2015 December Deployment-related conditions of special surveillance interest
2015 September Deployment-related conditions of special surveillance interest
2015 June Deployment-related conditions of special surveillance interest
2015 May Deployment-related conditions of special surveillance interest
2013 November Update: Motor vehicle-related deaths, active and reserve components, U.S. Armed Forces, 1999-2012
2012 September Injuries due to firearms and air guns among U.S. military members not participating in overseas combat operations, 2002-2011
2012 September Health care encounters for injuries associated with a gun mechanism or component, U.S. Armed Forces
2011 March Motorcycle and other motor vehicle accident-related deaths, U.S. Armed Forces, 1999-2010
2010 February Accidental injuries from hand-to-hand combat training and combat sports, U.S. Armed Forces, 2002-2009

Adenovirus

2019 February Outbreak of acute respiratory illness associated with adenovirus type 4 at the U.S. Naval Academy, 2016
2015 December Follow-up analysis of the incidence of acute respiratory infections among enlisted service members during their first year of military service before and after the 2011 resumption of adenovirus vaccination of basic trainees
2013 May Incidence of acute respiratory illnesses among enlisted service members during their first year of military service: Did the 2011 resumption of adenovirus vaccination of basic trainees have an effect?
2012 March Initial assessment of impact of adenovirus type 4 and type 7 vaccine on febrile respiratory illness and virus transmission in military basic trainees, March 2012
2012 March Surveillance Snapshot: adenovirus among U.S. military recruit trainees
2009 May Preliminary report: Febrile acute respiratory disease caused by adenovirus type 14, U.S. Coast Guard training center, Cape May, New Jersey, March 2009
2000 July Adenovirus type 4 outbreak among basic trainees, Ft. Benning, Georgia, April-May 2000
1997 October Adenovirus, type 4, Ft. Jackson and Ft. Gordon

Botulism

1998 May/June  Infant botulism, WRAMC

Brain

2019 August  Epidemiology of impulse control disorders and association with dopamine agonist exposure, active component, U.S. Armed Forces, 2014–2018
2017 August  Multiple sclerosis among service members of the active and reserve components of the U.S. Armed Forces and among other beneficiaries of the Military Health System, 2007–2016
2016 July  Increasing severity of traumatic brain injury is associated with an increased risk of subsequent headache or migraine: a retrospective cohort study of U.S. active duty service members, 2006–2015
2015 February  Whither the “signature wounds of the war” after the war: estimates of incidence rates and proportions of TBI and PTSD diagnoses attributable to background risk, enhanced ascertainment, and active war zone service, active components, U.S. Armed Forces, 2003-2014
2015 February  Surveillance snapshot: responses to the traumatic brain injury (TBI) screening questions on the 2012 version of the Post-Deployment Health Assessment (DD Form 2796)
2013 June  Incident diagnoses of common symptoms (“sequelae”) following traumatic brain injury, active component, U.S. Armed Forces, 2000-2012
2013 May  Epilepsy in active component service members, 1998-2012
2011 May  Surveillance Snapshot: Emergency departments visits for traumatic brain injury
2008 December  Frequencies, rates, and trends of use of diagnostic codes indicative of traumatic brain injury (TBI), July 1999-June 2008
2008 October  Notice to readers: New surveillance case definition for traumatic brain injury (TBI)
1998 December  Tick-borne encephalitis vaccine, Bosnia-Herzegovina

Breast

2013 September  Incident diagnoses of breast cancer, active component service women, U.S. Armed Forces, 2000-2012
2009 October  Medical evacuation for suspected breast cancer, active and reserve components, U.S. Armed Forces, January 2002-June 2009

Brucellosis

2004 July/August  Brucellosis in a soldier who recently returned from Iraq

2017 June Using records of diagnoses from healthcare encounters and laboratory test results to estimate the incidence of norovirus infections, active component, U.S. Armed Forces, 2007–2016: limitations to this approach
2015 June Diarrheal and respiratory illness surveillance during US-RP Balikatan 2014
2015 January Incidence of Salmonella infections among service members of the active and reserve components of the U.S. Armed Forces and among other beneficiaries of the Military Health System, 2000–2013
2014 December Incidence of Campylobacter infections among service members of the active and reserve components of the U.S. Armed Forces and among other beneficiaries of the Military Health System, 2000–2013
2014 November An outbreak of Campylobacter enteritis associated with a community water supply on a U.S. military installation
2013 October Gastrointestinal infections, active component, U.S. Armed Forces, 2002-2012
2012 November Outbreak of Gastrointestinal Illness During Operation New Horizons in Pisco, Peru, July 2012
2011 November Norovirus outbreak associated with person-to-person transmission, U.S. Air Force Academy, July 2011
2011 November Historical perspective: Norovirus gastroenteritis outbreaks in military forces
2011 June Acute Gastroenteritis Outbreak at the Armed Forces Retirement Home, Washington, DC
2011 June Surveillance Snapshot: Gastroenteritis-related Hospitalizations, 2001-2010
2007 May Outbreak of Acute Gastroenteritis Due to Norovirus, Fort Dix, New Jersey, December 2006
1998 Oct/Nov Norwalk-like viral gastroenteritis outbreak, Fort Bliss
1998 September Foodborne outbreak, Salmonella gastroenteritis
1997 January Gastroenteritis outbreaks among military trainees
1996 November Shigella sonnei diarrheal outbreaks
1996 October Diarrhea outbreak - Croatia
1995 October Surveillance trends: Bacterial diarrhea
1995 July Diarrhea outbreak, UN battalion, Haiti

Gastrointestinal disorders

2019 June Norovirus outbreak in Army service members, Camp Arifjan, Kuwait, May 2018
2019 June Outbreak of cyclosporiasis in a U.S. Air Force training population, Joint Base San Antonio–Lackland, TX, 2018
2017 July Age-period-cohort analysis of colorectal cancer, service members aged 20–59 years, active component, U.S. Armed Forces, 1997–2016
2017 July Brief report: Laboratory characterization of noroviruses identified in specimens from Military Health System beneficiaries during an outbreak in Germany, 2016–2017

