

ABACUS Updates

27 April 2021 0800 – 0900 EDT

29 April 2021 1400 – 1500 EDT

For entry into the webinar, log into: http://federaladvisory.adobeconnect.com/ubo_webinar.

Enter as a guest with your full name and Service or DHA affiliation for attendance verification.

Instructions for CEU credit are at the end of this presentation.

View and listen to the webinar through your computer or Web-enabled mobile device. Note: The DHA UBO Program Office is not responsible for and does not reimburse any airtime, data, roaming or other charges for mobile, wireless and any other internet connections and use.

If you need technical assistance with this webinar, contact us at webmeeting@federaladvisory.com.

You may submit a question or request technical assistance at any during a live broadcast time by entering it into the “Question” field of Adobe Connect.

- Webinar Goal
- ABACUS User Re-certification
- ABACUS Compliance
- ABACUS Portal
- Enterprise Reporting
- Billing and Collections Application
- Submitting Rx Claims to the Medical Clearinghouse via 837
- ABACUS Resources

- The goal of this webinar presentation is to ensure ABACUS users are aware of the most recent requirements and changes.
 - ABACUS users and MTF UBOs have new compliance requirements to follow.
 - ABACUS Release 2.5.0 and 2.6.0 (deployed in January 2021 & April 2021) includes several key updates for Priority 1-5 Sustainment Requirements.

ABACUS Requirements

- In October of 2020, ABACUS was updated to allow users to separately upload their Cyber Awareness and HIPAA training certificates.
 - Previously, the Cyber Awareness certificate had to be combined into one document and uploaded with the HIPAA certificate.
- Updates were made in response to DHA audit findings and recommendations.
- The DHA UBO Program Office communicated this new requirement to all affected ABACUS users.
 - Notices were sent several times throughout November 2020.
 - Deadline for compliance was set at December 15, 2020.
 - Non-compliant accounts were disabled.

Edit

- In compliance with DHA-PI 8100.01, ABACUS compliance reporting instructions were developed and distributed to MTF UBOs.
 - *“Information Security Compliance for Defense Health Agency Financially Auditable Information Systems.”*
- All MTFs using ABACUS are responsible for implementing, operating, monitoring, and reporting effective Information Security Controls.
- MTFs are responsible for reporting compliance on a monthly basis.

ABACUS User Requirements

- 1) Completed and approved DD 2875.
 - 2) Current Cyber Awareness and HIPAA training certificates.
-
- ABACUS users are responsible for properly completing the DD 2875 and coordinating for signatures.
 - ABACUS users are responsible for completing and maintaining the proper training and ensuring their ABACUS account is up to date.

ABACUS Approver Requirements

- 1) Confirm completed and approved DD 2875
- 2) Confirm current Cyber Awareness and HIPAA certificates.
- 3) Review and validate the requested User Role
- 4) Disable users when access is no longer required for reasons such as:
 - Termination of employment
 - Change in responsibility or role
 - Permanent Change of Station

Approver Notes

- All updates to user accounts and the reason for the update are documented in the Approver Notes field.
- Approver Notes are cumulative and remain with the user's account record for the life of the record.

- When Approver selects the Admin page, all the prospective users waiting to be approved by the Approver at that MTF appear on the screen.
- Approver clicks Details link next to the user to review their Account.

Approve Cancel

Question: How do approvers confirm the proper User Role?

Answer: The ABACUS Application User Roles and Access Guide is the product of a comprehensive Segregation of Duties Analysis conducted by functional representatives.

Question: How do approvers document their review?

Answer: Approvers should use the “Approver Notes” field to document that a review has been performed and any edits made.

12/22/2020 12:00:01 PM	Completed CBT e2569 UBO Staff

MTF Requirements

- The following items must be reported on a monthly basis:
 - All ABACUS user accounts have the appropriate documentation.
 - Evidence that a Segregation of Duties analysis has been completed for the account.
 - Verification that all ABACUS user accounts have been reviewed within the last 365 days and that permissions match the user job description
 - Verification that all ABACUS user accounts are deprovisioned within 30 days whenever the user no longer requires access to the system, unless they are on Temporary Duty and expected to return within 90 days.

Question: How does an MTF report compliance?

