

Contract No.: 233-02-0086
MPR Reference No.: 6407-980

2009 Health Care Survey of DoD Beneficiaries:

Adult Codebook and User's Guide

August 2009
Quarter III
Survey Fielded: April 2009

Submitted to:

TRICARE Management Activity
5111 Leesburg Pike, Suite 810
Falls Church, VA 22041
(703) 681-3636

Task Order Officer:

Richard R. Bannick, Ph. D., FACHE

Submitted by:

Mathematica Policy Research, Inc.
600 Maryland Ave., SW, Suite 550
Washington, DC 20024-2512
(202) 484-9220

Project Director:

Eric Schone, Ph. D.

TABLE OF VARIABLES

Page

QUARTERLY FREQUENCIES

SAMPLING VARIABLES		
MPRID	- Unique MPR identifier.....	107
SVCSMPL	- Branch of service sampling variable.....	107
SEXSMPL	- Sex sampling variable	107
STRATUM	- Sampling stratum.....	107
CACSMPL	- Catchment area	114
ENBGSMPL	- Enrollment by beneficiary category	116
MPCSMPL	- Military personnel category.....	116
NHFF	- Stratum sample size	117
SERVAREA	- Service area	117
QUARTER	- Survey quarter	117
DCATCH	- Catchment Area.....	118
MSM	- Multiple service market areas.....	120
D_FAC	- Facility type code.....	121
D_HEALTH	- Health service region.....	121
TNEXREG	- TRICARE next generation of contracts region grouping	121
SERVAFF	- Service affiliation	122
BWT	- Basic sampling weight.....	122
DEERS VARIABLES		
MRTLSTAT	- Marital status	122
RACEETHN	- Race/Ethnic code	123
PNSEXCD	- Person gender	123
DAGEQY	- Age at time of data collection	123
FIELDAGE	- Age at start of fielding period.....	124
PCM	- Primary manager code (civilian or military)	124
ACV	- Alternate care value.....	125
DBENCAT	- Beneficiary category	125
DMEDELG	- Medical privilege code	126
DSPONSVC	- Derived sponsor branch of service	126
MBRRELCD	- Member relationship code	126
MEDTYPE	- Medicare type	127
PATCAT	- Aggregated beneficiary category	127
PNTYPECD	- Person type code.....	127
PNLCATCD	- Personnel category code (duty status)	128
QUESTIONNAIRE RESPONSES		
H09001	- Are you the person listed on envelope	128
H09002A	- Health plan(s) covered: TRICARE Prime	128
H09002C	- Health plan(s) covered: TRICARE Ext/Std	128
H09002N	- Health plan(s) covered: TRICARE Plus.....	129
H09002O	- Health plan(s) covered: TRICARE For Life	129
H09002P	- Health plan(s) covered: TRICARE Supplemental Insurance.....	129
H09002Q	- Health plan(s) covered: TRICARE Reserve Select	129
H09002F	- Health plan(s) covered: Medicare.....	129
H09002G	- Health plan(s) covered: FEHBP	130
H09002H	- Health plan(s) covered: Medicaid.....	130
H09002I	- Health plan(s) covered: Civilian HMO	130
H09002J	- Health plan(s) covered: Other civilian.....	130
H09002K	- Health plan(s) covered: USFHP	130
H09002M	- Health plan(s) covered: Veterans	131
H09002R	- Health plan(s) covered: Other Non-US government health insurance	131
H09002L	- Health plan(s) covered: Not sure.....	131
H09003	- Which health plan did you use most in the past 12 months?	132
H09004	- Months or years in a row with health plan	132

H09005	- In last year: facility used most for health care	133
H09006	- In last year: have illness/injury/condition that needed care right away.....	133
H09007	- In last year: how often got care as soon as you believed you need it	133
H09008	- In last year: wait between trying to get care and actually seeing a provider for an illness or injury.....	134
H09009	- In last year: made appointments for non-urgent health care	134
H09010	- In last year: how often got appointments for non-urgent health care as soon as you wanted	134
H09011	- In last year: days between making an appointment for regular or routine care and actually seeing a provider.....	135
H09012	- In last year: times went to an emergency room for own care	135
H09013	- In last year: times went to a doctors office or clinic for yourself (not counting times went to an emergency room).....	135
H09014	- In last year: how often talk to doctor or other health care provider about illness prevention.....	136
H09015	- In last year: doctor or other health care provider talked about more than 1 choice for treatment	136
H09016	- In last year: doctor talked about pros/cons of each treatment/health care choice...	136
H09017	- In last year: doctor/health care provider asked which treatment option you thought was best for you when there was more than one choice of treatment	137
H09018	- Rating of all health care in last year	137
H09019	- Have one person you think of as your personal doctor	137
H09020	- In last year: number of times visited personal doctor for care for self	138
H09021	- In last year: how often personal doctor listened carefully to you	138
H09022	- In last year: how often personal doctor explained things in a way that was easy to understand	138
H09023	- In last year: how often your personal doctor showed respect for what you have to say	139
H09024	- In last year: how often your personal doctor spent enough time with you.....	139
H09025	- In last year: got care from doctor or other health provider other than personal doctor	139
H09026	- In last year: how often personal doctor seemed informed and up-to-date about care received from other doctors.....	140
H09027	- Rating of your personal doctor	140
H09028	- In last year: tried to make appointment to see a specialist.....	140
H09029	- In last year: how often it was easy to get appointments with specialists	141
H09030	- In last year: how many specialists seen	141
H09031	- Rating of specialist seen most often in last year	141
H09032	- In last year: tried to get care, tests, or treatment through health plan	142
H09033	- In last year: how often easy to get care, tests, or treatment you thought you needed through health plan.....	142
H09034B	- In last year: looked for information in written material or on the internet about how health plan works	142
H09034	- In last year: how often written material/Internet provide information you needed about how your plan works.....	142
H09035	- In last year: looked for information from health plan on cost of health care service or equipment	143
H09036	- In last year: how often able to find out cost of health care service or equipment from health plan.....	143
H09037	- In last year: looked for information from health plan on cost of prescription medications	143
H09038	- In last year: how often able to find out cost of prescription medications	144
H09039	- In last year: tried to get information or help from health plan's customer service....	144
H09040	- In last year: how often did customer service give needed information or help	144
H09041	- In last year: how often did customer service treat with courtesy and respect	145
H09042	- In last year: health plan gave forms to fill out	145
H09043	- In last year: how often forms from health plan were easy to fill out.....	145
H09044	- In last year: sent in any claims to your health plan.....	146

H09045	- In last year: how often health plan handled claims quickly.....	146
H09046	- In last year: how often health plan handled claims correctly	146
H09047	- Rating of all experience with health plan	147
H09048	- Blood pressure: when last reading	147
H09049	- Blood pressure: know if blood pressure is too high or not.....	147
H09050	- When did you last have a flu shot.....	148
H09051	- Smoked at least 100 cigarettes in life.....	148
H09052	- Smoke everyday, some days, or not at all.....	148
H09053	- Last year: number of visits advised to quit smoking.....	149
H09054	- Last year: number of visits medication was recommended or discussed to assist with quitting smoking	149
H09055	- Last year: number of visits recommended or discussed methods and strategies to assist quitting smoking	149
H09056	- Are you male or female	150
H09057	- Female: Last have a Pap smear test.....	150
H09058	- Female: Are you under age 40	150
H09059	- Female: Last time breasts checked mammography.....	151
H09060	- Female: Been pregnant in last year or pregnant now.....	151
H09061	- Female: In what trimester is your pregnancy.....	151
H09062	- Female: Trimester first received prenatal care	152
H09063	- In general how would you rate your overall health	152
H09064	- Limited in any way in any activities because of any impairment or health problem	152
H09065	- In last year: seen doctor or other health provider 3 or more times for same condition or problem.....	152
H09066	- Condition lasted for at least 3 months	153
H09067	- Need to take medicine prescribed by a doctor	153
H09068	- Medicine to treat condition that has lasted for at least 3 months.....	153
H09069F	- Feet portion of height without shoes.....	153
H09069I	- Inches portion of height without shoes	154
H09070	- Weight without shoes in pounds.....	154
SREDA	- Highest grade completed.....	159
H09071	- Are you Spanish, Hispanic, or Latino	159
H09071A	- No, not Spanish, Hispanic, or Latino	159
H09071B	- Yes, Mexican, Mexican American, Chicano	160
H09071C	- Yes, Puerto Rican.....	160
H09071D	- Yes, Cuban.....	160
H09071E	- Yes, other Spanish, Hispanic, or Latino	160
SRRACEA	- Race: White	160
SRRACEB	- Race: Black or African American.....	161
SRRACEC	- Race: American Indian or Alaska native.....	161
SRRACED	- Race: Asian	161
SRRACEE	- Race: Native Hawaiian/other Pacific Islanders.....	161
SRAGE	- What is your age now?	162
H09072	- Currently covered Medicare part A.....	162
H09073	- Currently covered Medicare part B.....	162
H09074	- Currently covered Medicare supplemental	162
S09W01	- Last emergency room visit due to an accident, injury or some health problem.....	163
S09W02	- Able to contact doctor or other health professional about health problem before going to the emergency room.....	163
S09W03	- Doctor or health professional told you to go to the emergency room	163
S09W04	- Tried to see or call a doctor or other health professional about this problem before going to the emergency room or calling for emergency medical assistance	164
S09W05	- At the time you went to the emergency room, there were places to go to for treatment other than the emergency room	164
S09W06	- Why decide to go to emergency room rather than alternative.....	164
S09W07	- As a result of this emergency room visit, admitted to the hospital for an overnight stay.....	165
S09009	- Had the same personal doctor or nurse before joining this health plan	165

S09010	- Since joined health plan, how much of a problem, if any, was it to get a personal doctor or nurse you are happy with?	165
S09B01	- Self rating of overall mental/emotional health.....	166
S09B02	- Last year: Needed treatment/counseling for personal/family problem	166
S09B03	- Last year: Problem getting needed treatment/counseling	166
S09B04	- Last year: Rate of treatment/counseling received	167
S09K12	- Health plan cares more about saving money than about getting you the treatment you need.....	167
S09K13	- Feel the need to double-check everything your health plan does	167
S09K14	- Believe health plan will pay for everything it is supposed to, even really expensive treatments	168
S09K15	- Think health plan will give you a straight answer to questions	168
S09K16	- All in all, have complete trust in health plan	168
S09K01	- Sometimes your health care provider cares more about what is convenient for him/her than about your medical needs	169
S09K02	- Health care provider is always thoughtful and thorough.....	169
S09K03	- Completely trust health care provider's decisions about which medical treatments are best for you	169
S09K04	- Health care provider is completely honest in telling you about all of the different treatment options available for your condition.....	170
S09K05	- All in all, have complete trust in health care provider	170
S09B22	- You or spouse deployed to a combat zone within the past two years.....	170
S09B22A	- Spouse and/or I deployed to a combat zone in the past year	171
S09B22B	- Spouse and/or I deployed to a combat zone within the past two years.....	171
S09B22C	- Neither I nor my spouse deployed to a combat zone within the past two years.....	171
S09B23	- Past month: had nightmares or unwanted thoughts about an experience that was frightening, horrible, or upsetting.....	171
S09B24	- Past month: tried hard not to think about or went out of the way to avoid situations that remind you of experience that was frightening, horrible, or upsetting.....	172
S09B25	- Past month: constantly on guard, watchful, or easily startled after experience that was frightening, horrible, or upsetting	172
S09B26	- Past month: felt numb or detached from others, activities, or surroundings after experience that was frightening, horrible, or upsetting.....	172
S09N11	- Preference between military and civilian facilities for all of your health care.....	172
S09011	- Able to see my provider when needed	173
S09012	- Last visit to provider's office: number days wait between making the appointment and actually seeing a provider.....	173
S09013	- Satisfaction with the length of time waited for appointment.....	173
S09014	- Satisfaction with health care received during last visit	174
SURVEY FIELDING VARIABLES		
ONTIME	- Responded within 8 weeks of mail-out	174
FLAG_FIN	- Final disposition.....	174
DUPFLAG	- Multiple response indicator	174
FNSTATUS	- Final status	174
KEYCOUNT	- Number of key questions answered	175
WEB	- Web survey indicator	175
CODING SCHEME FLAGS AND COUNTS		
N1	- Coding scheme note 1	175
N2	- Coding scheme note 2.....	176
N3	- Coding scheme note 3.....	176
N3A1	- Coding scheme note 3A1	176
N3A2	- Coding scheme note 3A2	177
N3A3	- Coding scheme note 3A3	177
N3A4	- Coding scheme note 3A4	177
N4	- Coding scheme note 4.....	177
N5	- Coding scheme note 5.....	178

N6	- Coding scheme note 6.....	178
N7	- Coding scheme note 7.....	178
N8	- Coding scheme note 8.....	178
N8A1	- Coding scheme note 8A1	179
N9	- Coding scheme note 9.....	179
N10	- Coding scheme note 10.....	179
N10A1	- Coding scheme note 10A1	179
N11	- Coding scheme note 11.....	180
N11B	- Coding scheme note 11B	180
N12	- Coding scheme note 12.....	180
N13	- Coding scheme note 13.....	180
N14	- Coding scheme note 14.....	181
N15	- Coding scheme note 15.....	181
N16	- Coding scheme note 16.....	181
N17	- Coding scheme note 17.....	182
N18	- Coding scheme note 18.....	182
N19A	- Coding scheme note 19A	182
N19B	- Coding scheme note 19B	183
N20	- Coding scheme note 20.....	183
N21	- Coding scheme note 21.....	183
N22	- Coding scheme note 22.....	183
N23	- Coding scheme note 23.....	184
N23A1	- Coding scheme note 23A1	184
N24	- Coding scheme note 24.....	184
N24A1	- Coding scheme note 24A1	184
MISS_1	- Count of: violates skip pattern	185
MISS_4	- Count of: incomplete grid error	185
MISS_5	- Count of: scalable response of don't know	185
MISS_6	- Count of: not applicable - valid skip	186
MISS_7	- Count of: out-of-range error.....	186
MISS_8	- Count of: multiple response error	186
MISS_9	- Count of: no response - invalid skip	187
MISS_TOT	- Total number of missing responses.....	188
CONSTRUCTED VARIABLES		
XENRLLMT	- Enrollment in TRICARE prime.....	189
XENR_PCM	- Enrollment by PCM type.....	189
XINS_COV	- Insurance coverage	189
XBENCAT	- Beneficiary category	190
XENR_RSV	- Enrollment by PCM type - reservist	190
XINS_RSV	- Insurance coverage - reservist	191
XREGION	- Region	191
XTNEXREG	- TRICARE next generation of contracts region grouping	192
USA	- USA/NOT USA indicator.....	192
XOCONUS	- Overseas Europe/Pacific/Latin indicator.....	192
OUTCATCH	- Out of catchment area indicator	192
XSEXA	- Male or female (recode)	193
XBMI	- Body mass index	193
XBMICAT	- Body mass index category	193
XBNFGRP	- Constructed beneficiary group.....	193
XSERVAFF	- Service affiliation	194
KMILOPQY	- Outpatient visits to military facility.....	194
KCIVOPQY	- Outpatient visits to civilian facility	194
KCIVINS	- Beneficiary covered by civilian insurance	194
HP_PRNTL	- Pregnant in last year received care in 1st trimester	195
HP_MAMOG	- Women age 40 and over mammography in past 2 years.....	195
HP_MAM50	- Women age 50 and over mammography in past 2 years.....	195
HP_PAP	- All women pap smear in last 3 years.....	195

HP_BP	- Blood pressure check in last 2 years know results.....	196
HP_FLU	- Age 65 and older flu shot in last 12 months	196
HP_OBESE	- Obese or morbidly obese	196
HP_SMOKE	- Advised to quit smoking in last 12 months	196
HP_SMKH2	- Smoker under HEDIS definition (modified).....	197
HP_CESH2	- Had smoking cessation counseling - HEDIS (modified)	197
XCATCH	- XCATCH - Catchment area (reporting)	197
POSTCELL	- Poststratification cell for new weights.....	200
WEIGHTS		
FWRWT1	- Replicated/Jackknife weight 1	202
FWRWT2	- Replicated/Jackknife weight 2	203
FWRWT3	- Replicated/Jackknife weight 3	203
FWRWT4	- Replicated/Jackknife weight 4	203

H09001	- Are you the person listed on envelope	128
H09002A	- Health plan(s) covered: TRICARE Prime	128
H09002C	- Health plan(s) covered: TRICARE Ext/Std	128
H09002F	- Health plan(s) covered: Medicare.....	129
H09002G	- Health plan(s) covered: FEHBP	130
H09002H	- Health plan(s) covered: Medicaid	130
H09002I	- Health plan(s) covered: Civilian HMO	130
H09002J	- Health plan(s) covered: Other civilian.....	130
H09002K	- Health plan(s) covered: USFHP	130
H09002L	- Health plan(s) covered: Not sure	131
H09002M	- Health plan(s) covered: Veterans	131
H09002N	- Health plan(s) covered: TRICARE Plus.....	129
H09002O	- Health plan(s) covered: TRICARE For Life	129
H09002P	- Health plan(s) covered: TRICARE Supplemental Insurance.....	129
H09002Q	- Health plan(s) covered: TRICARE Reserve Select	129
H09002R	- Health plan(s) covered: Other Non-US government health insurance	131
H09003	- Which health plan did you use most in the past 12 months?	132
H09004	- Months or years in a row with health plan	132
H09005	- In last year: facility used most for health care	133
H09006	- In last year: have illness/injury/condition that needed care right away	133
H09007	- In last year: how often got care as soon as you believed you need it	133
H09008	- In last year: wait between trying to get care and actually seeing a provider for an illness or injury.....	134
H09009	- In last year: made appointments for non-urgent health care	134
H09010	- In last year: how often got appointments for non-urgent health care as soon as you wanted	134
H09011	- In last year: days between making an appointment for regular or routine care and actually seeing a provider.....	135
H09012	- In last year: times went to an emergency room for own care	135
H09013	- In last year: times went to a doctors office or clinic for yourself (not counting times went to an emergency room).....	135
H09014	- In last year: how often talk to doctor or other health care provider about illness prevention.....	136
H09015	- In last year: doctor or other health care provider talked about more than 1 choice for treatment.....	136

H09016	- In last year: doctor talked about pros/cons of each treatment/health care choice...	136
H09017	- In last year: doctor/health care provider asked which treatment option you thought was best for you when there was more than one choice of treatment	137
H09018	- Rating of all health care in last year	137
H09019	- Have one person you think of as your personal doctor	137
H09020	- In last year: number of times visited personal doctor for care for self	138
H09021	- In last year: how often personal doctor listened carefully to you	138
H09022	- In last year: how often personal doctor explained things in a way that was easy to understand	138
H09023	- In last year: how often your personal doctor showed respect for what you have to say	139
H09024	- In last year: how often your personal doctor spent enough time with you	139
H09025	- In last year: got care from doctor or other health provider other than personal doctor	139
H09026	- In last year: how often personal doctor seemed informed and up-to-date about care received from other doctors.....	140
H09027	- Rating of your personal doctor	140
H09028	- In last year: tried to make appointment to see a specialist.....	140
H09029	- In last year: how often it was easy to get appointments with specialists	141
H09030	- In last year: how many specialists seen	141
H09031	- Rating of specialist seen most often in last year	141
H09032	- In last year: tried to get care, tests, or treatment through health plan	142
H09033	- In last year: how often easy to get care, tests, or treatment you thought you needed through health plan.....	142
H09034	- In last year: how often written material/Internet provide information you needed about how your plan works.....	142
H09034B	- In last year: looked for information in written material or on the internet about how health plan works	142
H09035	- In last year: looked for information from health plan on cost of health care service or equipment	143
H09036	- In last year: how often able to find out cost of health care service or equipment from health plan.....	143
H09037	- In last year: looked for information from health plan on cost of prescription medications	143
H09038	- In last year: how often able to find out cost of prescription medications	144
H09039	- In last year: tried to get information or help from health plan's customer service....	144
H09040	- In last year: how often did customer service give needed information or help	144
H09041	- In last year: how often did customer service treat with courtesy and respect	145
H09042	- In last year: health plan gave forms to fill out	145
H09043	- In last year: how often forms from health plan were easy to fill out.....	145
H09044	- In last year: sent in any claims to your health plan.....	146
H09045	- In last year: how often health plan handled claims quickly	146
H09046	- In last year: how often health plan handled claims correctly	146
H09047	- Rating of all experience with health plan	147
H09048	- Blood pressure: when last reading	147
H09049	- Blood pressure: know if blood pressure is too high or not.....	147
H09050	- When did you last have a flu shot.....	148
H09051	- Smoked at least 100 cigarettes in life.....	148
H09052	- Smoke everyday, some days, or not at all.....	148
H09053	- Last year: number of visits advised to quit smoking	149
H09054	- Last year: number of visits medication was recommended or discussed to assist with quitting smoking	149
H09055	- Last year: number of visits recommended or discussed methods and strategies to assist quitting smoking	149
H09056	- Are you male or female	150
H09057	- Female: Last have a Pap smear test.....	150
H09058	- Female: Are you under age 40	150
H09059	- Female: Last time breasts checked mammography.....	151

H09060	- Female: Been pregnant in last year or pregnant now.....	151
H09061	- Female: In what trimester is your pregnancy.....	151
H09062	- Female: Trimester first received prenatal care	152
H09063	- In general how would you rate your overall health	152
H09064	- Limited in any way in any activities because of any impairment or health problem	152
H09065	- In last year: seen doctor or other health provider 3 or more times for same condition or problem.....	152
H09066	- Condition lasted for at least 3 months	153
H09067	- Need to take medicine prescribed by a doctor	153
H09068	- Medicine to treat condition that has lasted for at least 3 months.....	153
H09069F	- Feet portion of height without shoes.....	153
H09069I	- Inches portion of height without shoes	154
H09070	- Weight without shoes in pounds.....	154
H09071	- Are you Spanish, Hispanic, or Latino	159
H09071A	- No, not Spanish, Hispanic, or Latino	159
H09071B	- Yes, Mexican, Mexican American, Chicano	160
H09071C	- Yes, Puerto Rican.....	160
H09071D	- Yes, Cuban.....	160
H09071E	- Yes, other Spanish, Hispanic, or Latino	160
H09072	- Currently covered Medicare part A.....	162
H09073	- Currently covered Medicare part B.....	162
H09074	- Currently covered Medicare supplemental	162
HP_BP	- Blood pressure check in last 2 years know results.....	196
HP_CESH2	- Had smoking cessation counseling - HEDIS (modified)	197
HP_FLU	- Age 65 and older flu shot in last 12 months	196
HP_MAM50	- Women age 50 and over mammography in past 2 years	195
HP_MAMOG	- Women age 40 and over mammography in past 2 years	195
HP_OBESE	- Obese or morbidly obese	196
HP_PAP	- All women pap smear in last 3 years.....	195
HP_PRNTL	- Pregnant in last year received care in 1st trimester	195
HP_SMKH2	- Smoker under HEDIS definition (modified).....	197
HP_SMOKE	- Advised to quit smoking in last 12 months	196
KCIVINS	- Beneficiary covered by civilian insurance	194
KCIVOPQY	- Outpatient visits to civilian facility	194
KEYCOUNT	- Number of key questions answered	175
KMILOPQY	- Outpatient visits to military facility.....	194
MBRRELCD	- Member relationship code	126
MEDTYPE	- Medicare type	127
MISS_1	- Count of: violates skip pattern	185
MISS_4	- Count of: incomplete grid error	185
MISS_5	- Count of: scalable response of don't know	185
MISS_6	- Count of: not applicable - valid skip.....	186
MISS_7	- Count of: out-of-range error.....	186
MISS_8	- Count of: multiple response error	186
MISS_9	- Count of: no response - invalid skip	187
MISS_TOT	- Total number of missing responses.....	188
MPCSMPL	- Military personnel category.....	116
MPRID	- Unique MPR identifier.....	107
MRTLSTAT	- Marital status	122
MSM	- Multiple service market areas.....	120
N1	- Coding scheme note 1	175
N10	- Coding scheme note 10.....	179
N10A1	- Coding scheme note 10A1	179
N11	- Coding scheme note 11.....	180
N11B	- Coding scheme note 11B	180
N12	- Coding scheme note 12.....	180
N13	- Coding scheme note 13.....	180
N14	- Coding scheme note 14.....	181

N15	- Coding scheme note 15.....	181
N16	- Coding scheme note 16.....	181
N17	- Coding scheme note 17.....	182
N18	- Coding scheme note 18.....	182
N19A	- Coding scheme note 19A	182
N19B	- Coding scheme note 19B	183
N2	- Coding scheme note 2.....	176
N20	- Coding scheme note 20.....	183
N21	- Coding scheme note 21.....	183
N22	- Coding scheme note 22.....	183
N23	- Coding scheme note 23.....	184
N23A1	- Coding scheme note 23A1	184
N24	- Coding scheme note 24.....	184
N24A1	- Coding scheme note 24A1	184
N3	- Coding scheme note 3.....	176
N3A1	- Coding scheme note 3A1	176
N3A2	- Coding scheme note 3A2	177
N3A3	- Coding scheme note 3A3	177
N3A4	- Coding scheme note 3A4	177
N4	- Coding scheme note 4.....	177
N5	- Coding scheme note 5.....	178
N6	- Coding scheme note 6.....	178
N7	- Coding scheme note 7.....	178
N8	- Coding scheme note 8.....	178
N8A1	- Coding scheme note 8A1	179
N9	- Coding scheme note 9.....	179
NHFF	- Stratum sample size	117
ONTIME	- Responded within 8 weeks of mail-out	174
OUTCATCH	- Out of catchment area indicator	192
PATCAT	- Aggregated beneficiary category	127
PCM	- Primary manager code (civilian or military)	124
PNLCATCD	- Personnel category code (duty status)	128
PNSEXCD	- Person gender	123
PNTYPECD	- Person type code.....	127
POSTCELL	- Poststratification cell for new weights.....	200
QUARTER	- Survey quarter	117
RACEETHN	- Race/Ethnic code	123
S09009	- Had the same personal doctor or nurse before joining this health plan	165
S09010	- Since joined health plan, how much of a problem, if any, was it to get a personal doctor or nurse you are happy with?	165
S09011	- Able to see my provider when needed	173
S09012	- Last visit to provider's office: number days wait between making the appointment and actually seeing a provider.....	173
S09013	- Satisfaction with the length of time waited for appointment.....	173
S09014	- Satisfaction with health care received during last visit	174
S09B01	- Self rating of overall mental/emotional health.....	166
S09B02	- Last year: Needed treatment/counseling for personal/family problem	166
S09B03	- Last year: Problem getting needed treatment/counseling	166
S09B04	- Last year: Rate of treatment/counseling received	167
S09B22	- You or spouse deployed to a combat zone within the past two years.....	170
S09B22A	- Spouse and/or I deployed to a combat zone in the past year	171
S09B22B	- Spouse and/or I deployed to a combat zone within the past two years.....	171
S09B22C	- Neither I nor my spouse deployed to a combat zone within the past two years.....	171
S09B23	- Past month: had nightmares or unwanted thoughts about an experience that was frightening, horrible, or upsetting.....	171
S09B24	- Past month: tried hard not to think about or went out of the way to avoid situations that remind you of experience that was frightening, horrible, or upsetting.....	172

S09B25	- Past month: constantly on guard, watchful, or easily startled after experience that was frightening, horrible, or upsetting	172
S09B26	- Past month: felt numb or detached from others, activities, or surroundings after experience that was frightening, horrible, or upsetting.....	172
S09K01	- Sometimes your health care provider cares more about what is convenient for him/her than about your medical needs	169
S09K02	- Health care provider is always thoughtful and thorough.....	169
S09K03	- Completely trust health care provider's decisions about which medical treatments are best for you	169
S09K04	- Health care provider is completely honest in telling you about all of the different treatment options available for your condition.....	170
S09K05	- All in all, have complete trust in health care provider	170
S09K12	- Health plan cares more about saving money than about getting you the treatment you need.....	167
S09K13	- Feel the need to double-check everything your health plan does	167
S09K14	- Believe health plan will pay for everything it is supposed to, even really expensive treatments	168
S09K15	- Think health plan will give you a straight answer to questions	168
S09K16	- All in all, have complete trust in health plan	168
S09N11	- Preference between military and civilian facilities for all of your health care.....	172
S09W01	- Last emergency room visit due to an accident, injury or some health problem.....	163
S09W02	- Able to contact doctor or other health professional about health problem before going to the emergency room.....	163
S09W03	- Doctor or health professional told you to go to the emergency room	163
S09W04	- Tried to see or call a doctor or other health professional about this problem before going to the emergency room or calling for emergency medical assistance	164
S09W05	- At the time you went to the emergency room, there were places to go to for treatment other than the emergency room	164
S09W06	- Why decide to go to emergency room rather than alternative.....	164
S09W07	- As a result of this emergency room visit, admitted to the hospital for an overnight stay.....	165
SERVAFF	- Service affiliation	122
SERVAREA	- Service area	117
SEXSMPL	- Sex sampling variable	107
SRAGE	- What is your age now?	162
SREDA	- Highest grade completed.....	159
SRRACEA	- Race: White	160
SRRACEB	- Race: Black or African American.....	161
SRRACEC	- Race: American Indian or Alaska native.....	161
SRRACED	- Race: Asian	161
SRRACEE	- Race: Native Hawaiian/other Pacific Islanders.....	161
STRATUM	- Sampling stratum.....	107
SVCSMPL	- Branch of service sampling variable.....	107
TNEXREG	- TRICARE next generation of contracts region grouping	121
USA	- USA/NOT USA indicator.....	192
WEB	- Web survey indicator	175
XBENCAT	- Beneficiary category	190
XBMI	- Body mass index	193
XBMICAT	- Body mass index category	193
XBNFGRP	- Constructed beneficiary group.....	193
XCATCH	- XCATCH - Catchment area (reporting)	197
XENR_PCM	- Enrollment by PCM type	189
XENR_RSV	- Enrollment by PCM type - reservist	190
XENRLLMT	- Enrollment in TRICARE prime.....	189
XINS_COV	- Insurance coverage	189
XINS_RSV	- Insurance coverage - reservist	191
XOCONUS	- Overseas Europe/Pacific/Latin indicator.....	192
XREGION	- Region	191

XSERVAFF	- Service affiliation	194
XSEXA	- Male or female (recode)	193
XTNEXREG	- TRICARE next generation of contracts region grouping	192

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

Chapter

1

Introduction

This Codebook and Users' Guide provides a tool for programmers and analysts to assist them in creating cross-tabulations and basic statistical estimates from the Quarter III, 2009 Adult Health Care Survey of DoD Beneficiaries (HCSDB). It is intended to assist users in creating tables and generating analyses above and beyond those contained in reports and documentation.

Beginning with 2006, reporting and documentation of the HCSDB is performed on a fiscal year basis. In previous years, reporting and documentation were based on calendar years. Thus, the current codebook describes the Quarter III, 2009 dataset for fiscal year 2009. Throughout, 2009 Quarter III dataset refers to the fiscal year 2009.

This version of the Codebook and User's Guide describes the Quarter III data set. It contains frequency counts of all variables in the third quarter of fiscal year 2009.

This chapter explains how to use this guide, reviews the survey, briefly describes the sample design, and concludes with a list of other documents on the HCSDB data that may be useful for policymakers, administrators, and other users.

HOW TO USE THIS GUIDE

Chapter 2 describes the survey fielding process.

Chapter 3 describes the database conventions and types of variables in the database. Furthermore, it explains the relationship between the raw survey data and the cleaned and constructed variables preferred for data analyses.

Chapter 4 provides table-making instructions in both SAS and SPSS and clearly demonstrates the basic computer programming code necessary to tabulate the data in SAS and the interactive steps involved in generating tables in SPSS (either statistical package may be used). While we assume that most users have some knowledge of computer systems and statistical processing, examples of how to create tables and the resulting output are provided in order to simplify the process of data tabulation. Due to the complexity of the sample design, we suggest that users interested in measuring the precision of their results use a statistical package capable of calculating standard errors for survey estimates, such as SUDAAN[™] or WesVar PC[®]. Sample programming code is included to estimate standard errors using appropriate methods to accommodate the complex sample design.

The codebook is presented in Chapter 5, where we describe the quarterly counts for each variable in the database, including a list of all possible values of the variable, weighted and unweighted frequency counts and percent occurrences for each value, and the values' interpretation or formatting. The codebook helps users assess the availability of certain measures, specify variables of interest, and identify all possible values of a variable. The variables are listed in the order of their position on the data file, and they are grouped by source as follows:

- Sampling variables used to place beneficiaries in the appropriate strata

- Information from the Defense Enrollment Eligibility Reporting System (DEERS) at the time of sampling
- Questionnaire responses: cleaned and recoded
- Variables created during the fielding of the survey
- Coding Scheme flags and missing value counts
- Constructed variables for analysis
- Weights

In addition, users may refer to the Table of Variables, which follows directly after the Table of Contents, for an alphabetical quick-reference list intended to assist users in locating each variable.

Users interested in learning more about the technical aspects of the database creation, construction of new variables, or MPR's report production procedures may refer to "The 2009 Health Care Survey of DoD Beneficiaries: Adult Technical Manual," available from the TRICARE Management Activity Office.

What is the HCSDB?

The HCSDB is a health care survey of active duty military personnel, retirees, and their adult family members. It is comprised of an adult and a child survey, both fielded to a representative sample of beneficiaries. The adult survey is fielded every quarter, whereas the child survey is fielded only in one quarter of each fiscal year. Results from each quarter are presented as a web-based report. The survey is sponsored by the Assistant Secretary of Defense (Health Affairs) [OASD (HA)], under authority of the National Defense Authorization Act for Fiscal Year 1993 (P.L. 102-484). The surveys collect data on beneficiaries' satisfaction with, and access to, health care; knowledge of the TRICARE system; and use of preventive and other health care services.