MSMR Index October 2019
Gonorrhea

2019 March Sexually transmitted infections, active component, U.S. Armed Forces, 2010–2018
2016 February Incident and recurrent Chlamydia trachomatis and Neisseria gonorrhoeae infections, active component, U.S. Armed Forces, 2010-2014
2016 February Brief report: Associations between antecedent bacterial vaginosis and incident chlamydia and gonorrhea diagnoses, U.S. Army females, 2006-2012
2014 November Evaluation of extragenital screening for gonorrhea and chlamydia in HIV-infected active duty Air Force members
2013 February Predictive value of reportable medical events for Neisseria gonorrhoeae and Chlamydia trachomatis
2013 February The U.S. Military’s Neisseria gonorrhoeae resistance surveillance initiatives in selected populations of five countries

Guillain-Barré Syndrome

2012 March Predictive value of surveillance case definitions of Guillain-Barré Syndrome in vaccine safety assessment
1995 December GBS following Influenza immunization

Hantavirus

Hearing

2011 June Noise-Induced Hearing Injuries, active components, U.S. Armed Forces, 2007-2010
1997 December U.S. Army Hearing Conservation Program (HCP)

HEARS

1996 March Preliminary data: HEARS

Heat

2019 April Incidence, timing, and seasonal patterns of heat illnesses during U.S. Army basic combat training, 2014–2018
2019 April Update: Heat illness, active component, U.S. Armed Forces, 2018
2019 April Update: Exertional rhabdomyolysis, active component, U.S. Armed Forces, 2014–2018
2018 April Update: Heat illness, active component, U.S. Armed Forces, 2017

HIV

2018 September Update: Routine screening for antibodies to human immunodeficiency virus, civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components, January 2013–June 2018
2017 September Review of the U.S. military’s human immunodeficiency virus program: a legacy of progress and a future of promise
2017 September Update: Routine screening for antibodies to human immunodeficiency virus, civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components, January 2012–June 2017
2016 March Brief report: The epidemiology of herpes simplex virus type 2 infections in a large cohort of HIV-infected patients, 2006–2014
2015 August Durations of military service after diagnoses of HIV-1 infections among active component members of the U.S. Armed Forces, 1990–2013
2014 November Evaluation of extragenital screening for gonorrhea and chlamydia in HIV-infected active duty Air Force members
2012 August Updates: Routine screening for antibodies to human immunodeficiency virus, type 1 (HIV-1), civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components
2012 May The risk of mental health disorders among U.S. military personnel infected with human immunodeficiency virus, active component, U.S. Armed Forces, 2000-2011
2011 August Updates: Routine screening for antibodies to HIV-1, civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components
2011 August Surveillance Snapshot: Service members with hepatitis B, hepatitis C, and HIV-1, active component, U.S. Armed Forces
2010 September Updates: Routine screening for antibodies to HIV-1, civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components
2009 August Updates: Routine screening for antibodies to HIV-1, civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components
2008 July/August Updates: routine screening for antibodies to HIV-1 among civilian applicants for U.S. Military Service; U.S. Army and U.S. Air Force, active and reserve components; U.S. Navy and Marine Corps, Active Duty
2006 Aug/Sep Seroprevalences and incidence rates of HIV-1 in relation to the frequency of testing, active component, U.S. Army, 2000-2005
2006 Aug/Sep Timing of prior HIV-1 tests in relation to dates of deployment to Southwest Asia, U.S. Armed Forces, 2001-2005
2005 July/August Update: Human immunodeficiency virus, type 1 (HIV-1) antibody screening among active and Reserve component soldiers and civilian applicants for military service, January 1990-June 2005
2004 July/August Update: Human immunodeficiency virus, type 1 (HIV-1), antibody screening among active and reserve component soldiers and civilian applicants for military service, 1985-June 2004
2003 July/August Update: Human immunodeficiency virus, type 1 (HIV-1), antibody screening among active and reserve component soldiers and civilian applicants for military service, 1985-June 2003
2002 July Human immunodeficiency virus type 1 (HIV-1), antibody screening among active and reserve component soldiers and civilian applicants for military service, 1985-June 2002

- **2016 January**  Durations of service until first and recurrent episodes of clinically significant back pain, active component military members: changes among new accessions to service since calendar year 2000
- **2015 December**  Diagnoses of low back pain, active component, U.S. Armed Forces, 2010–2014
- **2013 June**  Arm and shoulder conditions, active component, U.S. Armed Forces, 2003-2012
- **2012 May**  Degenerative disc disease, active component, U.S. Armed Forces, 2001-2011
- **2000 August**  Relationship Between Body Mass Index and Musculoskeletal Disorders, U.S. Army, 1990 - 1999
- **1998 Oct/Nov**  Hospitalizations and outpatient visits, musculoskeletal disorders

### Myocardial infarction

- **2019 January**  Cardiovascular disease-related medical evacuations, active and reserve components, U.S. Armed Forces, 1 October 2001–31 December 2017

### Neoplasm

- **2017 July**  Age-period-cohort analysis of colorectal cancer, service members aged 20–59 years, active component, U.S. Armed Forces, 1997–2016
- **2017 February**  Incidence rates of malignant melanoma in relation to years of military service, overall and in selected military occupational groups, active component, U.S. Armed Forces, 2001–2015
- **2016 December**  Incident diagnoses of non-melanoma skin cancer, active component, U.S. Armed Forces, 2005–2014
- **2016 July**  Incident diagnoses of cancers in the active component and cancer-related deaths in the active and reserve components, U.S. Armed Forces, 2005–2014
- **2013 September**  Surveillance snapshot: myomectomies and hysterectomies performed for uterine fibroids at military health facilities, active component service women, U.S. Armed Forces, 2000-2012
- **2013 September**  Incident diagnoses of breast cancer, active component service women, U.S. Armed Forces, 2000-2012
- **2012 June**  Incident diagnoses of cancers and cancer-related deaths, active component, U.S. Armed Forces, 2000-2011
- **2011 December**  Uterine fibroids, active component females, U.S. Armed Forces, 2001-2010
- **2010 June**  Incident diagnoses of cancers and cancer-related deaths, active component, U.S. Armed Forces, January 2000-December 2009
- **2009 October**  Medical evacuation for suspected breast cancer, active and reserve components, U.S. Armed Forces, January 2002-June 2009
- **2008 November**  Incident diagnoses of Malignant Melanoma, active components, U.S. Armed Forces, January 1998-June 2008
Neurological disorders

