Case of Lyme Disease includes ICD-9 of 088.81 in any diagnostic position. Case definition includes 1 inpatient encounter, 1 reportable event, or 2 outpatient encounters.

Counts represent unique individuals from any data source, with a lifetime incidence rule. Outpatient encounters must be within 60 days of each other.

*Includes MHS dependents and retirees

**No information on FMP, Service or Component and may include civilians, contractors and foreign nationals. Does not factor into MHS total #'s
