

DOD-VA Sharing Billing

Ms. Julie Zemault

June 2026

Agenda

- **DOD-VA Sharing Agreement Program Overview**
- **DOD-VA Billing Overview**
- **DOD-VA Profile and Health Plan**
 - Types and Selection
 - Adding DOD-VA Profile/Health Plan
- **DOD-VA Authorization**
 - Adding an Authorization
 - ✓ Registration Perspective
 - ✓ Encounter Perspective
 - Missing Authorization Work Item (WI)
- **DOD-VA Claim Edits**
- **DOD-VA SSI Enrollment**
- **VA e-CAMS Provider Portal**
- **Additional Information**
 - Revenue Cycle Improvement Actions
 - Veteran Foreign Medical Program
- **Additional Resources**

DOD-VA Sharing Agreement Overview

- The DoD-VA Sharing Agreement is a formalized legal framework that allows the Department of Defense (DoD) and the Department of Veterans Affairs (VA) to exchange medical, administrative, and facility resources. The goal is to improve healthcare access, enhance quality, and reduce costs for both departments.

DOD-VA Sharing Agreement Overview (continued)

- The VA and DoD have entered into national resource sharing agreements that provide standardized reimbursement rates and policies for care provided in VA Medical Centers (VAMCs) and Military Treatment Facilities (MTFs) to the other's beneficiaries.
- MTFs may have specific local resource sharing agreements as well. Although most sharing agreements will use the reimbursement methodology outlined in the VA/DoD Outpatient and Inpatient guidance, DoD and VA facilities are authorized to provide services in kind provided the exchange is clearly documented in the sharing agreement and can be expressed by a monetary value.
- Each MTF must have a DoD VA Healthcare Resource Sharing Agreement which outlines the responsibilities of each party regarding clinical services provided at each facility. The scope of care is limited based on beneficiary eligibility criteria, priority of care, and available capacity of those services.
- Care provided under VA-DoD resource sharing agreements is subject to specific business rules and rates that make submitting claims different from other interagency billing.

DoD-VA Sharing Billing Overview

- DOD-VA Sharing claim billing process:

DoD-VA Sharing Profile and Health Plan

- Staff will verify the beneficiary's eligibility and confirm that the requested care is authorized under the terms of the Sharing Agreement. Eligibility determinations should be documented in the patient record to support subsequent billing and reconciliation.
 - **PROFILE:**
 - ✓ DOD-VA Sharing
 - **HEALTH PLAN:** Identify and select the correct health plan
 - ✓ DOD-VA SHARING AGREEMENT **LOCAL**
 - Patient encounter authorized and covered under Memorandum of Understanding (MOU)
 - MTF with VA MOU – 20% CMAC Rate Reduction
 - ✓ DOD-VA SHARING AGREEMENT **ALASKA**
 - Patient encounter authorized and covered under MOU
 - Alaska MTFs only – 10% CMAC Rate Reduction

DoD-VA Authorization

- The DOD-VA Sharing Authorization is an important part of every DOD-VA Encounter
 - Authorization Number is Required for DOD-VA Claims
 - Authorization Number Format – VAXXXXXXXXXXX
 - The VA Authorization includes the following:
 - ✓ The Veterans Information
 - ✓ The Referring VA Facility Information
 - ✓ The Date Range(s) Covered by the Authorization
 - ✓ The Authorized Service(s) and/or Treatment(s)