2019 August  Epidemiology of impulse control disorders and association with dopamine agonist exposure, active component, U.S. Armed Forces, 2014–2018
2019 January  Acute flaccid myelitis: Case report
2017 August  Multiple sclerosis among service members of the active and reserve components of the U.S. Armed Forces and among other beneficiaries of the Military Health System, 2007–2016
2016 July  Increasing severity of traumatic brain injury is associated with an increased risk of subsequent headache or migraine: a retrospective cohort study of U.S. active duty service members, 2006–2015
2015 February  Whither the “signature wounds of the war” after the war: estimates of incidence rates and proportions of TBI and PTSD diagnoses attributable to background risk, enhanced ascertainment, and active war zone service, active components, U.S. Armed Forces, 2003-2014
2015 February  Surveillance snapshot: responses to the traumatic brain injury (TBI) screening questions on the 2012 version of the Post-Deployment Health Assessment (DD Form 2796)
2013 May  Epilepsy in active component service members, 1998-2012
2012 February  Outpatient encounters associated with diagnostic codes for migraine and other types of headaches, active component service members, 1998-2010
2011 October  Relationships between increasing outpatient encounters for neurological disorders and introductions of associated diagnostic codes, active duty military service members, 1998-2010

Noise

2011 June  Noise-Induced Hearing Injuries, active components, U.S. Armed Forces, 2007-2010

Non-effective

1997 March  Hospitalizations and non-effective days, 1996
1997 March  Non-effective rates, active duty hospitalizations
1996 April  Non-effective rates
1995 April  Non-Effective Rates

Norovirus

2019 June  Norovirus outbreak in Army service members, Camp Arifjan, Kuwait, May 2018
2018 August  Surveillance for norovirus and enteric bacterial pathogens as etiologies of acute gastroenteritis at U.S. military recruit training centers, 2011–2016
2017 July  Brief report: Laboratory characterization of noroviruses identified in specimens from Military Health System beneficiaries during an outbreak in Germany, 2016–2017
2017 June  Using records of diagnoses from healthcare encounters and laboratory test results to estimate the incidence of norovirus infections, active component, U.S. Armed Forces, 2007–2016: limitations to this approach
2011 November  Norovirus outbreak associated with person-to-person transmission, U.S. Air Force Academy, July 2011
2011 November  Notice to readers: Department of Defense laboratory capabilities for testing for norovirus infection
2011 November  Historical perspective: Norovirus gastroenteritis outbreaks in military forces
2007 May  Outbreak of Acute Gastroenteritis Due to Norovirus, Fort Dix, New Jersey, December 2006

Nosocomial infection

2013 August Active surveillance for asymptomatic colonization with multidrug-resistant gram-negative bacilli among injured service members - a three year evaluation

**Notices to Readers**

2016 January MSMR’s invitation to readers
2015 October Invitation to MSMR readers
2015 September Invitation to MSMR readers
2015 August Invitation to MSMR readers
2015 July Invitation to MSMR readers
2015 June Invitation to MSMR readers
2015 May Invitation to MSMR readers
2011 November Notice to readers: Department of Defense laboratory capabilities for testing for norovirus infection
2011 January Notices to Readers

**Obesity, Overweight, Body Mass Index, Eating**

2018 December Incidence and prevalence of the metabolic syndrome using ICD-9 and ICD-10 diagnostic codes, active component, U.S. Armed Forces, 2002–2017
2011 June Duration of Service after Overweight-related Diagnoses, active component, U.S. Armed Forces, 1998-2010
2011 January Diagnoses of overweight/obesity, active component, U.S. Armed Forces, 1998-2010
2008 May Gestational diabetes among female service members in relation to body mass index prior to service, active components, U.S. Armed Forces, 1998-2007
2000 August Relationship Between Body Mass Index and Musculoskeletal Disorders, U.S. Army, 1990 - 1999

**Occupational**

2016 June Identification of specific activities associated with fall-related injuries, active component, U.S. Army, 2011
2011 December Historical snapshot: Dr. Anna Baetjer, industrial hygiene pioneer, military occupational health advocate

**OJE, Operation Joint Endeavor**

1997 September Risk factor analysis (part II), hospitalizations, OJE
1997 May/June Risk factor analysis (part I), hospitalizations, OJE

**OEF, Operation Enduring Freedom**
**Outbreak**

2019 June Norovirus outbreak in Army service members, Camp Arifjan, Kuwait, May 2018

2019 June Outbreak of cyclosporiasis in a U.S. Air Force training population, Joint Base San Antonio–Lackland, TX, 2018

2019 February Outbreak of acute respiratory illness associated with adenovirus type 4 at the U.S. Naval Academy, 2016

2018 November Cluster of vivax malaria in U.S. soldiers training near the demilitarized zone, Republic of Korea, during 2015

2014 November An outbreak of Campylobacter enteritis associated with a community water supply on a U.S. military installation

2013 June Outbreak of Group A beta hemolytic Streptococcus pharyngitis in a Peruvian military facility, April 2012

2012 November Outbreak of Gastrointestinal Illness During Operation New Horizons in Pisco, Peru, July 2012

2011 November Norovirus outbreak associated with person-to-person transmission, U.S. Air Force Academy, July 2011

**Palsy**

**Papillomavirus, human (HPV)**

2019 March Sexually transmitted infections, active component, U.S. Armed Forces, 2010–2018
2018 September Human papillomavirus vaccine initiation, coverage, and completion rates among U.S. active component service members, 2007–2017
2017 September Brief report: Use of ICD-10 code A51.31 (condyloma latum) for identifying cases of secondary syphilis
2016 February Use of quadrivalent human papillomavirus vaccine and the prevalence of antibodies to vaccine-targeted strains among female service members before and after vaccination
2016 February Brief report: Human papillomavirus (HPV) 6, 11, 16, and 18 seroprevalence among males and females entering military service during 2011-2012
2013 February Human papillomavirus seroprevalence among men entering military service and seroincidence after ten years of service
2013 February Incidence of genital warts among U.S. service members before and after the introduction of the quadrivalent human papillomavirus vaccine
2012 May Brief report: quadrivalent human papillomavirus vaccine initiation, coverage, and compliance among active component service women, 2006-2011