Fielded annually from 1994 to 2000, the HCSDB now is fielded quarterly and consists of a fixed core questionnaire complemented by quarterly supplements intended to address topics of emerging interest. Users should note that, prior to 2000, the title of the HCSDB corresponded to the reference year that respondents were asked to think about when responding to questions. For example, although the 2000 HCSDB was fielded in 2001, beneficiaries responded to questions according to the reference period 12 months prior. Under the current naming convention the survey title refers to the year the questionnaires are fielded, so, for example, this year's survey is the 2009 HSCDB. Users should further note that, due to this change, there is no survey with the title "2001" survey, even though the questionnaire has been administered continuously throughout each quarter of 2001, 2002, 2003, 2004, 2005, 2006, 2007, 2008, and 2009. The annotated questionnaires appear in Appendix A. A crosswalk between the 2009 questions and the questions from the 1997, 1998, 1999, 2000, 2002, 2003, 2004, 2005, 2006, 2007 and 2008 surveys appears as Appendix C.

CAHPS Questions

To make responses comparable to civilian surveys, the HCSDB core questions are similar in content and format to questions used in the Consumer Assessment of Healthcare Providers and Systems (CAHPS) Health Plan Survey. CAHPS is a survey program sponsored by the Agency for Health Care Research and Quality (AHRQ), U.S. Department of Health and Human Service, and the Picker Institute, which is designed to monitor beneficiaries' satisfaction with their civilian health care plan and access to health care services. In Quarters I and II of 2009, 2 versions of the questionnaire were fielded. One version of the questionnaire was based on CAHPS version 3 and the other was based on CAHPS version 4. Beginning with Quarter III, only one version with version 4 CAHPS questions was fielded.

Core questions are described below.

Quarter III V4 Core questions

- **Health Plan.** This section collects data on TRICARE Prime enrollment and the use of supplemental insurance and/or other private insurance.
- **Your Health Care in the Last 12 Months.** This section collects information on where DoD beneficiaries received the majority of their care in the past 12 months, that is, from a military or civilian facility. It covers topics such as the availability of providers and their staff for both urgent and regular care. Respondents are also asked if the health care providers informed them of the available treatment options.
- **Your Personal Doctor or Nurse.** In this section, respondents are asked about their relationship with their personal doctor. They are asked to rate their personal doctor on a scale from 0 to 10, where 0 is the lowest rating and 10 is the highest rating. It also covers topics like the ability of the personal doctor to listen carefully and respectfully, clearly explain things, and be informed about care received from another doctor.
- **Getting Health Care from a Specialist.** This section collects information about respondents' access to care from specialists. Respondents rate the specialist that they see most frequently on a scale from 0 to 10, where 0 is the lowest rating and 10 is the highest rating.
- **Your Health Plan.** This section is designed to measure beneficiaries' satisfaction with their primary health plan. Respondents are asked to rate their health plan on a scale of 0 to 10 where 0 is the lowest rating and 10 is the highest rating. Additionally, respondents are asked questions about any problems they may have encountered with getting necessary care, claims processing, customer service, processing paperwork accessing, and finding necessary information in written materials or from the Internet.
- **Your Preventive Health Care.** This section collects information on the use of preventive health care services, including blood pressure readings and flu shots. All women are asked about Pap smears; women that are or have been pregnant within the past 12 months are questioned about prenatal care. Women age 40 and over are asked about mammography. All respondents are asked whether they smoke. Smokers are asked whether, and how often, they have received smoking cessation counseling from a health care professional.
- **About You.** This section asks basic background and health status questions. Beneficiaries are asked how they view their general health. They are further asked to report their height, weight, education level, race, and age.

Quarter III Supplements

- **Emergency visit.** Questions in this supplement are about the reasoning behind the respondents decision to visit the emergency room. Respondents are asked questions on whether their decision to go to the emergency room was made after contacting a doctor or health professional or considering any other alternative for treatment. They are also asked if the reason for the emergency visit was due to an accident/injury or for the treatment of another health problem and also if they were admitted for an overnight stay.
- **Mental or Emotional Health.** Questions in this supplement concern overall mental or emotional health. Respondents are asked to rate their mental or emotional health. They are also asked questions about any mental or emotional treatment or counseling they may have received. Respondents are also asked about post-traumatic stress due to an upsetting experience

- **Personal doctor and health provider.** Questions in this supplement ask about the respondents personal doctor and about the visits to the respondents healthcare provider. Respondents are asked whether they were happy with the personal once the joined the health plan. Respondents are also asked to rate their experience making an appointment and on the overall healthcare they received
- **Trust in treatment.** Questions in this supplement focus on the level of trust respondents have of their provider and their health plan. Respondents are requested to give their perceptions of the provider's commitment to the best care possible for the respondent and the level of influence the health plan has over the provider's decisions.
- **Health care facility.** Questions in this supplement are about military and civilian treatment facilities. Respondents are asked which treatment facility they prefer for all their health care.

Sample Design Overview

The sample of beneficiaries for the HCSDB was drawn from an extract file of the DEERS database of military health system (MHS) beneficiaries with a specific reference date. The DEERS extract file includes all eligible MHS beneficiaries as follows:

- Everyone in the Uniformed Services and on active duty (Army, Air Force, Navy, Marine Corps, Coast Guard, the Commissioned Corps of the Public Health Service, National Oceanic and Atmospheric Administration, Guard/Reserve personnel who are activated for a period in excess of 30 days, and other special categories of people who qualify for benefits)
- Those who retired from military careers
- Immediate family members of people in the previous two categories
- Surviving family members of people in the first two categories.

A stratified sample design was used to select DoD health care beneficiaries for the Quarter III, 2009 Adult HCSDB. Specific information on the sample design appears in "Health Care Survey of DoD Beneficiaries: 2009 Adult Sampling Report", Mathematica Policy Research, Washington, D.C.

From a sample of 51,000 beneficiaries, 11,718 adult MHS beneficiaries completed and returned a 2009 Adult HCSDB questionnaire for the third quarter, yielding a response rate of 23.2 percent. Information on developing response rates can be found in the "2009 Health Care Survey of DoD Beneficiaries: Adult Technical Manual."

Other Documents on the 2009 HCSDB

This document is intended for programmers and analysts using the 2009 Adult HCSDB data. The following is a list of other documents that may be requested from the TRICARE Management Activity Office:

- Health Care Survey of DoD Beneficiaries: 2009 Adult Sampling Report
- 2009 Health Care Survey of DoD Beneficiaries: Adult Technical Manual (Available 2010)
- 2009 Health Care Survey of DoD Beneficiaries: TRICARE Annual Report (Available 2010)

Chapter

2

Survey of Adults

This chapter presents information on the survey administration cycle for the Quarter III, 2009 Adult Health Care Survey of DoD Beneficiaries (HCSDB), with specific details on the survey mailing cycle and the number of surveys received.

A. SURVEY OPERATIONS ACTIVITIES

Operational support for the Health Care Survey of DoD Beneficiaries (HCSDB) involved four mailings to beneficiaries between March 5, 2009 to May 4, 2009 Quarter III.

The mailings include:

1. Pre-Notification Letter – Letter of explanation encouraging participation
2. Questionnaire 1 – The survey
3. Postcard – A reminder to complete the survey and a thank you for completion
4. Questionnaire 2 – The survey, if necessary

The Pre-Notification Letter includes instructions on how to do the survey via the Internet. This change was initiated in Quarter III, 2007. Prior to that, the Internet survey option was first given to the beneficiaries in the letter accompanying the Questionnaire 1 mailing.

A change initiated in Quarter I, 2008 was to send the respondent a double postcard which can be closed with a wafer seal. This enabled Synovate to provide the respondent with their Internet password in order to complete the survey online.

A change initiated in Quarter I, 2009 was that Mathematica emailed active duty their prenotification information as well as their reminder postcard information. In addition, Synovate continues to send notification letters and reminder postcards.

B. SAMPLE

To increase the number of responses, the sample file that Synovate received from Altarum contained 51,000 records and the Adult HCSDB was mailed out to 50,120 respondents (the remaining 880 records did not include the respondents' names or addresses and so were not able to be mailed).

C. QUESTIONNAIRE VERSION

In Quarter III, 2009, all respondents received the questionnaire with questions in the CAHPS 4.0 format.

D. SURVEY PROCESSING

Synovate applies a Bar Code, Control Number (MIQ) and Password to each beneficiary upon receipt of the sample. This system ensures that all data collected is aggregated and available throughout the survey lifecycle. Each of the identifying labels is detailed below:

Barcode

Digit 1 - Quarter Marker (1-4)

Digit 2 - Wave Marker (1-4)

Digit 3 - Study Marker (1=sample, 2=supplemental, 3=child)

Digits 4-8 - Sequential ID#

Control Number (MIQ) - 8-digit unique identifier

Digits 1-7 – Sequential ID #

Digit 8 – Check Digit

Password

Non-sequential 6-digit password (for online response access) – Password is unique across all samples

E. ADDRESSES

The HCSDb is designed so that beneficiaries may receive up to four mailings. Synovate may collect up to seven address changes for each beneficiary in order to maximize the receipt rate for mailing. Addresses from Center for Health Care Strategies, Inc (CHCS) were used starting in Quarter I, 2008.

The first available address in the following order was used for each mailing.

- | | |
|---|-----------------------------|
| 1. Respondent Updated | 9. Updated Residential |
| 2. USPS Updated | (depending on date in file) |
| 3. National Change of | 10. Updated Sponsor |
| Address (NCOA) | 11. Updated Unit |
| 4. Default - CHCS | 12. Original CHCS |
| 5. Default – Residential | 13. Original Residential |
| 6. Default – Sponsor | 14. Original Sponsor |
| 7. Default - Unit | 15. Original Unit |
| 8. Updated CHCS(dependent
on date in file) | |

The origin of the addresses is as follows:

▪ Altarum/DEERS Addresses

In the initial sample file, Altarum provides up to four addresses for each beneficiary. Synovate considers these addresses to be Original CHCS, Original Residential, Original Sponsor and Original Unit.

Altarum also provides updates on each of the four addresses prior to the Questionnaire, Postcard and 2nd Questionnaire mailings. Synovate records these addresses as CHCS Updated, Residential Updated, Sponsor Updated, Unit Updated.

▪ NCOA Address

Upon receipt of the initial sample and prior to the Pre-Notification mailing, Synovate sends the first available address for each beneficiary to a NCOA vendor for updating and hygiene services. The

updated address returned by the vendor is marked as the NCOA address. The definition of “best address” changed in Quarter I, 2009. Synovate compared the date on the Residential address to the date on the CHCS address. The address that had the more current date was sent off for NCOA processing. If the dates were the same or if one/both were missing dates, then the hierarchy of CHCS then Residential would prevail.

- Respondent Address Changes

Respondents were able to report address and status changes via regular mail, telephone, voicemail, fax, and email. Address changes submitted by respondent were considered priority over any other address type.

- Address Correction via USPS

The United States Postal Service provided address corrections on returned mail if available.

- Sample Refreshes

Another change made in Quarter I, 2009 was the use of the sample refreshes sent by Altarum for the first and second questionnaire mailings. Prior to Quarter I, 2009, Synovate used information on recently deceased beneficiaries, information regarding beneficiaries who were no longer in the TRICARE program (nomatch), and any updated addresses for the subsequent mailings. Starting in Quarter I, 2009, Synovate only used the deceased and nomatch information, and did not use any refreshed addresses in order to maintain the integrity of the NCOA address. Addresses that were updated due to the previous address being undeliverable are marked as “Default” (Residential, CHCS, Sponsor, or Unit).

Table 2.1 gives the address breakdown for each mailing by beneficiary category.

G. DISPOSITION CODES

Synovate assigns disposition codes to each sample member as the information is received and questionnaire is returned. These codes are outlined below.

- FLAG_FIN=1
Returned survey – survey was completed and returned.
- FLAG_FIN=2
Returned ineligible – survey was returned with at least one question marked and information that the beneficiary was ineligible. The information indicating ineligibility may have come by mail, phone, fax, or the survey itself.
- FLAG_FIN=3
Returned blank – temporarily ill or incapacitated. Survey was returned blank along with information that the beneficiary was temporarily ill or incapacitated. These sample members were eligible.
- FLAG_FIN=4
Returned blank – deceased. Survey was returned blank along with information that the beneficiary was deceased. These sample members were ineligible.
- FLAG_FIN=5
Returned blank – incarcerated or permanently incapacitated. Survey was returned blank along with information that the beneficiary was incarcerated or permanently hospitalized. These sample members were ineligible.
- FLAG_FIN=6
Returned blank – left military or divorced after fielding date, retired. Survey was returned blank along with information that the beneficiary left the military after fielding date, divorced after fielding date, or retired. These sample members were eligible.
- FLAG_FIN=7
Returned blank – not eligible on fielding date. Survey was returned blank along with information that the beneficiary was not eligible for Military Health System Plan on fielding date. These sample members were ineligible.

- FLAG_FIN=8
Returned blank – other eligible. Survey was returned blank along with a reason given by the sample member. These sample members were eligible.
- FLAG_FIN=9
Returned blank – no reason. Survey was returned blank without an explanation. These sample members had unknown eligibility.
- FLAG_FIN=10
No return – temporarily ill or incapacitated. Survey was not returned and beneficiary was temporarily ill or incapacitated. These sample members were eligible.
- FLAG_FIN=11
No return – active refuser. Survey was not returned and beneficiary refused to take part in the survey. These sample members were eligible.
- FLAG_FIN=12
No return – deceased. Survey was not returned and beneficiary deceased. These sample members were ineligible.
- FLAG_FIN=13
No return – incarcerated or permanently incapacitated. Survey was not returned, beneficiary was incarcerated or permanently hospitalized. These sample members were ineligible.
- FLAG_FIN=14
No return – left military or divorced after fielding date, retired. Survey was not returned, beneficiary left service after fielding date, divorced after fielding date, or retired. These sample members were eligible.
- FLAG_FIN=15
No return – not eligible on fielding date. Survey was not returned, beneficiary was not eligible for Military Health System Plan on fielding date. These sample members were ineligible.

Example: Beneficiary turned 21 and is no longer covered under parents' plan.
- FLAG_FIN=16
No return – other eligible. Survey was not returned, beneficiary gave other reason for not completing the survey. These sample members were eligible.

Examples: Beneficiary claims they have not used benefits in past 12 months.
 Beneficiary is away at college, on a religious mission, lives overseas.
 Received information that beneficiary chosen for survey does not speak English well enough to participate.
- FLAG_FIN=17
No return – no reason. Survey was not returned, beneficiary gave no reason. These sample members had unknown eligibility.
- FLAG_FIN=18
Postal Non Deliverable (PND) – no address remaining. All addresses were attempted, mailing was returned PND. These sample members had unknown eligibility.

- FLAG_FIN=19
PND – address remaining at the close of field. At the close of field, the last address used was found invalid, next available was not attempted. These sample members had unknown eligibility.
- FLAG_FIN=20
Original Non-Locatable – no address at start of mailing. Substantially incomplete or blank address field before the survey was administered, no mailings attempted. These sample members had unknown eligibility.
- FLAG_FIN=21
Beneficiary provides written documentation declining to participate but doesn't specify a reason. These sample members were eligible.
- FLAG_FIN=22
Beneficiary indicates they are hospitalized but without providing any way to determine whether incapacity is temporary or permanent. Therefore, eligibility determination can not be made. These sample members had unknown eligibility.
- FLAG_FIN=23
Returned blank – deployed. Survey was returned blank along with information that the beneficiary was deployed. These sample members were eligible.
- FLAG_FIN=24
No return – deployed. Survey was not returned, beneficiary was deployed. These sample members were eligible.
- FLAG_FIN=25
Deceased. Beneficiary coded as deceased due to refresh sample sent by Altarum. These sample members were ineligible.
- FLAG_FIN=26
No match. Not eligible indicated by Altarum-DEERS update. Beneficiary coded as no longer having TRICARE coverage due to sample refresh.

Tables 2.2 shows frequencies of these disposition codes by beneficiary category.

Table 2.2

Frequency of Disposition by Beneficiary Category – Total Sample – Quarter III, 2009

	Active Duty (ACT)	Dependent of Active Duty (DA)	Guard/ Reserve (GRD)	Dependent of Guard/ Reserve (DGR)	Inactive Guard/ Reserve (IGR)	Dependent of Inactive Guard/ Reserve (IDG)	Retiree (RET)	Dependent of Retiree (DR)	Survivor (DS)	Other (OTH)	Total

Chapter 3

Description of the Adult HCSDB Database

This chapter presents the procedures for developing the database, and presents the database file layout.

VARIABLE NAMING CONVENTIONS

The conventions used to name variables on the 2009 Adult HCSDB data file are listed below and summarized in Table 3.1. The naming conventions remain constant across the four quarters of the 2009 HCSDB.

- **Survey Variables.** Variable names for core survey questions consist of up to eight alphanumeric characters that start with an alpha character ("H" for Adult survey variables), followed by a year designation ("09") and ending with three numbers and, if necessary, one alpha character to identify the relevant survey question. Recoded variables have the same names as on the annotated survey. The original variables are suffixed with "_O"; these will not be on the public release file.
- **Supplemental Question Variables.** Each quarter, the questionnaire includes a battery of questions on specific health care topics concerning services offered to MHS beneficiaries. Like the core questions, supplemental questions also include up to eight alphanumeric characters; each variable begins with an "S" to distinguish it as a supplemental question, followed by the year designation ("09"). The variable ends with an alphanumeric character denoting the supplemental topic followed by the question number in the supplemental series.
- **Self-Reported Data.** Defense Manpower Data Center (DMDC) standard demographic self-reporting variables on the adult survey are prefixed with "SR." Survey variables with this naming convention include SRRACEA-SRRACEE (race/ethnicity) and SREDA (education).
- **Coding Scheme Flags and Counts.** Coding Scheme flags, variables like N1-N23, reference the notes in the Coding Scheme for the Adult Survey. See Appendix D for the Coding Scheme for Quarter III for more information. Coding Scheme counts are sums of missing value responses for each questionnaire; each of these variable names begins with the 4 characters "MISS".
- **Constructed Independent Variables.** Independent variables are prefixed with an "X." These include original survey variables modified as a result of data cleaning or recoding and newly constructed variables that did not previously exist on the survey file. For example, since the variable PNSEXCD was modified as a result of data cleaning and recoding, it was renamed XSEXA.
- **Constructed Dependent Variables.** Dependent variables are given different prefixes depending on function. Healthy People 2010 variables, for example, are prefixed with an "HP" and all other newly constructed dependent variables are prefixed with a "K."
- **Weighting Variables.** Quarterly weighting variables are prefixed with a "FW".

TABLE 3.1

NAMING CONVENTIONS FOR 2009 HCSDB VARIABLES – QUARTER III

1 st Character: Survey Type	2 nd – 3 rd Characters: Survey Year	4 th – 6 th Characters: Question #	Additional Characters: Additional Information
<p>H= Health Beneficiaries (18 and older, Adult Questionnaire)</p> <p>-----</p> <p>S = Supplemental Question</p>	09	<p>001 to 074</p> <p>-----</p> <p>Quarter III 009-014 – Supplemental questions about respondent's personal doctor and about the visits to the respondent's healthcare provider.</p> <p>B01-B04, B23-B26 – Supplemental questions about overall mental or emotional health.</p> <p>K01-K05, K12-K16 – Supplemental questions about the level of trust respondents have of their medical provider.</p> <p>N11 – Supplemental question about civilian and military healthcare facilities</p> <p>W01-W07 - Supplemental questions are about the reasoning behind the respondents decision to visit the emergency room.</p>	A to R are used to label responses associated with a multiple response question

1 st Characters: Variable Group	Additional Characters: Additional Information
SR=Self-reported demographic data	Descriptive text, e.g., SREDA
N=Coding Scheme notes	Number referring to Note, e.g., N2
X=Constructed independent variable	Descriptive text, e.g., XREGION
HP=Constructed <i>Healthy People 2010</i> variable	Descriptive text, e.g., HP_BP (had blood pressure screening in past two years and know the results)
K=Constructed dependent variables	Descriptive text, e.g., KMILOPQY (total number of outpatient visits to military facility)
FW=Quarterly weighting variables	Descriptive text, e.g., FWRWT for the overall final quarterly weight; Number referring to replicate weights, e.g., FWRWT10

CLEANING AND EDITING CONVENTIONS

Data quality procedures are found in the Coding Scheme tables. The complete Coding Scheme for each quarter appears in Appendix D. It contains detailed instructions for all editing procedures used to correct data inconsistencies and errors. Editing procedures check for appropriate response values and consistent responses throughout each quarterly questionnaire. The steps to insure data quality include the following:

- **Initial Cleaning.** Missing value flags were encoded when Synovate created the SAS dataset:
 - Skipped items were encoded with SAS missing value code of ‘.’.
- **Data Cleaning and Recoding of Variables – Implementation of the Coding Scheme.** Skip patterns were checked for consistency, and questions that were skipped legitimately were recoded with the SAS missing value of “.N”; questions that were answered, but should have been skipped, were recoded with a SAS missing value of “.C”. When possible, variables were backward coded or forward coded to make all responses consistent within a sequence. Numeric values were checked, and values that were out of range were flagged with the SAS missing value of “.O”.
- **Frequency Checks.** Formatted and unformatted frequency tables for all variables in Quarter III, 2009 Adult HCSDb data file appear in Chapter 5 of this document. These frequency tables and other relevant cross tabulations were used to examine the range of values recorded for each data item to determine the type and magnitude of missing values. All value labels have been checked for accuracy.

RECORD SELECTION CRITERIA

Blank returns, nonrespondents, and any respondents found to be ineligible for MHS benefits were removed from the database. In addition, among eligible respondents with a non-blank questionnaire, a questionnaire must be “complete” to be included in the database.

To determine if a questionnaire is “complete”, 20 key questions were chosen. These key questions were adapted from the complete questionnaire rule developed by AHRQ for CAHPS surveys. At least 50 percent of these key items (more than nine) must be answered for a questionnaire to be accepted as a complete questionnaire. The key survey variables are: H09003, H09005, H09006, H09009, H09013, H09018, H09019, H09027, H09028, H09031, H09033, H09039, H09042, H09047, H09050, H09051, H09063, H09071, SREDA and the race indicator.

Weighting Procedures

The analysis of survey data from complex sample designs, such as the 2009 Adult HCSDb, requires weights to do the following:

- Compensate for variable probabilities of selection
- Adjust for differential response rates
- Improve the precision of the survey-based estimates through post-stratification [for details, see Brick and Kalton (1996) and references cited therein], and trim extreme weights.

Sampling weights are equivalent to the reciprocal of the probability of each respondent’s selection into the sample. Sampling weights are further adjusted for nonresponse within the classes formed based on the percentiles of the propensity scores from the propensity model. Finally, we poststratified the nonresponse adjusted weights to the frame totals to obtain specific domain weighted totals equal to the

population totals, and trimmed some extreme weights to reduce the excessive effect of extreme weights on variance inflation. Chapter 5 contains the weighted and unweighted frequencies for each variable in Quarter III. For further details of the 2009 weighting, see 2009 Health Care Survey of DoD Beneficiaries: Technical Manual.

Chapter

4

Programming Guide

This chapter is designed to help users create tables and variance estimates. Procedures for using SAS, SPSS, SUDAAN, and WesVarPC to create estimates are explained. Examples provided in the text are based on the 2009 Quarter III HCSDB dataset.

HOW TO MAKE A TABLE USING SAS

The Quarter III, 2009 Adult HCSDB dataset is provided in a Statistical Analysis System (SAS) 8.0 format. SAS is a computer software system used for data management, summarization, and analysis. Later versions of SAS can also read version 8 datasets. A format library for the adult database is included along with the dataset. SAS can be run interactively or non-interactively (in batch mode), and the sample programs presented here can be run using either method. Special instructions are given later in the chapter for working interactively with the SAS Display Manager System in a Windows environment. All SAS programs generate a LOG and a LST file. The LOG file shows how SAS interprets your program and flags SAS syntax errors. The LST file shows the requested output.

File References, Libraries, and Options

SAS recognizes two types of datasets -- permanent and temporary. Permanent datasets, such as the HCSDB, are located through a LIBNAME that references the directory where the data is stored. For example, if the 2009 Quarter III adult dataset is located on a CD-ROM in the subdirectory HCSDB09\FORMA\Q3, your LIBNAME statement must look like this:

```
LIBNAME INFORMA 'F:\HCSDB09\FORMA\Q3';
```

The adult dataset can then be referred to as INFORMA.HCSDB09, where INFORMA is the location of the file HCSDB09.

A format library requires a LIBNAME LIBRARY statement that shows the location of the format library. For example, if the adult format library is stored on your hard drive in a FMTLIB subdirectory, the LIBNAME statement should look like this:

```
LIBNAME LIBRARY 'C:\HCSDB09\FORMA\Q3\FMTLIB';
```

The OPTIONS statement controls page format and line length. A table with a “portrait” orientation might have this statement:

```
OPTIONS PS=79 LS=132;
```

A table with a “landscape” orientation that is left justified would have this OPTIONS statement:

```
OPTIONS PS=50 LS=175 NOCENTER;
```

DATA Step

The DATA step is used to create permanent or temporary datasets. It is also used to create new variables, modify existing variables, and limit the number of variables or observations. In a DATA step, you can do any or all of the following activities:

- Construct new variables. For example, to construct a variable of active duty by sex:

```
/* Active Duty males */  
IF XSEXA = 1 AND XBNFGRP = 1 THEN XSEX_AD = 1;  
* Active Duty females;  
ELSE IF XSEXA = 2 and XBNFGRP = 1 THEN XSEX_AD = 2;  
ELSE XSEX_AD = .; /* missing value */
```

[Note: the two methods to insert comments: enclosed within `/* */` or beginning with `*` and ending with a semicolon]

- Modify existing variables. For example, if the respondent is in region 7, the respondent will be placed in the combined region 7/8:

```
IF XREGION = 7 THEN XREGION = 8
```

- Limit the number of variables. Use a KEEP statement:

```
KEEP XREGION CACSMPL H09049 H09051;
```

- Limit the number of observations. Use a subsetting IF:

```
/* Keep only TNEX region 3 observations */  
IF XTNEXREG = 3;
```

- Create a new temporary dataset. For example, CAC_1 is a temporary file of observations for only those respondents in catchment area 1:

```
LIBNAME INFORM 'F:\HCSDB09\FORMA';  
DATA CAC_1;  
/* Input file is HCSDB09 */  
SET INFORM.HCSDB09;  
IF CACSMPL = 1;  
RUN;
```

- Create a new permanent dataset. For example, OUT.CAC_9901 is a permanent dataset only of out-of-catchment north respondents:

```
LIBNAME INFORM 'F:\HCSDB09\FORMA';  
LIBNAME OUT 'C:\HCSDB09\FORMA';  
DATA OUT.CAC_9901;  
SET INFORM.HCSDB09;  
IF CACSMPL = 9901;  
RUN;
```

PROC TABULATE

PROC TABULATE produces summary statistics in a table layout. The table can have up to three dimensions: page, row, and column. Within any dimension, multiple variables can be reported one after another or hierarchically. Useful statistics that are available in PROC TABULATE include:

- N number of observations with nonmissing values
- NMISS number of observations with missing values
- MEAN the arithmetic mean
- SUM the sum
- PCTN percent that one frequency represents of another frequency
- PCTSUM percent that one sum represents of another sum

The essential elements to execute PROC TABULATE are outlined below (items within < > are not required):

```
PROC TABULATE DATA=your dataset <option list>;  
CLASS class variables;  
VAR analysis variables;  
TABLE << page expression, > row expression, > column expression </ table options >;  
WEIGHT FWRWT;  
RUN;
```

If the input file is to be limited to a specific population, a separate DATA step can precede the TABULATE, or a WHERE statement can be used within the TABULATE procedure. For example, to create a table from only respondents in catchment area 1, you would use the following statement after the PROC TABULATE statement:

```
WHERE CACSMPL = 1;
```

CLASS variables are any variables that are used for grouping; variables such as XTSEXREG, XSEXA, and CACSMPL are good examples of class variables. Class variables can be either character or numeric and typically have a discrete number of values. Unless MISSING is specified in the options list in the PROC TABULATE statement, any observations with a missing CLASS variable will be dropped from the table.

The VAR statement identifies all analysis variables for a table. Analysis variables must be numeric and can be either discrete or continuous. SAS excludes missing values when computing statistics such as means and percentages.

The WEIGHT statement identifies the numeric variable whose value is used for weighting each *analysis variable*. In the HCSDB for Quarter III, 2009, the weight variable is FWRWT.

The TABLE statement defines the table features. Every variable listed in this statement **must** be classified as either a class variable or an analysis variable in the CLASS or VAR statements. A comma separates each table dimension (page, row, and column). If there are three dimensions, the first is the page, the second is the row, and the last is the column. If there are only two dimensions, the first is the row and the second is the column. Tables with only one dimension are in column form. Each dimension expression is composed of the same following elements:

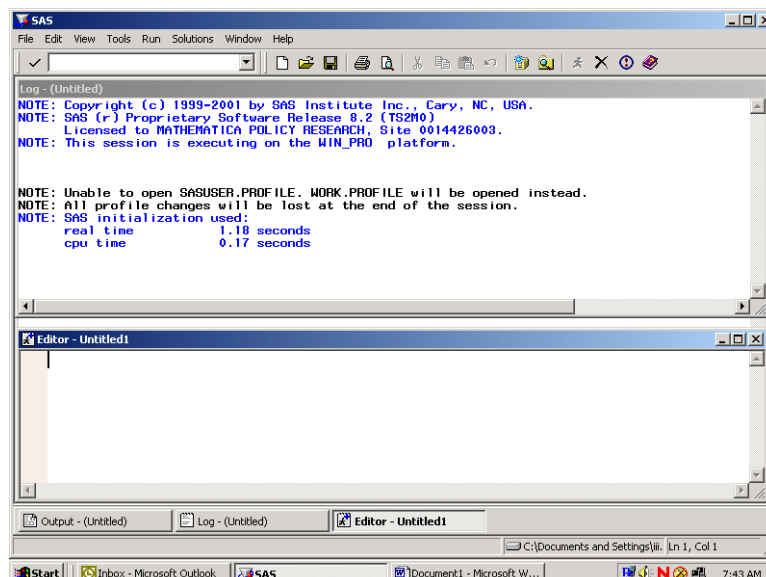

- Analysis variables

- Class variables
- The universal class variable ALL, which summarizes the class variables in the same group or dimension
- Keyword for the statistic to be performed, such as MEAN, SUM, or PCTSUM
- A format modifier, which defines how to format values in cells. For example, F=8.2 will present values with a maximum of 8 positions and 2 digits to the right of the decimal.
- Labels, which temporarily replace variable names and statistic keywords. These labels have the form ='/label/'; for example, XTNEXREG='TNEX Region' or MEAN=' ' (to eliminate the word MEAN from the headings).
- Crossing operator * (asterisk). The asterisk is used to cross elements within the same dimension. For example, you would use XENRLLMT*XSEXA to cross enrollment status by sex. The asterisk is also used to connect the statistic (e.g., MEAN, SUM) to the appropriate dimension; for example, to calculate the mean of respondents' satisfaction with all health care in the last 12 months, you would use H09018 *MEAN.
- Denominator definitions are enclosed by < > (brackets).
- Concatenation operator is a single space between elements in a dimension. For example, to concatenate satisfaction with all health care in the last 12 months with satisfaction with health plan, you would use H09018 H09047.
- Grouping is accomplished with parentheses. Below is an example of grouping, concatenation, and crossing within a single dimension:

(XBNFGRP ALL)*XSEXA

The SAS Display Manager System

The SAS Display Manager system provides an interactive tool for running SAS commands, like those given above, in the Windows environment. Double clicking the SAS icon on the desktop begins the SAS session. When you first enter SAS version 8, the following screen opens.

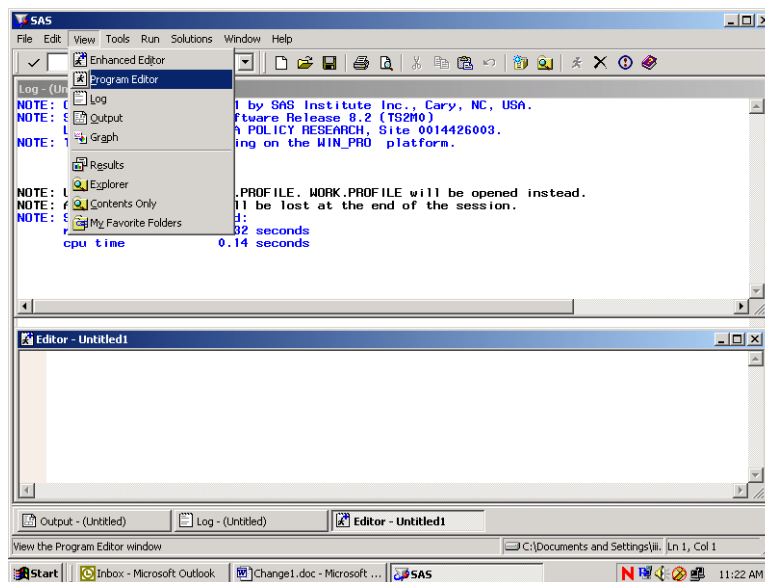

The screen is divided into two windows, a Log window above and an Editor window below.