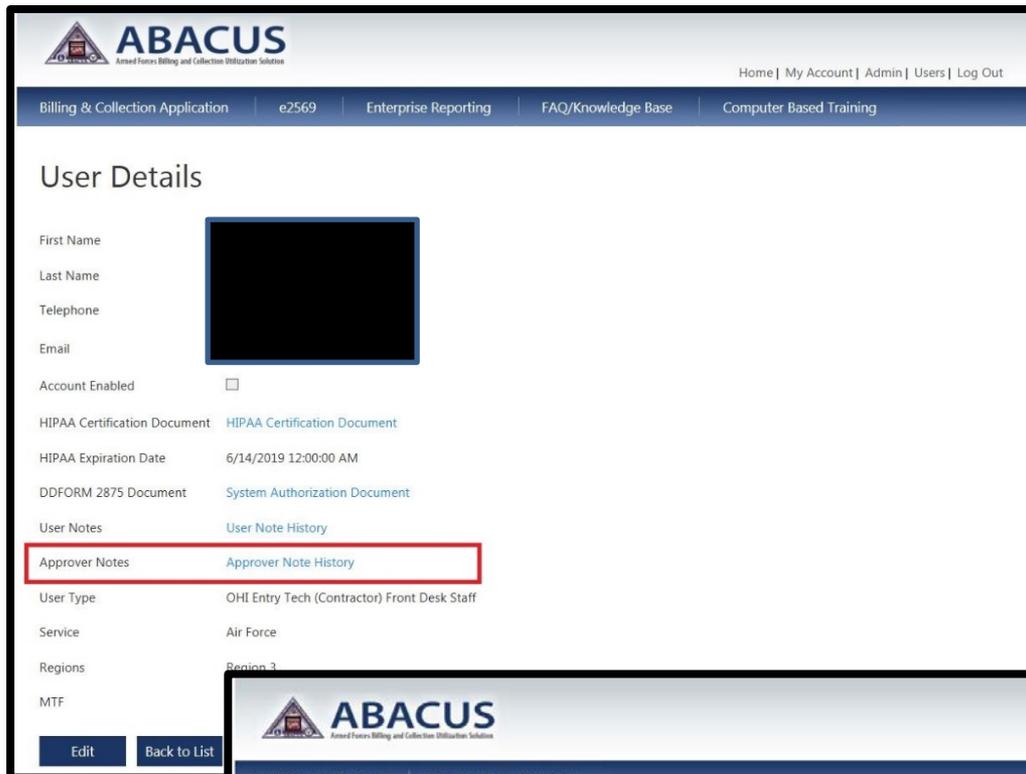

Answer: MTFs should use print screen functionality to capture the full list of ABACUS users and the Approver Notes to indicate a completed review.

ABACUS Updates

- The Service and Region fields have been removed throughout ABACUS in support of the new DHA Market structure.

Impact to ABACUS Users

User Registration

- Users can no longer register for Service or Region roles
- All user roles (except UBO Manager) will have to register for specific MTFs
- Users can register for one, multiple, or all MTFs