**Pertussis**

2015 May Tdap vaccination coverage during pregnancy, active component service women, 2006–2014
2014 June Surveillance snapshot: states with the most pertussis diagnoses among service members and other beneficiaries of the Military Health System, January 2012–June 2014
2012 August Pertussis diagnoses among service members and other beneficiaries of the U.S. Military Health System, January 2005-June 2012
2010 December Surveillance snapshot: Pertussis diagnoses among service members and other beneficiaries of the U.S. Military Health System, January 2008-November 2010

**Pilonidal cyst**

2013 December Pilonidal cysts, active component, U.S. Armed Forces, 2000-2012

**Plantar fasciitis**

2010 July Surveillance snapshot: Plantar fasciitis

**Pneumococcus**

2009 March Field investigation: Fatal pneumococcal meningitis, Fort Leonard Wood, Missouri, February 2009
2009 March Surveillance snapshot: Immunization against and incidence of pneumococcal disease
1999 May Pneumococcal pneumonia outbreak, Fort Benning

**Pneumonia**

2019 July Case report: A possible case of psittacosis at Fort Carson, CO
2015 September Deployment-related conditions of special surveillance interest

2013 September Female infertility, active component service women, U.S. Armed Forces, 2000-2012
2013 September Brief report: polycystic ovary syndrome, active component service women, U.S. Armed Forces, 2000-2012
2013 September Pelvic inflammatory disease among female recruit trainees, active component, U.S. Armed Forces, 2002-2012
2013 September Surveillance snapshot: myomectomies and hysterectomies performed for uterine fibroids at military health facilities, active component service women, U.S. Armed Forces, 2000-2012
2013 September Menorrhagia, active component service women, U.S. Armed Forces, 1998-2012
2012 July Acute pelvic inflammatory disease, active component, U.S. Armed Forces, 2002-2011
2011 December Uterine fibroids, active component females, U.S. Armed Forces, 2001-2010

Reserve

2019 May Surveillance snapshot: Illness and injury burdens, reserve component, U.S. Armed Forces, 2018
2019 May Medical evacuations out of the U.S. Central Command, active and reserve components, U.S. Armed Forces, 2018
2018 May Morbidity burdens attributable to various illnesses and injuries, deployed active and reserve component service members, U.S. Armed Forces, 2018
2018 May Surveillance snapshot: Illness and injury burdens, reserve component, U.S. Armed Forces, 2017
2018 February Update: Malaria, U.S. Armed Forces, 2017
2011 September Animal bites, active and reserve components, U.S. Armed Forces, 2001-2010
2011 February Causes of medical evacuations from Operations Iraqi Freedom (OIF), New Dawn (OND) and Enduring Freedom (OEF), active and reserve components, U.S. Armed Forces, October 2001-September 2010
2010 September Updates: Routine screening for antibodies to HIV-1, civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components
2010 July Thoracolumbar spine fractures, active and reserve components, 2000-2009
2010 April Reportable medical events, active and Reserve components, U.S. Armed Forces, 2009
2010 February Medical evacuations from Operation Iraqi Freedom (OIF) and Operation Enduring Freedom (OEF), active and Reserve components, U.S. Armed Forces, October 2001-September 2009
2010 January Outbreak report: Malaria in a U.S. Marine reserve unit deployed to Benin
2009 October Medical evacuation for suspected breast cancer, active and reserve components, U.S. Armed Forces, January 2002-June 2009
2009 August Updates: Routine screening for antibodies to HIV-1, civilian applicants for U.S. military service and U.S. Armed Forces, active and reserve components
2009 August Deep vein thromboembolism among members of active and reserve components, U.S. Armed Forces, 1999-2008

MSMR Index October 2019
2009 July Lyme disease among U.S. military members, active and reserve component, 2001-2008
2009 April Reportable medical events, active and reserve components, U.S. Armed Forces, 2008
2008 July/August Updates: routine screening for antibodies to HIV-1 among civilian applicants for U.S. Military Service; U.S. Army and U.S. Air Force, active and reserve components; U.S. Navy and Marine Corps, Active Duty
2005 July/August Update: Human immunodeficiency virus, type 1 (HIV-1) antibody screening among active and Reserve component soldiers and civilian applicants for military service, January 1990-June 2006
2004 July/August Update: Human immunodeficiency virus, type 1 (HIV-1), antibody screening among active and reserve component soldiers and civilian applicants for military service, 1985-June 2004
2003 July/August Update: Human immunodeficiency virus, type 1 (HIV-1), antibody screening among active and reserve component soldiers and civilian applicants for military service, 1985-June 2003
2002 July Human immunodeficiency virus type 1 (HIV-1), antibody screening among active and reserve component soldiers and civilian applicants for military service, 1985-June 2002
1999 June/July Reserve, 1985-1999

Respiratory (See ARD)

Retirement

2019 May Absolute and relative morbidity burdens attributable to various illnesses and injuries, non-service member beneficiaries of the Military Health System, 2018
2014 May U.S. Armed Forces air crew: incident illness and injury diagnoses during the 12 months prior to retirement, 2003–2012
2011 June Acute Gastroenteritis Outbreak at the Armed Forces Retirement Home, Washington, DC
2010 December Numbers, proportions, and natures of conditions that are diagnosed for the first time within six months before retirement, active component, U.S. Armed Forces, 2003-2009
2010 October Illness and injury diagnoses within six months before retirement after 20 or more years of active service, active component, U.S. Armed Forces, 2000-2009

Shigella

2018 August Surveillance for norovirus and enteric bacterial pathogens as etiologies of acute gastroenteritis at U.S. military recruit training centers, 2011–2016
2010 August Upsurge in reported cases of *Shigella sonnei*, Fort Hood, Texas
1997 July/August *Shigella sonnei*, Fort Bragg, North Carolina
1996 November *Shigella sonnei* diarrheal outbreaks
1996 April Shigellosis case reports, WRAMC

