by the Manufacturer point of contact (POC)

- Pricing discrepancies should be submitted via the new Reconciliation and Payment Detail Form to UFVARR_Requests@mail.mil and your CRM FM by the Manufacturer POC
Changes to Claim Number

- Each claim is assigned an Authorization Number, which is known as Claim Number on the quarterly utilization data files.

- Starting 2015-05-01, the claim number consists of up to 18 bytes of numbers (i.e., 0-9)
  - Authorization Number used to take the form of a 14-byte alphanumeric value with a leading "U."

- Authorization Number/Claim Number needs to be handled with caution as a text or character field (and not as a numeric field)
Understanding Common Dispute Codes
Duplicate Claim (Code A)

- Claim numbers that have been duplicated and/or provide documentation that a refund for the same claim has previously been paid to TRICARE
- Other Health Insurance (OHI) disputes must be submitted with Dispute Code R
NDC Transferred to Another Labeler Code or Company (Code C)

- Claims that should be billed to another labeler code or company
- TRICARE Retail Refund Appendix A Change Request form (Available Here) is required from both Manufacturers to determine fiscal liability date
Invalid Pharmacy Identification Number/NCPDP Provider ID (Code E)

- Pharmacy’s NCPDP or NPI is invalid, unknown, or terminated
- Changes can occur when a pharmacy undergoes a change in ownership
  - In this case the NCPDP or NPI number is not invalid
- This Code is commonly incorrectly used in the identification of 340b pharmacies
  - Use Dispute Code K for 340b utilization
Claims filled using a PHS or 340b discounted product

Claims submitted by the pharmacy with a Submission Clarification Code of “20” are not eligible for a refund

Please provide a completed copy of the 340b Verification Form from the TRICARE Retail Refund Program Manufacturer Process and Procedures Guide (P&P Guide) as supporting documentation with dispute
Other (Code P)

- Claim is not eligible for a refund due to reasons not identified in the Dispute Codes available
- Provide any and all supporting documentation that will aid in the resolution of these disputes
- Please provide sufficient dispute comments when submitting these disputes
- Manufacturers may be contacted by the TRRT to verify information regarding these disputes
Claim is submitted with a Coordination of Benefits where TRICARE is not the primary payer

Supporting documentation that another insurance paid is required

TRICARE is the primary payer on claims that were not submitted to a secondary insurance at the point of service
Utilization Code Disputes

- Utilization code disputes generally fall within L, N, and O Dispute Codes
- Refunds are based solely on utilization of pharmaceutical agents dispensed in the TRICARE Retail Network
- Manufacturers need to dispute the claims in question and provide documentation and/or justification by email to UFVARR_Requests@mail.mil
Understanding Common Discrepancy Codes
Decimal Discrepancy or Rounding Problem (Code G)

- Units submitted for payment are incorrect due to rounding or incorrect placement of decimal.
- It is best not to submit G Codes on a claim level as the claims themselves are not being contested, but rather the variables involved in calculating the amount due for those claims.
G Code Dispute Process (cont.)

- Include G Code discrepancies with the Reconciliation and Payment Detail Form and submit to your CRM FM and to UFVARR_Requests@mail.mil so that they can be directly handled by the reconciliation team.

- Verified errors will be corrected in the reconciliation process and a manual adjustment will be made to adjust the debt up or down.

- Adjustments to the debt will not be made without supporting documentation from the VA.
Package Size Discrepancy (Code H)

- H Code Discrepancies (Package Size Discrepancy) should always be identified on a claim level
- If DHA’s package size is confirmed to be incorrect, the discrepancy will be accepted and a manual correction in the calculation will be performed. An adjustment will be made to adjust the debt up or down
Product Not Eligible for a Refund (Code J)

- Claim for a product that is not eligible for a refund.
- Dispute the claims by providing supporting documentation via email to UFVARR_Requests@mail.mil and your CRM FM as to why the product is not eligible for a refund.
- Please note that any NDC on the VA Covered Drug List for the billing quarter in question is eligible for a refund.

What to Expect After Dispute Resolution
Communication of Dispute Resolution

- Your CRM FM will email Dispute Approval Summary reports to the Finance POC identified on the TRICARE Retail Pharmacy Refunds Questionnaire.

- Adjustments to principal for accepted disputes will be made by your CRM FM concurrently with Manufacturer receiving the dispute resolution status email.

- Your CRM FM will also be able to provide a statement of account with accrued interest, administrative fees, and penalties upon request.
Pursuant to the provisions of 32 C.F.R. § 199.21(q) and 32 C.F.R. § 199.11, a Manufacturer may request waiver and/or compromise of a refund amount due under 10 U.S.C. 1074g(f).

Manufacturers may request a compromise of refund debt, and/or waiver of associated interest, penalties, and administrative charges.

Requests must include justification(s) of why the relief is appropriate under 199.11 and other applicable authorities.
**WAIVER/COMPROMISE REQUEST Resolution**

- If the waiver or compromise request is denied, interest, penalties, and fees will accrue as stated in the demand letter.

- If waiver of interest, penalties, and/or admin charges (fees) is approved, DHA will accept the principal due plus any accrued fees not waived as payment in full.

- If a compromise proposal is accepted, interest, penalties, and administrative charges will be addressed in the resulting compromise agreement.
Requests for Resubmission

- After Manufacturers have been notified that their disputes have been rejected, DHA will allow these disputes to be resubmitted with updated supporting documentation within 30 days of notification of the dispute outcome.

- Resubmission Form available 1QCY16
  - Available on our Operational Documents page.
Applying Credits

■ Based on prior payments received, if an overpayment exists, DHA at this time will not issue a refund of any overage balances

■ DHA will apply overpayments to other existing debt on a first in, first out basis

■ When existing debt is paid in full, CRM FMs will contact the Manufacturer to coordinate application of remaining overpayments to future debt
