• **ATTENTION PRESENTER:** To ensure that TRICARE beneficiaries receive the most up-to-date information about their health benefit, you must visit [www.tricare.mil/briefings](http://www.tricare.mil/briefings) for the latest version of all briefings before each presentation. Briefings are continuously updated as benefit changes occur.

• **Presenter Tips:**
  – Review the briefing with notes prior to your presentation.
  – Remove any slides that do not apply to your audience.
  – Review the *Other Important Information* briefing slides and the *Costs* briefing slides at [www.tricare.mil/briefings](http://www.tricare.mil/briefings) to identify any additional slides to include in your presentation.
  – Launch the briefing in “slide show” setting for your presentation.

• **TRICARE Resources:** Visit [www.tricare.mil/publications](http://www.tricare.mil/publications) to view, print, or download copies of TRICARE educational materials. Suggested resources include: *TRICARE For Life* fact sheet, *TRICARE and Medicare Turning 65* brochure, *TRICARE and Medicare Under Age 65* brochure, and *TRICARE Plans* overview.

• **Estimated Briefing Time:** 45 minutes

• **Target Audience:** Dual-eligible TRICARE beneficiaries
• **Briefing Objectives:**
  – Provide an overview of using TRICARE and Medicare.
  – Inform beneficiaries about TRICARE For Life.

• **Optional Presenter Comments:** Welcome to the *Using TRICARE and Medicare* briefing. The goal of today’s presentation is to provide you with information on using TRICARE while entitled to Medicare. Contact information will be provided at the end of this presentation.
During today's briefing, we will discuss what TRICARE is, TRICARE and Medicare eligibility, TRICARE For Life, and TRICARE program options.

We will also cover other important information about the Affordable Care Act.

Finally, we will provide resources for getting assistance and finding answers to additional questions.

- To learn more about TRICARE options, visit www.tricare.mil.
- To receive TRICARE news and publications by email, sign up at www.tricare.mil/subscriptions.
- To sign up for benefit correspondence by email, visit https://milconnect.dmdc.osd.mil.
• Optional Presenter Comment: First we will discuss what TRICARE is.
• TRICARE is the uniformed services health care program, which brings together the health care resources of the Military Health System—such as military hospitals and clinics—with TRICARE-authorized civilian health care professionals, institutions, pharmacies, and suppliers (network and non-network) for beneficiaries eligible by law.

• Note: Throughout this presentation, the term “family members” refers to dependents of service members who are eligible to use TRICARE.
TRICARE is available worldwide and managed regionally. There are two TRICARE regions in the United States—TRICARE East and TRICARE West—and one overseas region with three areas—TRICARE Eurasia-Africa, TRICARE Latin America and Canada, and TRICARE Pacific. Benefits are the same regardless of where you live, but there are different customer service contacts for each region.

Health Net Federal Services, LLC administers the benefit in the West Region and Humana Military administers the benefit in the East Region. Both regional contractors partner with the Military Health System to provide health, medical, and administrative support including customer service, claims processing, and prior authorizations for certain health care services.

Contact information for each region will be provided at the end of this presentation.
The TRICARE Overseas Program, or TOP, is the Department of Defense health care program for eligible beneficiaries living in geographical areas and territorial waters outside the United States.

There is one overseas region divided into three geographic areas—TRICARE Latin America and Canada, TRICARE Eurasia-Africa, and TRICARE Pacific.

International SOS Government Services, Inc., or International SOS, is the regional contractor that administers the TOP benefit.

Contact information for your area will be provided at the end of this presentation.
Wisconsin Physicians Service—Military and Veterans Health

- Wisconsin Physicians Service—Military and Veterans Health (WPS) administers the TRICARE For Life (TFL) benefit.
- WPS provides customer service and claims processing for beneficiaries who have Medicare Part A and/or Medicare Part B.

Wisconsin Physicians Service—Military and Veterans Health, or WPS, administers the TRICARE For Life, or TFL, benefit for the United States and U.S. territories, which include American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands.