Skin, Rash, Dermatitis

2015 July Epidemiology, microbiology, and antibiotic susceptibility patterns of skin and soft tissue infections, Joint Base San Antonio–Lackland, Texas, 2012–2014
2014 August Spread of vaccinia virus through shaving during military training, Joint Base San Antonio–Lackland, TX, June 2014
2013 December Bacterial skin infections, active component, U.S. Armed Forces, 2000-2012
2013 January Staphylococcus aureus and other skin and soft tissue infections among basic military trainees, Lackland Air Force Base, Texas, 2008-2012
2011 July Plant dermatitis, active component, U.S. Armed Forces, 2001-2010
1996 Aug/Sep Rash illness outbreak among British Soldiers
1996 April Rash outbreaks, U.S. forces operating in Belgium
1995 September Dermatitis outbreak, Heidelberg, Germany

Sleep

2010 May Surveillance Snapshot: Sleep studies

Snake
1997 November Arthropod, lizard, and snake envenomations

Spider
1997 May/June Brown recluse spider bites among infantry trainees

Spine
2016 January Durations of service until first and recurrent episodes of clinically significant back pain, active component military members: changes among new accessions to service since calendar year 2000
2012 May Degenerative disc disease, active component, U.S. Armed Forces, 2001-2011
2010 July Thoracolumbar spine fractures, active and reserve components, 2000-2009

Staphylococcal infections
2018 August Brief report: Pre- and post-deployment prevalence of Staphylococcus aureus colonization among U.S. Navy submariners
2015 July Epidemiology, microbiology, and antibiotic susceptibility patterns of skin and soft tissue infections, Joint Base San Antonio–Lackland, Texas, 2012–2014
2013 January Staphylococcus aureus and other skin and soft tissue infections among basic military trainees, Lackland Air Force Base, Texas, 2008-2012
2007 December Diagnoses of "envenomations" in relation to diagnoses of skin and soft tissue infections due to staphylococci/penicillin resistant bacteria, U.S. Military Members, January 2002-October 2007

Stone
2011 December Urinary stones, active component, U.S. Armed Forces, 2001-2010

Strength
2011 December Brief report: Numbers and characteristics of women in the active component, U.S. Armed Forces
2003 Sep/Oct Active duty force strength by medical treatment facility locations, U.S. Army
2002 July Active duty force strength by military treatment facility, U.S. Army, April 2002
2002 March/April Characteristics of active duty personnel
2001 April Characteristics of active duty personnel
2001 January Supplement #1: Reportable medical events; Reportable events, by quarter, 2000; Reportable events, by patient category, 1999-2000; Active duty force strength (September 2000)

MSMR Index October 2019

2000  Sep/Oct  Active duty force strength (June 2000)
2000  August  Force Strength, Active Duty Soldiers, April 2000
2000  April   Force strength, U.S. Army, December 1999
2000  February Correction: Force strength, active duty soldiers (September 1999)
2000  January  Supplement #1: Reportable medical events; Reportable events, by quarter, 1999; Reportable events, by patient category, 1998-1999; Active duty force strength (September 1999)
1999  Oct/Nov  Active duty force strength (June 1999)
1999  June/July Active duty force strength (March 1999)
1999  June/July  Active duty, 1985-1999
1999  April   Force strength (December 1998)
1999  Jan/Feb  Active duty force strength, September 1998
1998  Oct/Nov  Active duty force strength (June 1998)
1998  July/August Active duty force strength (March 1998)
1998  April   Force strength (December 1997)
1998  January  Force strength (September 1997)
1997  October  Force strength (June 1997)
1997  July/August Force strength (March 1997)
1997  March   Force strength (December 1996)
1997  January  Force strength (September 1996)
1996  December Force Strength (June, 1996)
1996  April   Force strength (December 1995)
1996  January  Force strength (September 1995)
1995  October  Force strength (June 1995)
1995  July    Force strength (March 1995)
1995  April   Force strength (December 1994)

Streptococcal infections

2013  June  Outbreak of Group A beta hemolytic Streptococcus pharyngitis in a Peruvian military facility, April 2012
2010  April  Acute respiratory disease (ARD) and streptococcal pharyngitis rates (SASI), basic combat training centers, U.S. Army, by week, April 2008-April 2010
2007  Sep/Oct Relationship between influenza vaccination and subsequent diagnoses of Group A Streptococcus-related illnesses, basic combat trainees, U.S. Army, 2002-2006
1997  February Group A beta hemolytic streptococcus among trainees
1995  November Streptococcal TSS - Fort Leonard Wood, MO

Strongyloides

1996  May    Strongyloides stercoralis hyperinfection

Substance, drug use

2019  August Epidemiology of impulse control disorders and association with dopamine agonist exposure, active component, U.S. Armed Forces, 2014–2018
2018  June   Polypharmacy involving opioid, psychotropic, and central nervous system depressant medications, period prevalence and association with suicidal ideation, active component, U.S. Armed Forces, 2016
2018  March  Mental health disorders and mental health problems, active component, U.S. Armed Forces, 2007-2016
2012  November Substance Use Disorders in the U.S. Armed Forces, 2000-2011

Suicide

MSMR Index October 2019
Polypharmacy involving opioid, psychotropic, and central nervous system depressant medications, period prevalence and association with suicidal ideation, active component, U.S. Armed Forces, 2016

Suicides and suicide attempts among active component members of the U.S. Armed Forces, 2010–2012: Methods of self-harm vary by major geographic region of assignment

Depression and suicidality during the postpartum period after first time deliveries, active component service women and dependent spouses, U.S. Armed Forces, 2007-2012

Injuries due to firearms and air guns among U.S. military members not participating in overseas combat operations, 2002-2011

Deaths by suicide while on active duty, active and reserve components, U.S. Armed Forces, 1998-2011

Health care experiences prior to suicide and self-inflicted injury, active component, U.S. Armed Forces, 2001-2010

Relations between suicide and traumatic brain injury, psychiatric diagnoses, and relationship problems, active component, U.S. Armed Forces, 2001-2009