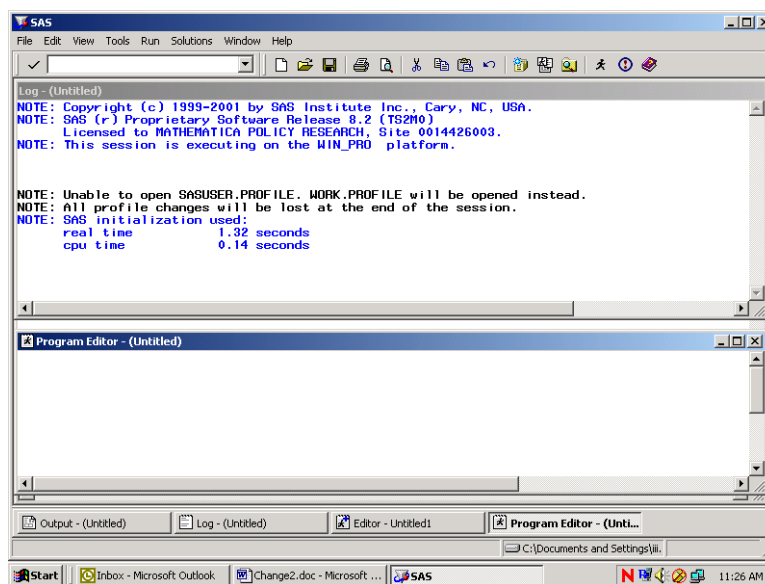

The Window Bar at the bottom of the screen includes tabs for the Log and Editor windows with an additional tab for the Output Window. Clicking on the Output tab will open the Output window. The instructions in this document will outline options for setting up the Editor and for displaying the windows themselves.

The default editor for version 8 is the SAS Enhanced Editor which is color coded to check SAS syntax. Another editing option is to use the Program Editor which includes line editing options. We will describe procedures for setting up the Program Editor.

Click on View and select Program Editor as in the following:

The lower Editor Window has now changed to Program Editor as in the following screen:

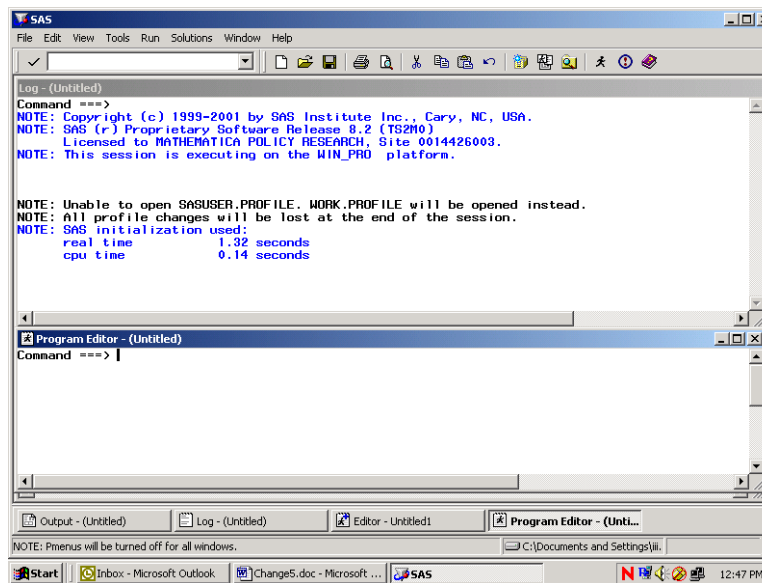

Open the Tools menu and choose Options and Preferences.

Many of these settings are system default options. To add a command line to the three windows, do the following. Click on the View tab and click in the box opposite **Command Line** as follows:

Click on OK and a command line will be added as in the screen below.

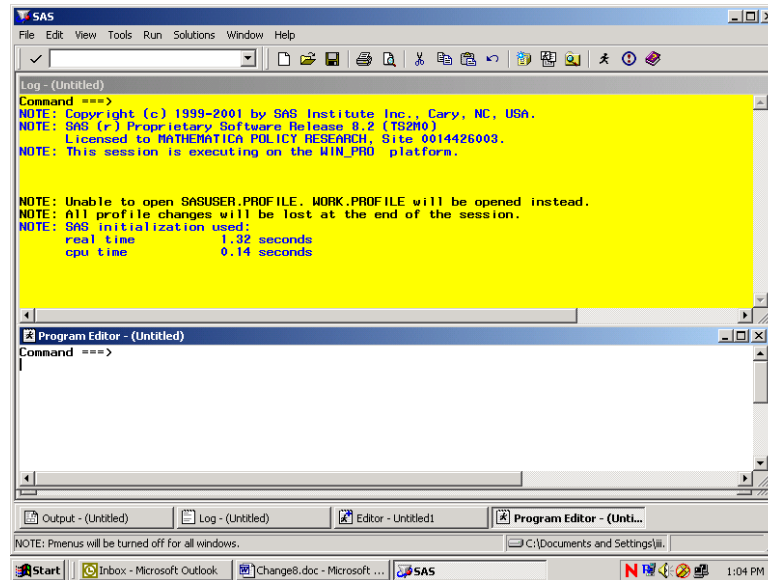

Each window shows the word **Command** followed by an arrow. Commands may be typed at this location. To arrive at the command line, depress the **Home** button on your keyboard. The cursor will appear opposite the arrow.

Toggling among the windows may be accomplished by typing the desired window name at the command line and pressing **Enter**. SAS recognizes **Pgm** as the abbreviated reference to the Program Editor and **Out** as a shortened name for the Output window. A few keystrokes allow you to navigate among the windows. For example, the command line lets you continue to customize our SAS session as follows.

In order to more easily distinguish between the SAS windows, it may be preferable to change the background color of selected windows. As an example, set the background color of the Log window to yellow and the Output window to gray. Press the **Home** key to arrive at the command line. Type **Log** opposite the arrow to toggle to the Log window. Type the command, **color back yellow** (or some other color) on the command line. Your screen will resemble the following.

Press **Enter** to process the commands and the window will shade to yellow. Toggle to the Output window by typing **Out** and keying **Enter**. Type **color back gray** and key **Enter**. Return to the Program Editor and the screen will look like the following.

All SAS statements for building and processing SAS datasets are typed into the Program editor. A SAS session may involve typing statements like the ones above for library reference, computing new variables, data steps, etc. Entering a long series of statements in such a small space may be awkward, so another arrangement for the windows may be preferable.

Cascading the windows is one option. To cascade the windows, open the **Window** menu, and choose **Cascade** as indicated in the following.

Clicking the option Cascade produces the following result.

Each window is partly superimposed on the other. The colors distinguish between windows at a glance. With the Program Editor in front, SAS statements may be typed there with relative ease. As a final option, you can enlarge the Program Editor to fill the entire screen. At the command line, type **zoom** as in the following:

The window changes to fill the screen.

One more option for customizing screens is explained below. This involves adding line numbers to the editing environment in the Program Window. After adding the line numbers, many useful line-editing commands become available (see the SAS Manual). At the **Command** line type “numbers on” as in the following screen.

The line numbers appear at the left of the full screen Program Editor as in the screen below, and the SAS statements can be typed into the screen and edited.

Below is an example of a PROC TABULATE to construct a table of health status and respondent's weight by beneficiary group and gender for respondents in TNEX region 3. Beneficiary group (XBNFGRP) and sex (XSEX) are both class variables with a discrete number of values. The columns of the table are beneficiary group broken out by sex, a total for each beneficiary group, and a region total. The variables (H09070 and H09063) are the analysis variables appearing as the rows of the table. The statistic that we want to see is the weighted mean of these variables for each group in the table and for the entire region as a whole.

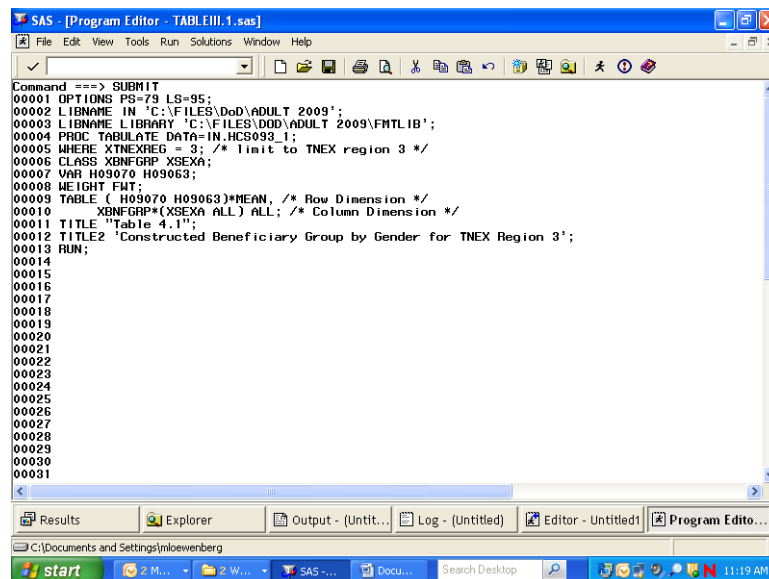

Enter the following SAS statements into the **Program Editor**.

```

OPTIONS PS=79 LS=95;
LIBNAME IN 'C:\FILES\DoD\ADULT 2009';
LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2009\FMTLIB';
PROC TABULATE DATA=IN.HCS093_1;
WHERE XTNEKREG = 3; /* limit to TNEX Region 3 */
CLASS XBNFGRP XSEX;
VAR H09070 H09063;
WEIGHT FWT;
TABLE (H09070 H09063)*MEAN, /* Row Dimension */
      XBNFGRP*(XSEX ALL) ALL; /* Column Dimension */
TITLE "Table 4.1";
TITLE2 'Constructed Beneficiary Group by Gender for TNEX Region 3';
RUN;

```

Key **Home** and type the command **SUBMIT** on the Command Line. **Submit** instructs the SAS system to process the commands written in the Program Editor. Your screen should resemble the following.

Enter the Submit command, and the SAS statements disappear from the Program Editor. If a table is successfully produced, the Output window will open and the table will be displayed. If no output is produced, then SAS has encountered an error. SAS statements about the error can be seen and evaluated in the Log window. In all cases, the Log window should be carefully examined after SAS

statements are processed. SAS may produce a table even if there are errors in the program, so the table may not be correct.

No table was produced for this run. The error is indicated in the Log Window as shown below.

```

SAS - [Log - (Untitled)]
File Edit View Tools Solutions Window Help
Command ==>
      cpu time      0.26 seconds
1  OPTIONS PS=79 LS=95;
2  LIBNAME IN 'C:\FILES\DoD\ADULT 2009';
NOTE: Libref IN was successfully assigned as follows:
      Engine:
      Physical Name: C:\FILES\DoD\ADULT 2009
3  LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2009\FMTLIB';
NOTE: Libref LIBRARY was successfully assigned as follows:
      Engine:
      Physical Name: C:\FILES\DoD\ADULT 2009\FMTLIB
4  PROC TABULATE DATA=IN.HCS093_1;
5  WHERE XTNEHREG = 3; /* limit to TNEH region 3 */
6  CLASS XBNEGRP XSEHA;
7  VAR H09070 H09063;
8  WEIGHT FWT;
ERROR: Variable FWT not found.
9  TABLE ( H09070 H09063 ) * MEAN, /* Row Dimension */
10     XBNEGRP * (XSEHA ALL) ALL; /* Column Dimension */
11  TITLE "Table 4.1";
12  TITLE2 "Constructed Beneficiary Group by Gender for TNEH Region 3";
13  RUN;

NOTE: The SAS System stopped processing this step because of errors.
NOTE: PROCEDURE TABULATE used:
      real time      0.35 seconds
      cpu time      0.03 seconds
  
```

The variable FWT was not found in the dataset. Type **Pgm** on the Command line to return to the Program Editor. Type **Recall** on the Command line and the program statements will reappear in the window.

You can correct the error by entering FWRWT, the correct variable name, in the weight statement. Then, rerun the procedure.

The corrected program produces the following output.

</

The result of this process is Table 4.1.

Note that the TITLE statement defines the heading for each page. Titles of more than one line are entered as TITLE, TITLE2, etc.

Table 4.1
Constructed Beneficiary Group by Gender for TNEX Region 3

In gnr1, how would you rate overall hlth	Mean	3.29	3.28	3.55

Using Formats

The format library is the key to interpreting values of discrete variables. For example, in the program above, the format library found at C:\FILES\DoD\ADULT 2009\FMTLIB indicates that a Value of 1 for XSEXA means male, and a value of 2 for XSEXA means female. Similarly, if XBNFGRP equals 1, the respondent is active duty; if XBNFGRP equals 2, the respondent is a family member of active duty personnel; if XBNFGRP equals 3, the respondent is an under-65 retiree or a survivor or one of their family members; if XBNFGRP equals 4, the respondent is a 65-or-over retiree, survivor, or one of their family members.

Since formats are associated with the variables in the HCSDB, formatting is automatic as long as SAS can locate the format library. Error messages will result if the LIBNAME LIBRARY statement is not present. If the format library is not available for some reason, use the statement

FORMAT _ALL_;

within the PROC TABULATE to prevent SAS from searching for the missing format library. The default formats in the format library were used to produce the table described in the previous section.

Table Appearance

Format modifiers and temporary labels improve the appearance of a table. In Table 4.1, the values of the statistics are of the form x.xx. If each cell is defined to be six positions wide with two positions to the right of the decimal, there is adequate space plus some extra room to keep the table from looking crowded. This is done by crossing the statistic with the format modifier:

MEAN*F=6.2

Labels are attached to all variables in the HCSDB. You can use temporary labels to override the label within the SAS dataset. It is not always necessary to use both the variable label and the formatted values for each value of a class variable. In the previous example, the formatted values of XBNFGRP are active duty, family members of active duty, etc. which we know to be beneficiary groups; the title also tells you that these are beneficiary groups. The table can be made attractive by deleting the heading for XBNFGRP by including a blank for the temporary label:

XBNFGRP=' '

Similarly, because the statistic being reported here is a mean, you do not need MEAN on each row. You can add or eliminate a label and include a format modifier to the same variable:

MEAN=' *F=6.2

The headings for XSEXa and ALL can be improved:

XSEXa='Gender'

ALL='Group Total' for the ALL that is crossed with XBNFGRP

ALL='Total' for the TNEX Region 3 total

The new program looks like this:

```

OPTIONS PS=79 LS=95;
LIBNAME IN 'C:\FILES\DoD\ADULT 2009';
LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2009\FMTLIB';
PROC TABULATE DATA=IN.HCS093_1;
WHERE XTNECREG = 3; /* limit to TNEX Region 3 */
CLASS XBNFGRP XSEXa;
VAR H09070 H09063;
WEIGHT FWRWT;
TABLE (H09070 H09063)*MEAN=' *F=6.2, /* Row Dimension */
/* Column Dimension */
XBNFGRP=' *(XSEXa='Gender' ALL='Group Total')
ALL='Total';

TITLE "Table 4.2";
TITLE2 'Constructed Beneficiary Group by Gender for TNEX Region 3';
RUN;

```

Typing these statements into the Program Window produces the following screen.

The screenshot shows the SAS Program Editor window with the following code:

```

Command ==> SUBMIT
00001 OPTIONS PS=79 LS=95;
00002 LIBNAME IN 'C:\FILES\DoD\ADULT 2009';
00003 LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2009\FMTLIB';
00004 PROC TABULATE DATA=IN.HCS093_1;

Although the label for MEAN is deleted, there is still a space in the table for this label. You can eliminate this blank space by using the TABLE option of ROW=FLOAT. SAS row headings are automatically allocated; you can override this by using the TABLE option of RTS=n where n is an integer value specifying the number of print positions to be used for row headings. If you decide that we don't need the label 'Gender' for XSEXa because 'male' and 'female' are self-explanatory, the revised program is as follows:

```

OPTIONS PS=79 LS=95;
LIBNAME IN 'C:\FILES\DoD\ADULT 2009';
LIBNAME LIBRARY 'C:\FILES\DoD\ADULT 2009\FMTLIB';
PROC TABULATE DATA=IN.HCS093_1;
WHERE XT NexREG = 3; /* limit to TNEX Region 3 */
CLASS XBNFGRP XSEXa;
VAR H09070 H09063;
WEIGHT FWRWT;
TABLE (H09070 H09063)*MEAN= ' *F=6.2, /* Row Dimension */
/* Column Dimension */
XBNFGRP= ' *(XSEXa= ' ' ALL='Group Total')
ALL='Total' / ROW=FLOAT RTS=32;
TITLE "Table 4.3";
TITLE2' Constructed Beneficiary Group by Gender for TNEX Region 3';
RUN;
```

Typed into the Program Window, the revised program appears as follows.

```

Calculating Percents

When calculating percentages, it is necessary to appropriately define the denominator. To calculate a column percentage, the denominator definition must include all *class* variables that define the *row*. For example, if you want to look at the percentage of people in region 2 and each of the catchment areas who answered yes (or no) to variable H09051, 'Have you ever smoked at least 100 cigarettes in your entire life?', your TABLE statement in the TABULATE procedure would look like this:

```
WHERE XTNEXREG = 2;
TABLE H09051 ALL='Total',
(All='Region Total' CACSMPL)*PCTN<H09051 ALL>='Percent';
```

Table 4.4 includes a program and its output for calculating column percentages. The program statements in the Program Editor appear as follows.

```

	#	%	#	%	#	%	#	%
Smoked at least 100 cigarettes in life								
Yes	18	39.13	14	33.33	2	66.67	454	41.73
No	28	60.87	28	66.67	1	33.33	634	58.27
Total	46	100.00	42	100.00	3	100.00	1088	100.00

The statistic N is included with PCTN to make it easier to verify that the denominator definitions have been set up properly. After you check to see that the percentages are accurate, the N statistic can be removed. Note that the output for Table 4.4 is unweighted. The N statistic (and PCTN statistic) is always unweighted even if a WEIGHT statement is included.

Similarly, if you want to look at the percentage of TRICARE enrollees (and non-enrollees) by gender who report having smoked at least 100 cigarettes in their entire life, this would be a row percentage. To calculate a row percentage, the denominator definition must include all *class* variables that define the *column*. Your TABLE statement would look like this:

```
TABLE H09051 ALL='Total',
XENRLLMT*(XSEXA=' ' ALL='Group Total')*
PCTN<XENRLLMT*XSEXA XENRLLMT*ALL>='Percent';
```

Notice that there are no parentheses used in the denominator definition. Because parenthetical groupings are not allowed in the denominator definition, all crossings and concatenations must be included. As noted above, the N and PCTN statistic are unweighted counts of CLASS variables. If you want to produce a weighted count and percentage for this table, you would include FWRWT (the 2009 quarterly weight variable) as an analysis variable in the VAR statement and in the column crossing of the TABLE statement; the statistics to be generated should be specified as SUM and PCTSUM. A program and output to demonstrate weighted row percentages appears in Table 4.5.

The following screen shows the new program typed into the Program Editor.

```

HOW TO MAKE A TABLE USING SPSS

The Quarter III, 2009 Adult HCSDB dataset is in an SPSS format. SPSS is a computer software system used for data management, summarization, and analysis. SPSS can be run interactively, using menus, or in batch mode, using syntax commands. This guide instructs users on how to use SPSS dialog boxes to:

- Construct new variables
- Recode existing variables
- Select cases for analysis
- Weight cases for analysis
- Create customized tables

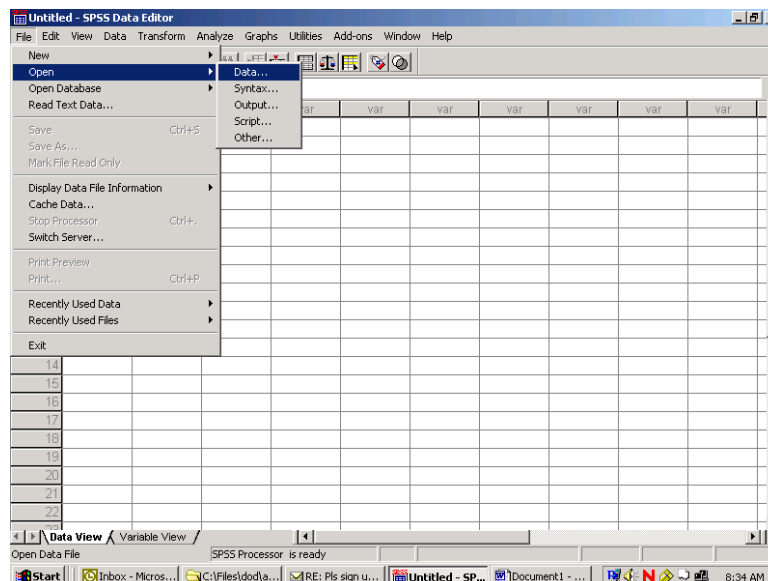

As you use the dialog boxes, you generate syntax automatically. This syntax may be pasted into a syntax file for future use or for modification.

Locating and opening the data file

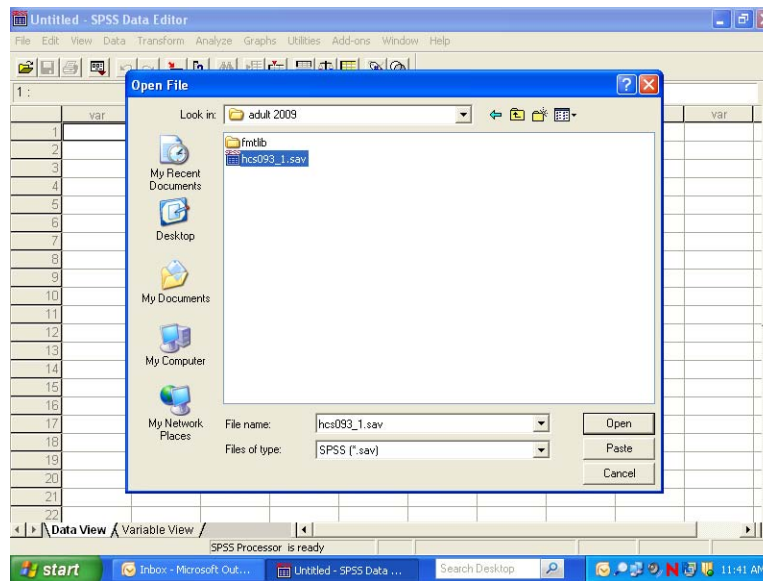

To begin an SPSS session, double click on the SPSS icon on your desktop. The Data Editor window will open and present a blank spreadsheet like the following screen:

Click on File in the upper left corner to open the following menu:

Select the **Open** option or choose a file from the list displayed. **Open** and **data** produces the following screen:

If the file is not in this directory, navigate through your folders until you locate it. Mark the file and click **Open**. You will be returned to the spreadsheet Data Editor with the file on view. The Quarter III, 2009 Adult HCSDB dataset has been opened and is displayed below.

	mprid	svcsmpl	sexsmpl	stratum	cacsmpl	enbgsmpl	mpcsmpl	nhff	servarea	quarter	dcats

Constructing new variables

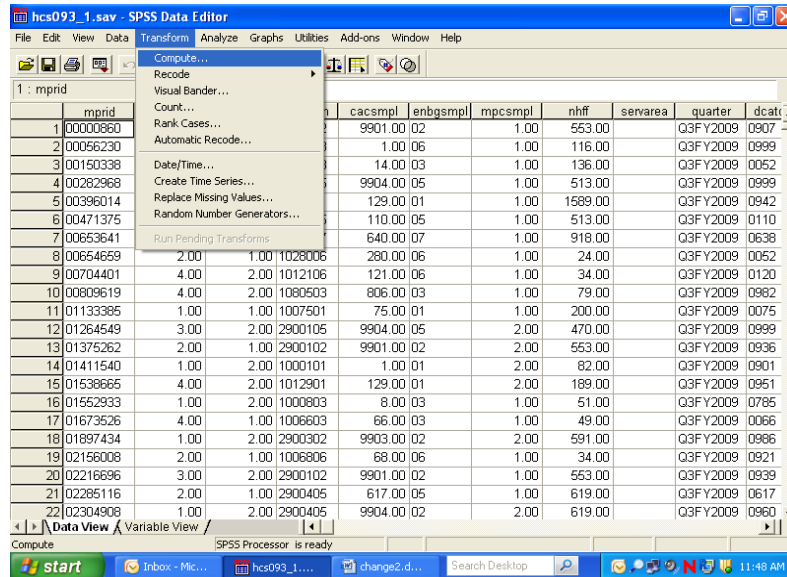

Data can be evaluated from many different aspects. It is sometimes useful to build new variables from combinations of the existing ones and to examine their distributions.

For example, the variable in the file for beneficiary group at the time of sampling is called `xbnfgrp`, and the variable for sex is `xsexa`. The value 1 for `xbnfgrp` indicates that the individual is on active duty. The relationships for constructing a new variable of active duty by sex are:

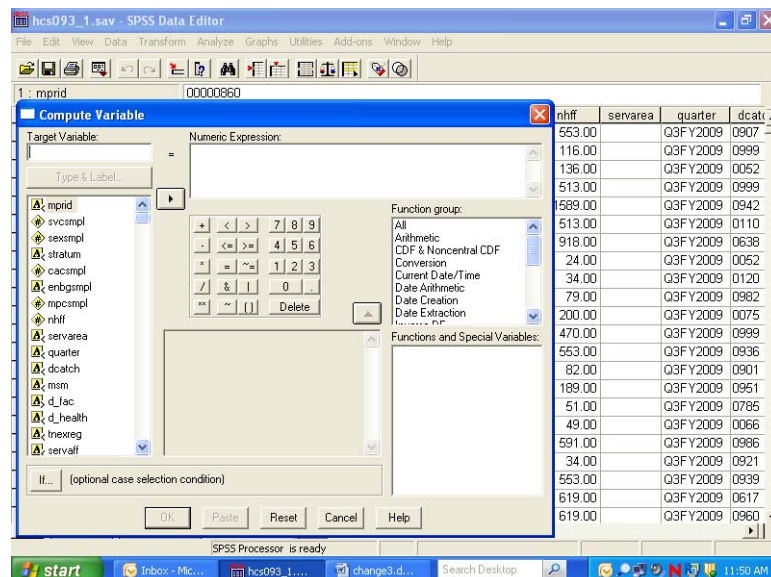

Active-Duty-males: **xsexa=1 and XBNFGRP=1**

Active-Duty-females: **xsexa=2 and XBNFGRP=1**

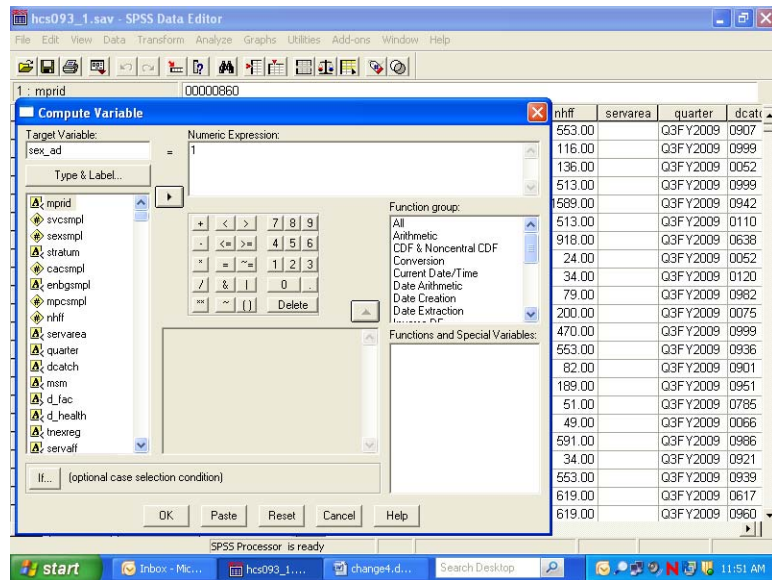

Open the Transform menu and select Compute as in the following:

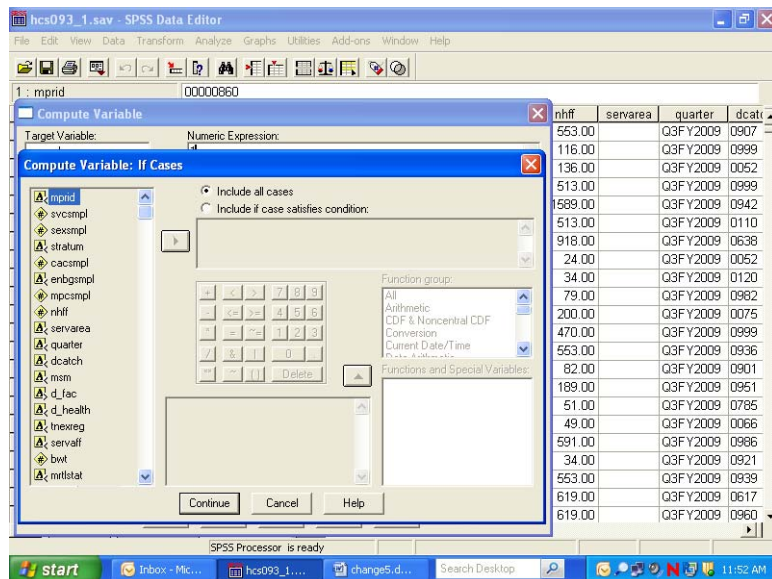

The following dialog box will open:

You can build the new variable in two steps to express the two conditions. The first task is to give the new variable a name and its first value. Enter the Target Variable slot and name the new variable sex_ad. Next, assign the value 1 to sex_ad by entering it into the slot for Numeric Expression. Your screen should look like the following:

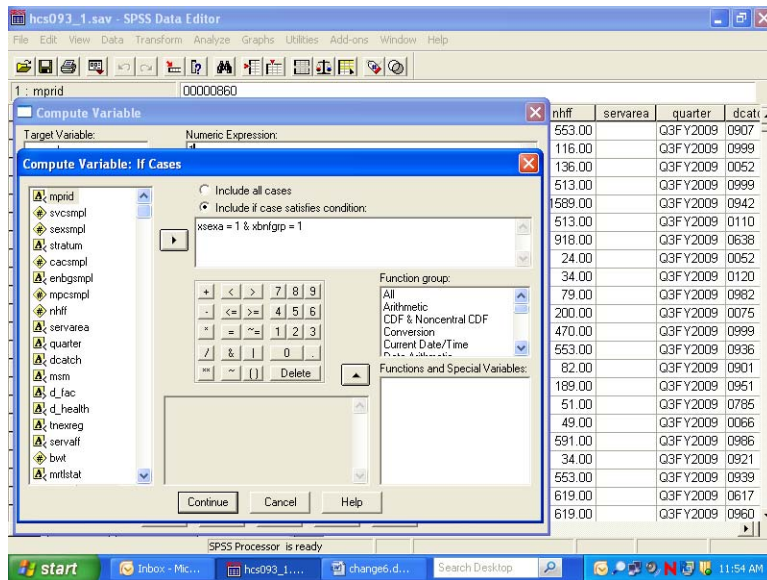

Once you we have assigned the value 1 to sex_ad, you can build the condition that qualifies the assignment. Click on If and open the following dialog box:

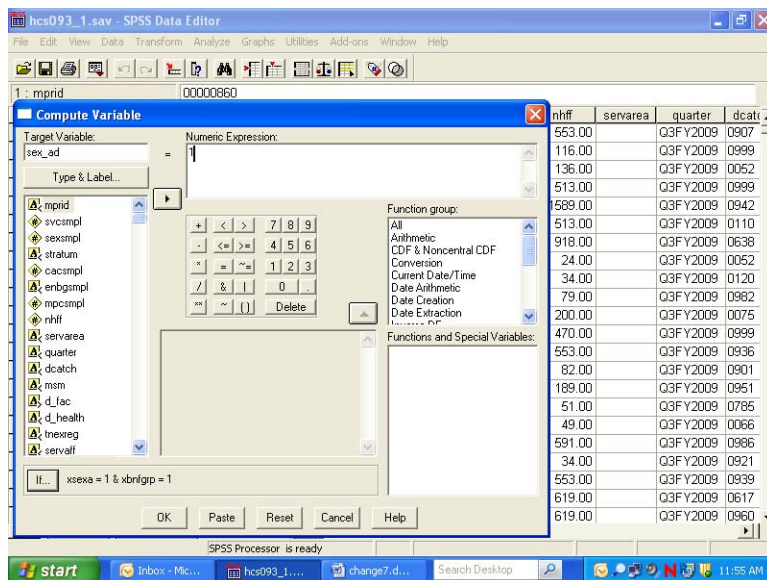

Click on the circle indicating Include if case satisfies condition, and the black dot will move to that circle. The slot underneath will open, ready for your input. Build the "if" condition. Write it directly into the slot or move the elements xsexa = 1 & xbnfgrp = 1.

The screen should resemble the following:

Click on Continue and return to the previous screen, which will now look like this:

Your condition will be written next to the If button. Click on OK to exit the dialog box, and the variable sex_ad will be created with its value set to 1.

The next step is to build the second condition for the new variable, which will set it to the value 2. Reopen the Compute dialog box. The commands you just gave still appear in the dialog box. Simply assign the value 2 to sex_ad, press If, and enter the new condition to identify active duty females. Click Continue, and finish with OK. The condition, if xsexa = 2 and xbnfgrp = 1, will be added to the new variable sex_ad.

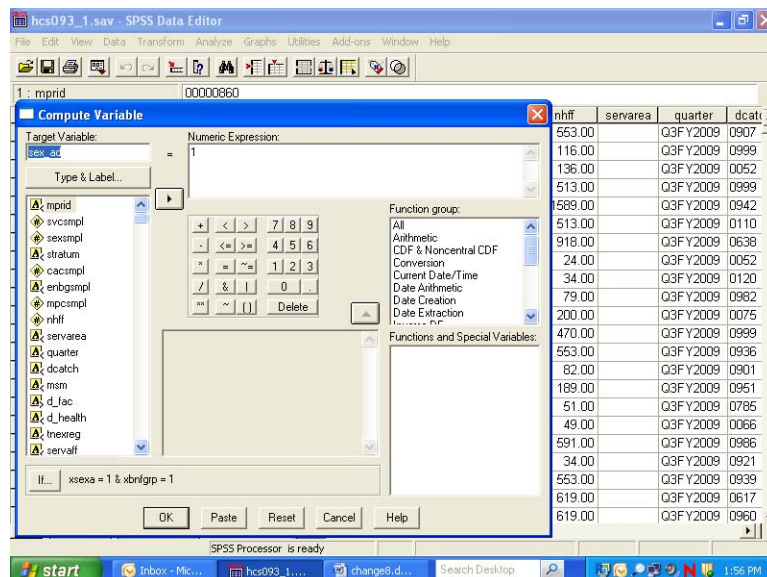

Once you have created a new variable, you may want to add it permanently to the dataset. The new variable is computed for each case in the file and added to the view in the Data Window after the last variable in the dataset. The variable name is the column heading.