WPS provides customer service and claims processing for beneficiaries who have Medicare Part A and/or Medicare Part B. This means that when you file claims, Medicare pays its portion, sends the claim to WPS, and WPS coordinates payment for your services with TRICARE. If you have other health insurance, or OHI, Medicare will forward your claims to your OHI after processing the claim and paying their portion. You are then responsible for filing a claim with WPS for any remaining balance. Go to www.tricare4u.com for claims filing instructions.

WPS should be your primary contact for TRICARE-related customer service needs.

- For more information about WPS, call 1-866-773-0404 or visit www.TRICARE4u.com.
- International SOS administers the TFL benefit overseas. For more information, visit www.tricare-overseas.com.
- Contact information will be provided at the end of this presentation.
• **Optional Presenter Comment:** We will now discuss TRICARE and Medicare eligibility.
The Defense Enrollment Eligibility Reporting System, or DEERS, is a database of service members and dependents worldwide who are eligible for military benefits, including TRICARE.

Your TRICARE eligibility shows up in DEERS based on the sponsor’s status. To maintain your eligibility, you must update DEERS after any life event. If you don’t, you may miss important information and enrollment deadlines. This could mean you lose access to care. A life event can include getting married or divorced, moving, giving birth, adopting a child, retiring, and other changes.

Register in DEERS through the milConnect website at https://milconnect.dmdc.osd.mil. The milConnect website is the Defense Manpower Data Center’s online portal that provides access to DEERS information.

− Information can also be updated by phone, fax, or by visiting a Uniformed Services ID, card-issuing facility.

− When making changes, proper documentation, such as a marriage certificate, divorce decree, birth certificate, and/or adoption papers, is required.

− Note: Only sponsors or sponsor-appointed individuals with valid power of attorney can add a family member. Family members age 18 and older may update their own contact information.

Remember, providers are legally permitted to copy military and dependent ID cards to verify TRICARE eligibility.

For more information, visit www.tricare.mil/deers.
TRICARE beneficiaries who are entitled to Medicare Part A (inpatient services), regardless of the reason, must have Medicare Part B coverage (outpatient services) to remain eligible for TRICARE.

Exceptions:
- Active duty service members (ADSMs) and active duty family members (ADFM)
- Beneficiaries who have purchased TRICARE Young Adult, TRICARE Reserve Select, or TRICARE Retired Reserve, and those enrolled in the US Family Health Plan or TRICARE Plus

You are not required to have Medicare Part B to remain TRICARE-eligible if you are an active duty service member, or ADSM, or active duty family member, or ADFM. You are eligible for a special enrollment period, unless you are eligible for Medicare based on end-stage renal disease.

The special enrollment period, based on current employment, is available while your sponsor is an active duty service member, or within eight months of loss of employment. This includes the death of your sponsor or loss of TRICARE, whichever occurs first.

Additionally, Medicare Part B is not required to purchase TRICARE Young Adult, TRICARE Reserve Select, or TRICARE Retired Reserve, or to enroll in the US Family Health Plan. However, these beneficiaries are strongly advised to enroll in Medicare Part B when first eligible to avoid paying a late-enrollment premium surcharge.

Beneficiaries who can normally only get military hospital and clinic care if space is available may be able to enroll in TRICARE Plus. TRICARE Plus allows beneficiaries to receive primary care appointments at the military hospital or clinic where they are enrolled. If you are enrolled in TRICARE Plus, do not have Medicare Part B, and receive care outside the military hospital or clinic, you will be responsible for all the charges.

Note: When a sponsor retires, the sponsor and/or any dependent entitled to premium-free Medicare Part A must have Medicare Part B to remain TRICARE-eligible.

 Individuals who are not eligible for premium-free Medicare Part A are not required to have Medicare Part B. However, if you will be eligible for premium-free Medicare Part A on a spouse’s earnings record in the future, you are advised to sign up for Medicare Part B when first eligible to avoid the late-enrollment premium surcharge.
• If you are under age 65 and are entitled to Social Security disability insurance for a period of 24 months, you will be enrolled automatically in Medicare Part A and Part B beginning with the 25th month of entitlement. The 24-month waiting period does not apply to beneficiaries with amyotrophic lateral sclerosis (also called Lou Gehrig’s disease).