Poisoning-related hospitalizations and risk factors for self-inflicted poisoning in the active component, U.S. Armed Forces, 2001-2010

Surveillance Snapshot: Hospitalizations for suicidal ideation, active component, 2005-2010

Stressors Prior to and Methods of Suicide, U.S. Air Force, 2000-2005

Hydrogen sulfide exposure, Ft Irwin

Vasectomy and vasectomy reversals, active component, U.S. Armed Forces, 2000–2017

Surveillance snapshot: myomectomies and hysterectomies performed for uterine fibroids at military health facilities, active component service women, U.S. Armed Forces, 2000-2012

Appendicitis and appendectomies, active and reserve components, U.S. Armed Forces, 2002-2011

Appendicitis and appendectomies among non-service member beneficiaries of the Military Health System, 2002-2011

Appendicitis and appendectomies, active duty U.S. Armed Forces, 1990-1998

Gaps in reportable medical event surveillance across the Department of the Army and recommended training tools to improve surveillance practices

Re-evaluation of the MSMR Case definition for Incident Cases of Malaria

Variations in the incidence and burden of illnesses and injuries among non-retiree service members in the earliest, middle, and last 6 months of their careers, active component, U.S. Armed Forces, 2000–2015

Brief report: Use of ICD-10 code A51.31 (condyloma latum) for identifying cases of secondary syphilis

Completeness and timeliness of reporting of notifiable medical conditions, active component, U.S. Armed Forces, 2008–2014

Active surveillance for asymptomatic colonization with multidrug-resistant gram-negative bacilli among injured service members - a three year evaluation

Surveillance methods

MSMR Index October 2019
Predictive value of reportable medical events for Neisseria gonorrhoeae and Chlamydia trachomatis

The U.S. Military’s Neisseria gonorrhoeae resistance surveillance initiatives in selected populations of five countries

Predictive value of surveillance case definitions of Guillain-Barré Syndrome in vaccine safety assessment

Relationships between increasing outpatient encounters for neurological disorders and introductions of associated diagnostic codes, active duty military service members, 1998-2010

Deriving case counts from medical encounter data: considerations when interpreting health surveillance reports

Incident diagnoses of common symptoms (“sequelae”) following traumatic brain injury, active component, U.S. Armed Forces, 2000-2012

Signs, symptoms, and ill-defined conditions, active component, U.S. Armed Forces, 2000-2012

Syncope among U.S. Air Force Basic Military Trainees, August 2012-July 2013

Syncope, active and reserve components, U.S. Armed Forces, 1998-2012

Syncope, active duty, U.S. Armed Forces, 1998-2002

Sexually transmitted infections, active component, U.S. Armed Forces, 2010–2018

Brief report: Use of ICD-10 code A51.31 (condyloma latum) for identifying cases of secondary syphilis

Editorial: What’s old is new again: Syphilis in the U.S. Army

Sexually transmitted infections in U.S. Air Force recruits in basic military training

Incidence of syphilis, active component, U.S. Armed Forces, 1 January 2010 through 31 August 2015

Tendon ruptures, active component, U.S. Armed Forces, 2000-2009

Tetanus, Fort Bragg, North Carolina

Infectious mononucleosis, active component, U.S. Armed Forces, 2002–2018

Outbreak of cyclosporiasis in a U.S. Air Force training population, Joint Base San Antonio–Lackland, TX, 2018

Surveillance snapshot: Illness and injury burdens, recruit trainees, active component, U.S. Armed Forces, 2018

Incidence, timing, and seasonal patterns of heat illnesses during U.S. Army basic combat training, 2014–2018
Outbreak of acute respiratory illness associated with adenovirus type 4 at the U.S. Naval Academy, 2016

Surveillance for norovirus and enteric bacterial pathogens as etiologies of acute gastroenteritis at U.S. military recruit training centers, 2011–2016

Surveillance snapshot: Illness and injury burdens, recruit trainees, active component, U.S. Armed Forces, 2017

Outbreak of influenza and rhinovirus co-circulation among unvaccinated recruits, U.S. Coast Guard Training Center Cape May, NJ, 24 July–21 August 2016

Challenges with diagnosing and investigating suspected active tuberculosis disease in military trainees

Surveillance snapshot: Respiratory infections resulting in hospitalization, U.S. Air Force recruits, October 2010–February 2017

Brief report: Human papillomavirus (HPV) 6, 11, 16, and 18 seroprevalence among males and females entering military service during 2011–2012

Sexually transmitted infections in U.S. Air Force recruits in basic military training

Follow-up analysis of the incidence of acute respiratory infections among enlisted service members during their first year of military service before and after the 2011 resumption of adenovirus vaccination of basic trainees

Epidemiology, microbiology, and antibiotic susceptibility patterns of skin and soft tissue infections, Joint Base San Antonio–Lackland, Texas, 2012–2014

Surveillance snapshot: Illness and injury burdens among U.S. military recruit trainees, 2014

An outbreak of Campylobacter enteritis associated with a community water supply on a U.S. military installation

Fractures among active component, recruit trainees, and deployed service members, U.S. Armed Forces, 2003–2012

Injuries associated with combat sports, active component, U.S. Armed Forces, 2010–2013

Syncope among U.S. Air Force Basic Military Trainees, August 2012-July 2013

Pelvic inflammatory disease among female recruit trainees, active component, U.S. Armed Forces, 2002-2012

Mental disorders and mental health problems among recruit trainees, U.S. Armed Forces, 2000-2012

Surveillance Snapshot: Mental disorder hospitalizations among recruit trainees, U.S. Armed Forces, 2000-2012

Incidence of acute respiratory illnesses among enlisted service members during their first year of military service: Did the 2011 resumption of adenovirus vaccination of basic trainees have an effect?