Since the HCSDB data set carries Read-Only status to protect it from corruption, changes to it cannot be saved. At the end of the day, when the work session ends and you exit SPSS, the file will revert to its former status and the new variables will be lost. The solution is to save the dataset under a new name when you exit. Choose the Save As option on the File menu, and you will be prompted to name the file and to save it in a folder of your choosing. Give the file a new name and save it. Open the new expanded file anytime for processing.

Suppose you do not want to use up your disk space for expanded copies of the dataset. Another option is to save the syntax you have generated in a file that can be run as it is needed. Syntax is a written instruction generated by the commands you give in a dialog box. These “sentences” can be saved in a file and executed when needed. This is the batch mode of processing syntax commands. Syntax files take up very little space.

Experienced SPSS programmers, who have mastered SPSS syntax, often prefer to work only in batch mode. This option is available to users who have not mastered the syntax language. You can paste the commands, generated interactively in the dialog box, onto a syntax file.

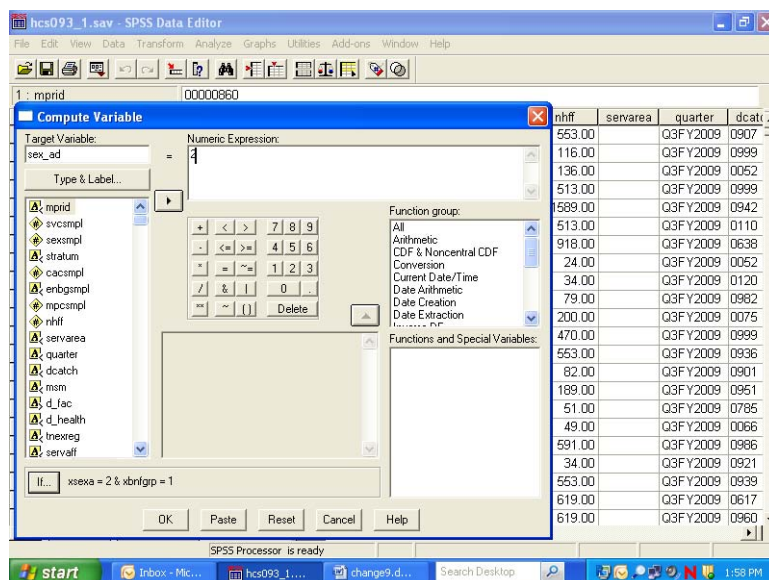

Recall the compute example for the new variable `sex_ad`. The screen below is the result of assigning 1 to `sex_ad` according to an If condition. You clicked on OK to set the value. Returning to the screen and clicking on Paste writes the command to a syntax file.

Click on the Paste button, and the syntax window below will open with the syntax written in it.

Now return to the compute dialog box.

Assign the value **2** to **sex_ad** and build the “if” condition as in the diagram above. Select **Paste**, and these commands will be appended to the syntax file.

The results appear in the screen above. SPSS gives default names to syntax files, such as Syntax1, Syntax2, etc., as they are created. It is a good idea to save the syntax, re-naming the file using the **Save As** option on the **File** menu. Use a name that has some meaning to you, e.g., **New_computes**. The file will automatically receive the suffix **.sps**.

Another option for adding new variables to the dataset is to **Recode** existing variables **into** new variables. A common example involves **grouping** an age variable into age categories as shown below, using the variable **DAGEQY**, which exists on our dataset. **DAGEQY** is coded in years from 17 to 95, which can be grouped into four age categories:

17 to 34 = 1 - label: "young adult"

35 to 49 = 2 - label: "mature adult"

50 to 65 = 3 – label: "middle-age"

66 to 99 = 4 – label: "senior citizen"

The new variable is called **age_grp**.

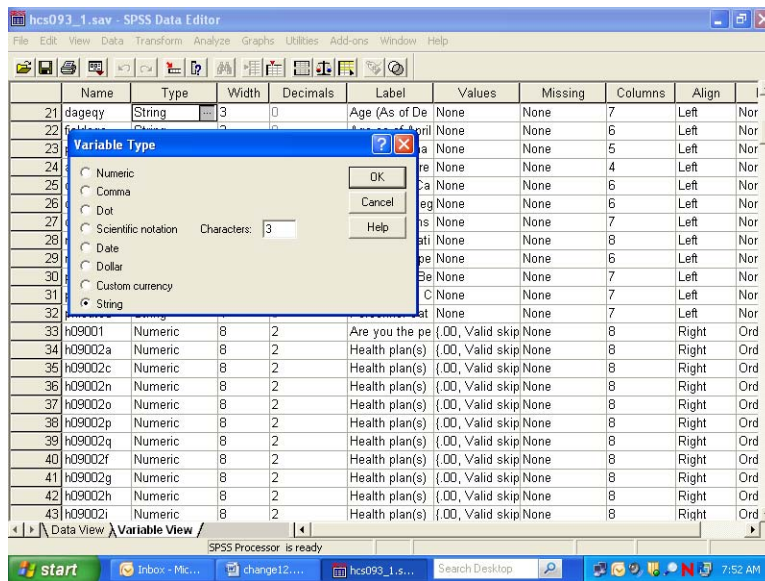

DAGEQY is a string variable. In order for it to be recoded using grouping criteria, it must be converted to a numeric variable. In the data window go to the column for the variable **DAGEQY** and click in the gray area at the top of the column causing the variable to be selected as the following screen indicates.

	pnsexcd	dageqy	fieldage	pcm	acv	dbencat	dmedelg	dsponsvc	mbrrelcd	medtype	patcat	pntypcd	pnlicat

39	h09002q	Numeric	8	2	Health plan(s)	(.00, Valid skip	None	8	Right	Ord
40	h09002f	Numeric	8	2	Health plan(s)	(.00, Valid skip	None	8	Right	Ord
41	h09002g	Numeric	8	2	Health plan(s)	(.00, Valid skip	None	8	Right	Ord
42	h09002h	Numeric	8	2	Health plan(s)	(.00, Valid skip	None	8	Right	Ord
43	h09002i	Numeric	8	2	Health plan(s)	(.00, Valid skip	None	8	Right	Ord

In the Type column click on the gray square and the following Menu will open.

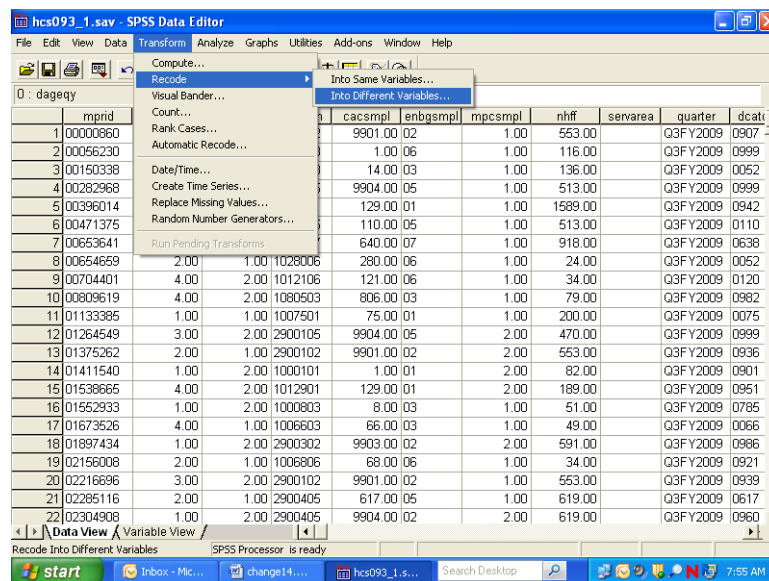

Transfer the black dot from String to Numeric as follows:

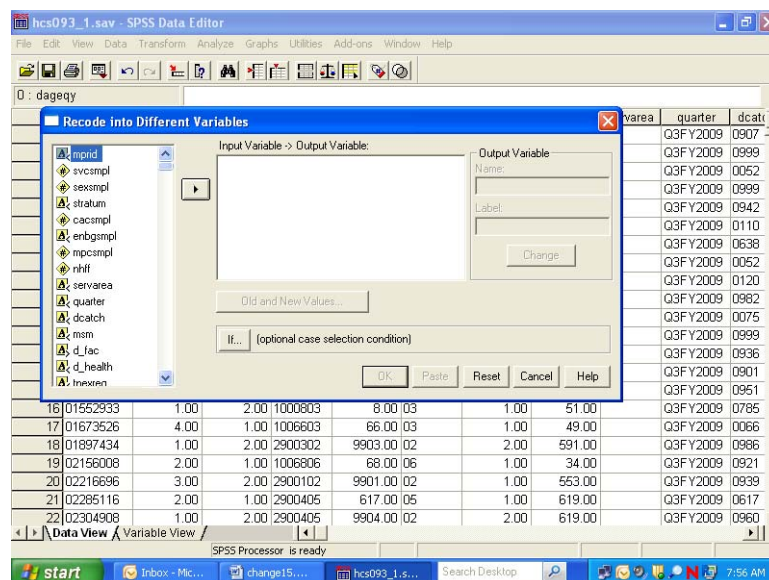

Click on OK to set the changes. Click on the Data View tab to return to the Data Editor window.

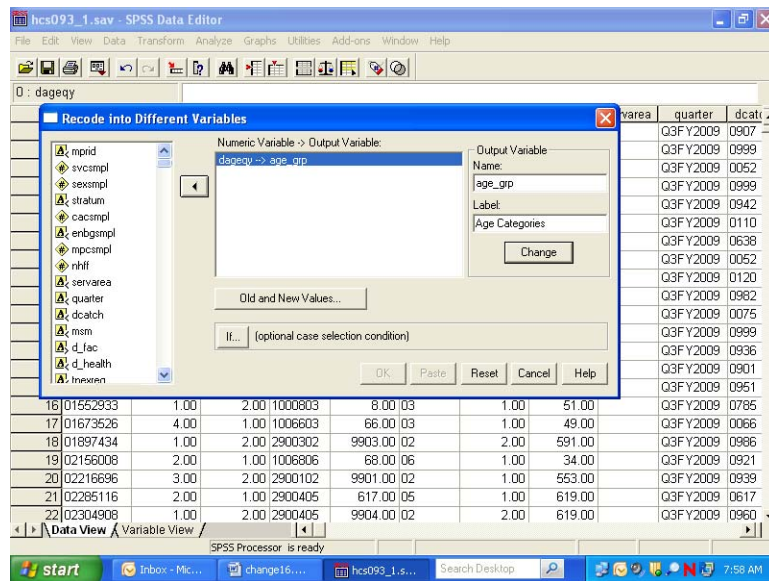

Now from the **Transform** menu, choose **Recode** and **Into Different Variables** as pictured below:

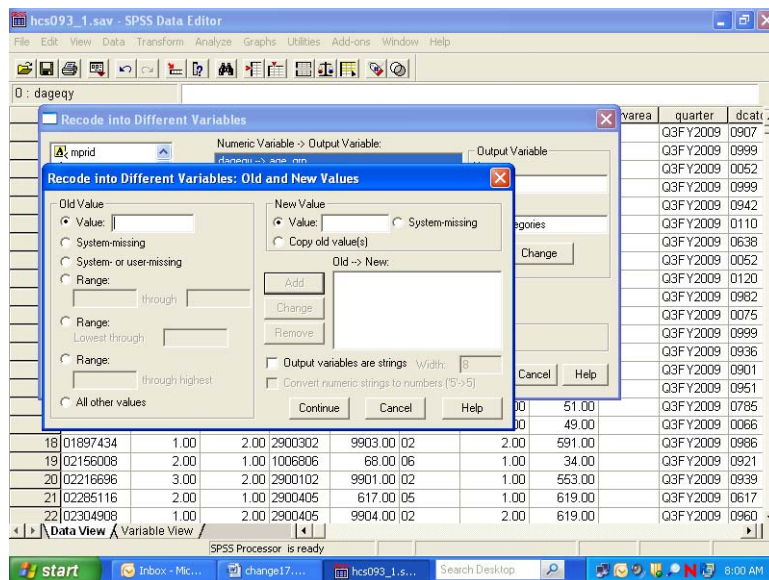

The following dialog box will open:

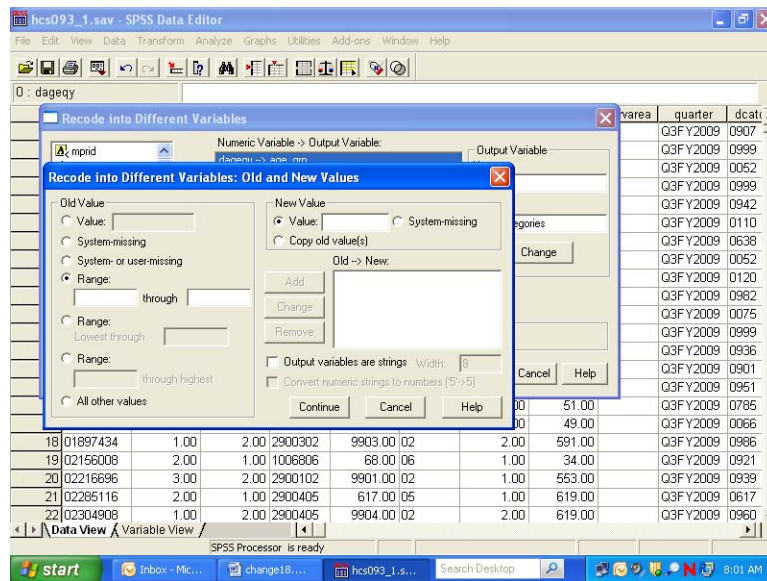

Move **DAGEQY** from the variable list on the left to the box labeled **Input Variable -> Output Variable**. In the **Name** slot, enter the new variable name **age_grp**. Enter **Age Categories**, the variable label, in the **Label** slot. Click on **Change**. The dialog box should look like the one below.

Click on Old and New Values, and the following dialog box will open:

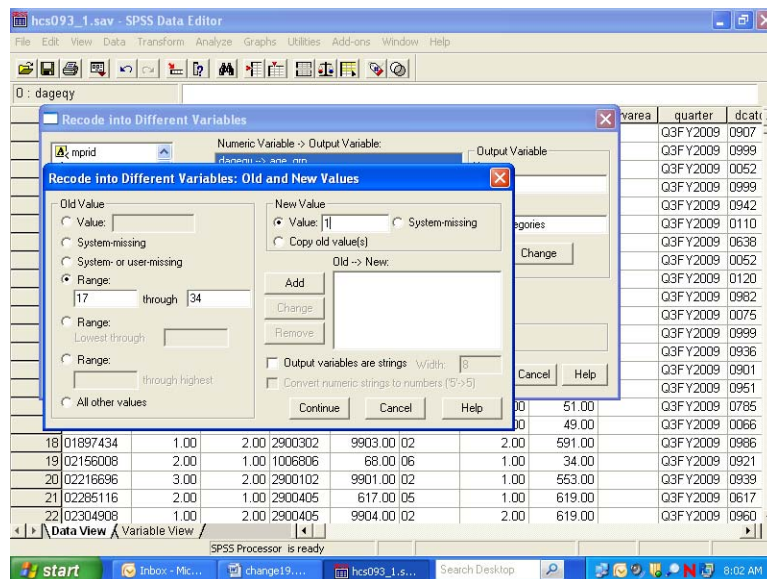

The next step in grouping the age variable is to specify the existing values of **Age** to be recoded. To do this, click on the **Range** circle under **Old Value**.

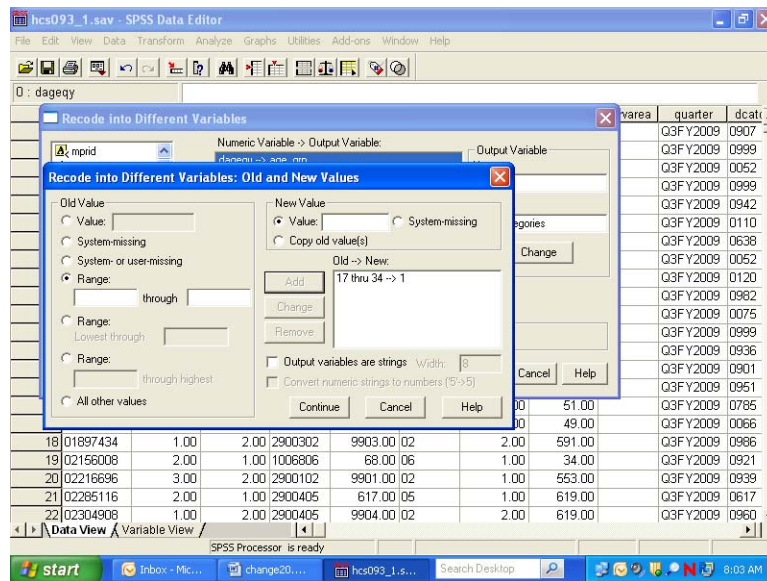

Once the appropriate slots are open, you have four ranges to enter.

First, enter 17 **through** 34 in the slots provided under **Range**. Next, enter the value 1 in the **Value** slot under **New Value**. **Add** is now illuminated.

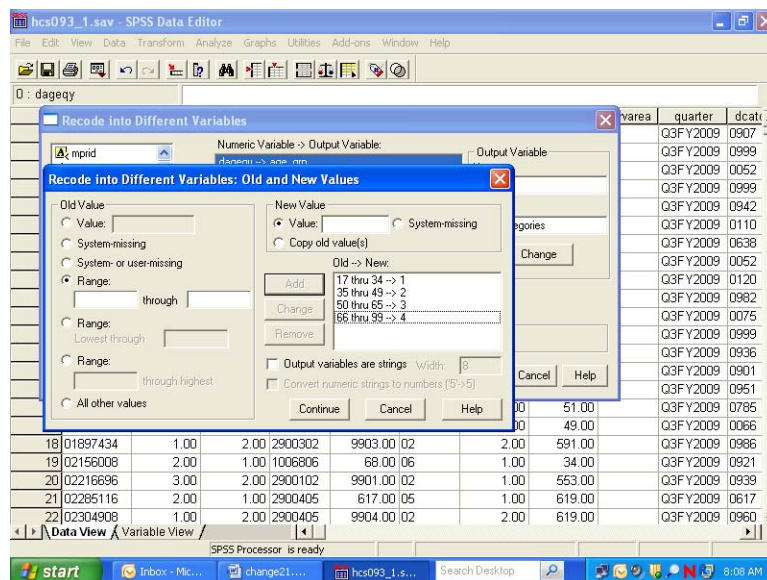

Clicking on Add produces the following result:

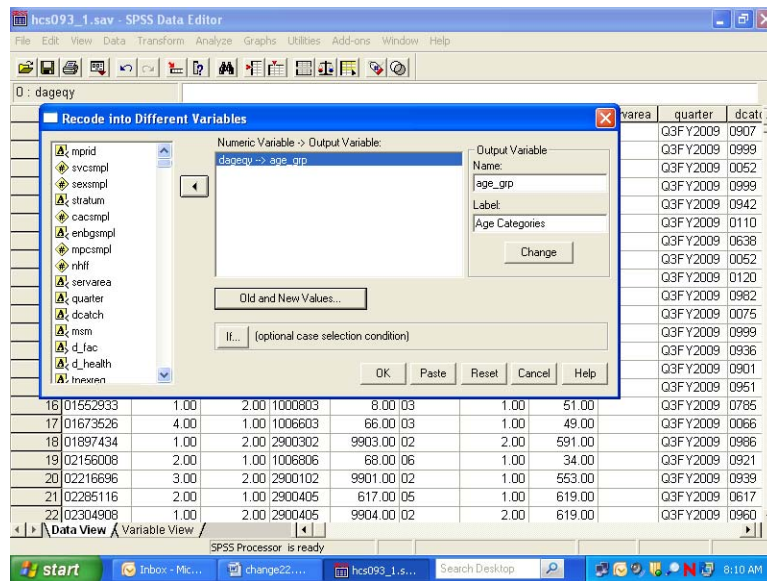

The specified range appears in the box labeled **Old -> New**, and the **Range** and **Value** slots have been cleared to permit additional entries.

The three remaining ranges are built in the same manner, adding each specification, until the dialog box looks like the one below.

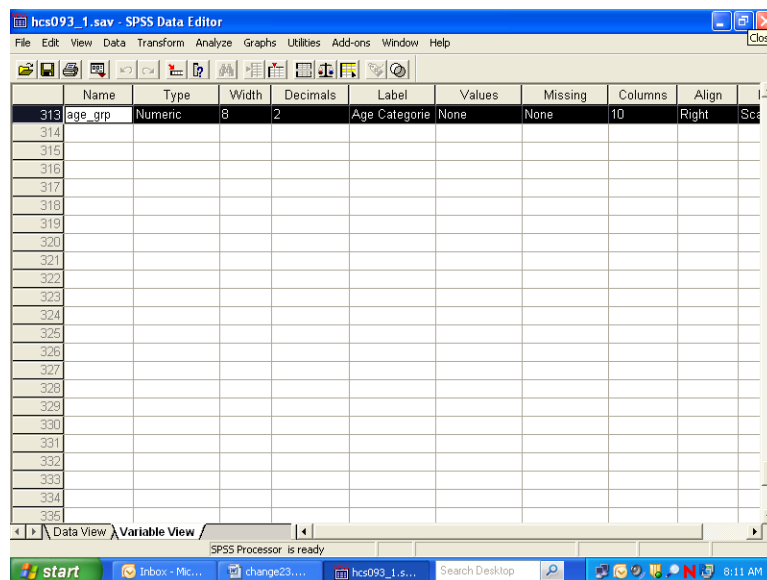

Click on Continue and return to the previous screen.

Click on **OK** to exit the screen. The new variable **age_grp** has been created. The **Recode** syntax can be pasted to a syntax file.

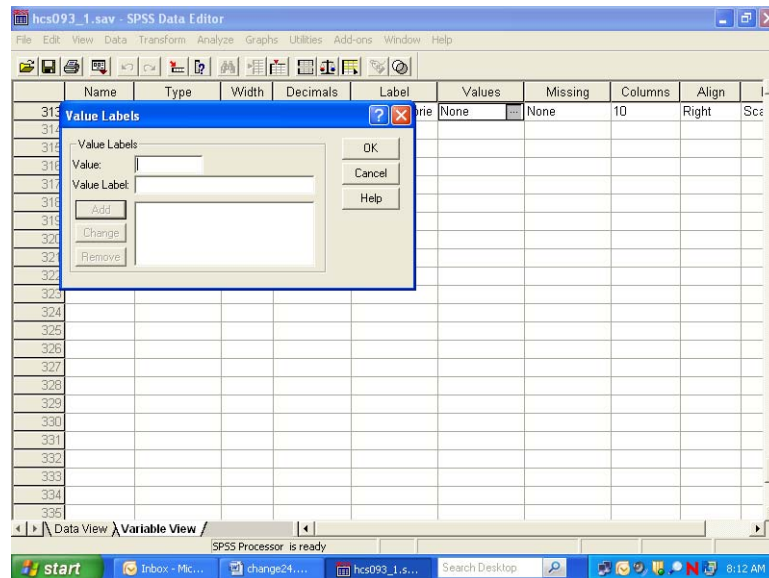

The final task is to create the value labels for the new variable **age_grp**. Labeling variables makes output from statistical reporting procedures much clearer and more elegant.

In the **Data Window**, go to the column for the new variable **age_grp** and double click in the gray area containing the variable name. The screen will change to variable view:

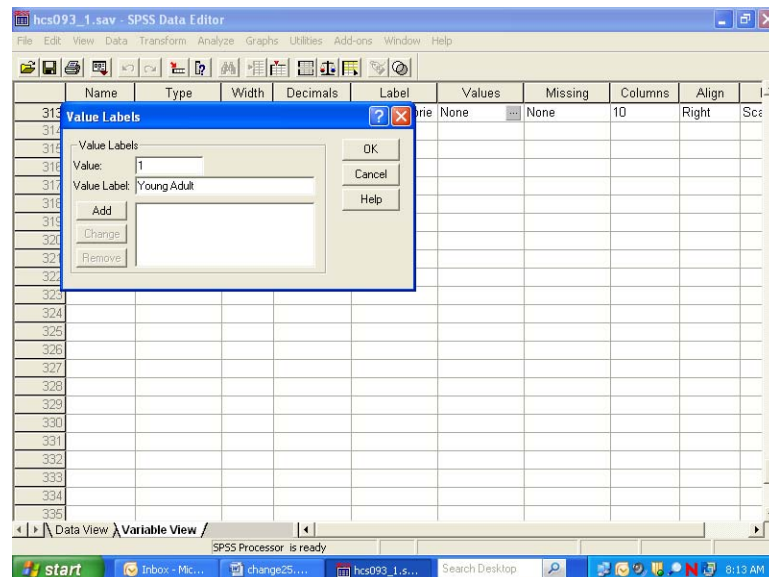

The variable **age_grp** is shown with its attributes.

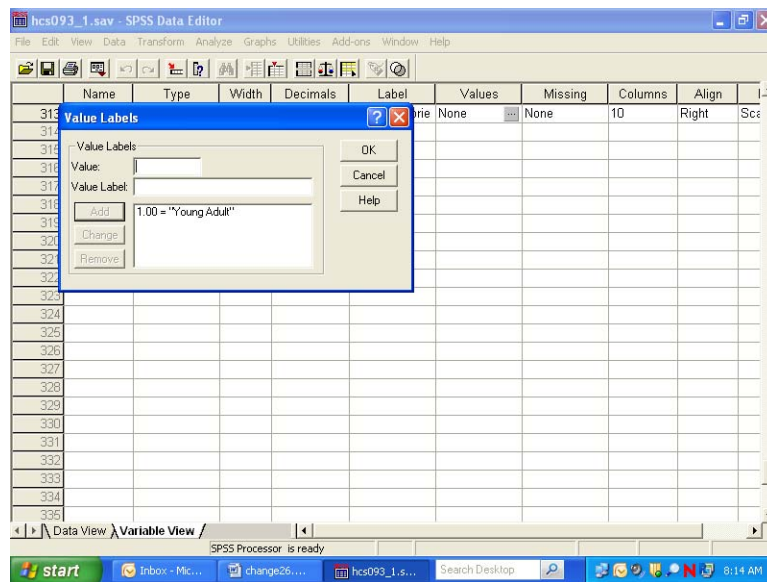

Click in the cell under **Values** and the following dialog box will open:

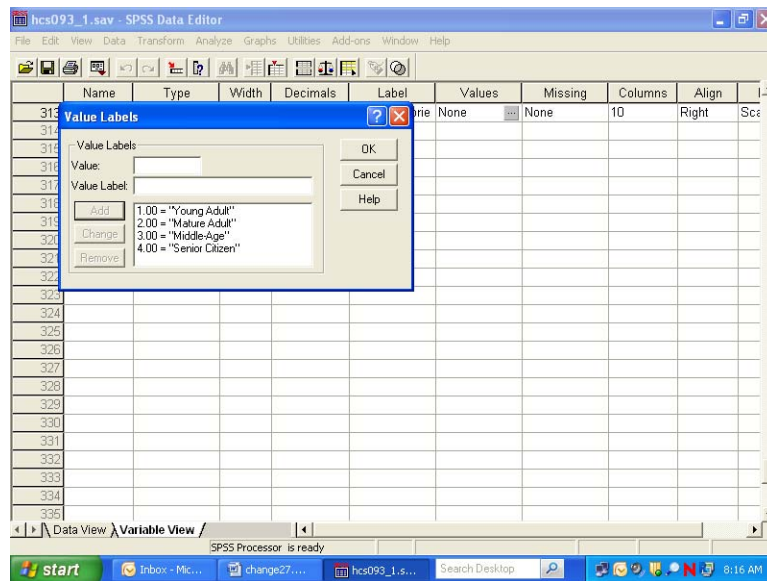

You can then begin to label the *values* of **age_grp**. Enter **1** in the slot marked **Value**, and enter the label **Young Adult** in the slot marked Value Label. The screen will look like the following:

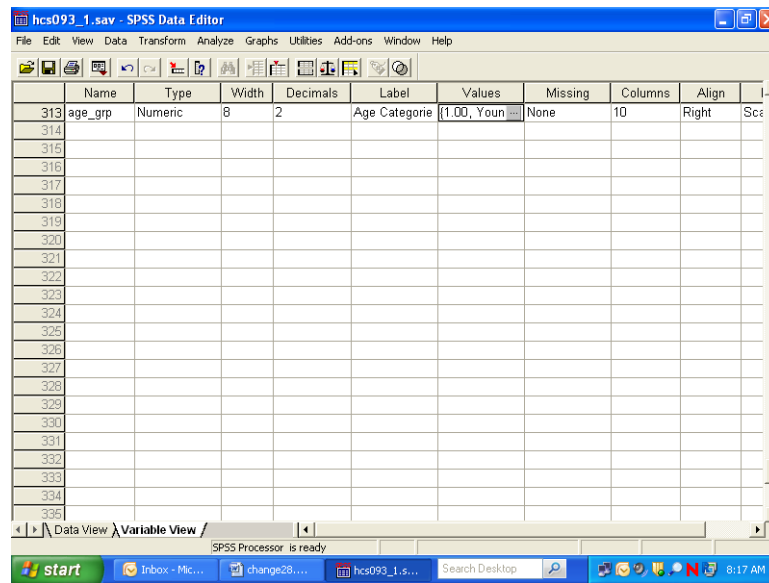

Add is now illuminated. Click on **Add** and the text of your command will appear in the central box, clearing the slots for further entries, as in the next screen.

Build the other three labels until the screen looks like the following:

Click on **OK** and the screen will appear as follows:

Click on the **Data View** tab to return to the data screen.

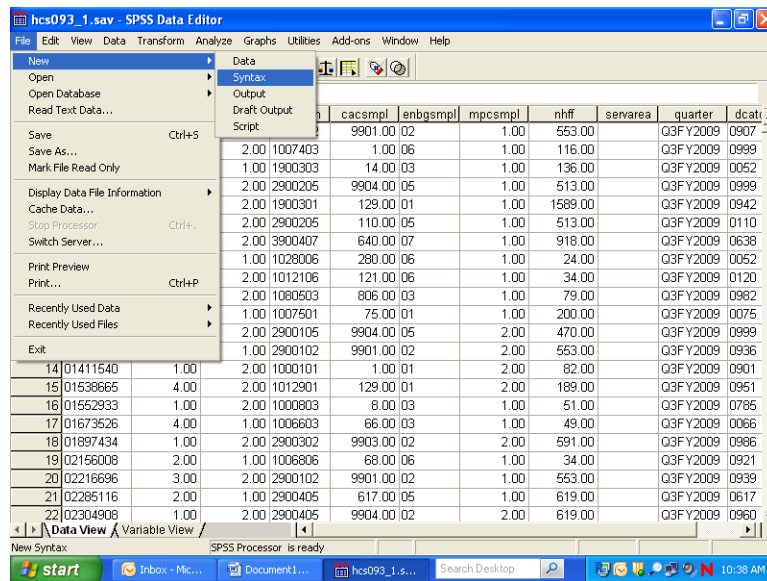

Limiting the Number of Variables

The HCSDB dataset contains many variables. To speed up software performance time, it may be desirable to limit the number of variables for analysis. There are ways to do this.

The first is to **Save** a subset of variables in a new file with a new name. This option is available only through syntax. The **Keep** or **Drop** command lets you save a subset of variables. The choice of **Keep** or **Drop** is dependent on which list is shorter to write.

For example, suppose you want to run some procedures to evaluate respondent's weight as it relates to their state of health. You are also interested in people that ever smoked, and in differences within these groupings by gender. Moreover, you want to look at regional differences and differences among catchment areas by beneficiary group and enrollment. You can do all the work on a subset of only nine variables, saving them in a separate file.

To write the syntax, open a syntax window. If you want to create a new syntax file, choose **New, Syntax** on the **File** menu as in the following:

A blank syntax window will open.

Write the following command, substituting the file name and directory specification:

**SAVE OUTFILE='C:\MYFILES\HLTHCARE.SAV'/KEEP=XTNEXREG XSEXA XENRLLMT
CACSMPL FWRWT XBNFGRP H09051 H09070 H09063.**

as in the following:

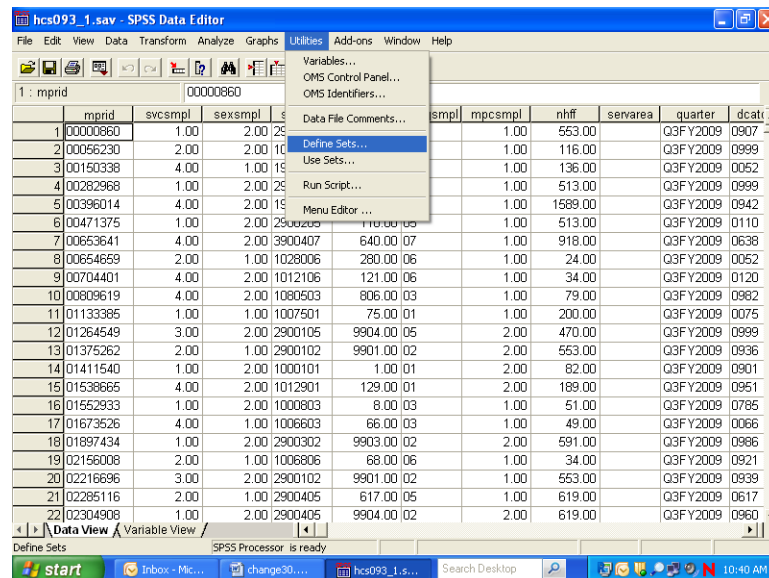

Upper case is optional. Be sure to enclose the entire file name in single quotes and to type a period at the end of the command.