• If you have end-stage renal disease:
  – You must sign up for Medicare to remain TRICARE-eligible. Medicare begins the first day of the fourth month of dialysis treatments.
  - Medicare may begin as early as the first month of dialysis if you participate in a home dialysis training program and you do home dialysis treatments.
  - If you have a kidney transplant, your entitlement begins the month the transplant is performed, or earlier.

• If you are under age 65 and are entitled to Social Security disability insurance for a period of 24 months, you will be enrolled automatically in Medicare Part A and Part B beginning with the 25th month of entitlement. The 24-month waiting period does not apply to beneficiaries with amyotrophic lateral sclerosis, also called Lou Gehrig’s disease.

• If you have end-stage renal disease, you must sign up for Medicare to remain TRICARE-eligible.
  – Medicare begins the first day of the fourth month of dialysis treatments.
  • Medicare may begin as early as the first month of dialysis if you participate in a home dialysis training program and you do home dialysis treatments.
  • If you have a kidney transplant, your entitlement begins the month your transplant is performed, or earlier if you are admitted as an inpatient for procedures required before your transplant surgery.
Five months before your 65th birthday, you will receive a notification from the Defense Manpower Data Center (DMDC) informing you of the requirement to sign up for Medicare. Call the DMDC Support Office at 1-800-538-9552 for more information or if you do not receive notification.

If your birthday falls on the first of the month, your initial enrollment period begins four months before the month you turn 65. Enroll no later than two months before the month you turn 65 to avoid a break in TRICARE coverage. You are eligible for Medicare on the first day of the month before you turn 65.

If your birthday falls on any day other than the first of the month, your initial enrollment period begins three months before the month you turn 65. Enroll no later than one month before your birth month to avoid a break in TRICARE coverage. You are eligible for Medicare on the first day of the month you turn 65.

If you miss the initial enrollment period, your next opportunity is the general enrollment period, which is January 1 through March 31. Your coverage will begin in July and you may be responsible for a Medicare Part B late-enrollment premium surcharge. There may be a lapse in your TRICARE coverage until your Medicare Part B is effective.

After you sign up for Medicare, you will receive a Medicare card indicating coverage for Part A and Part B. You will be given the option to decline Part B coverage.

If you decline Medicare Part B, you may not be eligible for TRICARE. Remember, in most cases, you must have Medicare Part B to remain eligible for TRICARE, so look at all of your options before declining Part B coverage.
• If you sign up for Medicare and are not eligible for premium-free Medicare Part A under your own earnings record you will receive a “Notice of Award” and/or “Notice of Disapproved Claim” from the Social Security Administration, or SSA.

• If you are not eligible for premium-free Medicare Part A under your own earnings record when you turn 65, you must file for benefits under the earnings record of your spouse (including divorced or deceased spouses) if he or she is 62 or older. If your spouse (or divorced spouse) is not yet 62, you must file for benefits under his or her SSN two months before he or she turns 62.

• If you will be eligible under your spouse’s earnings record in the future, sign up for Medicare Part B during your initial enrollment period to avoid paying a monthly Part B premium surcharge for late enrollment. Even if you are not eligible for premium-free Medicare Part A, you are eligible for Part B at age 65. For specific information about your Medicare Part B premium and/or late-enrollment surcharge amount, call the SSA at 1-800-772-1213.

• If neither spouse will be eligible for premium-free Medicare Part A, neither will need Medicare Part B to remain TRICARE-eligible. You may continue enrollment in TRICARE Prime if you live in a Prime Service Area, or PSA, or within 100 miles of an available primary care manager, or PCM (with a drive-time waiver). You may also be eligible to enroll in TRICARE Select.
• DMDC receives weekly updates from the Centers for Medicare & Medicaid Services that identify TRICARE beneficiaries who are entitled to Medicare.

• To confirm that your DEERS record has been updated, visit https://milconnect.dmdc.osd.mil or contact the DMDC Support Office at 1-800-538-9552.

• If you are not eligible for premium-free Medicare Part A under your own SSN or your current, divorced, or deceased spouse’s SSN, take your “Notices of Award” and/or “Notices of Disapproved Claim” to the nearest ID Card Office to update your DEERS record.
  – You may be issued a new Uniformed Services ID card when you update DEERS with your Medicare information.

