How Does Your Surgical Team Practice Ready Reliable Care?

Use these practices from the Safety Communication Bundle to help you and your team increase safety and improve communication.

Surgical Brief/Debrief

- **Brief**: Before surgery, work as a team to review the plan.
- **Debrief**: After the surgery, review the case and team actions, then discuss opportunities for improvement.

DHA Universal Protocol

- Check that you have the right person, procedure, and site.
- Mark the surgical site.
- Conduct a time-out before the surgery starts.