  U.S. Department of Veterans Affairs		VA Form 10-7080 - Approved Referral For Medical Care
Veteran Name: Veteran ICN: Veteran EDIP: Veteran Date of Birth: YYYY-MM-DD Veteran Address:		Referral Number: VA000nnnnnn Priority: Routine Referral Issue Date: 2020-08-20 Expiration Date: 2020-11-10 First Appointment Date: 2020-09-11
Veteran Phone Number: (nnn) nnn-nnnn Veteran Mobile Phone Number (if known): (nnn) nnn-nnnn Veteran Business Phone Number (if known): (nnn) nnn-nnnn Veteran Email Address (if known): emailaddress@domain.COM		
Referring VA Facility: Washington VA Medical Center VA Telephone Number: 202-745-8000 x nnnnn VA Fax Number: 202-745-2230		
Initial Community Care Provider/Facility: BYOUNG SOON KIM CA Initial Provider Location: BYOUNG SOON KIM CA - 4 PROFESSIONAL DR STE 115, GAITHERSBURG, MD, 20878-171100000X Provider Name (if known): KIM, BYOUNG SOON Community Provider NPI: 173051723		
Any claim related to this episode of care MUST INCLUDE THE APPROVED REFERRAL NUMBER as the Referral Number or Prior Authorization number.		
Please see below for Additional VA Referring Facility Information and Billing Information		
Pertinent Clinical Information		
Please view the Clinical Information in the VA Order section for more information related to the Original VA Order Reason for Request.		
Chief Complaint: Back pain and scoliosis		
Patient History / Clinical Findings / Diagnosis (Co-Morbidities): .		
Provisional Diagnosis: Z789 Other specified health status		
Services Authorized		
The VA Order Reason for Request is the official clinical order. This scope of services associated with the medical care for this authorization is found below. Necessary services that are not included must be requested using the Request for Services procedures. Please visit the VHA Storefront www.va.gov/COMMUNITYCARE/providers/index.asp for additional resources and requirements.		
Service Requested: Acupuncture Initial SEOC 1.0.8		
VA Form 10-7080 - Approved Referral For Medical Care		Referral No: VA000736795

DoD-VA Authorization – Adding an Authorization

- Registration Level
 - Demographics
 - ✓ Insurance Tab

The screenshot displays the 'Insurance' tab within the 'Modify Patient - DoD' interface. The interface includes a top navigation bar with tabs like 'Appointments', 'Registration', 'Encounters', 'Charge Entry', and 'Patient Account'. Below this, a sub-navigation bar shows 'Demographics', 'Transaction History Viewer', 'Guarantor Balance Summary', 'Patient Cases', and 'Timeline'. The main content area is titled 'Modify Patient - DoD' and contains several sections: 'Patient Alerts and Statuses', 'Military Information', 'Relationships', 'Guarantor', and 'Insurance'. The 'Insurance' section is active, showing fields for 'Medicare Coverage', 'Medicare Beneficiary ID', and 'Wounded Warrior' status. Below these fields are buttons for '+ Add', 'Modify', 'Remove', 'Manage Profiles', 'Submit Eligibility', and 'Eligibility Details'. A table lists existing insurance plans, including 'DOD-NO DIRECT CARE BENEFITS' and 'DOD-VA SHARING'. A red box highlights the '+ Add' button, with a callout box stating 'Click DOD-VA Health Plan to Add New Authorization'. Another red box highlights the 'DOD-VA SHARING' row, with a callout box stating 'Click DOD-VA Health Plan to view Authorization'. A red arrow points from the 'DOD-VA SHARING' row to the 'Neurosurgery' entry in the 'Authorization' table below.

Professional Claim FL-23

DoD-VA Authorization – Missing WI

- The VA Claim Missing Authorization DOD WI is an Encounter-Level Hold designed to stop DOD-VA encounters that are missing Authorization numbers.
 - When present, this hold prevents the DOD-VA encounter from progressing through the Revenue Cycle by stopping claim generation.
 - This queue is assigned to PAD, however UBO may request to have visibility of the WI for monitoring.
 - To resolve, add the VA Authorization Number within RevCycle and apply the appropriate Action Code (D518 – DOD Resolve VA Claim Missing Auth) to the Encounter WI.
 - A missing authorization number will result in a claim denial and will require re-work to have the claim reprocessed.
 - If there is no authorization, do not bill VA, correct Health Plan would be Tricare or Civilian Emergency.

DoD-VA Sharing – Claim Edits

- DOD-VA Claim Edits
 - Revenue Cycle – Alpha II
 - ✓ Require manual review and resolution
 - ✓ Filter work queues by payer, and/or use the DoD-VA Sharing user group if you need to focus on VA encounters
 - SSI
 - ✓ Require manual review and resolution
 - ✓ Filter your claim list by payer to see only VA claims with errors.

RevCycle DOD VA Sharing
User Group

DoD-VA Sharing – Claim Edits (continued)

SSI Claim Edits

- Claim Data Elements
 - VA Policy Number
 - ✓ The VA-ICN is not always in the patient's file; SSI will deny VA-ICN that is not 17 digits. SSI Claim Edit 78327 requires "ICN + V + 6 digit" (1234567890V123456) for the 17-digit ICN. If 17-digit VA-ICN is not available, submit patient social security number without dashed to pass SSI claim edits.
 - ✓ Business rule for Revenue Cycle to auto-populate 17-digit VA-ICN if available, if not the SSN will be added without dashes.
 - VA Authorization Number
 - ✓ The VA authorization number is required to process 837-Electronic Claims processed by SSI. VA Authorization number start with "VA" per SSI Claim Edit 154196.