• DMDC receives weekly updates from the Centers for Medicare & Medicaid Services that identify TRICARE beneficiaries who are entitled to Medicare.

• To confirm that your DEERS record has been updated to reflect your Medicare entitlement and/or enrollment, call the DMDC Support Office at 1-800-538-9552.

• If you are not eligible for premium-free Medicare Part A under your own SSN based on work history or your current, divorced, or deceased spouse’s SSN, you may take your “Notices of Award” and/or “Notices of Disapproved Claim” to the nearest ID card-issuing facility to update your DEERS record. This will allow you to remain eligible for TRICARE Prime or TRICARE Select after you turn 65.
  – You may be issued a new uniformed services ID card when you update DEERS with your Medicare information.
• We will discuss each of the programs listed on this slide in more detail. Please note that TRICARE Prime is available to ADSMs, ADFMs (including beneficiaries age 65 and older who are entitled to Medicare), beneficiaries under age 65, and retirees and retiree family members age 65 and over who do not qualify for premium-free Medicare Part A.

• Note to US Family Health Plan, or USFHP, beneficiaries:
  – If you were enrolled in USFHP on Sept. 30, 2012, you will be able to remain in the plan after becoming entitled to Medicare Part A at age 65.
  – If you were enrolled in USFHP after Sept. 30, 2012, you will not be able to participate in USFHP after becoming entitled to Medicare Part A at age 65.
  – If you are under age 65 and using Medicare due to a disability or other reason, you can remain enrolled in USFHP until your 65th birthday. At that time, you will transition to TRICARE For Life.
• Regardless of age, ADFMs who have Medicare Part A may enroll in TRICARE Prime if they live in a PSA or within 100 miles of an available PCM (with a drive-time waiver).

• With TRICARE Prime, you will receive care from an assigned PCM and he or she will provide referrals for specialty care. TRICARE Prime enrollment fees are waived for any TRICARE Prime beneficiary who has Medicare Part B, regardless of age.
  – If one family member has Medicare, the individual fee is waived.
  – If two or more family members have Medicare, the family fee is waived regardless of the total number of family members.

• With TRICARE Prime, you will not need to file claims in most cases. However, when you need to file a claim, file with Medicare first. Medicare pays its portion and electronically forwards the claim to WPS and TRICARE pays second. Enroll in TRICARE Prime through your regional contractor.

• Overseas, you should be prepared to pay up front for services and submit claims to the TRICARE Overseas Program, or TOP, claims processor. Claims for care received overseas are submitted directly to the TOP claims-processing address for the area where you received care and must include proof of payment. For overseas claims mailing addresses, visit www.tricare-overseas.com.

• **Note:** Medicare does not provide coverage outside the United States; U.S. territories, which include American Samoa, Guam, the Northern Mariana Islands, Puerto Rico, and the U.S. Virgin Islands; and ships in U.S. territorial waters.

• For more information, visit [www.tricare.mil/claims](http://www.tricare.mil/claims) or contact your TRICARE regional contractor. Contact information will be provided at the end of this presentation.
TRICARE For Life

- TRICARE For Life (TFL) is available to TRICARE beneficiaries who have Medicare Part A and Medicare Part B, regardless of age or place of residence.
- Care is received from any Medicare provider, and beneficiaries may seek military hospital or clinic care on a space-available basis.
- TRICARE is the last payer after Medicare (and other health insurance [OHI], if applicable).
  - If you have OHI, you are responsible for filing a claim with WPS after Medicare and OHI have processed and paid their portion of the claim.
- The TFL benefit is administered by WPS.