Staphylococcus aureus and other skin and soft tissue infections among basic military trainees, Lackland Air Force Base, Texas, 2008-2012

Surveillance Snapshot: illness and injury burdens among U.S. military recruit trainees, 2011

Initial assessment of impact of adenovirus type 4 and type 7 vaccine on febrile respiratory illness and virus transmission in military basic trainees, March 2012

Surveillance Snapshot: adenovirus among U.S. military recruit trainees

Surveillance Snapshot: Illness and injury burdens among U.S. military recruits, 2010

Acute respiratory disease, basic training centers, U.S. Army, July 2008-July 2010

Acute respiratory disease, basic training centers, U.S. Army, August 2009-May 2010

MSMR Index October 2019
2010 April  Acute respiratory disease (ARD) and streptococcal pharyngitis rates (SASI), basic combat training centers, U.S. Army, by week, April 2008-April 2010
2010 April  Surveillance Snapshot: Illness and injury burdens among U.S. military recruits
2010 March  Acute respiratory disease, basic training centers, U.S. Army, March 2008-March 2010
2010 February  Accidental injuries from hand-to-hand combat training and combat sports, U.S. Armed Forces, 2002-2009
2010 February  Acute respiratory disease, basic training centers, U.S. Army, February 2008-February 2010
2009 November  Acute respiratory disease, basic training centers, U.S. Army, November 2007-November 2009
2009 October  Acute respiratory disease, basic training centers, U.S. Army, October 2007-October 2009
2009 September  Acute respiratory disease, basic training centers, U.S. Army, September 2007 - September 2009
2009 July  Acute respiratory disease, basic training centers, U.S. Army, June 2007-June 2009
2009 June  Acute respiratory disease, basic training centers, U.S. Army, June 2007-June 2009
2009 May  Preliminary report: Febrile acute respiratory disease caused by adenovirus type 14, U.S. Coast Guard training center, Cape May, New Jersey, March 2009
2009 February  Acute respiratory disease, basic training centers, U.S. Army, February 2007-February 2009
2008 November  Acute respiratory disease, basic training centers, U.S. Army, October 2006-October 2008
2008 July/August  Acute respiratory disease, basic training centers, U.S. Army, August 2006- August 2008
2008 April  Acute respiratory disease, basic training centers, U.S. Army, April 2006-April 2008
2007 August  Acute respiratory disease, basic training centers, U.S. Army, August 2005-August 2007
2007 May  Acute Respiratory Disease, Basic Training Centers, U.S. Army 1997-2007
2006 October  Incidence of mumps in relation to universal MMR vaccination versus vaccination after serological screening of U.S. military recruits, 2000-2004
2006 April  Acute respiratory disease, basic training centers, U.S. Army, 1996-2005
1998 September  Morbidity surveillance, field training exercise, Thailand
1997 January  Cold weather training guidelines

Traumatic brain injury, TBI

2017 March  Deployment-related conditions of special surveillance interest
2016 December  Deployment-related conditions of special surveillance interest
2016 August  Deployment-related conditions of special surveillance interest
2016 July  Increasing severity of traumatic brain injury is associated with an increased risk of subsequent headache or migraine: a retrospective cohort study of U.S. active duty service members, 2006–2015
2016 June  Deployment-related conditions of special surveillance interest
2016 May  Deployment-related conditions of special surveillance interest
2016 March  Deployment-related conditions of special surveillance interest
2016 January  Deployment-related conditions of special surveillance interest
2015 December  Deployment-related conditions of special surveillance interest

2019 July

### Brief report: Department of Defense midseason estimates of vaccine effectiveness for the 2018–2019 influenza season
2019 June

### Surveillance snapshot: Human papillomavirus vaccination among U.S. active component service members in the Millennium Cohort Study, 2006–2017
2019 June

### Department of Defense end-of-season influenza vaccine effectiveness estimates for the 2017–2018 season
2018 October

### Surveillance snapshot: Influenza immunization among U.S. Armed Forces healthcare workers, August 2013–April 2018
2018 October

### Human papillomavirus vaccine initiation, coverage, and completion rates among U.S. active component service members, 2007–2017
2018 September

### Brief report: Department of Defense midseason vaccine effectiveness estimates for the 2017–2018 influenza season
2018 June

### Brief report: Department of Defense Global, Laboratory-based Influenza Surveillance Program’s influenza vaccine effectiveness estimates and surveillance trends for 2016–2017 influenza season
2018 January

### Surveillance snapshot: Influenza vaccine effectiveness, U.S. European Command, as estimated by the Department of Defense Global, Laboratory-Based Influenza Surveillance Program, 2016–2017 influenza season
2017 October

### Surveillance snapshot: Influenza immunization among U.S. Armed Forces healthcare workers, August 2012–April 2017
2017 October

2016 October

### The DoD Global, Laboratory-based, Influenza Surveillance Program: summary for the 2013–2014 influenza season
2016 March

### Use of quadrivalent human papillomavirus vaccine and the prevalence of antibodies to vaccine-targeted strains among female service members before and after vaccination
2016 February

### Follow-up analysis of the incidence of acute respiratory infections among enlisted service members during their first year of military service before and after the 2011 resumption of adenovirus vaccination of basic trainees
2015 December

### Surveillance snapshot: Influenza immunization among U.S. Armed Forces healthcare workers, August 2010–April 2015
2015 October
Varicella, Chickenpox, Herpes zoster

2019 October Measles, mumps, rubella, and varicella among service members and other beneficiaries of the U.S. Military Health System, 1 January 2016–30 June 2019