Run the command by choosing the **Run** menu and selecting **All** from the choices.

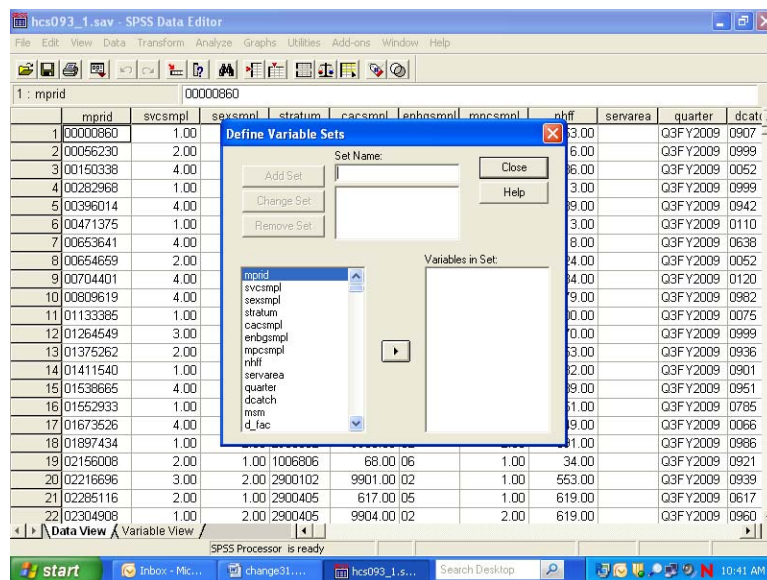

Open the new file according to the specifications at the beginning of this chapter.

The second way to limit the number of variables for analysis is to define a subset of *variables* that will appear in the dialog boxes for procedures. Using the **Utility** menu, define a subset of variables as in the following:

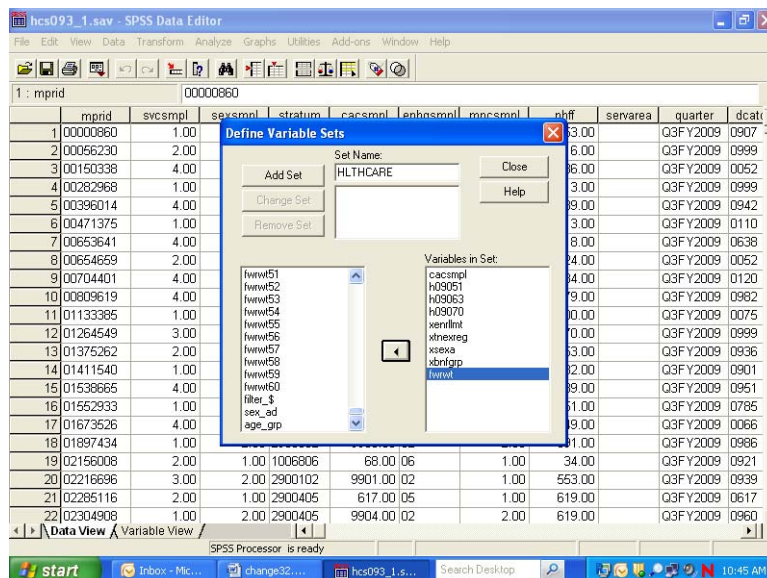

Select Define Sets.

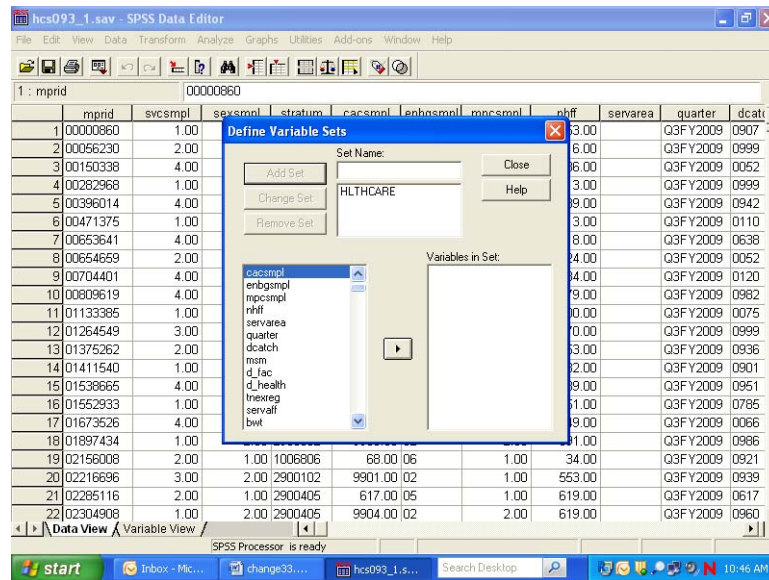

Insert a name for the subset of variables in the slot labeled **Set Name**. Move the variables you want to subset from the list on the left to the slot marked **Variables in Set**. By way of illustration, we will move the nine variables selected for the day's processing.

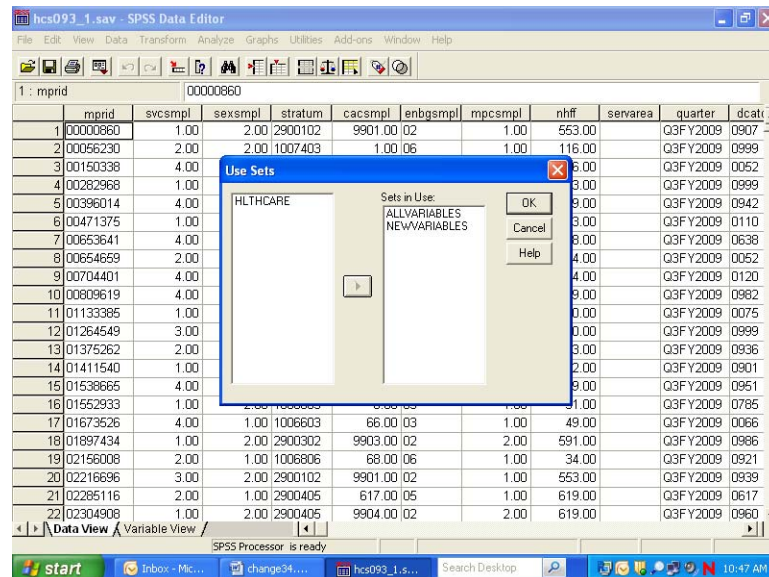

The screen should look like the following:

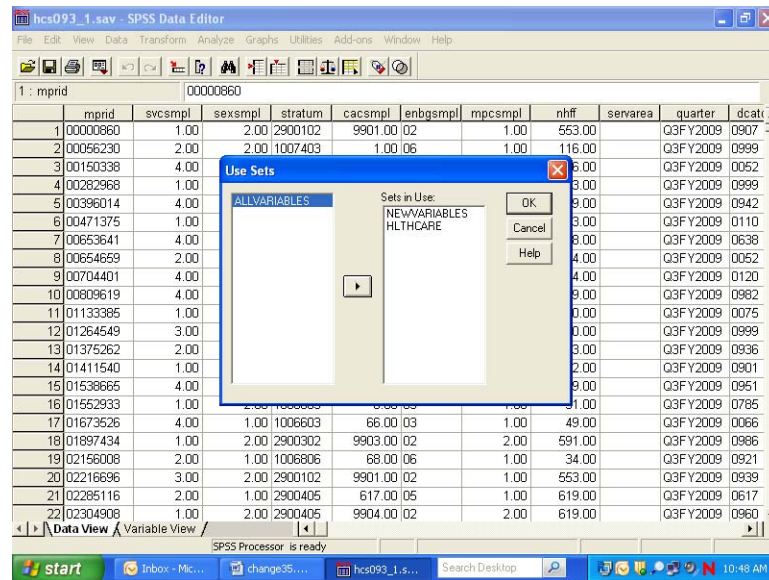

Click on **Add Set** to save the set specifications. The screen will change to the following:

The set is now available for use. To use the set, **Close** the dialog box, reopen the **Utilities** menu, choose **Use Sets...**, and receive this screen:

Move HLTHCARE from the left slot to the right slot, which is labeled **Sets in Use**. Transfer ALLVARIABLES from the right to the left slot. Leave NEWVARIABLES where it is. **OK** saves this change.

Until you change this specification, only nine original variables and any new variables will appear in the dialog boxes associated with procedures.

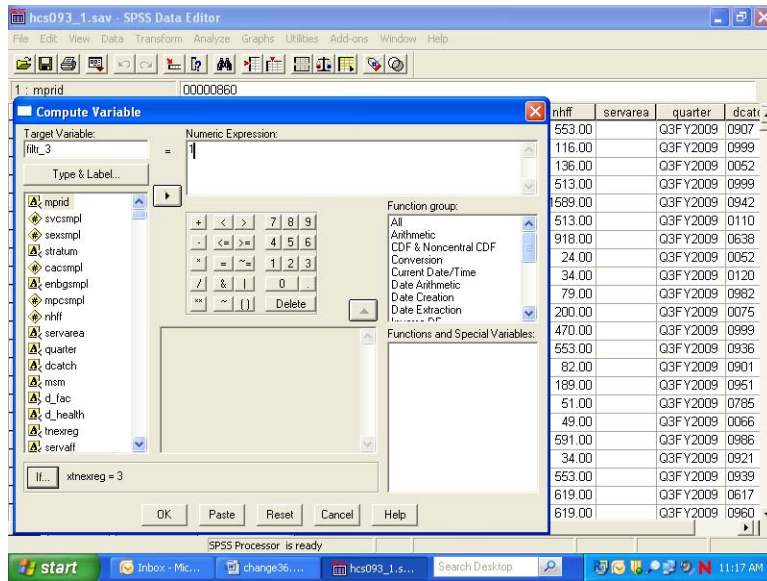

Limiting the Number of Observations

There are many ways to limit the number of observations available to statistical reporting procedures. The method illustrated here involves using **filter variables** with a menu-driven **Filter By** option. Using filters deactivates but does not delete cases from the file. A diagonal line appears next to the filtered cases in the **Data Window**.

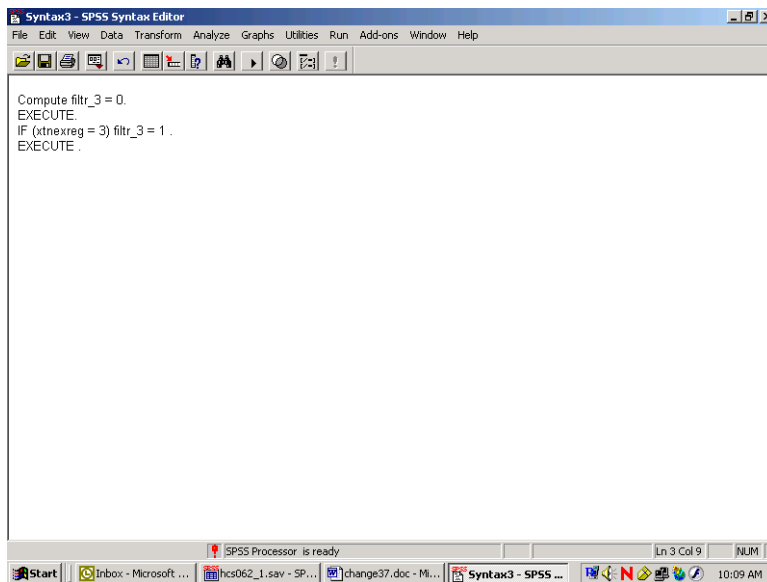

The first task is to **compute** a filter variable for all the cases in the file. A filter variable has two values: **0** and **1**. The **1** indicates that the case will be included for procedures. The **0** flags the case for removal.

For example, suppose you want to produce a table for people who live in the West, i.e., cases for which the variable **xtnexreg = 3**. You would build a filter variable named **filtr_3**, which has the value **1** associated with the cases in the West and 0 for all the other cases in the file. The logic is: if **xtnexreg = 3**, then **filtr_3 = 1**, else **filtr_3 = 0**.

The screen below shows the final step in computing the filter variable. The variable was first initialized to **0**. Then, the "If" condition was built for setting the filter variable to **1**. You are now working with a subset of variables, allowing the dialog boxes to be used more efficiently.

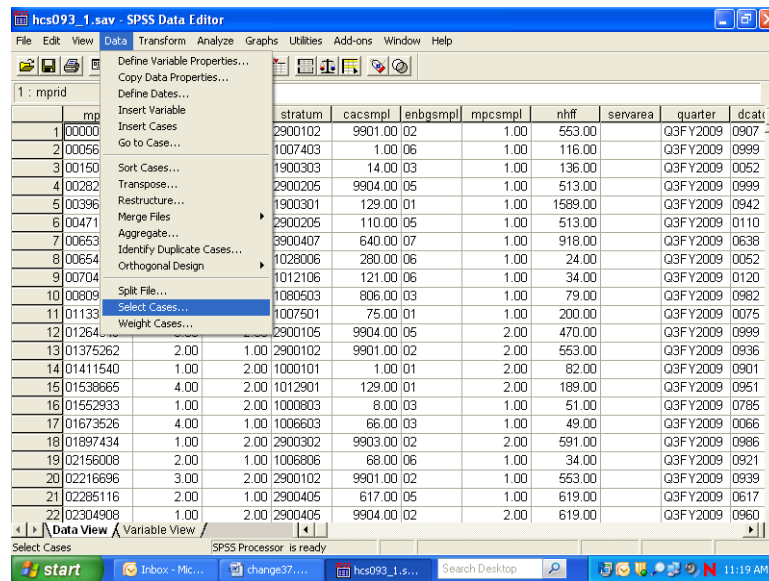

The screen that follows shows the syntax that was generated as you built the variable filtr_3.

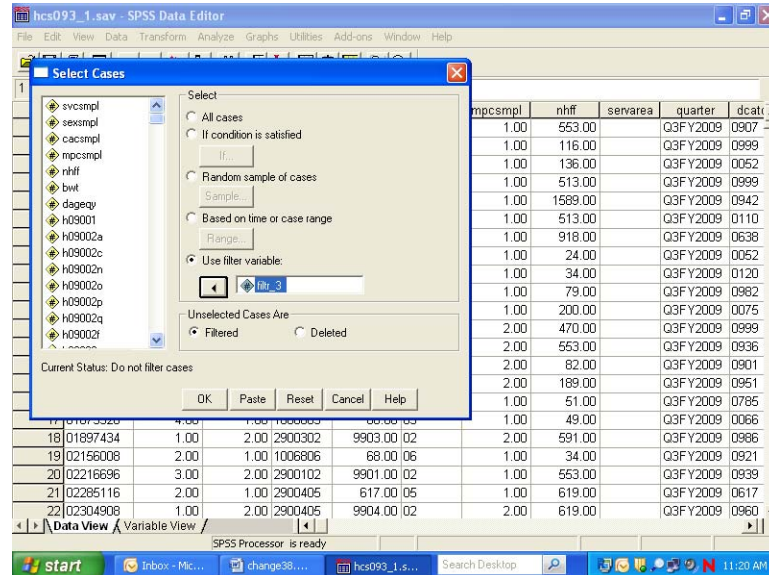

Once you build the filter variable, you can apply it for analyzing only those people from the West.

Using the **Data** menu, choose **Select Cases**.

In the dialog box, check **Use filter variable**. Move the variable **filter_3** from the variable list on the left side of the dialog box into the slot provided, as indicated below. Check that the option **Filtered** is checked under **Unselected Cases Are**. This is the default option.

Click **OK** and exit the dialog box.

When you return to the **Data Window**, notice the slanting line next to some of the cases in the file. Those cases have been filtered out.

SPSS Processor is ready

Filter On

You can now produce tables for the subset of cases.

When using filter variables, it is important to check the filter status and to adjust it to fit the present need. Filtered cases are not available for procedures. Moreover, a filter is in effect until it is turned off or until another filter is activated. Check the status line at the bottom of the **Data Editor** window to see if a filter is activated. In the example above, **Filter On** is indicated on the status line. To see *which* filter is active, you must re-enter the **Select Cases** dialog box. There you can deactivate the filter or activate a new one.

To deactivate a filter, choose **All cases** and **OK** as in the screen below.

Filter On

Weighting Data

The data file includes a weighting variable, FWRWT, which should be applied to all procedures and runs. Again, using the **Data** menu, choose **Weight Cases**. In the dialog box, choose **Weight cases by**. Move the weight variable from the list on the left into the slot labeled **Frequency Variable** on the right as shown below:

Click on **OK** and exit the dialog box. The indication that the data is weighted appears on the status line near the bottom of the screen. As in the following screen, **Weight On** is specified there.

The status line indicates if the data is weighted. Which weight variable is in effect can only be checked by re-entering the **Weight Cases** dialog box. Weighting stays in effect until it is canceled or until another weight variable is activated.

BUILDING TABLES

Building tables starts with creating a new subset of variables that includes H09051, H09070, H09063, cacsmp1, xbnfgrp, xsexa, xtneqreg, xenrlmt, FWRWT, and filtr_3. The procedures **Means** and **Crosstabs** will probably meet most of your statistical reporting needs. SPSS also offers many options for editing the output tables themselves. Some of these options are explained here.

Calculating Means

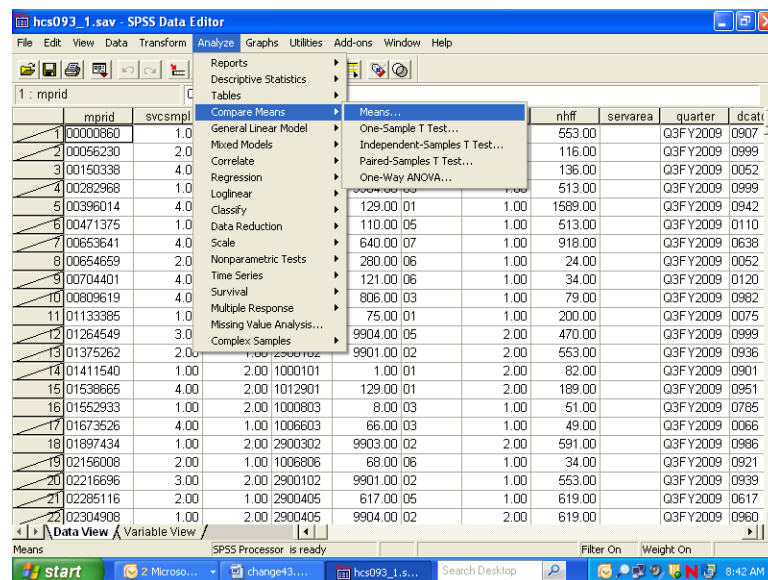

As an example, suppose you want to analyze the health care variables and you want to focus on the West (**xtneqreg = 3**). Suppose you are also interested in how the respondent's weight relates to his self-evaluation of his health for the West region. Within this grouping, you want to examine the effects of the beneficiary group, **xbnfgrp**, and sex, **xsexa**.

The health care variables are **H09070** – respondent's weight, and **H09063** – assessment of the state of health. The statistic you want to see is the mean of the health care variables for each group in our breakdown.

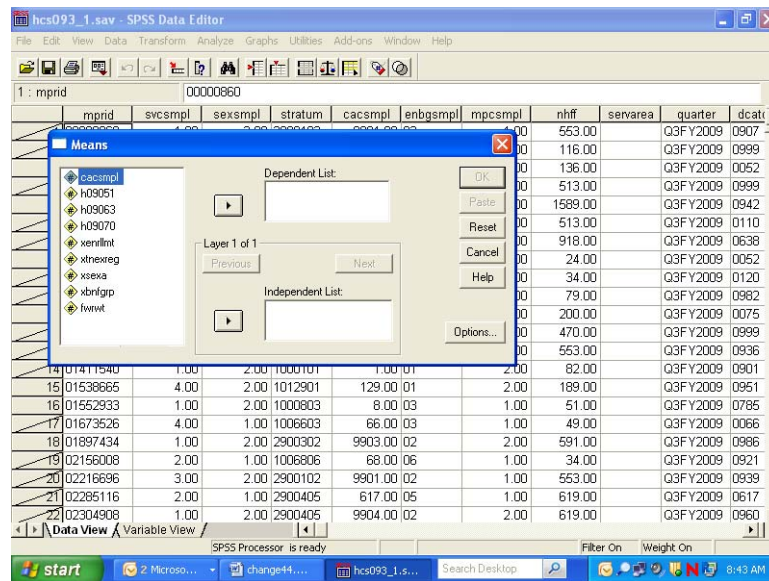

For this analysis, you can use the subset of variables defined above. The subset includes the weight variable, **FWRWT**, which you would activate for procedure runs. The subset also includes the new variable, **filtr_3**, which allows us to select only those cases in the West.

Open the **Data** menu in the **Data Window**. In the **Weight Cases** dialog box, activate the weight variable **FWRWT**. Reopen the Data menu and, in the **Select Cases** dialog box, activate the filter variable, **filtr_3**. On the status line, **Filter On** and **Weight On** should appear.

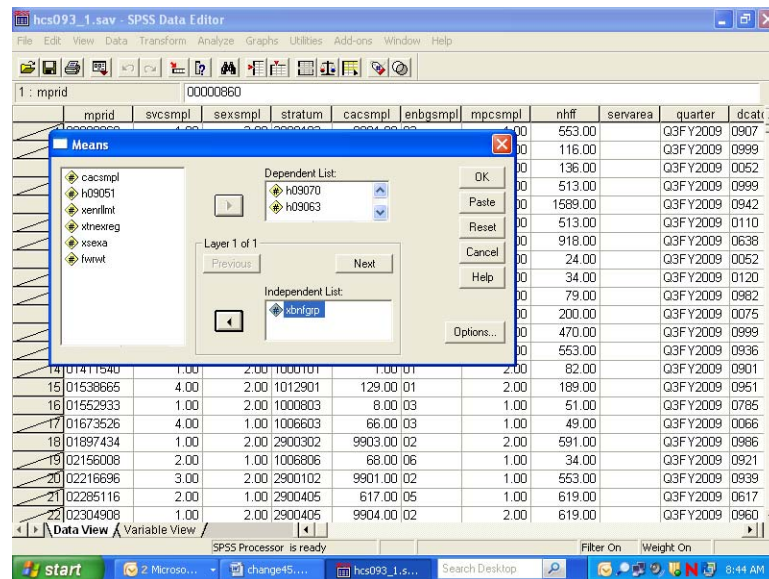

Open the **Analyze** menu in the **Data Window**. Choose **Compare Means** and **Means** from the options as illustrated below.

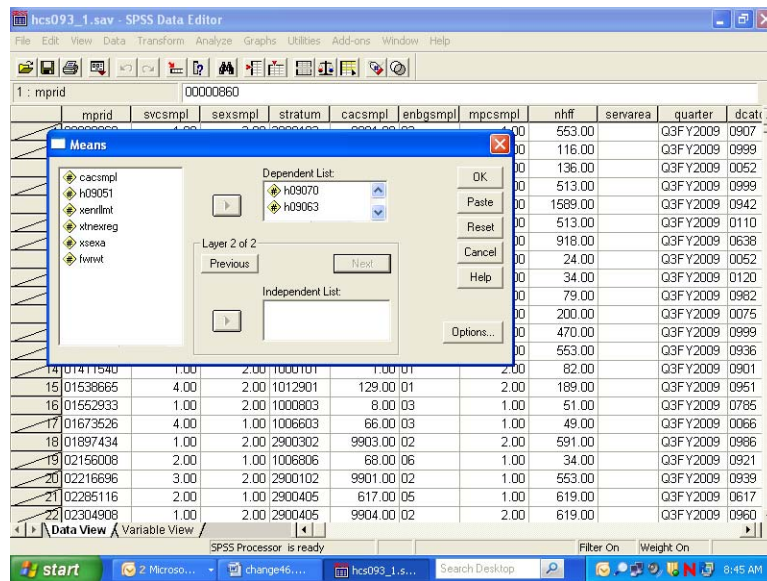

The dialog box for the Means procedure will open as in the following screen:

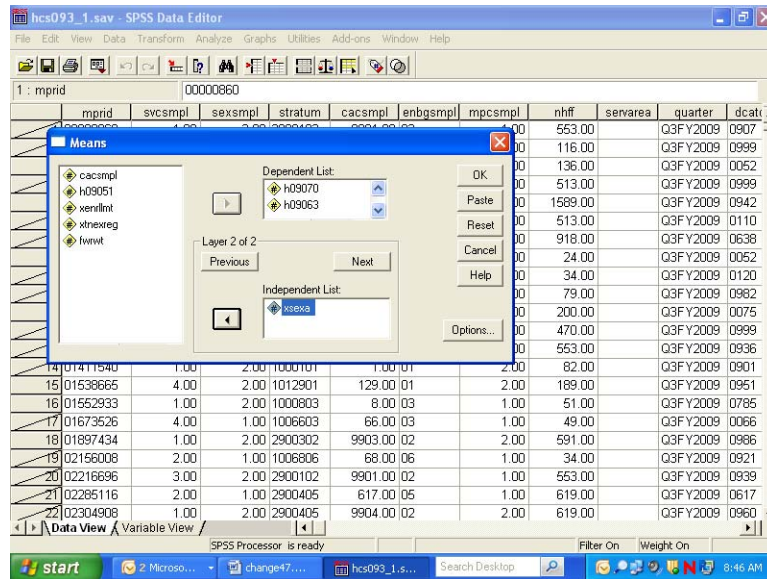

Move the variables **H09070** and **H09063**, from the variable list on the left to the box underneath **Dependent List**. These are the two analysis variables. Notice that **Layer 1 of 1** is specified in the middle of the dialog box. Move **XBNFGRP** from the variable list on the left into the box under **Independent List**. **XBNFGRP** is the first grouping variable. The screen should look like the following:

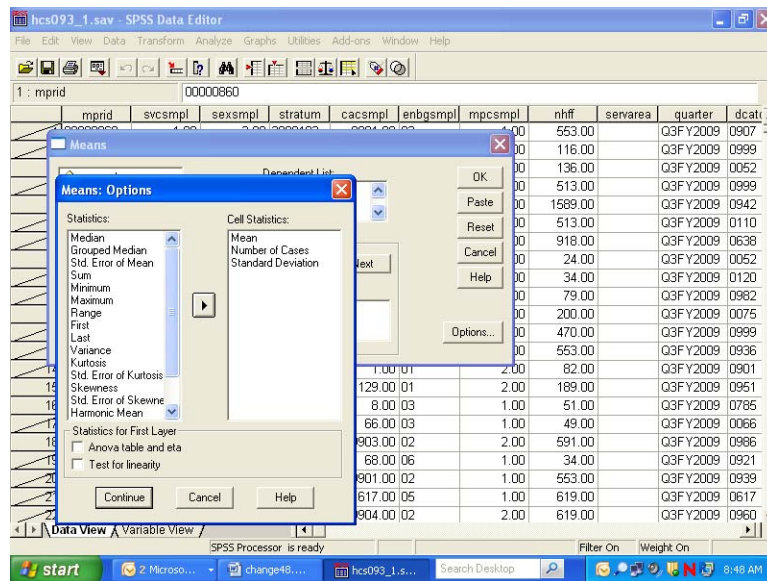

Click on **Next** in the center of the box to create a second layer. The following screen will open:

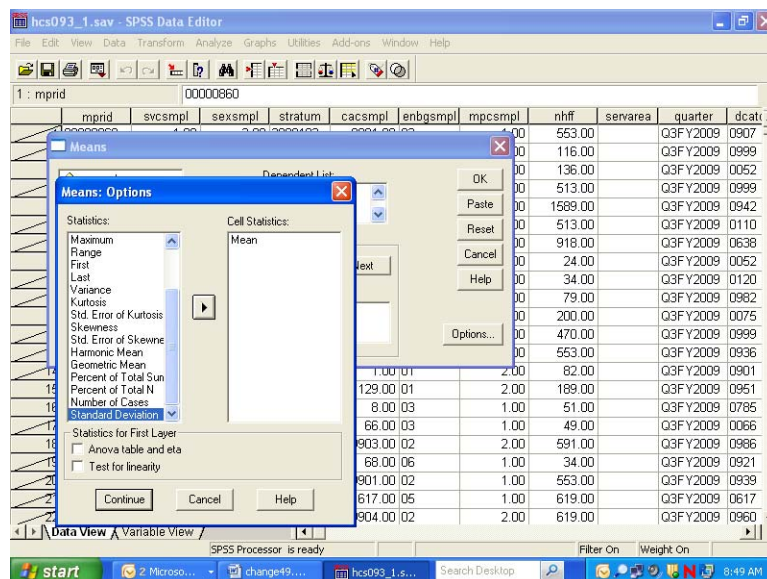

Notice that **Layer 2 of 2** is specified in the middle of the dialog box. Move **xsesa** from the variable list on the left into the box under **Independent List**. **Xsesa** is the second grouping variable. The screen should look like the following:

To set some options, click on **Options** and the following dialog box will open:

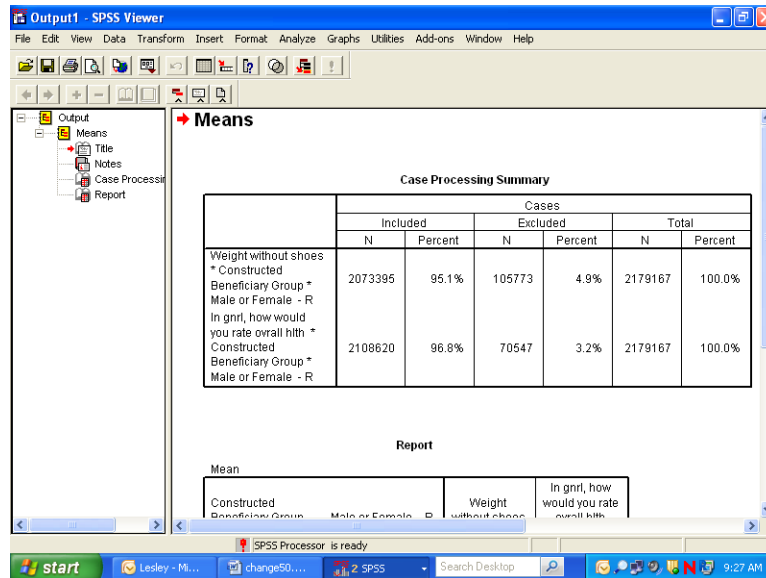

On the left of the box is a list of statistics, under **Statistics**. These are all the possible options for statistical output. In the box under **Cell Statistics** are the default output statistics for the analysis. In this case, **Mean** is the statistic of interest. Highlight **Number of Cases** and **Standard Deviation** and move them to the box at the left, removing them from the analysis, as follows:

Click on **Continue** and return to the previous screen. Click **OK**. The **Means** procedure will run. On the status line, **Running Means** will appear, and a counter for the number of cases processed will be activated.

When **Means** has finished processing, the **Output Navigator** window will open automatically. As the name suggests, the output window is not just for looking at output. A number of options are available for *navigating* through output, moving tables, and even editing the tables themselves.

The output is organized into two sections. On the left side is a navigating tool, which lists the components of the right side, the actual output. In the left pane, **Means** is indicated, and indented under it appear **Title**, **Notes**, **Case Processing Summary**, and **Report**. Clicking on **Means** highlights and selects all the elements. Lines appear around these elements in the right pane. The indenting indicates that the elements are hierarchically organized, with **Means** at the top. Clicking on any of the sub-elements selects just that element.

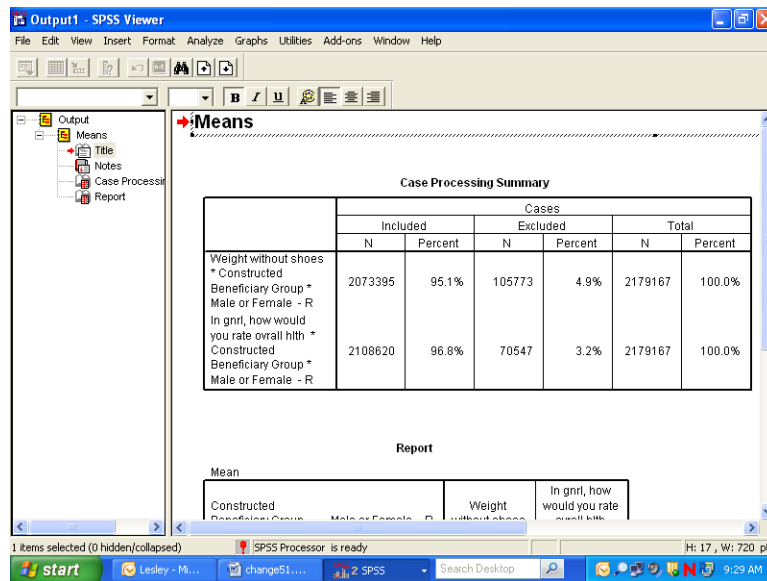

A closer look at the left pane reveals another feature. Hiding underneath the element icons are book icons. The books are either open or closed. If a book is closed, the element is *hidden*. Notice that the book under the **Notes** icon is closed. This is a default SPSS option. Double-clicking the icon will open the book, and the Notes will appear in the output. Double-clicking an **open** book will close it, and the physical element will *disappear* from the output. Closing a book and hiding the element does *not delete* the element.

It is possible to select elements in the right pane of the output. Simply click anywhere inside of the actual output element, and that element will be selected.