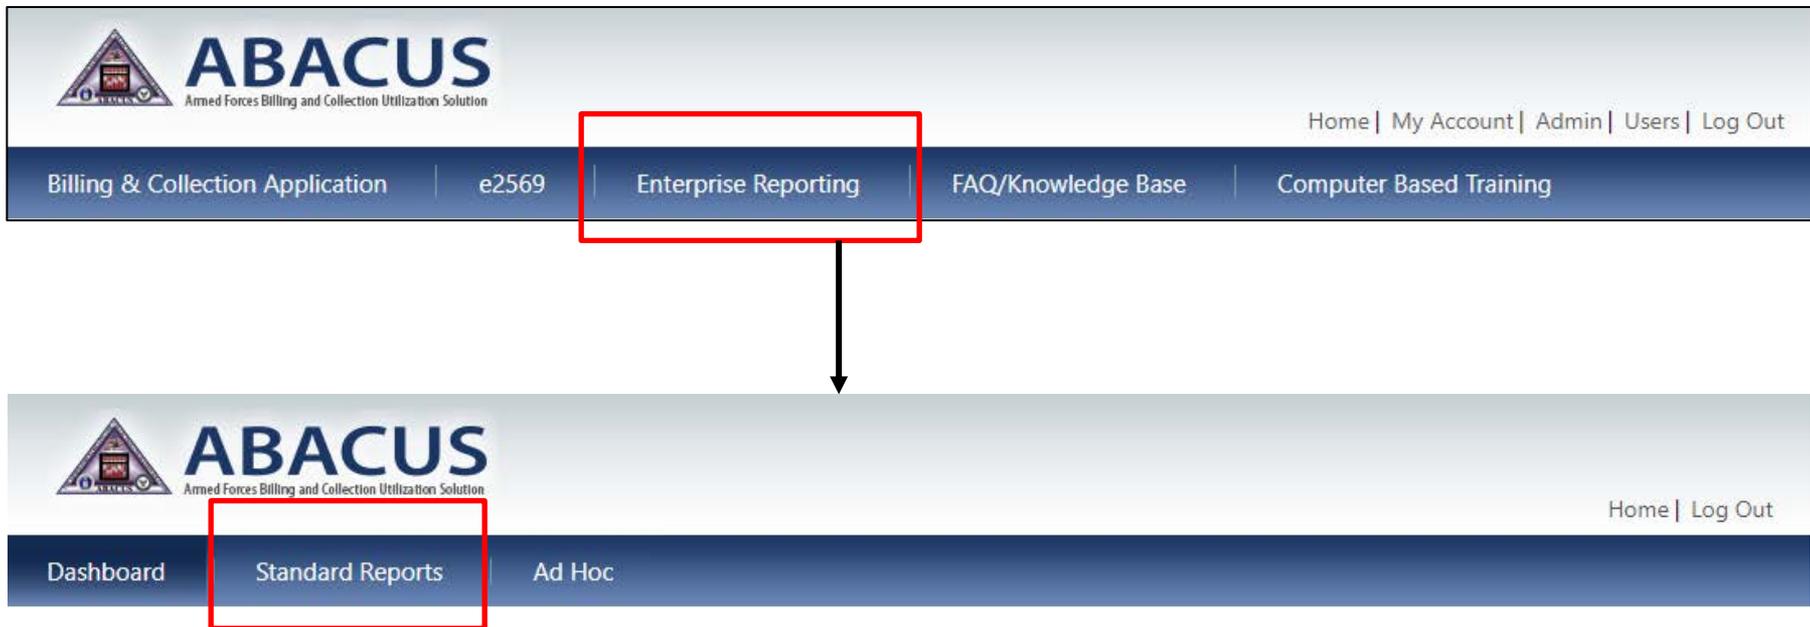

Admin & User Pages

- Approver roles can no longer assign a user to a Service or Region
- Approver can assign a user to multiple MTFs as needed

ABACUS Guides

- Access Roles Org Chart
- ABACUS Role Guide
- ABACUS Operations Manual

- The “Aged Accounts Receivable by Control Number” report has been added to the Enterprise Reporting – Standard Reports module.
- This report shows aged accounts receivables by control number. The report lists control numbers by date range from current date up to 10 years and there are totals for each date range at the end of the report.

Aged Accounts Rcvble by Control No

Lists Each Open Account Balance in Buckets such as Current, 1-30, 31-60, 61-90, etc.

MTF

LOB

Master Tables

- User roles can place a termination date on a Certifying Officer for all forms and create a new one.
 - Auditor request to create a clean audit trail
- Users can add a Certifying Officer for DD 1131/CCV.
 - Previously, a Helpdesk ticket was required
- A copy feature has been added to Dining Hall SIK to copy over parameters from the last active input.
 - Users can copy a previously entered rate in the Dining Hall SIK rate table.
- The begin and end date as well as the date/time the date was entered has been updated for the Dining Hall SIK rate.
- A feature has been added to prevent users being able to back date effective date of Dining Hall SIK entries.

A/R Management Module

- ABACUS User Roles 1.0 & 2.0 can grant an extension on an account for 16-365 days.
 - 1.0 – UBO Program Manager
 - 2.0 – DHA/Market UBO Manager

Additional Notes

- Previously, the longest extension was 15 days.
- Users can select increments of days (e.g., 30, 180, 365)

A/R Management Module

- Users can enter write-off amounts to a “D” uncollectible code to an account.
- Users can also apply more than one “D” uncollectible code to an account.

Additional Notes

- Users can enter the amount on a specific control number and select a code from a dropdown for that individual amount/control number.
- If more than one code needs to be entered on one control number, the user might have to enter one transaction, save then enter another.

A/R Management Module

- Users can print an I&R, DLQ, and/or FN with the newly changed updated address when changed in Patient Demo & OHI without having to re-start due process.

Additional Notes

- The request to update the address on an existing I&R, DLQ or FN was accomplished by adding a button in the AR Management Details.

A/R Management Module

- Users can view the Date of Service listed in the Invoice Detail screen to be able to provide a clear picture to the patient without having to access Recovery.

Additional Notes

- For Inpatient, the discharge date is the date of service.

Cash Collection Voucher (CCV)

- The Cash Collection Voucher (CCV) screen has been modified to provide the capability to export all individual claims that support CCV to Excel and/or PDF.

Debt Transfer

- A free text feature has been added to give the users the ability to enter a Company Code, when creating a DD139.
 - Length 10 Alpha-Numeric characters
- User will be able to view the total outstanding balance at the bottom of the reason for adjustment details.
- The copy of the original I&R will be printed with the debt package.
 - Before the release, the updated I&R printed, but showed a "0.00" balance since the "transferred to collections" amount is updated
- Users can change the Higher Collection Authority (HCA) from DFAS to FedDebt or to Other to support audits.
- Users can reverse a debt voucher in Debt Transfer.