2018 March Herpes zoster, active component, U.S. Armed Forces, 2000-2016

MSMR Index October 2019
Vectorborne diseases

2019 August Evaluation of serological testing for Lyme disease in Military Health System beneficiaries in Germany, 2013–2017
2019 August Historical review: Rickettsial diseases and their impact on U.S. military forces
2019 July Zika virus surveillance in active duty U.S. military and dependents through the Naval Infectious Diseases Diagnostic Laboratory
2019 April Modeling Lyme disease host animal habitat suitability, West Point, New York
2019 February Update: Malaria, U.S. Armed Forces, 2018
2019 February Re-evaluation of the MSMR Case definition for Incident Cases of Malaria
2018 November Editorial: Malaria in the Korean peninsula: Risk factors, latent infections, and the possible role of tafenoquine, a new antimalarial weapon
2018 November Cluster of vivax malaria in U.S. soldiers training near the demilitarized zone, Republic of Korea during 2015
2018 February Update: Malaria, U.S. Armed Forces, 2017
2018 February Diagnostic evaluation of military blood donors screening positive for Trypanosoma cruzi infection
2016 December Zika virus infections in Military Health System beneficiaries since the introduction of the virus in the Western Hemisphere, 1 January 2016 through 30 November 2016
2016 May Surveillance Snapshot: Zika virus infection among Military Health System beneficiaries following introduction of the virus into the Western Hemisphere, 20 May 2016
2015 October Chikungunya infection in DoD healthcare beneficiaries following the 2013 introduction of the virus into the Western Hemisphere, 1 January 2014 through 28 February 2015
2015 August Case report: Probable murine typhus at Joint Base San Antonio, TX
2015 May Case series: Chikungunya and dengue at a forward operating location
2015 March Characterizing the relationship between tick bites and Lyme disease in active component U.S. Armed Forces in the eastern United States
2014 May The geographic distribution of incident Lyme disease among active component service members stationed in the continental United States, 2004–2013
2014 January Editorial: the military and its potential role in malaria elimination
2014 January Report of two cases of vivax malaria in U.S. soldiers and a review of malaria in the Republic of Korea
2014 January Surveillance snapshot: self-reported malaria prophylaxis compliance among service members with diagnosed malaria, 2008-2013
2014 January Images in health surveillance: dengue and chikungunya virus vectors and prevention
2013 January Confirmed malaria cases among active component U.S. Army personnel, January-September 2012
2013 January Editorial: presumptive anti-relapse treatment for malaria in military forces
2013 January Images in health surveillance: permethrin treatment of uniforms
MSMR Index: For titles, click key word. To return to key words, push Ctrl key and press Home.

2012 September Images in health surveillance: West Nile virus vectors and prevention
2012 May Images in health surveillance: tickborne disease vectors and Lyme disease clinical diagnosis
2000 March Five most common arthropod-borne diseases among active duty servicemembers in the U.S. Armed Forces, 1995-1999

Vein, Thromboembolism

2017 March Deployment-related conditions of special surveillance interest
2017 February Deployment-related conditions of special surveillance interest
2016 December Deployment-related conditions of special surveillance interest
2016 October Deployment-related conditions of special surveillance interest
2016 August Deployment-related conditions of special surveillance interest
2016 June Deployment-related conditions of special surveillance interest
2016 May Deployment-related conditions of special surveillance interest
2016 March Deployment-related conditions of special surveillance interest
2016 January Deployment-related conditions of special surveillance interest
2015 December Deployment-related conditions of special surveillance interest
2015 November Deployment-related conditions of special surveillance interest
2015 October Deployment-related conditions of special surveillance interest
2015 September Deployment-related conditions of special surveillance interest
2015 August Deployment-related conditions of special surveillance interest
2015 June Deployment-related conditions of special surveillance interest
2015 May Deployment-related conditions of special surveillance interest
2014 August Deployment-related conditions of special surveillance interest
2014 June Deployment-related conditions of special surveillance interest
2014 April Deployment-related conditions of special surveillance interest
2014 March Deployment-related conditions of special surveillance interest
2014 February Deployment-related conditions of special surveillance interest
2013 June Deployment-related conditions of special surveillance interest
2009 August Deep vein thromboembolism among members of active and reserve components, U.S. Armed Forces, 1999-2008

Vision

2019 September Editorial: The Department of Defense/Veterans Affairs Vision Center of Excellence
2019 September Absolute and relative morbidity burdens attributable to ocular and vision-related conditions, active component, U.S. Armed Forces, 2018
2019 September Incidence and prevalence of selected refractive errors, active component, U.S. Armed Forces, 2001–2018
2019 September Incident and recurrent cases of central serous chorioretinopathy, active component, U.S. Armed Forces, 2001–2018
2015 March Incidence and prevalence of diagnoses of eye disorders of refraction and accommodation, active component service members, U.S. Armed Forces, 2000–2014
2011 May Eye injuries, active component, U.S. Armed Forces, 2000-2010

Women

MSMR Index October 2019
MSMR Index: For titles, click key word. To return to key words, push Ctrl key and press Home.

2019 June Female infertility, active component service women, U.S. Armed Forces, 2013–2018
2016 February Use of quadrivalent human papillomavirus vaccine and the prevalence of antibodies to vaccine-targeted strains among female service members before and after vaccination
2016 February Brief report: Human papillomavirus (HPV) 6, 11, 16, and 18 seroprevalence among males and females entering military service during 2011-2012
2016 February Sexually transmitted infections in U.S. Air Force recruits in basic military training
2016 February Incidence of Chlamydia trachomatis infections and screening compliance, U.S. Army active duty females under 25 years of age, 2011-2014
2016 February Brief report: Associations between antecedent bacterial vaginosis and incident chlamydia and gonorrhea diagnoses, U.S. Army females, 2006–2012
2015 June Urinary tract infections in active component U.S. Armed Forces women before and after routine screening Pap examination
2015 May Tdap vaccination coverage during pregnancy, active component service women, 2006–2014
2015 May Surveillance snapshot: Influenza vaccination coverage during pregnancy, active component service women, October 2009–April 2014
2013 September Depression and suicidality during the postpartum period after first time deliveries, active component service women and dependent spouses, U.S. Armed Forces, 2007-2012
2013 September Female infertility, active component service women, U.S. Armed Forces, 2000-2012
2013 September Brief report: polycystic ovary syndrome, active component service women, U.S. Armed Forces, 2000-2012
2013 September Pelvic inflammatory disease among female recruit trainees, active component, U.S. Armed Forces, 2002-2012
2013 September Surveillance snapshot: myomectomies and hysterectomies performed for uterine fibroids at military health facilities, active component service women, U.S. Armed Forces, 2000-2012
2013 September Menorrhagia, active component service women, U.S. Armed Forces, 1998-2012
2013 September Incident diagnoses of breast cancer, active component service women, U.S. Armed Forces, 2000-2012
2012 July Health of women after wartime deployments: correlates of risk for selected medical conditions among females after initial and repeat deployments to Afghanistan and Iraq, active component, U.S. Armed Forces
2012 July Acute pelvic inflammatory disease, active component, U.S. Armed Forces, 2002-2011
