

Development Release Notes for Cosmetic Surgery Estimator (CSE) v10.0 -2014

Cosmetic Surgery Estimator (CSE) Access® 2003 Version No Longer Available

Support for Office 2003 products is ending on April 8, 2014. After this date, Office 2003 products will no longer receive security updates to help protect your PC from harmful viruses, spyware, and other malicious software, which can steal your personal information. For this reason, the DHA UBO Program Office will no longer create and support a Microsoft Access® 2003 version of the CSE. In a recent data call, no MTFs reported using Access® 2003. However, if your MTF is still using Microsoft Office 2003, please contact the UBO Helpdesk at 571-733-5935 or UBO.Helpdesk@altarum.org for assistance.

For more information: <http://www.us-cert.gov/ncas/alerts/TA14-069A-0>.

CSE Web Service and DMIS ID

Upon downloading CSE v10.0 from ubocse.org, all users will be asked to enter the MTF's DMIS ID. If you receive an error message when entering your MTF's DMIS ID, please contact the UBO Helpdesk at 571-733-5935 or UBO.Helpdesk@altarum.org to have your DMIS ID added to the system.

Deletion of Age Stipulation for Dermatology Resident Discount

Due to a lack of historical documentation, language regarding the age stipulation for the dermatology resident discount has been removed from the UBO User Guide. The UBO User Guide previously indicated that only patients under the age of 65 were eligible for the Dermatology Resident Discount. **All patients, regardless of age, are eligible for the Dermatology Resident Discount.**

Please contact the DHA UBO Helpdesk if you have any questions at 571-733-5935 or UBO.Helpdesk@altarum.org.