WPS Contact Information
1-866-773-0404 • www.tricare4u.com

- TRICARE For Life, or TFL, is Medicare-wraparound coverage for TRICARE beneficiaries who have Medicare Part A and Medicare Part B, regardless of age or place of residence.
- With TFL, you can receive care from any Medicare participating or Medicare non-participating provider. Care is also available at military hospitals and clinics if space is available. There are no enrollment fees for TFL.
- Medicare participating providers file your claims with Medicare. After Medicare pays its portion, Medicare forwards the claim automatically to WPS (unless you have other health insurance), and TRICARE pays the provider directly.
  - If you have OHI, you are responsible for filing a claim with WPS after Medicare and your OHI have processed and paid their portion of the claim. Include the Medicare Summary Notice, or MSN, and your OHI explanation of benefits, or EOB, with the TRICARE DoD/CHAMPUS Medical Claim—Patient’s Request for Medical Payment form, which is DD Form 2642.
- WPS is the contractor for TFL claims-processing and customer service in the United States and U.S. territories. If you use TFL, contact WPS if you need assistance—not your regional contractor. Contact information is included on this slide.
- Overseas, contact the TOP claims processor for assistance. For more information, visit www.tricare-overseas.com.
• **Optional Presenter Comment:** We will now discuss TRICARE For Life.
• You may receive health care services from Medicare participating and Medicare non-participating providers, as well as from providers who have opted out of Medicare. Your costs will be the same whether you see a Medicare participating provider or Medicare non-participating provider. You will have significant out-of-pocket costs if you receive care from U.S. Department of Veterans Affairs, or VA, providers, or opt-out providers.

  – **Medicare participating providers** agree to accept the Medicare-approved amount as payment in full.
  
  – **Medicare non-participating providers** do not accept the Medicare-approved amount as payment in full. They may charge up to 15 percent above the Medicare-approved amount, a cost that is covered by TFL.
  
  – **Providers who opt out** of Medicare enter into private contracts with patients and are not allowed to bill Medicare. Therefore, Medicare does not pay for health care services you receive from opt-out providers. When you see an opt-out provider, TFL pays the amount it would have paid (normally 20% of the allowable charge) if Medicare had processed the claim, and you are responsible for paying the remainder of the billed charges. In cases where access to medical care is limited, TFL may waive the second-payer status for Medicare opt-out providers and pay the claim as the primary payer.
  
  – **VA providers** cannot bill Medicare, and Medicare cannot pay for services received from the VA. If you are eligible for both TFL and VA benefits, you will incur significant out-of-pocket expenses when seeing a VA provider for health care not related to a service-connected injury or illness. By law, TRICARE can only pay 20 percent of the TRICARE-allowable charge for these services. If you receive care for non-service-connected injuries or illnesses at a VA facility, you may be responsible for 80 percent of the bill.

• When using your TFL benefit, your least expensive options are to see Medicare participating or Medicare non-participating providers.

---

**Provider Types**

<table>
<thead>
<tr>
<th>Provider Type</th>
<th>Definition</th>
</tr>
</thead>
<tbody>
<tr>
<td>Medicare Participating</td>
<td>Accepts the Medicare-approved amount as payment in full.</td>
</tr>
<tr>
<td>Medicare Non-participating</td>
<td>Does not accept the Medicare-approved amount as payment in full and may charge up to 15% above the Medicare-approved amount, a cost that is covered by TFL.</td>
</tr>
<tr>
<td>Opt-Out</td>
<td>Medicare does not pay for health care services you receive from opt-out providers. TFL pays the amount it would have paid (normally 20% of the allowable charge) if Medicare had processed the claim, and you are responsible for paying the remainder of the billed charges.</td>
</tr>
<tr>
<td>U.S. Department of Veterans Affairs (VA)</td>
<td>VA providers cannot bill Medicare and Medicare cannot pay for services received from the VA. If you are eligible for both TFL and VA benefits, you will incur significant out-of-pocket expenses when seeing a VA provider for health care not related to a service-connected injury or illness.</td>
</tr>
</tbody>
</table>
• TRICARE does not issue a health insurance card for TFL. To get care, show your Medicare card along with your uniformed services ID card. This slide shows a sample Medicare card.

• If your Medicare card is lost, stolen, or destroyed, you can ask for a replacement by using your online my Social Security account. If you do not already have an account, you can create one online. To sign in or create an account, visit www.socialsecurity.gov/signin.
  – Once you are logged in to your account, select the “Replacement Documents” tab, then select “Mail My Replacement Medicare Card.”
  – Your Medicare card will arrive in the mail in about 30 days at the address on file with the SSA. If you cannot or prefer not to use the online service, call the SSA at 1-800-772-1213 or find your local Social Security Office at www.ssa.gov/locator.
When using TFL in the United States or the U.S. territories, you should not have to file a paper claim.