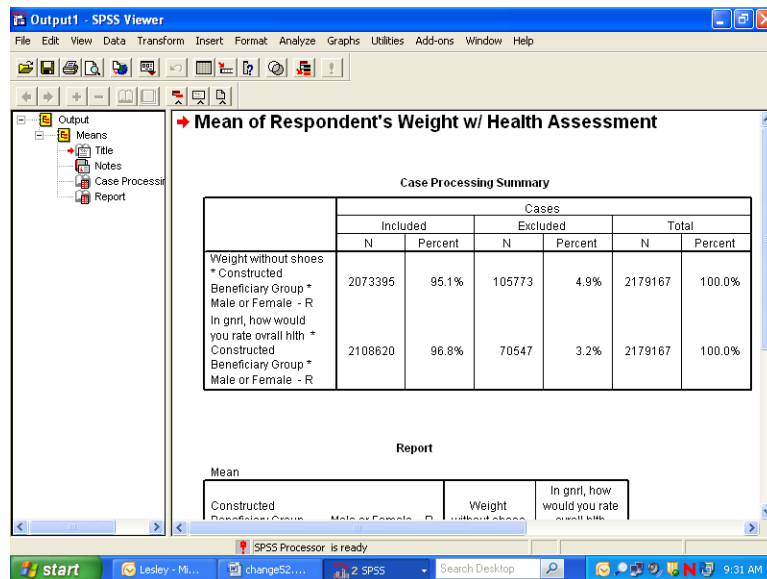

The output may contain many different procedures. The procedure name will be at the top of the list for each section in the left pane. The procedure name does not actually parallel physical output but indicates the category of the output elements.

As you click on each element in the left pane, you will notice that the screen jumps to the actual output of the element, in the right pane. When you click on the procedure name, you jump to the beginning of the next procedure output. This is a quick way to scroll through your output. It also lets you delete, move, and edit selected elements.

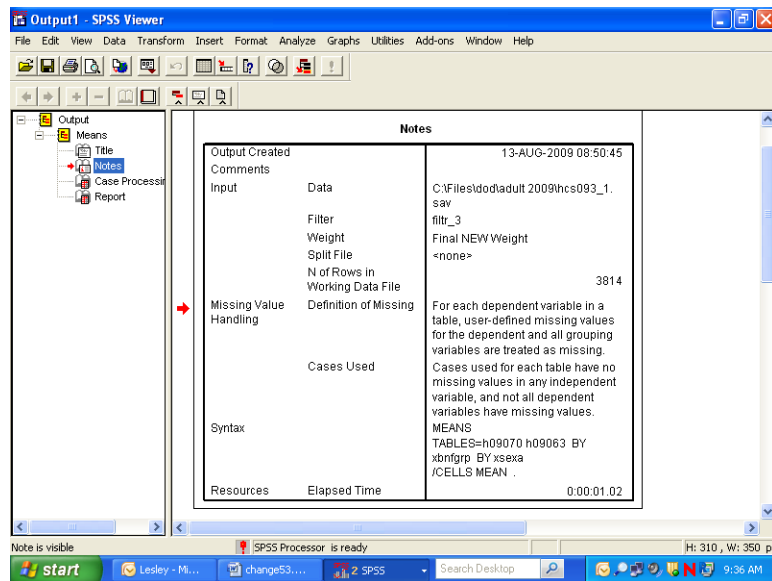

To **Edit** the **Title** element, **Means**, to create a more appropriate title, select the table title by clicking once on the **Title** icon in the left pane. A box now surrounds the title in the right pane. Double-click anywhere within this box, and a box appears around **Means**, as shown in the following screen.

You have entered the **edit** mode for this element, and the cursor appears inside the box. You can delete the word **Means** and write a title that relates to the information in the table. A possible title appears in the next screen. To exit edit mode, click anywhere outside the box. The change you made will be saved.

If you navigate to the next element, **Notes**, you see a closed book. Double-click this item, and the notes will appear as follows:

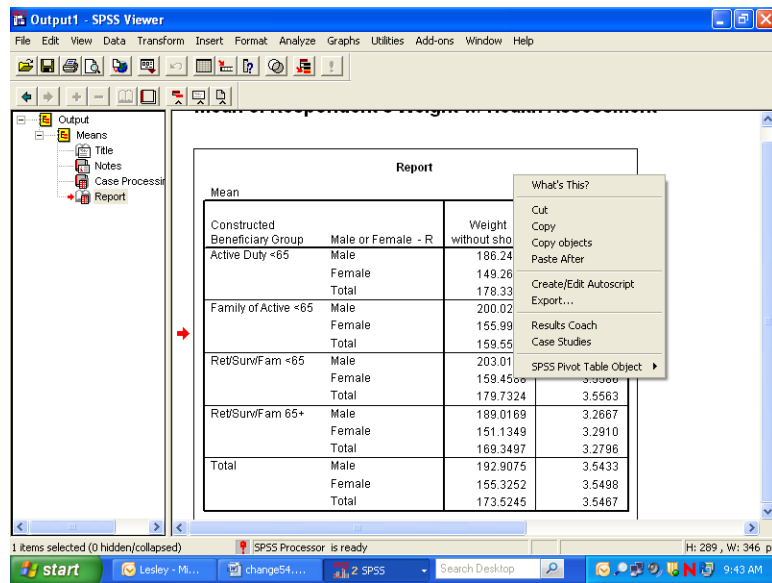

Decide if you want this information to appear in your report. If not, simply double-click the **Notes** icon, and the notes will again become hidden.

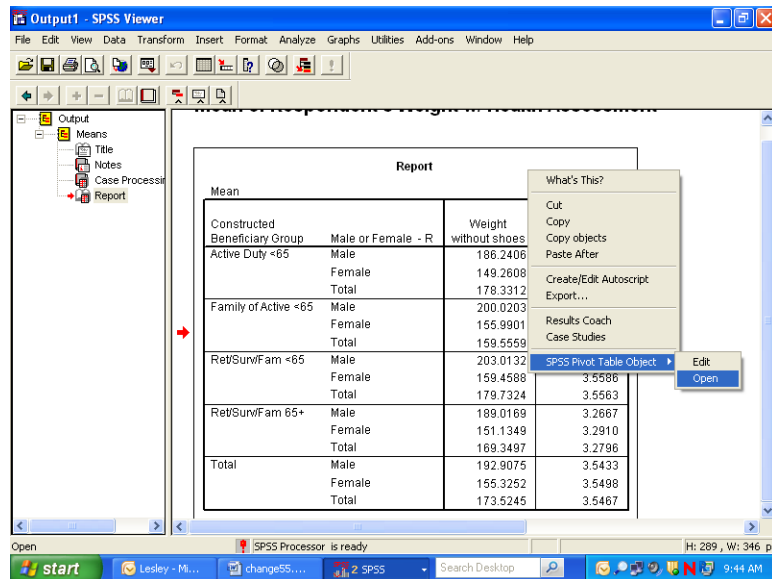

Navigate to **Case Processing Summary**. The table gives useful information about the number of cases included in and the number of cases excluded from a given procedure. This information is important for the researcher but probably not necessary for the report, so you would double click this item to hide it.

Navigate to **Report** to see the actual table output from the procedure **Means**. You can view this table by scrolling through the output. If the table is large, however, scrolling in the output window can be problematic. A better way to review the table is to open it as a **Pivot Table Object** in a special editor.

Select the table by clicking the **Report** icon or by clicking inside the table itself. A box will appear around the table. Insert the mouse pointer inside the table and right-click, opening the following dialog box:

Select **SPSS Pivot Table Object** and **Open** as pictured below:

The table will appear in a new screen superimposed on the output. Maximize this screen as shown below.

start | Inbox - Mic... | change59... | 3 SPSS | Search Desktop | 10:02 AM

Click inside the table section labeled **Male or Female - R** and repeat the above procedure. An improved table is shown in the following screen.

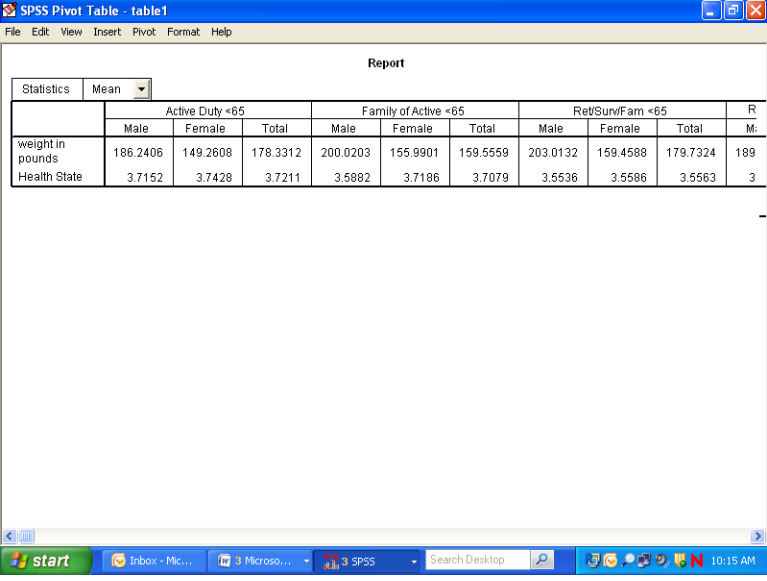

The screenshot shows the SPSS Pivot Table window titled "SPSS Pivot Table - table1". The menu bar includes File, Edit, View, Insert, Pivot, Format, and Help. The main area displays a report with the following data:

Statistics	Active Duty <65			Family of Active <65			Ret/Surv/Fam <65			R
	Male	Female	Total	Male	Female	Total	Male	Female	Total	
Weight without shoes	186.2406	149.2608	178.3312	200.0203	155.9901	159.5559	203.0132	159.4588	179.7324	189
In gnr, how would you rate overall hlth	3.7152	3.7428	3.7211	3.5882	3.7186	3.7079	3.5536	3.5586	3.5563	3

The mean values reported are formatted to allow space for the labels of the satisfaction variables. The spaces between the values are not pleasing to the eye. You can shorten these labels and add the lost information in another place, according to the following procedures:

Double-click on the label for health state. Delete the text, entering only the words, **Health State**. Do the same for the health care label, entering only the words, **weight in pounds**.

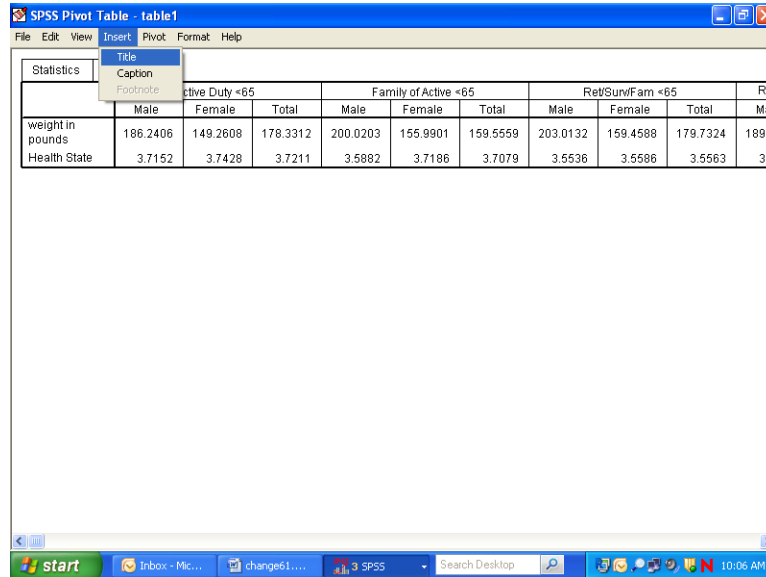

Double-click on the word, **Report**, in the center at the top of the table, right-click, and choose **Delete** from the dialog box.

The screenshot shows the modified SPSS Pivot Table window. The title bar remains "SPSS Pivot Table - table1". The menu bar is the same. The report area now displays the following data with shortened labels and the "Report" title removed:

Statistics	Active Duty <65			Family of Active <65			Ret/Surv/Fam <65			R
	Male	Female	Total	Male	Female	Total	Male	Female	Total	
weight in pounds	186.2406	149.2608	178.3312	200.0203	155.9901	159.5559	203.0132	159.4588	179.7324	189
Health State	3.7152	3.7428	3.7211	3.5882	3.7186	3.7079	3.5536	3.5586	3.5563	3

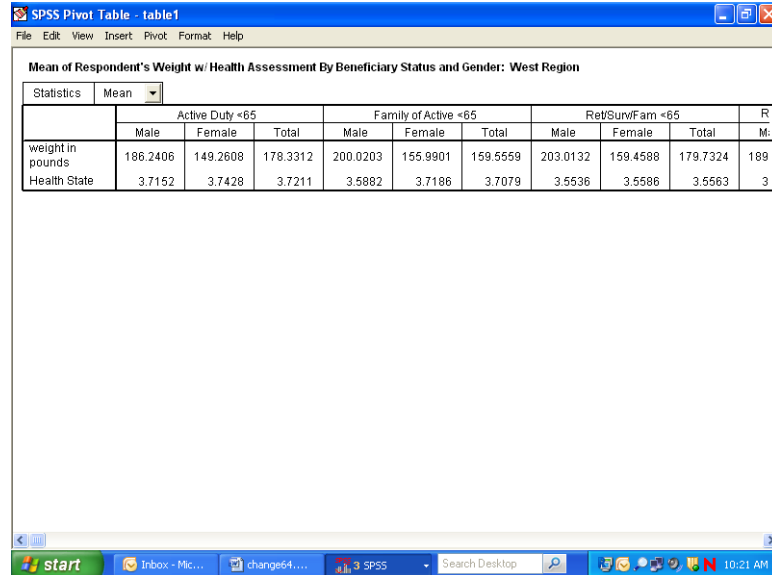

The resulting table is much more readable. You can then add the deleted information to clarify the table output. Open the **Insert** menu and choose **Title** as in the following:

The screenshot shows the SPSS Pivot Table window titled "table1". The "Insert" menu is open, and the "Title" option is selected. The pivot table displays data for "weight in pounds" and "Health State" across three categories: "Active Duty <65", "Family of Active <65", and "Ret/SurvFam <65". Each category is further broken down by "Male", "Female", and "Total". The "R" column shows the number of rows for each category.

	Active Duty <65			Family of Active <65			Ret/SurvFam <65			R
	Male	Female	Total	Male	Female	Total	Male	Female	Total	M:
weight in pounds	186.2406	149.2608	178.3312	200.0203	155.9901	159.5559	203.0132	159.4588	179.7324	189
Health State	3.7152	3.7428	3.7211	3.5882	3.7186	3.7079	3.5536	3.5586	3.5563	3

Type in a new title for the table. The final result appears below.

The screenshot shows the SPSS Pivot Table window titled "table1". The "Statistics" menu is open, and the "Mean" option is selected. The pivot table displays data for "weight in pounds" and "Health State" across three categories: "Active Duty <65", "Family of Active <65", and "Ret/SurvFam <65". Each category is further broken down by "Male", "Female", and "Total". The "R" column shows the number of rows for each category.

Mean of Respondent's Weight w/ Health Assessment By Beneficiary Status and Gender: West Region

Calculating Percents

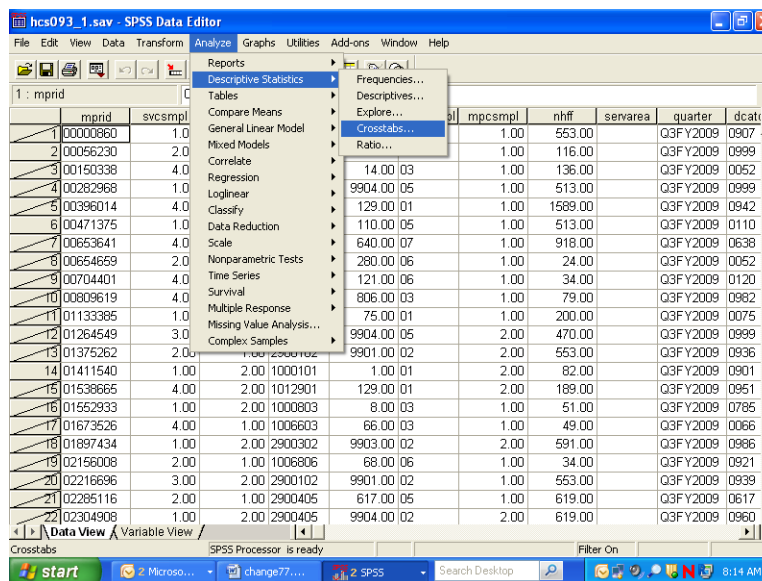

The **Crosstabs** procedure offers many options for analyzing data. The distribution of cases resulting from “crossing” one variable with another is often of interest. The number of cases, row percentages, column percentages, total percentages, and residuals are easily reproduced by **Crosstabs**. A full array of statistics is also available.

The examples given here involve examining relationships between variables, with a view toward the number of cases and the percent of cases in cells produced by “crossing” the variables.

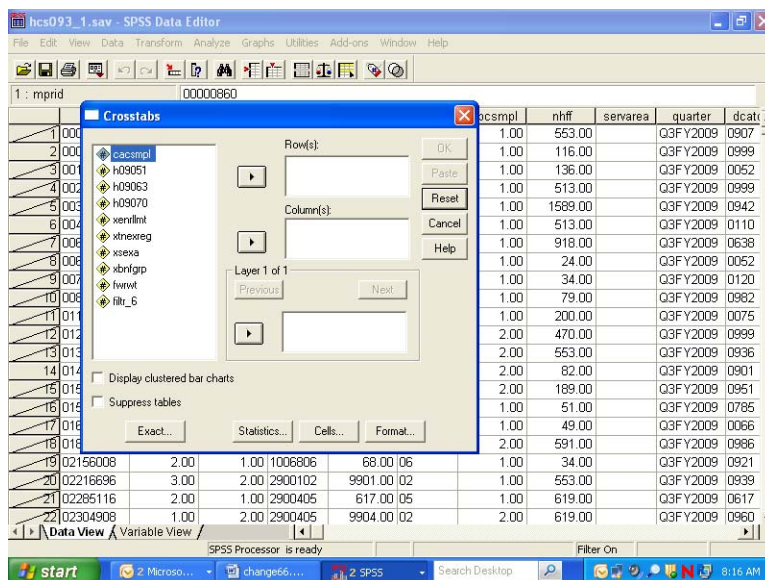

For example, suppose you want to see the percentage of people in the South catchment areas who answered “yes” or “no” to the question, “Did you ever smoke at least 100 cigarettes in your life?” The variables in this analysis are **cacsmp1** – the catchment area, and **H09051** – the questionnaire variable. The cases for the analysis are from the South only.

The first task is to build a new filter variable, assigning **1** to the variable when **XTNEXREG = 2**. You would call the variable **filtr_6** and build it the same way you built the filter, **filtr_3**. Cases from the South are selected when you activate the filter, and the other cases are filtered out. Check the status line for **Filter On**.

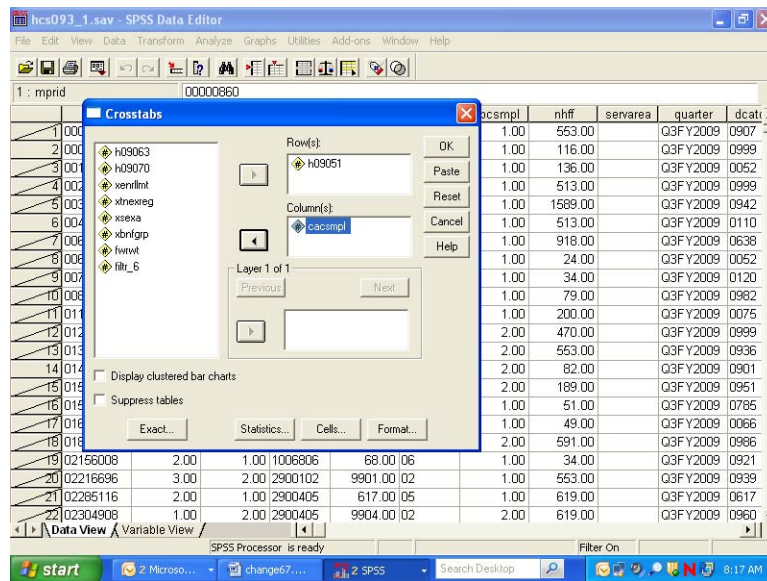

Next, open the **Analyze** menu in the **Data Window**, choosing **Descriptive Statistics** and **Crosstabs**, as shown below.

The **Crosstabs** dialog box will open as follows:

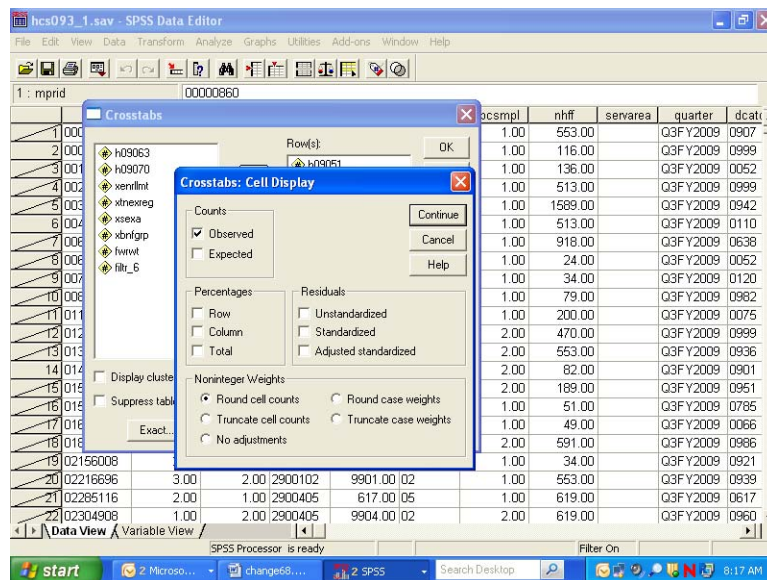

Move **H09051** from the variable list on the left into the box marked **Row(s)**, and move the variable **cacsmp1** into the box marked **Column(s)**. The screen will resemble the following:

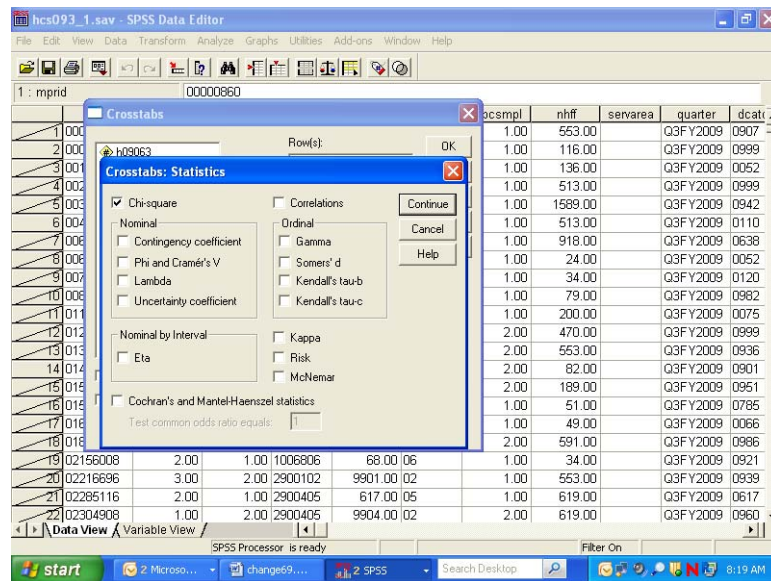

For this analysis, there are no **Layer** variables, so you can proceed to format the table cells.

Click on **Cells...** and open the following dialog box.

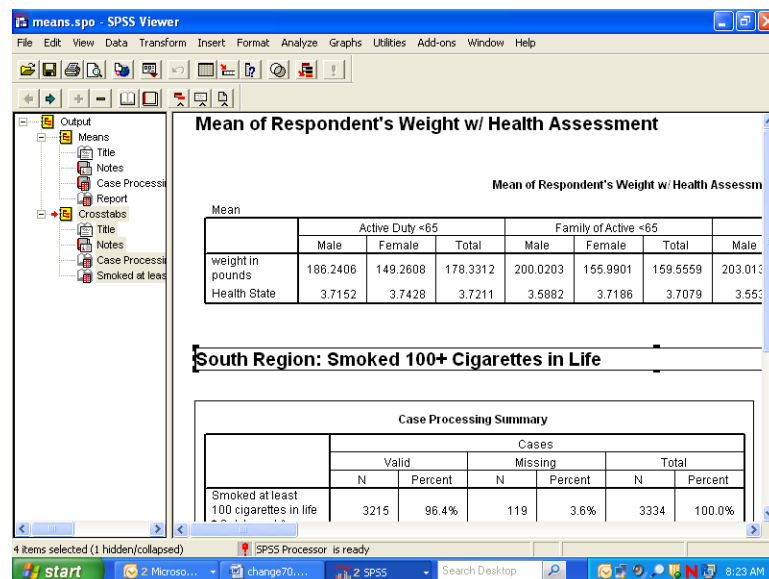

Under **Counts**, **Observed** is checked. This refers to the cell count, a statistic you want to see, so you would leave it checked. Under **Percentages**, check **Column** because you are interested in the percentage of people in each catchment area. Click **Continue** and return to the original screen.

Suppose you also want to see the chi-square statistic. Click on **Statistics**, and the following screen will open:

If you wanted to calculate Chi-square, you would check **Chi-square** as in the screen above, click **Continue** to return to the first screen, and click **OK** to run the procedure. **Running Crosstabs** will appear on the status line, together with the case counter.

When the run is completed, the output window will open, and you can proceed to reformat the table. For a given work session, SPSS appends new output to previous output--in our case, the **Means** procedure. As shown in the next screen, a second section now appears in the left pane, headed by the word **Crosstabs**. Navigate to the **Title** section and double-click inside the title box to change the text in the box to fit the table, as in the example below.

As you did for the **Means** procedure, you would again evaluate the **Notes** and examine the **Case Processing Summary**. Hide the **Notes** and the **Case Processing Summary** as you did before.

Navigate to the procedure icon. Follow the procedure for opening an **SPSS Pivot Table Object**, open the table in the special editor and maximize the screen as in the following:

SPSS Pivot Table - table3

Pivoting Trays3

Layers

Columns

Rows

Row

This tool reflects the table structure: rows, columns, and layers. The icons in the margins of the pivoting trays represent the table elements: the variables and the cell statistics. Place the mouse pointer on each icon and notice the element name appear. In this example, on the ROW axis, you would find the variable, **H09051** – smoked at least 100 cigarettes in life, and **Statistics** – the percent of people in each catchment area. On the column axis is the variable, **cacsmpl** – the catchment area.

Place the mouse pointer on the **Statistics** icon. Click and drag the icon from the ROW to the COLUMN dimension. The table immediately reformats as in the following screen:

SPSS Pivot Table - table3

File Edit View Insert Pivot Format Help

Smoked at least 100 cigarettes in life * Catchment Area Crosstabulation

		Catchment Area					
		Redstone Ars/Ft McClellan		Ft. Rucker		Maxwell AF	
		Count	% within Catchment Area	Count	% within Catchment Area	Count	% within C
Smoked at least 100 cigarettes in life	Yes	57	39.9%	17	45.9%	23

Total		143	100.0%	37	100.0%	76	

Pivoting Trays3

Layers

Columns

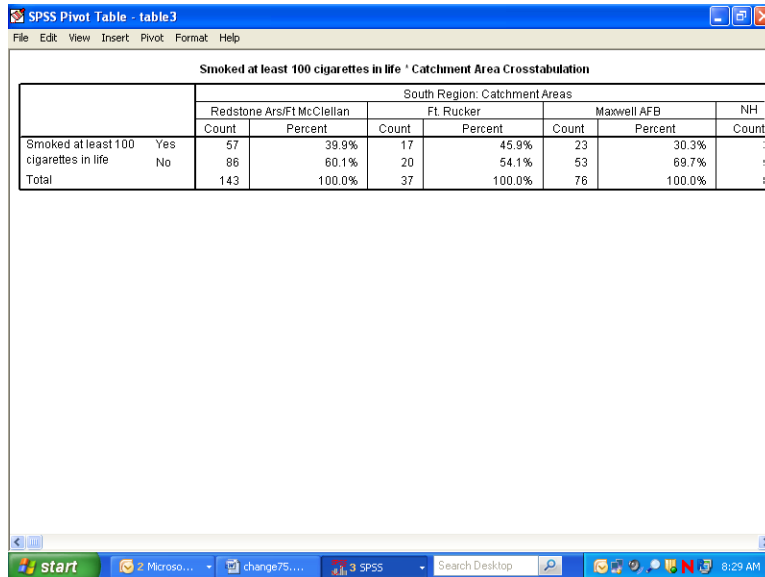

Rows

Row

Close the pivoting tool and scroll from side to side in the table. Again, the table appears too wide, but the report will print properly. Notice that the table is much more readable.

The label at the top of the table is the **Variable Label** for **cacsmpl**. Select it by double-clicking and edit it for clarity (see the screen below).

The table is now formatted to accommodate the long percent label, creating a lot of wasted space. Double-click this element, delete the text, and replace it with the word, “Percent”. The empty space disappears and the table appears as follows:

SPSS Pivot Table - table3

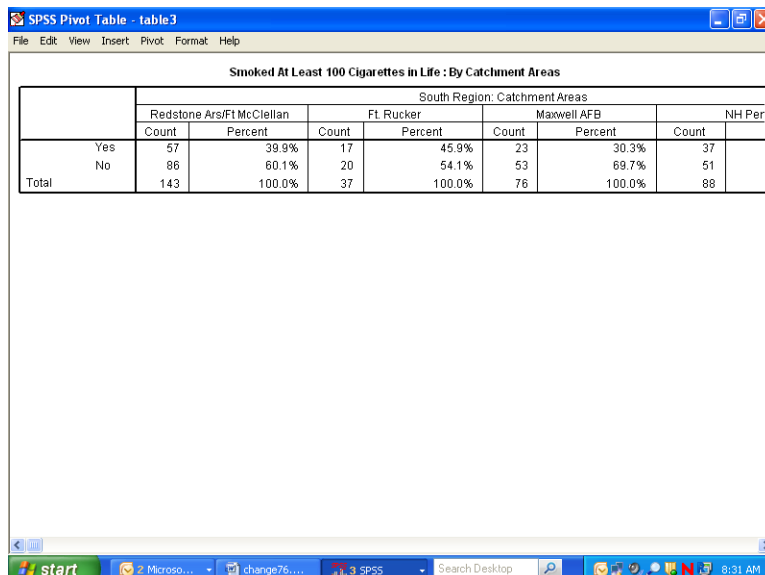

File Edit View Insert Pivot Format Help

Smoked at least 100 cigarettes in life * Catchment Area Crosstabulation

		South Region: Catchment Areas							
		Redstone Ars/Ft McClellan		Ft. Rucker		Maxwell AFB		NH	
		Count	Percent	Count	Percent	Count	Percent	Count	Percent
Smoked at least 100 cigarettes in life	Yes	57	39.9%	17	45.9%	23	30.3%		
	No	86	60.1%	20	54.1%	53	69.7%		
Total		143	100.0%	37	100.0%	76	100.0%		

Next, notice that the label for **H09051** is awkward. Select and clear it.

Last, edit the text in the table label so that it better expresses the content of the table. The finished table appears as follows:

SPSS Pivot Table - table3

File Edit View Insert Pivot Format Help

Smoked At Least 100 Cigarettes in Life : By Catchment Areas

		South Region: Catchment Areas							
		Redstone Ars/Ft McClellan		Ft. Rucker		Maxwell AFB		NH Per	
		Count	Percent	Count	Percent	Count	Percent	Count	Percent
Yes		57	39.9%	17	45.9%	23	30.3%	37	
No		86	60.1%	20	54.1%	53	69.7%	51	
Total		143	100.0%	37	100.0%	76	100.0%	88	

Check **Print Preview** to see if the table is acceptable.

The last example shows you how to add a **Layer** dimension to a **Crosstabs** analysis. Using the same row variable, **H09051**, suppose you want to look at the percentage of people by their enrollment status in TRICARE Prime, **xenrlimt**, who smoked at least 100 cigarettes in their lifetime. Suppose you are also interested in sex differences, **xsexa**, among the groupings. **Xsexa** is the **Layer** variable. You want to remain in the South region, using **filtr_6** as the filter variable. The cases will be weighted by **FWRWT**.

The status line indicates **Weight On** and **Filter On**. Verify that both the weight and the filter variables are appropriate.

Once more, open the **Crosstabs** dialog box, enter the analysis variables, and set the **Cells** options, checking **Column** under **Percentages** until the dialog box looks like the following:

Do the following:

- Run Crosstabs.
- Edit the **Title** element in the **Output Navigator**.
- Examine **Notes** and the **Case Processing Summary** to verify that the crosstab ran as expected.
- Open the table as an **SPSS Pivot Table Object**, and the following will appear:

SPSS Pivot Table - table4

File Edit View Insert Pivot Format Help

Smoked at least 100 cigarettes in life ' Enrollment in TRICARE Prime ' Male or Female - R
Crosstabulation

				Enrollment in TRICARE Prime

CALCULATING VARIANCES OF ESTIMATES

Sampling error occurs when estimates are derived from a sample rather than a complete census of the population. The sample used for a particular survey is only one of a large number of possible samples of the same size and design that could have been selected. Even if the same questionnaire and instructions were used, the estimates from each sample would differ from the others. The standard error (or square root of the variance) indicates the magnitude of the sampling error and thus measures the precision expected from a particular sample.

It is desirable to assess the accuracy of an estimate. The standard error of a survey estimate measures the precision with which an estimate from one sample approximates the true population value. The standard error can be used to construct confidence intervals for survey parameters, within which the true parameter lies within a measurable degree of certainty.

This section explains how to estimate standard errors or variances for estimators computed from the Quarter III, 2009 Adult HCSDB. For a full discussion of variance estimation methods, see Wolter (1985) and references cited therein.

Variance Estimation Methods

To account for complex estimators for the sample design¹, it is customary to use either Taylor series linearization or a resampling method for variance estimation. Neither variance estimation method is, in general, better so the choice of one or the other is largely a matter of convenience. To help users to estimate standard errors using Taylor series linearization or Jackknife replication, the public release files for the Quarter III, 2009 Adult HCSDB include the following variables:

- The stratum variable (STRATUM) for the Taylor series linearization method
- Quarterly final weight (FWRWT)
- Quarterly jackknife replicate weights (FWRWT01 to FWRWT60)

Three popular software packages are available for performing Taylor series linearization method: SAS/STAT[®] version 8.0 or higher, SUDAAN[™] (Research Triangle Institute, 2001) and WesVarPC (Brick et al. 1996), respectively. The last two software packages can be used for replication methods including Jackknife variance estimation. The discussion below explains how SUDAAN and SAS are used to calculate variance estimates using Taylor series linearization method, and how SUDAAN and WesVarPC are used to calculate variance estimates using Jackknife replication method.