DoD-VA Sharing – SSI Enrollment

- **SSI Application**

- Claims clearinghouse that facilitates the electronic transmission of medical claims (837 files) from Revenue Cycle – Cerner Patient Accounting (CPA) billing system as well as the electronic transmission of remittances (835 files) from the payer back into the Revenue Cycle system.

- **SSI Enrollment**

- 837(Electronic Billing)
- 835 (Electronic Remittance)
 - ✓ Payer ID 12115 – NOCD

VA eCAMS

- **VA Claim Adjudication**

- Claims are received and processed by the VA using an Electronic Claims Adjudication Management System (eCAMS) Health Care Engine (HCE)
- The VA eCAMS HCE is a secure, rules-driven claims adjudication platform that streamlines the receipt, validation, and processing of medical, dental, and pharmacy claims.
- Claims sent to VA must be complete and accurate to ensure correct adjudication

DoD-VA Sharing Billing– Checklist

- ☐ DOD/VA Sharing agreement is identified at MTF.
- ☐ Enroll 835/837s for DOD/VA sharing in SSI. Monitor SSI application for edits.
- ☐ Verify the DOD-VA Profile and appropriate Health Plan is selected and applied to the patient.
- ☐ Ensure a VA Authorization number is attached to the encounter.
- ☐ Monitor the VA Missing Authorization queue for DOD-VA patients that are missing Authorization numbers.
- ☐ Monitor the edit failure workqueues for DOD-VA Sharing claims needing corrections
- ☐ Verify that edit-free claims are flowing into the SSI clearinghouse.
- ☐ Monitor DOD-VA Sharing claims for edits within SSI.
- ☐ Monitor the Remittance Tab for DOD-VA 837s, to ensure enrollment is correct in SSI.
- ☐ Post Payments and Follow-up on Denials

DoD-VA Sharing Billing– Additional Information

- Revenue Cycle Improvement Actions
 - Issue to be resolved:
 - ✓ DOD/VA sharing encounters were falling into VA Missing Auth Queue when submitted without an associated authorization. This required users to manually search for missing authorizations to associate to the encounter.
 - Change to be made:
 - ✓ Implemented a new system rule requiring association of an authorization to most encounters during registration. The system now also prevents other coverage from being linked to VA Sharing encounters. Note some encounter types are excluded (e.g. emergency department, lab, and low-cost radiology)
 - What do I need to do differently?
 - ✓ Ensure authorizations are associated to VA Sharing encounters to proceed with registration

DoD-VA Sharing Billing– Additional Information (continued)

- Veteran Foreign Medical Program

Please note the following regarding the VETERAN FOREIGN MEDICAL PROGRAM DOD Health Plan:

- Patient Eligibility and Health Plan Overview:
 - Foreign Medical Program (FMP) is targeted for Veterans living overseas without a readily accessible VA facility or VA provider to support their healthcare needs. Patients are required to register for this program to receive benefits.
 - FMP is often connected to patients who are VA eligible with a Service Connected Condition (SCC), and patients will typically have documentation from the VA confirming this eligibility.
- Front Desk, Registration, and PAD Staff - Patient Identification Process (PIP) Selection:
 - For civilians, use the Department of Defense (DoD) Civilian Employee or DoD Civilian Employee Family Member PIP profile. For contract employees working for a non-US contract company, use the DoD Civilian Emergency PIP profile.
 - Sequence the VA Foreign Medical Program DoD health plan first and any additional coverage, including Other Health Insurance (OHI) second. Unpaid VA Foreign Medical Program balances will roll to the next sequenced insurance including OHI or self-pay.
 - Patients eligible for FMP do not qualify under DoD/VA Sharing profiles and health plans.
- UBO Staff - Claim Submission and Reimbursement:
 - To better support Foreign Medical Program patients, the MTF submits the claim on their behalf and credits the reimbursement from the VA before the MTF bills any remaining balance to the VA patient.
 - The Veteran Foreign Medical Program DoD health plan is tied to a paper claim alias of 99999-0000.
