Assessment and Management of Dizziness and Visual Disturbances Following Concussion/Mild Traumatic Brain Injury: Guidance for the Primary Care Manager

References and Acknowledgements:

This clinical recommendation was developed on the basis of a thorough literature search by the Traumatic Brain Injury Center of Excellence (TBICoE) core working group, and was supported by the consensus of an expert working group and by the input of an end-user working group. A full literature search is available upon request. The TBICoE team wishes to acknowledge the contributions of the members of the expert and end-user working groups, listed below, and express our sincere gratitude. Many thanks.
