

PBI Network Publications and Presentations

Publications

- Creason, A., Ruscio, A., Tate, K., & McGraw, K. (2019). Accelerating psychological health research findings into clinical practice through the practice-based implementation network model. *Journal of Military Medicine, 184*(1), 409-417. <https://doi.org/10.1093/milmed/usy298>
- McGraw, K., Adler, J., Andersen, S., Bailey, S., Bennett, C., Blasko, K., Blatt, A., Greenberg, N., Hodson, S., Pittman, S., Ruscio, A., Stoltenberg, C., Tate, K., & Kuruganti, K. (2019). Mental health care for service members and their families across the globe. *Journal of Military Medicine, 184*(1), 418-425. <https://doi.org/10.1093/milmed/usy324>
- McGraw, K., Blatt, A., & Pittman, D. (2017). Department of Defense (DoD) Practice-Based Implementation (PBI) Network: An optimized framework for provision of behavioral health interventions to the Military Health System (MHS). *Implementation Science, 12*(Suppl 1):S49.
- McGraw, K., Gelso, B., Barry, D., Bechowski, M., Tate, K., Houston, J., & Chodacki, J. (2019). The DoD Practice-Based Implementation (PBI) Network: Estimating return on investment. *Theoretical Issues in Ergonomic Science, 20*(1), 51-65. <https://doi.org/10.1080/1463922X.2018.1479896>
- Pittman, D., Blatt A.D., & McGraw, K. (2017). The DoD Practice-Based Implementation Network: Creation and sustainment of an enterprise-wide implementation science initiative for psychological health evidence-based practices. *The Military Psychologist, 32*(1), 8-19.
- Pratt, K.M., Branch, L.Z., & Houston, J.B. (2019). The Practice-Based Implementation (PBI) Network: Technology (Tech) into Care pilot, *Translational Behavioral Medicine*. <https://doi.org/10.1093/tbm/ibz174>
- Ruzek, J. I., Landes, S. J., McGee-Vincent, P., Rosen, C. S., Crowley, J., Calhoun, P. S., McGraw, K., Walser, R.D., Smith, J.L., Barry, D.S., Schmidt, J., Simon, E., Runnals, J., Liu, N.H., Shaw, R.K., Zimmerman, L., Nottis, D., Tiet, Q.Q., Juhasz, K.M., & Kirchner, J. E. (2020). Creating a Practice-Based Implementation network: Facilitating practice change across health care systems. *The Journal of Behavioral Health Services & Research*. <https://doi.org/10.1007/s11414-020-09696-3>

Presentations

Bullock, H., Lindecrona, F., McGraw, K. (2015, May). The role of intermediaries in large-scale mental health systems' transformation. Presented at the Global Implementation Conference, Dublin, Ireland.

McGraw, K., Blatt, A., & Gray, A. (2017, September). Advancing clinical best practices through implementation science: DoD/VA practice based implementation network and tech into care. Presented at the Defense Center of Excellence for Psychological Health and Traumatic Brain Injury (DCoE) Summit, Silver Spring, MD.

McGraw, K., Blatt, A. & McGee-Vincent, P. (2017, August). The DoD and VA Practice-Based Implementation Network: A novel procedure to facilitate rapid translation of psychological health research into clinical practice in the military health and veteran health systems practice based implementation network. Presented at the Military Health Research Symposium, Kissimmee, FL.

McGraw, K., Ciula, R. (2017, September). Practice-Based Implementation Network: Facilitating psychological health clinical practice change. Presented at the Society for Implementation Research Conference, Seattle, WA.

McGraw, K., Houston, J., McGee-Vincent, P., & Blatt, A. (2017, August). Innovative psychological health practice change dissemination: DoD/VA implementation science efforts. Panel Presentation at the APA Division 19 Society for Military Psychology, Washington, DC.

McGraw, K., McCullough, M., Finley, E., Helfrich, C. (2016, December). Policy topics: Prescription drugs, de-implementation, and military behavioral health. Presented at the 2016 9th Annual Conference on the Science of Dissemination and Implementation in Health, National Institute of Health, Washington, DC.

Pratt, K.M., Todd, B.L., Gray, A.D., & Houston, J.B. (2019, September). The Department of Defense practice-based implementation network: Developing a framework for matching implementation strategies to barriers in complex healthcare systems. Presented at the 5th Biennial Conference of the Society for Implementation Research Collaboration (SIRC), Seattle, WA.

Ruzek, J., McGraw, K., McGee-Vincent, P. (2015, November). US VA/DoD Practice-Based Implementation Network (PBIN): Developmental and operational lessons learned. Presented at the International Society for Study of Traumatic Stress 2015 Annual Conference, New Orleans, LA.

Posters

Blatt, A., Ruscio, A., Serey, R., Tate, K., Gray, A., Cotton, G. & McGraw, K. (2017, December). DoD/VA operational implementation science: Definitive processes to deploy empirically based knowledge solutions to the homefront. Presented at the 126th Annual meeting of the society for federal health professionals (AMSUS), National Harbor, MD.

Department of Defense & Veterans Health Administration (2017, August) .The DoD and VA practice-based implementation network: A novel procedure to facilitate rapid translation of psychological health research into clinical practice in the military health and veteran health systems. Presented at the 2017 Military Health System Research Symposium (MHSRS), Orlando, FL.

Kaplan, D., Drell, M.B., Todd, B.L., & Skopp, N. (2020, August). Strategies and adaptations to promote implementation of a Cognitive Processing Therapy (CPT) Trauma Specialist (TS) Model in the Military Health System (MHS). Poster presented at the annual meetings of the American Psychological Association.

Houston, J., Pratt, K., & Gray, A. (2018, December). Innovative approaches to promote accessibility, adoption, uptake, implementation, sustainability, and scale up of evidence-based practices in behavioral health. Presented at the 11th Annual Conference on the Science of Dissemination and Implementation, Arlington, VA.

McGraw, K., Pittman, D., Blatt, A., & Blasko, K (2017, August). Military issues work group of the international initiative for mental health leadership: Engaging international partners to “listen to the world”. Presented at the 2017 Military Health System Research Symposium (MHSRS), Orlando, FL.

Pratt, K.M., Gray, A.D., & Houston, J.B. (2019, December). Prospective application of the promoting action on research in health services (PARIHS) framework to improve behavioral health providers’ use of mobile applications in the military health system (MHS). Presented at the 12th Annual Conference on the Science of Dissemination and Implementation, Arlington, VA.

Unpublished Reports

Department of Defense. (2014). Practice-based implementation network outcome monitoring project: Internal implementation plan for the DoD PBI network management. Unpublished report, Silver Spring, MD: Deployment Health Clinical Center, Defense Center of Excellence for Psychological Health and Traumatic Brain Injury (DCoE).

Department of Defense. (2016). Final report: DoD and VA establishment of a practice-based implementation network in mental health. Unpublished Report, Silver Spring, MD: Deployment Health Clinical Center, Defense Center of Excellence for Psychological Health and Traumatic Brain Injury (DCoE).

Department of Defense. (2016). Final report: Screening, brief intervention and referral to treatment (SBIRT) in the military health system (MHS) patient-centered medical home (PCMH). Unpublished Report, Silver Spring, MD: Deployment Health Clinical Center, Defense Center of Excellence for Psychological Health and Traumatic Brain Injury (DCoE).

Department of Defense (2018).DoD/VA Practice-Based Implementation (PBI) Network: Joint Technology: (Tech) into Care Pilot Report. Unpublished Report, Silver Spring, MD: Psychological Health Center of Excellence (PHCoE).
