TBICoE Network Training Events
BRAIN INJURY AWARENESS MONTH 2024

Beyond the Blast: Evaluating TBI Care in Operational Environments
March 1 • 12 to 2 p.m. ET

This webinar explores the medical response to TBI after the 2020 Al Asad missile attack and more recent events. Providers directly impacted by these events will discuss challenges faced on the ground. The session will also provide a closer look at how the knowledge obtained may influence TBI protocols and prepare medical staff for future operations.

Brain Bank Imaging Findings: Patterns of Military TBI and the Injuries They Cause
March 8 • 12 to 1 p.m. ET

Please join us to hear Dr. David Priemer and Dr. Daniel Perl from the Uniformed Services University of Health Sciences discuss their Brain Bank Imaging Findings: Patterns of Military TBI and the Injuries They Cause.

TBICoE Annual Brain Health Symposium
March 13 • 11 a.m. to 5 p.m. ET

This year’s event will feature dynamic speakers from Home Base Veteran and Family Care, Naval Medical Center San Diego, the Naval Health Research Center, and the Traumatic Brain Injury Center of Excellence. 5 CEU/CMEs pending approval.

TBICoE Quarterly Education Series: Prolonged Field Medicine and TBI
March 22 • 2 to 4 p.m. ET

A challenge of modern-day warfare is determining the course of care when a battlefield injury results in traumatic brain injury. Join us for a discussion on TBI care in austere environments. 2 CEU/CMEs pending approval.

Navigating Assistive Technology, Accommodations, and Service Dog Support After TBI
March 26 • 12 to 1:30 p.m. ET

Ever wonder about the assistive technology, accommodations, and service dog support that is available to military members diagnosed with traumatic brain injury? Join us as we explore the possibilities for maximizing functional independence and quality of life in tangible ways.

Interdisciplinary Approach to Care: A Look at TBI Care Through the Total Force Fitness Lens
March 28 • 11 a.m. to 1 p.m. ET

Comprehensive traumatic brain injury (TBI) care often requires an interdisciplinary approach. Join us for a discussion exploring interdisciplinary TBI care integrating the dimensions of Total Force Fitness. 2 CEU/CMEs pending approval.
