YOUR MILITARY HEALTH SYSTEM INTENDS TO BE A LEADER IN TRANSPARENCY. SHARING INFORMATION WITH OUR PATIENTS WILL HELP US

\*there was at least one event but too few to allow reporting without endangering patient privacy.

## Our goal is to eliminate preventable harm.

Marm.

We are focused on improving patient safety. We analyze each event to develop ways to prevent harm. You may have encountered one of our strategies; for example to reduce the risk of "wrong-patient" events we ask for patient FULL NAME and DATE OF BIRTH at all visits and before all procedures.