- Visit any Medicare participating provider for care. You pay nothing at the time of service.
  - Your provider files a claim with Medicare.
  - Medicare pays its portion and then electronically forwards the claim to WPS (unless you have OHI. This will be discussed in more detail later in this presentation).
  - WPS pays the remaining amount directly to your provider for services covered by Medicare and TRICARE.
  - You receive a Medicare Summary Notice, or MSN, from Medicare and an explanation of benefits, or EOB, from TRICARE. The MSN and EOB provide details regarding dates of service, as well as amounts billed, allowed, paid, and owed by patients.

**Note:** Unless you have OHI, TRICARE is the primary payer for TRICARE-covered services you receive in areas where Medicare is not available, for example, overseas. When getting health care from host nation (or overseas) providers, expect to pay for your care at the time of service. You are responsible for filing claims with the TOP claims processor for reimbursement. For more information, contact your TOP Regional Call Center or visit [www.tricare-overseas.com](http://www.tricare-overseas.com). Contact information will be provided at the end of this presentation.
This slide shows a snapshot of your out-of-pocket costs when using TFL. For more detailed cost information, visit www.tricare.mil/costs.

As previously stated, TFL is for individuals entitled to Medicare Part A who have Medicare Part B.

You will continue to file claims exactly as you did before. When you use TFL, you are responsible for paying an annual deductible and cost-shares. Overseas, when getting health care from host nation providers, expect to pay at the time of service. You are responsible for filing claims with the TOP claims processor for reimbursement.

Medicare cannot make payments on overseas claims. The TOP contractor can process the claim without evidence of processing by Medicare.

Note: If you live or travel in the Philippines, you are required to see a certified provider for care. Additionally, TOP Select beneficiaries who reside in the Philippines and who seek care within specific areas are encouraged to see a preferred provider to ensure TRICARE cost-shares your claims, unless you request and receive a waiver from Global 24 Network Services. For more information, visit www.tricare.mil/philippines.

For more information, visit www.tricare-overseas.com.
• OHI is any non-TRICARE health benefit (including national health insurance overseas) you receive through an employer or other public or private insurance program. TRICARE is the last payer to all health benefits and insurance plans, except for Medicaid, TRICARE supplements, the Indian Health Service, and other programs or plans as identified by the Defense Health Agency.

• If you have OHI that is not based on your current employment or that of a family member—for example, a private Medicare supplement—Medicare pays first and your OHI pays second. If there is a remaining balance, you will need to file a paper claim with WPS. If you have OHI and receive care overseas, you must first file your claim with your OHI. If there is a remaining balance after your OHI processes the claim, you will need to file a claim with the TOP claims processor and include your OHI explanation of benefits.

• If you have OHI based on your current employment or that of a family member, and if there are more than 20 employees, the employer-sponsored health plan pays first, Medicare pays second, and TRICARE pays last.
• **Optional Presenter Comment:** We will now discuss TRICARE program options.
TRICARE Plus

• TRICARE Plus is a primary care enrollment option available to beneficiaries who normally are only able to get military hospital and clinic care on a space-available basis.
• It is offered at some military hospitals and clinics and is:
  – Limited by military hospital or clinic capacity
  – Not transferable from one military hospital or clinic to another
• Check with your local military hospital or clinic for program availability and details.

