

The MHS GENESIS Patient Portal is a secure website for 24/7 access to your healthcare information, including scheduling appointments and exchanging messages with your care team.

WHAT IS MHS GENESIS PATIENT PORTAL?

MHS GENESIS Patient Portal is a secure website which allows you to access your health information, schedule appointments, and exchange messages with your care team anytime and anywhere. It replaces TRICARE Online (TOL) and Secure Messaging for sites currently using MHS GENESIS. If your site does not use MHS GENESIS, you will continue using TOL and Secure Messaging to access your healthcare information.
