

# PARTICIPANTS NEEDED!

## TBICoE BLAST EXPOSURE STUDY

Active duty service members and veterans between the ages of 18 and 64 are needed to help researchers learn more about blast exposure and brain health.

A history of blast exposure is not required to participate.

### WHAT TO EXPECT

Complete two online surveys.

**Survey 1:** The day you sign up (10–15 minutes)

**Survey 2:** Three weeks later (5–10 minutes)