• TRICARE Plus is a primary care enrollment option that is offered at select military hospitals and clinics. All beneficiaries eligible for military hospital and clinic care (except those enrolled in TRICARE Prime, a civilian health maintenance organization, or Medicare health maintenance organization) can seek enrollment in TRICARE Plus if enrollment capacity exists.
• TRICARE Plus is offered at some military hospitals and clinics and is limited by capacity. Unlike TRICARE Prime, TRICARE Plus is not transferable and availability can change if the military hospital’s or clinic’s capacity decreases or increases.
• Non-enrollment in TRICARE Plus does not affect TFL benefits or other existing programs. If you do not have Medicare Part B and receive care outside the military hospital or clinic, you will be responsible for all the charges. The military hospital or clinic is not responsible for any costs when a beneficiary enrolled in TRICARE Plus gets care outside the military hospital or clinic.
TRICARE offers prescription drug coverage and many options for filling your prescriptions. Your options depend on the type of drug your provider prescribes. The TRICARE pharmacy benefit is administered by Express Scripts. To learn more, visit [www.express-scripts.com/TRICARE](http://www.express-scripts.com/TRICARE) or call 1-877-363-1303.

- You have the same pharmacy coverage with any TRICARE program option. If you have USFHP, you have separate pharmacy coverage.
- To fill a prescription, you need a prescription and a valid uniformed services ID card or Common Access Card.
- This slide shows the options that may be available for filling your prescriptions:
  - Military pharmacies are usually inside military hospitals and clinics. Call your local military pharmacy to check if the drug you’re prescribed is available. Visit [www.tricare.mil/militarypharmacy](http://www.tricare.mil/militarypharmacy) for more information.
  - The TRICARE Pharmacy Home Delivery option must be used for some prescription drugs. You will pay one copayment for each 90-day supply. For more information on switching to home delivery, visit [www.express-scripts.com/TRICARE](http://www.express-scripts.com/TRICARE) or call 1-877-363-1303.
  - You may fill prescriptions at TRICARE retail network pharmacies without having to submit a claim. You will pay one copayment for each 30-day supply. Visit [www.tricare.mil/networkpharmacy](http://www.tricare.mil/networkpharmacy) to find a TRICARE retail network pharmacy.
  - At non-network pharmacies, you pay the full price for your prescription drug up front and file a claim to get a portion of your money back.
- Your pharmacy will most often fill your prescription with a generic drug. If you need a brand-name drug, your provider can send a request to Express Scripts.
- For more information and costs, visit [www.tricare.mil/pharmacy](http://www.tricare.mil/pharmacy).
The TRICARE Dental Program is available to eligible ADFMs, National Guard and Reserve members and their eligible family members, survivors, and Individual Ready Reserve members and their eligible family members. Benefits include:

- Voluntary enrollment and worldwide portable coverage
- Single and family plans
- Monthly premiums and cost-shares based on sponsor’s pay grade
- Comprehensive coverage for most dental services; 100 percent coverage for most preventive and diagnostic services

For more information, visit www.uccitdp.com. In the CONUS service area, which includes 50 United States, the District of Columbia, Puerto Rico, Guam and the U.S. Virgin Islands, you can call 1-844-653-4061. In the OCONUS service area, which includes areas not in the CONUS service area and includes covered services provided on a ship or vessel outside the territorial waters of the CONUS service area, you can call 1-844-653-4060 or 1-717-888-7400.

The U.S. Office of Personnel Management offers eligible TRICARE beneficiaries the option to enroll a dental plan through the Federal Employees Dental and Vision Insurance Program, or FEDVIP. FEDVIP offers a range of plans from a number of dental carriers.

- FEDVIP is available to retired service members and their eligible family members, retired National Guard and Reserve members and their eligible family members, Medal of Honor recipients and their family members, and eligible survivors. For more information and costs, visit www.benefeds.com.
• **Optional Presenter Comment:** We will now discuss other important information.
• Most TRICARE plans meet the Affordable Care Act requirement for minimum essential coverage.

• Each tax year, you’ll get an Internal Revenue Service, or IRS, Form 1095 from your pay center. It will list your TRICARE coverage status for each month. If your military pay is administered by the Defense Finance and Accounting Service, or DFAS, you can opt in to get your tax forms electronically through your DFAS myPay account. For more information, visit https://mypay.dfas.mil.

• For more information about the IRS tax forms, visit www.irs.gov.

• For more information about the Affordable Care Act, visit www.tricare.mil/aca.
• Optional Presenter Comment: The next slide provides contact information that may be helpful to you for using your TRICARE benefit.
• This slide shows contact information for the TFL contractor, stateside and overseas regional contractors, and other important information sources.
