

# TRICARE HOME DELIVERY PHARMACY PROGRAM

## Part of the Deployment Prescription Program

### Pre-Deployment Action Steps:

1. Get up to a 180-day supply of your current medication from the pre-deployment pharmacy at your location.
2. Go to **militaryrx.express-scripts.com** and create an account. Update your mailing address to your deployment APO/FPO address. Remember to use the email account you'll access while deployed.
3. Download the Express Scripts mobile app to manage your medication anytime.

## While Deployed:

- **For refills**, log into your account, confirm your address and place your order. No refills will be sent unless you request them. Express Scripts will deliver to the deployment address on file approximately 3 to 4 weeks after you order.
- **For new medications**, your prescriber will submit the prescription to Express Scripts.

If you do NOT receive an email from Express Scripts within 60 days after deploying, call **1.855.215.4488**. Questions? Email **[deployedprescriptionprogram@express-scripts.com](mailto:deployedprescriptionprogram@express-scripts.com)**.