Balance Due: 03/31/2021 \$109.18

According to our records, you, or a person assigned under your sponsorship, received health care services as listed above. A claim was filed on your

Elective Cosmetic Surgery (ECS)

- Currently, unmatched lines that are not valid ECS entries cannot be deleted. This update gives users the ability to delete an ECS entry after inputting a note to explain why a voucher was not created.
- Users can view the details of an unmatched line prior to creating a voucher.
- Users can select the appropriate CPT within ECS based on the date of service.

Additional Notes

- Previous functionality did not show details of the service provided. It only allowed the user to create a voucher and only after creating the voucher did the user realize that the services provided were not ECS related.

Invoice Payments

- The Invoice Payments screen has been updated to have the system to prevent users from posting payments in Invoice Payments to accounts that have been transferred in ABACUS.

Additional Notes

- ABACUS allows accounts that have been transferred to be seen in Invoice Payments. ABACUS will now notify users that because the account is transferred, payment should be applied in Debt Transfer.

Refund Reconciliation

- Users can add notes and attachments to packets in DFAS completed status.
- The list of accounts that require refunds have the capability to be exported.
- The window screen for 'Payee', 'Fund Number', and 'Article or Services' has been increased to a comfortable size for the users.
- The SF1049 and SF1034 forms have been updated to allow signatures for two certifiers.

Additional Notes

- Auditor indicated that it should be required in ABACUS for the SF1049 and SF1034 to be signed by two certifiers, 1) UBO indicating that refund is valid, and 2) Budget indicating that funds are available.

Ledger Posting

- Users can view the current status, previous payments, adjustments, write-offs, and the balance of an account in Ledger Posting.
- Users can initiate a balance bill directly from Ledger Posting without waiting for the next day in Recovery.

Additional Notes

- In order to balance bill, the following criteria must be met:
 - The claim's LOB must allow for balance billing
 - An invoice must not already exist for the claim
 - The Balance Billing button in Recovery must be active

Background on Issue

- NH Pensacola had issues getting BCBS TN to pay for initial fills. MTFs resorted to manual work arounds including submitting paper forms through USPS.
- Tripler AMC was requested by VHA to send prescription claims electronically through the medical clearinghouse for processing in the new ECAMS system.

ABACUS Updates

- ABACUS was updated to send Rx claims to the medical clearinghouse for electronic submission (837s) to the medical payers.

User Benefits

- Faster payments from the payers with less denials/rejections.
- Reduction in the number of paper claim submissions.

Question: How does an MTF set up this capability?

Answer: Submit a helpdesk ticket (dhagsc@mail.mil) with the MD HIC IDs they'd like to send the Rx claims electronically. Once the ticket is received, it will be a 3-5 days turnaround for the capability to be setup.

Questions?

This in-service webinar has been approved by the American Academy of Professional Coders (AAPC) for 1.0 Continuing Education Unit (CEU) credit for DoD personnel (.mil address required). Granting of this approval in no way constitutes endorsement by the AAPC of the program, content or the program sponsor. There is no charge for this credit.

- **Live broadcast webinar (Post-Test not required)**
 - Login prior to the broadcast with your: 1) full name; 2) Service affiliation; and 3) e-mail address
 - View the entire broadcast
 - After completion of both live broadcasts and after attendance records have been verified, a Certificate of Approval including an AAPC Index Number will be sent via e-mail to participants who logged in or e-mailed as required. This may take several business days.

- **Archived webinar (Post-Test required)**
 - View the entire archived webinar (free and available on demand at <http://www.health.mil/Military-Health-Topics/Business-Support/Uniform-Business-Office/UBO-Learning-Center/Archived-Webinars>)
 - Complete a post-test available *within* the archived webinar
 - E-mail answers to ubo.helpdesk@intellectsolutions.com
 - If you receive a passing score of at least 70%, we will e-mail MHS personnel with a .mil email address a Certificate of Approval including an AAPC Index Number

- The original Certificate of Approval may not be altered except to add the participant's name and webinar date or the date the archived Webinar was viewed. Certificates should be maintained on file for at least six months beyond your renewal date in the event you are selected for CEU verification by AAPC

- For additional information or questions regarding AAPC CEUs, please contact the AAPC.

- Other organizations, such as American Health Information Management Association (AHIMA), American College of Healthcare Executives (ACHE), and American Association of Healthcare Administrative Managers (AAHAM), may also grant credit for DHA UBO Webinars. Check with the organization directly for qualification and reporting guidance.