Taylor Series Linearization Method

For most sample designs (including the Quarter III, 2009 Adult HCSDB), design-based variance estimates for linear estimators of totals or means can be obtained with explicit formulas. However, nonlinear functions such as ratios do not have exact expressions for the variance. The Taylor series linearization method approximates the variance of a nonlinear estimator with the variances of the linear terms from the Taylor series expansion. Woodruff (1971) presented applications of this technique to sample surveys. Details on this method can also be found in “The 2009 Health Care Survey of DoD Beneficiaries: Adult Technical Manual”.

¹The 2009 HCSDB uses a stratified sampling design. For details, see “Health Care Survey of DoD Beneficiaries: 2009 Adult Sampling Report.” Washington, DC: Mathematica Policy Research, August 2008.

To calculate variance estimates based on the Taylor series linearization method with HCSDB's stratified sampling design, both the stratum variable (STRATUM) and the final weight (FWRWT) specified for each data record are needed.

SUDAAN

SUDAAN incorporates the final analysis weight and the survey design to obtain estimates and their sampling errors. With a small overall sampling rate of about 1 percent, you can use the with-replacement design procedure (STRWR) in calculating standard errors.

All SUDAAN procedures require the following:

- The specification of sampling design. The terminology for the stratified with-replacement sample design is DESIGN = STRWR.
- The data file sorted by the variable specified in the NEST statement. For the Quarter III, 2009 Adult HCSDB, the data file for adults must be sorted by STRATUM before using any SUDAAN procedure.
- A FILE TYPE appropriate for SUDAAN, if you use a stand-alone SUDAAN program. For example, some SUDAAN PC versions under Windows or MS-DOS accept only V6.02 through V6.04 SAS files, and FILE TYPE must be specified as SAS. SAS-callable SUDAAN is also available and can be invoked directly in a SAS program with any available SAS file as input; FILE TYPE is not needed here.
- The WEIGHT variable is FWRWT.

The following program is an example of how to use SUDAAN to calculate variance estimates for a mean statistic. Suppose you want to estimate:

- The rating of a specialist (H09031), among all beneficiaries in the past 12 months who who have smoked at least 100 cigarettes in their entire life (H09051=1) for each TNEX region (XTNEXREG)

```
PROC DESCRIPT DATA=HCSDB /*FILETYPE=SAS*/ DESIGN=STRWR;  
  WEIGHT      FWRWT;  
  NEST        STRATUM;  
  SUBPOPN     H09051=1;  
  SUBGROUP    XTNEXREG;  
  LEVELS      4;  
  VAR         H09031;  
  RUN;
```

The following program is an example of how to use SUDAAN to calculate variance estimates for column percentages or row percentages. Suppose you want to estimate:

- A cross tabulation of respondents in TNEX region 3 who last had a blood pressure reading less than 12 months ago, 1 to 2 years ago, and more than 2 years ago (H09048) by TRICARE enrollment (XENRLLMT).

```
PROC CROSSTAB DATA=HCSDB /*FILETYPE=SAS*/ DESIGN=STRWR;  
  WEIGHT      FWRWT;  
  NEST        STRATUM;  
  SUBPOPN     XTNEXREG = 3;  
  SUBGROUP    H09048 XENRLLMT;  
  LEVELS      3 5;
```

**TABLES
RUN;**

H09048 *XENRLLMT;

From the above examples, users should note that:

- PROC DESCRIPT can be used to compute estimates of means and the corresponding standard errors.
- PROC CROSSTAB can be used to compute estimates of proportions and the corresponding standard errors.

For a more detailed and complete discussion of how to use SUDAAN, see Research Triangle Institute (2001).

SAS

SAS/STAT version 8.0 and higher provide procedures for survey sampling. These procedures can be used to analyze data from a stratified random sampling. These procedures include:

- PROC SURVEYMEANS: for estimating population means, totals, and proportions, including domain (subpopulation) estimates
- PROC SURVEYREG: for performing linear regression model fitting.

The following procedures were added to SAS/STAT version 9.0:

- PROC SURVEYFREQ: for constructing one-way frequency tables, two-way and multiway crosstabulation tables, and estimating population totals and proportions
- PROC SURVEYLOGISTIC: for performing cumulative logit regression model fitting, logit, complementary log-log, and probit link functions, and generalized logit regression model fitting.

The above procedures currently provide only the Taylor series linearization method to estimate standard error or variance of the estimate.

The following program is an example of how to use SAS/STAT to calculate variance estimates for a mean statistic. Suppose you want to estimate:

- The rating of a specialist (H09031), among all beneficiaries in the past 12 months who ever smoked (H09051=1) for each TNEX region (XTNEXREG)

```
PROC SURVEYMEANS DATA=HCSDB;  
WEIGHT          FWRWT;  
STRATA          STRATUM;  
DOMAIN          H09051 * XTNEXREG;  
VAR             H09031;  
RUN;
```

The above codes will provide output for H09051=1 and 2. User only needs to use output from H09051=1.

The following program is an example of how to use SAS/STAT to calculate variance estimates for column percentages or row percentages. Suppose you want to estimate:

- A cross tabulation of respondents in each TNEX region who last had a blood pressure reading less than 12 months ago, 1 to 2 years ago, and more than 2 years ago (H09048) by TRICARE enrollment (XENRLLMT).

```
PROC SURVEYFREQ DATA=HCSDB;  
WEIGHT          FWRWT;  
STRATA          STRATUM;  
TABLES          XTNEXREG * H09048 * XENRLLMT;  
RUN;
```

For a more detailed and complete discussion of how to use SAS/STAT, see SAS Institute Inc. (1999).

Jackknife Replication Method

Another popular way to estimate the variance is to use a resampling method such as Jackknife replication, balanced repeated replication, random groups, or the bootstrap method. Like other replication methods, Jackknife replication constructs a number of subsamples (replicates) from the full sample and computes the statistics of interest for each replicate (with the same formula as the full sample estimate). The mean square error of the replicate estimates around their corresponding full estimate provides an estimate of the sampling variance of the statistic of interest regardless of the functional form of the statistic.

There are 60 replicate weights (FWRWT01-FWRWT60) for the Quarter III, 2009 Adult HCSDB file. Construction of these weights is described in the “2009 Health Care Survey of DoD Beneficiaries: Adult Technical Manual”. With the replicate weights, you can produce Jackknife standard errors using in-house or custom written software, or you can use a publicly available software package such as WesVarPC or SUDAAN 7.5. Because WesVarPC 2.02 is available as freeware on the World Wide Web (<http://www.westat.com/wesvar/demo/index.html>), the following example explains how it is used to produce Jackknife variance estimates for statistics from the Quarter III, 2009 Adult HCSDB.

Suppose you want to estimate the mean rating of specialists (H09031) by beneficiaries who were smokers (H09051=1) for each region (XTNEXREG). You would use SUDAAN or WesVarPc as follows.

SUDAAN

```
PROC DESCRIPT DATA=HCSDB DESIGN=JACKKNIFE;  
WEIGHT          FWRWT ;  
JACKWGTS        FWRWT1-FWRWT60 / ADJJACK=1 ;  
SUBPOPN         H09051=1;  
SUBGROUP        XTNEXREG;  
LEVELS          4;  
VAR             H09031 ;  
OUTPUT          NSUM MEAN SEMEAN / TABLECELL=DEFAULT FILENAME=OUT1 ;  
RUN;
```

WESVARPC

- **Create a SAS V6.04 file, SAS Transport file, or ASCII file.** WesVarPC has a restriction for the input data format. All files must be converted to one of these three types of files before being imported to WesVarPC.
- **Create a WesVarPC data file.** From the *Prep* menu, choose the *Import Data Files* screen and import all variables for the analysis. For this example, input H09051, H09031, and XTNEXREG

into the **Variables** box, FWRWT1-FWRWT60 into the **Replicates** box, and MPRID into the **ID** box. Also specify the replication method as JK1 on this screen.

- Create a data file for the subpopulation. Specify the subpopulation by choosing the *Subpop WesVarPC Data File* from the *Prep* menu: H09051=1.
- **Calculate estimates.** From the **Tables** menu, choose **New** and select the file created from the above procedure. Then, from the **Table Request** screen, specify H09031 as the **Analysis** variable, MEAN (H09031) as the **Compute Statistics**, and XTNEXREG as the **Table**.

The above steps can also be followed to produce standard errors. The WesVarPC user's manual (Brick et al. 1996) provides other possible methods for producing standard errors. The latest WesVarPC 4.0 is no longer freeware and can be purchased from Westat.

Chapter

5

Codebook

This chapter describes every variable in the database. This codebook will also be helpful in identifying which data are available for various analyses, and what, if any, recoding of variables will meet your needs. It may also be useful in reviewing output.

The variables are in order based on their order in the database. An alphabetical listing (see Table of Contents) is provided to assist in locating variables.

The codebook contains frequency distributions for both discrete and continuous variables. A discrete variable is one that has only a few values. A continuous variable may have many possible values.

Below are two examples of the presentation of variables in the codebook. For each variable, we include the variable name, definition, weighted and unweighted frequency distributions, and the format value for each value. The first example contains a frequency distribution for a discrete variable.

H09011 - In last year: days between making an appointment for regular or routine care and actually seeing a provider					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
.	522	4.45	468930.80	6.46	Did not answer
C	106	0.90	89400.53	1.23	Should be skipped
N	1855	15.83	967881.70	13.33	Didn't have an appointment in past year
1	938	8.00	714700.90	9.84	Same day
2	1059	9.04	693322.50	9.55	1 day
3	2051	17.50	1268177.00	17.46	2 to 3 days
4	2182	18.62	1307443.00	18.00	4 to 7 days
5	1671	14.26	913783.80	12.58	8 to 14 days
6	1015	8.66	590858.80	8.14	15 to 30 days
7	319	2.72	248274.50	3.42	31 days or longer

The table below contains an example of a frequency distribution for a continuous variable: age. The frequency does not list every possible value of age individually but instead shows several age ranges that together cover all possible values of age. You will notice that the last range representing ages “75 years and older” includes 369 respondents age 75 and older.

DAGEQY - Age at time of data collection					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
017	1	0.01	1281.53	0.02	013--017
018 -- 034	4006	34.19	2325832.00	32.02	018--034
035 -- 044	2686	22.92	938690.80	12.92	035--044
045 -- 054	2069	17.66	824398.70	11.35	045--054
055 -- 064	2130	18.18	1327255.00	18.27	055--064
065 -- 074	457	3.90	1022268.00	14.08	065--074
075 -- 099	369	3.15	823046.90	11.33	075 yrs and older

MPRID - Unique MPR identifier					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
00000860 -- 12944450	11718	100.00	7262773.00	100.00	00000001--99999999

SVCSMPL - Branch of service sampling variable					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
1	3838	32.75	2896513.00	39.88	Army
2	2670	22.79	1621369.00	22.32	Navy
3	613	5.23	497331.10	6.85	Marine Corps
4	4184	35.71	2062723.00	28.40	Air Force
5	332	2.83	163909.70	2.26	Coast Guard
6	81	0.69	20926.31	0.29	Other/Unknown

SEXSMPL - Sex sampling variable					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
1	6342	54.12	3674302.00	50.59	Male
2	5376	45.88	3588471.00	49.41	Female

STRATUM - Sampling stratum					
Value	Unweighted		Weighted		Formatted Value
	Count	Percent	Count	Percent	
0999911	72	0.61	55408.52	0.76	999911
1000101	14	0.12	1382.61	0.02	1000101

ANNOTATED QUESTIONNAIRE – QUARTER III

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

Health Care Survey of DoD Beneficiaries

April 2009

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

According to the Privacy Act of 1974 (Public Law 93-579), the Department of Defense is required to inform you of the purposes and use of this survey. Please read it carefully.

Authority: 10 U.S.C., Chapter 55; Section 706, Public Law 102-484; E.O. 9397.

Purpose: This survey helps health policy makers gauge beneficiary satisfaction with the current military health care system and provides valuable input from beneficiaries that will be used to improve the Military Health System.

Routine Uses: None

Disclosure: Voluntary. Failure to respond will not result in any penalty to the respondent. However, maximum participation is encouraged so that data will be as complete and representative as possible.

YOUR PRIVACY

Your participation in this survey effort is very important. Your responses are confidential and your participation is voluntary. The number on the back of this survey is ONLY used to let us know if you returned your survey so we don't have to send you reminders.

This is your opportunity to tell officials of your opinions and experiences with the current military health care system. It is also an opportunity to provide feedback and identify areas where improvements are needed.

The survey processing center removes all identifying information before sending the results to the Department of Defense.

Your information is grouped with others and no individual information is shared. Only group statistics will be compiled and reported. No information about you as an individual will be disclosed.

SURVEY INSTRUCTIONS

Answer all the questions by checking the box to the left of your answer. You are sometimes told to skip over some questions in this survey. When this happens you will see an arrow with a note that tells you what question to answer next, like this:

☒ Yes → **Go to Question 42**
☐ No

Please return the completed questionnaire in the enclosed postage-paid envelope within **seven days**. If the envelope is missing, please send to:

Office of the Assistant Secretary of Defense (Health Affairs)
TMA/HPAE
c/o Synovate Survey Processing Center
PO Box 5030
Chicago, IL 60680-4138

SURVEY STARTS HERE

As an eligible TRICARE beneficiary, please complete this survey even if you did not receive your health care from a military facility.

Please recognize that some specific questions about TRICARE benefits may not apply to you, depending on your entitlement and particular TRICARE program.

This survey is about the health care of the person whose name appears on the cover letter. The questionnaire should be completed by that person. If you are not the addressee, please give this survey to that person.

1. Are you the person whose name appears on the cover letter? H09001

1 ☐ Yes → **Go to Question 2**
2 ☐ No → Please give this questionnaire to the person addressed on the cover letter.

2. By which of the following health plans are you currently covered? H09002A-H09002R

MARK ALL THAT APPLY.

Military Health Plans

- A ☐ TRICARE Prime (including TRICARE Prime Remote and TRICARE Overseas)
C ☐ TRICARE Extra or Standard (CHAMPUS)
N ☐ TRICARE Plus
O ☐ TRICARE for Life
P ☐ TRICARE Supplemental Insurance
Q ☐ TRICARE Reserve Select

Other Health Plans

- F ☐ Medicare
G ☐ Federal Employees Health Benefit Program (FEHBP)
H ☐ Medicaid
I ☐ A civilian HMO (such as Kaiser)
J ☐ Other civilian health insurance (such as Blue Cross)
K ☐ Uniformed Services Family Health Plan (USFHP)
M ☐ The Veterans Administration (VA)
R ☐ Government health insurance from a country other than the US
L ☐ Not sure

3. Which health plan did you use for all or most of your health care in the last 12 months?

MARK ONLY ONE ANSWER.

H09003

See Note 1

- 1 ☐ TRICARE Prime
- 3 ☐ TRICARE Extra or Standard (CHAMPUS)
- 11 ☐ TRICARE Plus
- 12 ☐ TRICARE Reserve Select
- 4 ☐ Medicare (may include TRICARE for Life)
- 5 ☐ Federal Employees Health Benefit Program (FEHBP)
- 6 ☐ Medicaid
- 7 ☐ A civilian HMO (such as Kaiser)
- 8 ☐ Other civilian health insurance (such as Blue Cross)
- 9 ☐ Uniformed Services Family Health Plan (USFHP)
- 10 ☐ The Veterans Administration (VA)
- 13 ☐ Government health insurance from a country other than the US
- 5 ☐ Not sure
- 6 ☐ Did not use any health plan in the last 12 months → [Go to Question 5](#)

For the remainder of this questionnaire, the term health plan refers to the plan you indicated in Question 3.

4. How many months or years in a row have you been in this health plan?

H09004

See Note 1

- 1 ☐ Less than 6 months
- 2 ☐ 6 up to 12 months
- 3 ☐ 12 up to 24 months
- 4 ☐ 2 up to 5 years
- 5 ☐ 5 up to 10 years
- 6 ☐ 10 or more years

YOUR HEALTH CARE IN THE LAST 12 MONTHS

These questions ask about your own health care. Do not include care you got when you stayed overnight in a hospital. Do not include the times you went for dental care visits.

5. In the last 12 months, where did you go most often for your health care?

H09005

MARK ONLY ONE ANSWER.

- 1 ☐ A military facility – This includes: Military clinic, Military hospital, PRIMUS clinic, NAVCARE clinic
- 2 ☐ A civilian facility – This includes: Doctor's office, Clinic, Hospital, Civilian TRICARE contractor
- 3 ☐ Uniformed Services Family Health Plan facility (USFHP)
- 4 ☐ Veterans Affairs (VA) clinic or hospital
- 5 ☐ I went to none of the listed types of facilities in the last 12 months

6. In the last 12 months, did you have an illness, injury, or condition that needed care right away in a clinic, emergency room, or doctor's office?

H09006

See Note 2

- 1 ☐ Yes
- 2 ☐ No → [Go to Question 9](#)

7. In the last 12 months, when you needed care right away, how often did you get care as soon as you thought you needed?

H09007

See Note 2

- 1 ☐ Never
- 2 ☐ Sometimes
- 3 ☐ Usually
- 4 ☐ Always
- 6 ☐ I didn't need care right away for an illness, injury or condition in the last 12 months

8. In the last 12 months, when you needed care right away for an illness, injury, or condition, how long did you usually have to wait between trying to get care and actually seeing a provider?

H09008

See Note 2

- 1 ☐ Same day
- 2 ☐ 1 day
- 3 ☐ 2 days
- 4 ☐ 3 days
- 5 ☐ 4-7 days
- 6 ☐ 8-14 days
- 7 ☐ 15 days or longer
- 6 ☐ I didn't need care right away for an illness, injury or condition in the last 12 months

9. In the last 12 months, not counting the times you needed health care right away, did you make any appointments for your health care at a doctor's office or clinic?

H09009

See Note 3

- 1 ☐ Yes
- 2 ☐ No → [Go to Question 12](#)

10. In the last 12 months, not counting times you needed care right away, how often did you get an appointment for your health care at a doctor's office or clinic as soon as you thought you needed?

H09010

See Note 3

- 1 ☐ Never
- 2 ☐ Sometimes
- 3 ☐ Usually
- 4 ☐ Always
- 6 ☐ I had no appointments in the last 12 months

11. In the last 12 months, not counting the times you needed health care right away, how many days did you usually have to wait between making an appointment and actually seeing a provider?

H09011

See Note 3

- 1 ☐ Same day
- 2 ☐ 1 day
- 3 ☐ 2-3 days
- 4 ☐ 4-7 days
- 5 ☐ 8-14 days
- 6 ☐ 15-30 days
- 7 ☐ 31 days or longer
- 6 ☐ I had no appointments in the last 12 months

12. In the last 12 months, how many times did you go to an emergency room to get care for yourself?

H09012

1 ☐ None → [Go to Question 20](#)

See Note 3A1

2 ☐ 1

3 ☐ 2

4 ☐ 3

5 ☐ 4

6 ☐ 5 to 9

7 ☐ 10 or more

13. The last time you visited an emergency room, did you go to the emergency room to treat an accident or injury or for some other health problem?

S09W01

1 ☐ Accident or injury

2 ☐ Some other reason

-5 ☐ Don't know

-6 ☐ I had no emergency room visits in the last 12 months → [Go to Question 20](#)

See Note 3A1

14. Before going to the emergency room, were you able to contact a doctor or other health professional about this problem?

S09W02

See Notes 3A1 and 3A2

1 ☐ Yes

2 ☐ No → [Go to Question 16](#)

-5 ☐ Don't know → [Go to Question 16](#)

15. Did the doctor or health professional tell you to go to the emergency room?

1 ☐ Yes → [Go to Question 20](#)

2 ☐ No

-5 ☐ Don't know

S09W03

See Notes 3A1, 3A2, and 3A3

16. Before going to the emergency room or calling for emergency medical assistance, did you try to see or call a doctor or other health professional about this problem?

S09W04

See Notes 3A1 and 3A3

1 ☐ Yes

2 ☐ No

-5 ☐ Don't know

17. At the time you went to the emergency room, were there any places other than an emergency room where you could have gone to treat this problem?

S09W05

1 ☐ Yes

See Notes 3A1, 3A3, and 3A4

2 ☐ No → [Go to Question 19](#)

-5 ☐ Don't know → [Go to Question 19](#)

18. Why did you decide to go to an emergency room instead of the alternative?

S09W06

See Notes 3A1, 3A3, and 3A4

MARK ONLY ONE ANSWER.

1 ☐ Other choices were closed at the time

2 ☐ Other choices were too far away

3 ☐ Other choices cost too much

4 ☐ Other reason

-5 ☐ Don't know

19. As a result of this emergency room visit, were you admitted to the hospital for an overnight stay?

S09W07

See Notes 3A1 and 3A3

1 ☐ Yes

2 ☐ No

-5 ☐ Don't know

20. In the last 12 months (not counting times you went to an emergency room), how many times did you go to a doctor's office or clinic to get health care for yourself?

1 ☐ None → [Go to Question 26](#)

2 ☐ 1

3 ☐ 2

4 ☐ 3

5 ☐ 4

6 ☐ 5 to 9

7 ☐ 10 or more

H09013

See Note 4

21. In the last 12 months, how often did you and a doctor or other health provider talk about specific things you could do to prevent illness?

H09014

See Note 4

1 ☐ Never

2 ☐ Sometimes

3 ☐ Usually

4 ☐ Always

22. Choices for your treatment or health care can include choices about medicine, surgery, or other treatment. In the last 12 months, did a doctor or other health provider tell you there was more than one choice for your treatment or health care?

H09015

See Notes 4 and 5

1 ☐ Yes

2 ☐ No → [Go to Question 25](#)

23. In the last 12 months, did a doctor or other health provider talk with you about the pros and cons of each choice for your treatment or health care?

H09016

See Notes 4 and 5

1 ☐ Definitely yes

2 ☐ Somewhat yes

3 ☐ Somewhat no

4 ☐ Definitely no

24. In the last 12 months, when there was more than one choice for your treatment or health care, did a doctor or other health provider ask which choice you thought was best for you?

- 1 ☐ Definitely yes
2 ☐ Somewhat yes
3 ☐ Somewhat no
4 ☐ Definitely no

H09017

See Notes 4 and 5

25. Using any number from 0 to 10, where 0 is the worst health care possible and 10 is the best health care possible, what number would you use to rate all your health care in the last 12 months?

- 0 ☐ 0 Worst health care possible
1 ☐ 1
2 ☐ 2
3 ☐ 3
4 ☐ 4
5 ☐ 5
6 ☐ 6
7 ☐ 7
8 ☐ 8
9 ☐ 9
10 ☐ 10 Best health care possible
-6 ☐ I had no visits in the last 12 months

H09018

See Note 4

YOUR PERSONAL DOCTOR OR NURSE

26. A personal doctor is the one you would see if you need a checkup, want advice about a health problem, or get sick or hurt. Do you have a personal doctor?

- 1 ☐ Yes
2 ☐ No

→ [Go to Question 36](#)

H09019

See Note 6

27. In the last 12 months, how many times did you visit your personal doctor to get care for yourself?

- 0 ☐ None → [Go to Question 34](#)
1 ☐ 1
2 ☐ 2
3 ☐ 3
4 ☐ 4
5 ☐ 5 to 9
6 ☐ 10 or more

H09020

See Notes 6 and 7

28. In the last 12 months, how often did your personal doctor listen carefully to you?

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I had no visits in the last 12 months

H09021

See Notes 6 and 7

29. In the last 12 months, how often did your personal doctor explain things in a way that was easy to understand?

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I had no visits in the last 12 months

H09022

See Notes 6 and 7

30. In the last 12 months, how often did your personal doctor show respect for what you had to say?

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I had no visits in the last 12 months

H09023

See Notes 6 and 7

31. In the last 12 months, how often did your personal doctor spend enough time with you?

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I had no visits in the last 12 months

H09024

See Notes 6 and 7

32. In the last 12 months, did you get care from a doctor or other health provider besides your personal doctor?

- 1 ☐ Yes
2 ☐ No

H09025

See Notes 6, 7, and 8

→ [Go to Question 34](#)

33. In the last 12 months, how often did your personal doctor seem informed and up-to-date about the care you got from these doctors or other health providers?

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always

H09026

See Notes 6, 7, and 8

34. Using any number from 0 to 10, where 0 is the worst personal doctor possible and 10 is the best personal doctor possible, what number would you use to rate your personal doctor?

- 0 ☐ 0 Worst personal doctor possible
1 ☐ 1
2 ☐ 2
3 ☐ 3
4 ☐ 4
5 ☐ 5
6 ☐ 6
7 ☐ 7
8 ☐ 8
9 ☐ 9
10 ☐ 10 Best personal doctor possible
-6 ☐ I don't have a personal doctor

H09027

See Note 6

35. Did you have the same personal doctor or nurse before you joined this health plan? S09009 See Notes 6 and 8A1
- 1 ☐ Yes → [Go to Question 37](#)
- 2 ☐ No

36. Since you joined your health plan, how much of a problem, if any, was it to get a personal doctor or nurse you are happy with? S09010 See Note 8A1
- 1 ☐ A big problem
- 2 ☐ A small problem
- 3 ☐ Not a problem

GETTING HEALTH CARE FROM A SPECIALIST

When you answer the next questions, do not include dental visits or care you got when you stayed overnight in a hospital.

37. Specialists are doctors like surgeons, heart doctors, allergy doctors, skin doctors, and other doctors who specialize in one area of health care.

In the last 12 months, did you try to make any appointments to see a specialist?

- 1 ☐ Yes H09028
- 2 ☐ No → [Go to Question 41](#) See Note 9

38. In the last 12 months, how often was it easy to get appointments with specialists? H09029 See Note 9
- 1 ☐ Never
- 2 ☐ Sometimes
- 3 ☐ Usually
- 4 ☐ Always
- 6 ☐ I didn't need a specialist in the last 12 months

39. How many specialists have you seen in the last 12 months?
- 0 ☐ None → [Go to Question 41](#)
- 1 ☐ 1 specialist H09030
- 2 ☐ 2 See Notes 9 and 10
- 3 ☐ 3
- 4 ☐ 4
- 5 ☐ 5 or more specialists

40. We want to know your rating of the specialist you saw most often in the last 12 months. Using any number from 0 to 10, where 0 is the worst specialist possible and 10 is the best specialist possible, what number would you use to rate the specialist?

- 0 ☐ 0 Worst specialist possible H09031
- 1 ☐ 1
- 2 ☐ 2 See Notes 9 and 10
- 3 ☐ 3
- 4 ☐ 4
- 5 ☐ 5
- 6 ☐ 6
- 7 ☐ 7
- 8 ☐ 8
- 9 ☐ 9
- 10 ☐ 10 Best specialist possible
- 6 ☐ I didn't see a specialist in the last 12 months

41. In general, how would you rate your overall mental or emotional health now? S09B01

- 1 ☐ Excellent
- 2 ☐ Very good
- 3 ☐ Good
- 4 ☐ Fair
- 5 ☐ Poor

42. In the last 12 months, did you need any treatment or counseling for a personal or family problem?

- 1 ☐ Yes S09B02
- 2 ☐ No → [Go to Question 45](#) See Note 10A1

43. In the last 12 months, how much of a problem, if any, was it to get the treatment or counseling you needed through your health plan? S09B03 See Note 10A1

- 1 ☐ A big problem
- 2 ☐ A small problem
- 3 ☐ Not a problem

44. Using any number from 0 to 10, where 0 is the worst treatment or counseling possible and 10 is the best treatment or counseling possible, what number would you use to rate your treatment or counseling in the last 12 months?

- 0 ☐ 0 Worst treatment or counseling possible S09B04
- 1 ☐ 1 See Note 10A1
- 2 ☐ 2
- 3 ☐ 3
- 4 ☐ 4
- 5 ☐ 5
- 6 ☐ 6
- 7 ☐ 7
- 8 ☐ 8
- 9 ☐ 9
- 10 ☐ 10 Best treatment or counseling possible
- 6 ☐ I had no treatment or counseling in the last 12 months

YOUR HEALTH PLAN

*The next questions ask about your experience with your health plan.
By your health plan, we mean the health plan you marked in
Question 3.*

45. In the last 12 months, did you try to get any kind of care, tests, or treatment through your health plan?

H09032

See Note 11

- 1 ☐ Yes
2 ☐ No

➔ [Go to Question 47](#)

46. In the last 12 months, how often was it easy to get the care, tests or treatment you thought you needed through your health plan?

H09033

See Note 11

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I didn't need care, tests or treatment through my health plan in the last 12 months

47. In the last 12 months, did you look for any information in written materials or on the internet about how your health plan works?

H09034B

See Note 11B

- 1 ☐ Yes
2 ☐ No

➔ [Go to Question 49](#)

48. In the last 12 months, how often did the written material or the internet provide the information you needed about how your plan works?

H09034

See Note 11B

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I didn't look for information from my health plan in the last 12 months

49. Sometimes people need services or equipment beyond what is provided in a regular or routine office visit, such as care from a specialist, physical therapy, a hearing aid, or oxygen.

In the last 12 months, did you look for information from your health plan on how much you would have to pay for a health care service or equipment?

H09035

See Note 12

- 1 ☐ Yes
2 ☐ No

➔ [Go to Question 51](#)

50. In the last 12 months, how often were you able to find out from your health plan how much you would have to pay for a health care service or equipment?

H09036

See Note 12

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I didn't need a health care service or equipment from my health plan in the last 12 months

51. In some health plans, the amount you pay for a prescription medicine can be different for different medicines, or can be different for prescriptions filled by mail instead of at the pharmacy.

In the last 12 months, did you look for information from your health plan on how much you would have to pay for specific prescription medicines?

H09037

See Note 13

- 1 ☐ Yes
2 ☐ No

➔ [Go to Question 53](#)

52. In the last 12 months, how often were you able to find out from your health plan how much you would have to pay for specific prescription medications?

H09038

See Note 13

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I didn't need prescription medications from my health plan in the last 12 months

53. In the last 12 months, did you try to get information or help from your health plan's customer service?

H09039

See Note 14

- 1 ☐ Yes
2 ☐ No

➔ [Go to Question 56](#)

54. In the last 12 months, how often did your health plan's customer service give you the information or help you needed?

H09040

See Note 14

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I didn't call my health plan's customer service in the last 12 months

55. In the last 12 months, how often did your health plan's customer service staff treat you with courtesy and respect?

H09041

See Note 14

- 1 ☐ Never
2 ☐ Sometimes
3 ☐ Usually
4 ☐ Always
-6 ☐ I didn't call my health plan's customer service in the last 12 months

56. In the last 12 months, did your health plan give you any forms to fill out?

H09042

See Note 15

1 ☐ Yes

2 ☐ No → [Go to Question 58](#)

57. In the last 12 months, how often were the forms from your health plan easy to fill out?

H09043

See Note 15

1 ☐ Never

2 ☐ Sometimes

3 ☐ Usually

4 ☐ Always

-6 ☐ I didn't have any experiences with paperwork for my health plan in the last 12 months

58. Claims are sent to a health plan for payment. You may send in the claims yourself, or doctors, hospitals, or others may do this for you. In the last 12 months, did you or anyone else send in any claims to your health plan?

H09044

See Note 16

1 ☐ Yes

2 ☐ No → [Go to Question 61](#)

-5 ☐ Don't know → [Go to Question 61](#)

59. In the last 12 months, how often did your health plan handle your claims quickly?

H09045

See Note 16

1 ☐ Never

2 ☐ Sometimes

3 ☐ Usually

4 ☐ Always

-5 ☐ Don't know

-6 ☐ No claims were sent for me in the last 12 months

60. In the last 12 months, how often did your health plan handle your claims correctly?

H09046

See Note 16

1 ☐ Never

2 ☐ Sometimes

3 ☐ Usually

4 ☐ Always

-5 ☐ Don't know

-6 ☐ No claims were sent for me in the last 12 months

61. Using any number from 0 to 10, where 0 is the worst health plan possible and 10 is the best health plan possible, what number would you use to rate your health plan?

H09047

0 ☐ 0 Worst health plan possible

1 ☐ 1

2 ☐ 2

3 ☐ 3

4 ☐ 4

5 ☐ 5

6 ☐ 6

7 ☐ 7

8 ☐ 8

9 ☐ 9

10 ☐ 10 Best health plan possible

Think about your experience with your health plan. By your health plan, we mean the health plan you marked in Question 3. Please tell me how much you agree or disagree with the following statements.

62. Your health plan cares more about saving money than about getting you the treatment you need. S09K12

1 ☐ Strongly agree

2 ☐ Agree

3 ☐ Neither agree nor disagree

4 ☐ Disagree

5 ☐ Strongly disagree

63. You feel like you need to double-check everything your health plan does. S09K13

1 ☐ Strongly agree

2 ☐ Agree

3 ☐ Neither agree nor disagree

4 ☐ Disagree

5 ☐ Strongly disagree

64. You believe your health plan will pay for everything it is supposed to, even really expensive treatments. S09K14

1 ☐ Strongly agree

2 ☐ Agree

3 ☐ Neither agree nor disagree

4 ☐ Disagree

5 ☐ Strongly disagree

65. If you have a question, you think your health plan will give you a straight answer. S09K15

1 ☐ Strongly agree

2 ☐ Agree

3 ☐ Neither agree nor disagree

4 ☐ Disagree

5 ☐ Strongly disagree

66. All in all, you have complete trust in your health plan. S09K16

1 ☐ Strongly agree

2 ☐ Agree

3 ☐ Neither agree nor disagree

4 ☐ Disagree

5 ☐ Strongly disagree

Think about the provider you usually see when you are sick or need advice about your health. Please tell me how much you agree or disagree with the following statements.

67. Sometimes your health care provider cares more about what is convenient for (him/her) than about your medical needs. S09K01

1 ☐ Strongly agree

2 ☐ Agree

3 ☐ Neither agree nor disagree

4 ☐ Disagree

5 ☐ Strongly disagree

68. Your health care provider is always thoughtful and thorough.

S09K02

- 1 ☐ Strongly agree
- 2 ☐ Agree
- 3 ☐ Neither agree nor disagree
- 4 ☐ Disagree
- 5 ☐ Strongly disagree

69. You completely trust your health care provider's decisions about which medical treatments are best for you.

S09K03

- 1 ☐ Strongly agree
- 2 ☐ Agree
- 3 ☐ Neither agree nor disagree
- 4 ☐ Disagree
- 5 ☐ Strongly disagree

70. Your health care provider is completely honest in telling you about all of the different treatment options available for your condition.

S09K04

- 1 ☐ Strongly agree
- 2 ☐ Agree
- 3 ☐ Neither agree nor disagree
- 4 ☐ Disagree
- 5 ☐ Strongly disagree

71. All in all, you have complete trust in your health care provider.

S09K05

- 1 ☐ Strongly agree
- 2 ☐ Agree
- 3 ☐ Neither agree nor disagree
- 4 ☐ Disagree
- 5 ☐ Strongly disagree

PREVENTIVE CARE

Preventive care is medical care you receive that is intended to maintain your good health or prevent a future medical problem. A physical or blood pressure screening are examples of preventive care.

72. When did you last have a blood pressure reading?

H09048

- 3 ☐ Less than 12 months ago
- 2 ☐ 1 to 2 years ago
- 1 ☐ More than 2 years ago

73. Do you know if your blood pressure is too high?

H09049

- 1 ☐ Yes, it is too high
- 2 ☐ No, it is not too high
- 3 ☐ Don't know

74. When did you last have a flu shot?

H09050

- 4 ☐ Less than 12 months ago
- 3 ☐ 1-2 years ago
- 2 ☐ More than 2 years ago
- 1 ☐ Never had a flu shot

75. Have you ever smoked at least 100 cigarettes in your entire life?

H09051

See Note 17

- 1 ☐ Yes
- 2 ☐ No → [Go to Question 80](#)
- 5 ☐ Don't know → [Go to Question 80](#)

76. Do you now smoke cigarettes every day, some days or not at all?

H09052

See Note 17

- 4 ☐ Every day → [Go to Question 77](#)
- 3 ☐ Some days → [Go to Question 77](#)
- 2 ☐ Not at all → [Go to Question 80](#)
- 5 ☐ Don't know → [Go to Question 80](#)

77. In the last 12 months, on how many visits were you advised to quit smoking by a doctor or other health provider in your plan?

H09053

See Notes 17 and 18

- 1 ☐ None
- 2 ☐ 1 visit
- 3 ☐ 2 to 4 visits
- 4 ☐ 5 to 9 visits
- 5 ☐ 10 or more visits
- 6 ☐ I had no visits in the last 12 months

78. On how many visits was medication recommended or discussed to assist you with quitting smoking (for example: nicotine gum, patch, nasal spray, inhaler, prescription medication)?

H09054

See Notes 17 and 18

- 1 ☐ None
- 2 ☐ 1 visit
- 3 ☐ 2 to 4 visits
- 4 ☐ 5 to 9 visits
- 5 ☐ 10 or more visits
- 6 ☐ I had no visits in the last 12 months

79. On how many visits did your doctor or health provider recommend or discuss methods and strategies (other than medication) to assist you with quitting smoking?

H09055

See Notes 17 and 18

- 1 ☐ None
- 2 ☐ 1 visit
- 3 ☐ 2 to 4 visits
- 4 ☐ 5 to 9 visits
- 5 ☐ 10 or more visits
- 6 ☐ I had no visits in the last 12 months

80. Are you male or female?

H09056

See Note 19A

- 1 ☐ Male → [Go to Question 87](#)
- 2 ☐ Female

81. When did you last have a Pap smear test?

H09057

See Notes 19A and 19B

- 5 ☐ Within the last 12 months
- 4 ☐ 1 to 3 years ago
- 3 ☐ More than 3 but less than 5 years ago
- 2 ☐ 5 or more years ago
- 1 ☐ Never had a Pap smear test

82. Are you under age 40?

- 1 ☐ Yes → [Go to Question 84](#) H09058
2 ☐ No See Notes 19A, 19B, and 20

83. When was the last time your breasts were checked by mammography?

- H09059 See Notes 19A, 19B, and 20
5 ☐ Within the last 12 months
4 ☐ 1 to 2 years ago
3 ☐ More than 2 years ago but less than 5 years ago
2 ☐ 5 or more years ago
1 ☐ Never had a mammogram

84. Have you been pregnant in the last 12 months or are you pregnant now?

- H09060 See Notes 19A, 19B, and 21
1 ☐ Yes, I am currently pregnant → [Go to Question 85](#)
2 ☐ No, I am not currently pregnant, but have been pregnant in the past 12 months → [Go to Question 86](#)
3 ☐ No, I am not currently pregnant, and have not been pregnant in the past 12 months → [Go to Question 87](#)

85. In what trimester is your pregnancy?

- 1 ☐ First trimester (up to 12 weeks after 1st day of last period) → [Go to Question 87](#)
2 ☐ Second trimester (13th through 27th week)
3 ☐ Third trimester (28th week until delivery)
H09061 See Notes 19A, 19B, and 21

86. In which trimester did you first receive prenatal care?

- 4 ☐ First trimester (up to 12 weeks after 1st day of last period)
3 ☐ Second trimester (13th through 27th week)
2 ☐ Third trimester (28th week until delivery)
1 ☐ Did not receive prenatal care
H09062 See Notes 19A, 19B, and 21

ABOUT YOU

87. In general, how would you rate your overall health now?

- H09063
5 ☐ Excellent
4 ☐ Very good
3 ☐ Good
2 ☐ Fair
1 ☐ Poor

88. Are you limited in any way in any activities because of any impairment or health problem?

- H09064
1 ☐ Yes
2 ☐ No

89. In the past 12 months, have you seen a doctor or other health provider 3 or more times for the same condition or problem?

- H09065
1 ☐ Yes
2 ☐ No → [Go to Question 91](#) See Note 22

90. Is this a condition or problem that has lasted for at least 3 months? Do not include pregnancy or menopause.

- H09066
1 ☐ Yes
2 ☐ No See Note 22

91. Do you now need or take medicine prescribed by a doctor? Do not include birth control.

- H09067
1 ☐ Yes
2 ☐ No → [Go to Question 93](#) See Note 23

92. Is this medicine to treat a condition that has lasted for at least 3 months? Do not include pregnancy or menopause.

- H09068
1 ☐ Yes
2 ☐ No See Note 23

93. Have you or your spouse been deployed to a combat within the past two years?

- S09B22, S09B22A-S09B22C See Note 23A1
1 ☐ Yes, I and/or my spouse have been deployed in the past year
2 ☐ Yes, I and/or my spouse have been deployed within the past two years
3 ☐ No, neither I nor my spouse has been deployed within the past two years

In your life, have you ever had any experience that was so frightening, horrible, or upsetting that, in the past month...

94. You have had nightmares about it or thought about it when you did not want to?

- S09B23
1 ☐ Yes
2 ☐ No

95. You tried hard not to think about it or went out of your way to avoid situations that reminded you of it?

- S09B24
1 ☐ Yes
2 ☐ No

96. You were constantly on guard, watchful, or easily startled?

- S09B25
1 ☐ Yes
2 ☐ No

97. You felt numb or detached from others, activities, or your surroundings?

- S09B26
1 ☐ Yes
2 ☐ No

98. How tall are you without your shoes on?

Please give your answer in feet and inches.

Example:

Height	
Feet	Inches
<u>5</u>	<u>6</u>
<input type="checkbox"/> 1	<input type="checkbox"/> 0
<input type="checkbox"/> 2	<input type="checkbox"/> 1
<input type="checkbox"/> 3	<input type="checkbox"/> 2
<input type="checkbox"/> 4	<input type="checkbox"/> 3
<input checked="" type="checkbox"/> 5	<input type="checkbox"/> 4
<input type="checkbox"/> 6	<input type="checkbox"/> 5
<input type="checkbox"/> 7	<input checked="" type="checkbox"/> 6
	<input type="checkbox"/> 7
	<input type="checkbox"/> 8
	<input type="checkbox"/> 9
	<input type="checkbox"/> 10
	<input type="checkbox"/> 11

Height	
Feet	Inches
<input type="checkbox"/> 1	<input type="checkbox"/> 0
<input type="checkbox"/> 2	<input type="checkbox"/> 1
<input type="checkbox"/> 3	<input type="checkbox"/> 2
<input type="checkbox"/> 4	<input type="checkbox"/> 3
<input type="checkbox"/> 5	<input type="checkbox"/> 4

	<input type="checkbox"/> 8	<input type="checkbox"/> 8
	<input type="checkbox"/> 9	<input type="checkbox"/> 9

100. What is the highest grade or level of school that you have completed?

SREDA

- ☐ 1 8th grade or less
- ☐ 2 Some high school, but did not graduate
- ☐ 3 High school graduate or GED
- ☐ 4 Some college or 2-year degree
- ☐ 5 4-year college graduate
- ☐ 6 More than 4-year college degree

101. Are you of Hispanic or Latino origin or descent?

H090071, H09071A-H09071E

See Note 24

(Mark "NO" if not Spanish/Hispanic/Latino.)

- ☐ A No, not Spanish, Hispanic, or Latino
- ☐ B Yes, Mexican, Mexican American, Chicano
- ☐ C Yes, Puerto Rican
- ☐ D Yes, Cuban
- ☐ E Yes, other Spanish, Hispanic, or Latino

102. What is your race?

(Mark ONE OR MORE races to indicate what you consider yourself to be.)

SRRACEA-SRRACEE

- ☐ A White
- ☐ B Black or African American
- ☐ C American Indian or Alaska Native
- ☐ D Asian (e.g., Asian Indian, Chinese, Filipino, Japanese, Korean, Vietnamese)
- ☐ E Native Hawaiian or other Pacific Islander (e.g., Samoan, Guamanian, or Chamorro)

103. What is your age now?

SRAGE

- ☐ 1 18 to 24
- ☐ 2 25 to 34
- ☐ 3 35 to 44
- ☐ 4 45 to 54
- ☐ 5 55 to 64
- ☐ 6 65 to 74
- ☐ 7 75 or older

104. Currently, are you covered by Medicare Part A? Medicare is the federal health insurance program for people aged 65 or older and for certain persons with disabilities. Medicare Part A helps pay for inpatient hospital care.

H09072

- ☐ 1 Yes, I am now covered by Medicare Part A
- ☐ 2 No, I am not covered by Medicare Part A

105. Currently, are you covered by Medicare Part B? Medicare is the federal health insurance program for people aged 65 or older and for certain persons with disabilities. Medicare Part B helps pay for doctor's services, outpatient hospital services, and certain other services.

H09073

- ☐ 1 Yes, I am now covered by Medicare Part B
- ☐ 2 No, I am not covered by Medicare Part B

106. Currently, are you covered by Medicare supplemental insurance? Medicare supplemental insurance, also called Medigap or MediSup, is usually obtained from private insurance companies and covers some of the costs not paid for by Medicare.

H09074

- ☐ 1 Yes, I am now covered by Medicare supplemental insurance
- ☐ 2 No, I am not covered by Medicare supplemental insurance

107. If you were free to choose between civilian and military facilities for all of your health care, which would you prefer? Would you say ...

S09N11

- 1 ☐ All care from military facilities
- 2 ☐ All care from civilian facilities
- 3 ☐ Some care from both military and civilian facilities
- 4 ☐ Or, no preference

108. Using a scale of 1 to 5, how much do you agree or disagree with the following statement: In general, I am able to see my provider(s) when needed?

S09011

- 1 ☐ 1 Strongly disagree
- 2 ☐ 2 Disagree
- 3 ☐ 3 Neither agree nor disagree
- 4 ☐ 4 Agree
- 5 ☐ 5 Strongly agree

109. For your last visit to a provider's office, how many days did you have to wait between making the appointment and actually seeing a provider?

S09012

See Note 24A1

- 1 ☐ Same day
- 2 ☐ 1 to 7 days
- 3 ☐ 8 to 30 days
- 4 ☐ 31 or more days
- 5 ☐ I cannot remember my most recent visit → [Go to Question 111](#)

110. Using a scale of 1 to 5, how satisfied are you with the length of time you waited for your appointment?

S09013

See Note 24A1

- 1 ☐ 1 Completely dissatisfied
- 2 ☐ 2 Somewhat dissatisfied
- 3 ☐ 3 Neither satisfied nor dissatisfied
- 4 ☐ 4 Somewhat satisfied
- 5 ☐ 5 Completely satisfied

111. Using a scale of 1 to 5, how satisfied are you, overall, with the health care you received during your last visit?

S09014

- 1 ☐ 1 Completely dissatisfied
- 2 ☐ 2 Somewhat dissatisfied
- 3 ☐ 3 Neither satisfied nor dissatisfied
- 4 ☐ 4 Somewhat satisfied
- 5 ☐ 5 Completely satisfied

THANK YOU FOR TAKING THE TIME TO COMPLETE THE SURVEY! Your generous contribution will greatly aid efforts to improve the health of our military community.

Return your survey in the postage-paid envelope. If the envelope is missing, please send to:

SAMPLE NOTIFICATION LETTER

March 5, 2009

12345678 5V73 9300 301
SSGT DAVE BRYANT
222 S. RIVERSIDE DRIVE
CHICAGO, IL 60606-5809

Dear SSGT DAVE BRYANT:

We need your help! The Department of Defense needs your help in completing the *April 2009 Health Care Survey of Department of Defense Beneficiaries*. Our mission is to provide beneficiaries with the highest quality health care that we can. To accomplish this, we need to know what we are doing right and what needs improvement. We depend on you to keep us informed. By sharing your thoughts and feelings about your health care experiences, you can help us make health care better for all beneficiaries and their families.

This survey asks about your experience and satisfaction with the health care services you have received in the past 12 months. You are one of a few military beneficiaries who have been selected for this study. **Your responses are important to us even if you do not receive your health care through the military.**

The survey will be mailed to you within a month. However, you may complete it now on our Web site using the following address and password.

www.synovate.net/aprilsurvey09
Password: 999999

Please note, if you type or copy the address in a search engine like Google or Yahoo, you will not reach the survey. You must type or copy the address exactly as it appears in the address bar of your web browser.

If you have questions about the survey, want to inquire about its legitimacy, need the survey sent to your new address or do not wish to participate, please contact the Survey Processing Center. You can reach them by email at survey-dodq2@synovate.net; by calling 1-877-236-2390; or sending a fax to 1-800-409-7681. Please reference 12345678 in all communication.

For more information about the Health Care Survey of Department of Defense Beneficiaries or to see the results, go to the TRICARE Web site at www.tricare.mil/survey/hcsurvey. Thank you for your time and assistance in this very important effort.

Sincerely,

Thomas V. Williams, Ph.D.
Director, Health Program Analysis and Evaluation Directorate
Office of the Assistant Secretary of Defense (Health Affairs)/TRICARE Management Activity

SAMPLE FIRST SURVEY COVER LETTER

April 1, 2009

12345678 5V73 9301 301
SSGT DAVE BRYANT
222 S. RIVERSIDE DRIVE
CHICAGO, IL 60606-5809

Dear SSGT DAVE BRYANT:

We need your help in completing the *April 2009 Health Care Survey of Department of Defense Beneficiaries*. If you have already completed this survey online, we thank you and please disregard this letter.

Our mission is to provide beneficiaries with the highest quality health care that we can. To accomplish this, we need your feedback. We depend on you to keep us informed. By sharing your opinions, you will help us identify what we are doing right and what needs improvement.

This survey asks about your experience with the health care services you have received in the past 12 months. **Your responses are important to us even if you received care at a non-military facility or through your own insurance plan.** If you prefer, you may also complete the survey online by using the following address and password:

www.synovate.net/aprilsurvey09
Password: 999999

If your installation's server blocks the survey site, you can complete the survey online using a civilian internet source.

If you have questions about the survey, want to inquire about its legitimacy, need the survey sent to your new address or do not wish to participate, please contact the Survey Processing Center. You can reach them by email at survey-dodq2@synovate.net; by calling 1-877-236-2390; or sending a fax to 1-800-409-7681. Please reference your ID number, 12345678, in all communication

Thank you for your time and support in this very important effort. For more information about the Health Care Survey of Department of Defense Beneficiaries or to see the results, go to the TRICARE Web site at www.tricare.mil/survey/hcsurvey.

Sincerely,

Thomas V. Williams, Ph.D.
Director, Health Program Analysis and Evaluation Directorate
Office of the Assistant Secretary of Defense (Health Affairs)/TRICARE Management Activity

APARTMENT 5
WHEATON, IL 60187

WE NEED YOUR HELP!

HELLO!

5V73-30

Recently, we sent you the *April 2009 Health Care Survey of Department of Defense Beneficiaries*. If you already filled it out and returned it, please accept our thanks. If you have not returned a completed survey, please do so now.

We rely on your feedback. Participating in this survey is your opportunity to share your positive experience with the current military health care system or suggest ways to make it better. You are one of a few beneficiaries selected to participate in this study, so your responses will help improve the health care services for the entire military community in addition to your own.

Your responses are valuable to us even if you received care at a non-military facility or through your own insurance plan.

If you would rather complete the survey online, you may use the web site address and password below. If your installation's server blocks the survey site, you can complete the survey online using a civilian internet source.

Website: www.synovate.net/aprilsurvey09
Your password: 123456

If you did not receive the survey or want to inquire about its legitimacy, please call toll free 1-877-236-2390 (within the U.S.) or email us at survey-dodq2@synovate.net. Please reference your ID number, 12345678, in all communication.

THANK YOU!

SAMPLE SECOND SURVEY COVER LETTER

May 1, 2009

12345678 5V73 9302 301
DAVE BRYANT
222 S. RIVERSIDE DRIVE
CHICAGO, IL 60606-5809

Dear SSGT DAVE BRYANT:

We still need your help! Recently, we mailed you the April 2009 Health Care Survey of DoD Beneficiaries. We did not hear back from you, so we are sending you another copy. If you have already submitted your survey – please accept our gratitude.

We share a common goal: a great military health care system. By completing this survey, you will provide the information we need to improve the health care services for our entire military community. This survey includes questions about the health care services you may have received in the past 12 months. Even if you did not receive any of your health care from a military facility, we still ask that you complete the survey. Your views are important to us and your opinions count. We hope you will take the time to answer these questions. Most people find it takes only 20 minutes to answer these questions.

So, please take the time today to complete this survey and mail it back to us. Of course, what you have to say is private. Your answers will be part of a pool of information from others like you. What you write will be used only by this study. You may choose to fill out this survey or not. If you choose not to, this will not affect the benefits you get.

For your convenience, you can also complete the survey online by using the link and password below. If your installation's server blocks the survey site, you can complete the survey online using a civilian internet source.

www.synovate.net/aprilsurvey09

Password: 999999

If you have questions about the survey, want to inquire about its legitimacy, need another survey sent to your new address or do not wish to participate, please contact the Survey Processing Center. You can reach them by email at survey-dodq2@synovate.net; by calling 1-877-236-2390; or by sending a fax to 1-800-409-7681. Please reference your ID number, 12345678, in all communication

Thank you for your time and support in this very important effort. For more information about the Health Care Survey of Department of Defense Beneficiaries or to see the results, go to the TRICARE Web site at www.tricare.mil/survey/hcsurvey.

CODING SCHEME AND CODING TABLES – QUARTER III

PAGE IS INTENTIONALLY LEFT BLANK TO ALLOW FOR DOUBLE-SIDED COPYING

QUARTER III

2009 HEALTH CARE SURVEY OF DOD BENEFICIARIES (HCSDB) CODING SCHEME AND CODING TABLES

BASIC SAS AND ASCII/EBCDIC MISSING DATA AND NOT APPLICABLE CODES

SAS		ASCII/EBCDIC	Description
Numeric		Numeric	
.		-9	No response
.O		-7	Out of range error
.N		-6	Not Applicable or valid skip
.D		-5	Scalable response of “Don’t know” or “not sure”
.I		-4	Incomplete grid error
.C		-1	Question should have been skipped.

Missing values ‘.’ and incomplete grids ‘.I’ are encoded prior to implementation of the Coding Scheme Notes (see below).

**Coding Table for Note 1:
H09003, H09004**

N1	H09003 is:	H09004 is:	H09003 is coded as:	H09004 is coded as:	*
1	1-13, health plan, -5, not sure	Marked or missing response	Stands as original value	Stands as original value	
2	-6, no usage in past 12 months	Marked response	Stands as original value	.C, question should be skipped	F
3	-6, no usage in past 12 months	Missing response	Stands as original value	.N, valid skip	F
4	Missing response	Marked or missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 2:
H09006, H09007, H09008**

N2	H09006 is:	H09007-H09008 are:	H09006 is coded as:	H09007-H09008 are coded as:	*
1	1: yes	“All are blank”	Stands as original value	Stand as original value	
2	1: yes or missing response	“Blank or NA”	2: no	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	1: yes	“One marked, and one NA”	Stands as original value	., missing if –6; stand as original value otherwise	F
4	1: yes	At least one is “marked”	Stands as original value	Stand as original value	
5	2: no	“One marked, and one NA”	Stands as original value	.C, question should be skipped if marked	F
6	2: no or missing response	At least one is “marked”	1: yes	., missing if –6; stand as original value otherwise	B F
7	2: no	“All are blank” or “Blank or NA”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
8	Missing response	“All are blank”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 2:
Responses to H09007-H09008 are all missing.

Definition of “Blank or NA” in Coding Table for Note 2:
All of the following are true: H09007-H09008 are a combination of not applicable (-6) or missing.

Definition of “One marked and one NA” in Coding Table for Note 2:
H09007-H09008 have one response marked not applicable (-6) and one marked response (other than not applicable).

Definition of “marked” in Coding Table for Note 2:
Any pattern of marks outside the definitions “all are blank”, “One marked and one NA”, and “Blank or NA.”

**Coding Table for Note 3:
H09009, H09010, H09011**

N3	H09009 is:	H09010-H09011 are:	H09009 is coded as:	H09010-H09011 are coded as:	*
1	1: yes	“All are blank”	Stands as original value	Stand as original value	
2	1:yes or missing response	“Blank or NA”	2: no	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	1: yes	“One marked and one NA”	Stands as original value	., missing if –6; stand as original value otherwise	F
4	1: yes	At least one is “marked”	Stands as original value	Stand as original value	
5	2: no	“One marked and one NA”	Stands as original value	.C, question should be skipped if marked	F
6	2: no or missing response	At least one is “marked”	1: yes	., missing if –6; stand as original value otherwise	B F
7	2: no	“All are blank” or “Blank or NA”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
8	Missing response	“All are blank”	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 3:
Responses to H09010-H09011 are all missing.

Definition of “Blank or NA” in Coding Table for Note 3:
All of the following are true: H09010-H09011 are a combination of not applicable (-6) or missing.

Definition of “One marked and one NA” in Coding Table for Note 3:
H09010-H09011 have one response marked not applicable (-6) and one marked response (other than not applicable).

Definition of “marked” in Coding Table for Note 3:
Any pattern of marks outside the definitions “all are blank”, “One marked and one NA”, and “Blank or NA.”

**Coding Table for Note 3A1:
H09012, S09W01-S09W07**

N3A1	H09012 is:	S09W01 is:	S09W02-S09W07 are:	H09012 is coded as:	S09W01 is coded as:	S09W02-S09W07 are coded as:	*
1	1: none	1 or 2	Any value	., missing	Stand as original value	Stand as original value	B
2	1: none	-5: don't know or missing	At least one is "marked"	., missing	Stand as original value	Stand as original value	B
3	1: none	-5: don't know or missing	"Blank or don't know"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
4	1: none	-6: no visits	Any value	Stands as original value	.C, question should be skipped	.N, valid skip if missing; .C, question should be skipped if marked	F
5	2-7 or missing	-6: no visits	At least one is "marked"	Stands as original value	., missing	Stand as original value	F
6	2-7 or missing	-6: no visits	"Blank or don't know"	1: none	.C, question should be skipped	.N, valid skip if missing; .C, question should be skipped if marked	B F
7	2-7 or missing	1, 2, -5: don't know, or missing	Any value	Stands as original value	Stand as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of "Blank or don't know" in Coding Table for Note 3A1:
Responses to S09W02-S09W07 are all either don't know (-5) or missing.

Definition of "marked" in Coding Table for Note 3A1:
Any pattern of marks outside the definition "Blank or don't know."

**Coding Table for Note 3A2:
S09W02, S09W03**

N3A2	S09W02 is:	S09W03 is:	S09W02 is coded as:	S09W03 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stand as original value	Stand as original value	
2	1: yes	Any value	Stands as original value	Stands as original value	
3	2: no, -5: don't know, or missing	1: yes or 2: no	1: yes	Stands as original value	B
4	2: no or -5: don't know	-5: don't know or missing	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing	-5: don't know or missing	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 3A3:
S09W03, S09W04-S09W07**

N3A3	S09W03 is:	S09W04-S09W07 are:	S09W03 is coded as:	S09W04-S09W07 are coded as:	*
1	.N, valid skip, or .C, question should be skipped	Any value	Stand as original value	Stand as original value	
2	1: yes	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
3	2: no, -5: don't know, or missing	Any value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 3A4:
S09W05, S09W06**

N3A4	S09W05 is:	S09W06 is:	S09W05 is coded as:	S09W06 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stand as original value	Stand as original value	
2	1: yes	Any value	Stands as original value	Stands as original value	
3	2: no, -5: don't know, or missing	1-4	1: yes	Stands as original value	B
4	2: no or -5: don't know	-5: don't know or missing	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing	-5: don't know or missing	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 4:
H09013, H09014-H09018**

N4	H09013 is:	H09014-H09018 are:	H09013 is coded as:	H09014-H09018 are coded as:	*
1	1: None	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
2	2-7, or missing response	“Blank or NA”	1: None	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2-7	At least one is “marked” or “all are blank”	Stands as original value	., missing if –6; stand as original value otherwise	F
4	Missing response	“All are blank”	Stands as original value	Stand as original value	
5	Missing response	At least one is “marked”	Stands as original value	., missing if –6; stand as original value otherwise	F

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 4:
Responses to H09014-H09018 are all missing.

Definition of “blank or NA” in Coding Table for Note 4:
All of the following are true: H09014-H09018 are a combination of not applicable (-6) or missing.

Definition of “marked” in Coding Table for Note 4:
Any pattern of marks outside the definitions “all are blank” and “Blank or NA.”

**Coding Table for Note 5:
H09015, H09016-H09017**

N5	H09015 is:	H09016 is:	H09017 is:	H09015 is coded as:	H09016 is coded as:	H09017 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stands as original value	Stands as original value	
2	1: Yes	Any value	Any value	Stands as original value	Stands as original value	Stands as original value	
3	2: No, missing	1: Definitely yes 2: Somewhat yes	Any value	1: Yes	Stands as original value	Stands as original value	B
4	2: No, missing	3: Somewhat no, 4: Definitely no, or missing	1: Definitely yes 2: Somewhat yes	1: Yes	Stands as original value	Stands as original value	B
5	2: No	3: Somewhat no, 4: Definitely no, or missing	3: Somewhat no, 4: Definitely no, or missing	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	3: Definitely no, 4: Somewhat no, or missing	3: Definitely no, 4: Somewhat no, or missing	Stands as original value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 6:
H09019, H09020-H09027, S09009**

N6	H09019 is:	H09020- H09024 are:	H09025- H09026 are:	H09027 is:	S09009 is:	H09019 is coded as:	H09020- H09026 and S09009 are coded as:	H09027 is coded as:	*
1	1: Yes	Any value	Any value	Any value	Any value	Stands as original value	Stand as original value	., missing if -6; stands as original value otherwise	F
2	2: No, missing	Any value	Any value	0-10	Any value	1: Yes	Stand as original value	Stands as original value	B
3	2: No, missing	At least one is “marked”	Any value	Missing response	Any value	1: Yes	Stand as original value	Stands as original value	B
4	2: No	At least one is “marked”	Any value	-6: No personal doctor	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.C, question should be skipped	F
5	2: No	“Blank or NA”	Any value	-6: No personal doctor or missing	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	Any value	Any value	-6: No personal doctor	Any value	2: No	.N, valid skip if missing; .C, question should be skipped if marked	.C, question should be skipped	B F
7	Missing response	“Blank or NA”	Any value	Missing response	Any value	Stands as original value	Stand as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “blank or NA” in Coding Table for Note 6:

All of the following are true: H09020 is either 0: None or missing and H09021-H09024 are either not applicable (-6) or missing.

Definition of “marked” in Coding Table for Note 6:

Any pattern of marks for H09020-H09024 outside the definition “blank or NA.”

**Coding Table for Note 7:
H09020, H09021-H09026**

N7	H09020 is:	H09021-H09024 are:	H09025- H09026 are:	H09020 is coded as:	H09021-H09026 are coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Any value	Stands as original value	Stand as original value	
2	0: None	Any value	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
3	1-6, or missing response	“Blank or NA”	Any value	0: None	.N, valid skip if missing; .C, question should be skipped if marked	B F
4	1-6, or missing response	At least one is “marked” or “all are blank”	Any value	Stands as original value	., missing if –6; stand as original value otherwise	F

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 7:
Responses to H09021-H09024 are all missing.

Definition of “blank or NA” in Coding Table for Note 7:
All of the following are true: H09021-H09024 are a combination of not applicable (-6) or missing.

Definition of “marked” in Coding Table for Note 7:
Any pattern of marks for H09021-H09024 outside the definitions “all are blank” and “blank or NA.”

**Coding Table for Note 8:
H09025, H09026**

N8	H09025 is:	H09026 is:	H09025 is coded as:	H09026 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stands as original value	
2	1: yes	Any value	Stands as original value	Stands as original value	
3	2: no or missing response	1, 2, 3, 4	1: yes	Stands as original value	B
4	2: no	Missing response	Stands as original value	.N, valid skip	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 8A1:
S09009, S09010**

N8A1	S09009 is:	S09010 is:	S09009 is coded as:	S09010 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	Any value	Stand sas original value	Stands as original value	
2	1: yes	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
3	2: no	Any value	Stands as original value	Stands as original value	
4	Missing	Any value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 9:
H09028, H09029-H09031**

N9	H09028 is:	H09029-H09031 are:	H09028 is coded as:	H09029 is coded as:	H09030-H09031 are coded as:	*
1	1: Yes	Any value	Stands as original value	., missing if –6; stands as original value otherwise	Stand as original value	F
2	2: No, missing	At least one is “marked”	1: Yes	., missing if –6; stands as original value otherwise	Stand as original value	B
3	2: No	“All are blank” or “Blank or NA”	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
4	Missing response	“Blank or NA”	2: No	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	B F
5	Missing response	“All are blank”	Stands as original value	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of “all are blank” in Coding Table for Note 9:
Responses to H09029-H09031 are all missing.

Definition of “blank or NA” in Coding Table for Note 9:

All of the following are true: H09029 and H09031 are a combination of not applicable (-6) or missing. H09030 is either missing or 0: None.

Definition of “marked” in Coding Table for Note 9:

Any pattern of marks outside the definitions “all are blank” and “Blank or NA.”

**Coding Table for Note 10:
H09030, H09031**

N10	H09030 is:	H09031 is:	H09030 is coded as:	H09031 is coded as:	*
1	.N, valid skip, or .C, question should be skipped	.N, valid skip, or .C, question should be skipped	Stands as original value	Stands as original value	
2	1,2,3,4,5	0-10, or missing response	Stands as original value	Stands as original value	
3	1,2,3,4,5 or missing response	-6: didn't need to see a specialist	0: None	.C, question should be skipped	B F
4	0: none	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	0-10, or missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 10A1:
S09B02, S09B03-S09B04**

N10A1	S09B02 is:	S09B03-S09B04 are:	S09B02 is coded as:	S09B03-S09B04 are coded as:	*
1	1: yes	Any value	Stands as original value	., missing if -6; stand as original value otherwise	F
2	2: no or missing response	At least one is "marked"	1: yes	Stand as original value	B
3	2: no	"All are blank" or "Blank or NA"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
4	Missing response	"Blank or NA"	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
5	Missing response	"All are blank"	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of "all are blank" in Coding Table for Note 10A1:
Responses to S09B03-S09B04 are all missing.

Definition of "blank or NA" in Coding Table for Note 10A1:
All of the following are true: S09B03-S09B04 are a combination of not applicable (-6) or missing.

Definition of "marked" in Coding Table for Note 10A1:
Any pattern of marks outside the definition "all are blank"

**Coding Table for Note 11:
H09032, H09033**

N11	H09032 is:	H09033 is:	H09032 is coded as:	H09033 is coded as:	*
1	1: yes	1, 2, 3, 4, or missing response	Stands as original value	Stands as original value	
2	1: yes or missing response	-6: didn't need care, tests, or treatment	2: No	.C, question should be skipped	B F
3	2: no or missing response	1, 2, 3, 4	1: yes	Stands as original value	B
4	2: no	Missing, or -6: didn't need care, tests, or treatment	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 11B:
H09034B, H09034**

N11B	H09034B is:	H09034 is:	H09034B is coded as:	H09034 is coded as:	*
1	1: yes	1-4 or missing	Stands as original value	Stands as original value	
2	1: yes	-6: didn't look for information	Stands as original value	., missing	F
3	2: no or missing	1-4	1: yes	Stands as original value	B
4	2: no	-6: didn't look for information or missing	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing	-6: didn't look for information	2: no	.C, question should be skipped	B F
6	Missing	Missing	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 12:
H09035, H09036**

N12	H09035 is:	H09036 is:	H09035 is coded as:	H09036 is coded as:	*
1	1: yes	1-4: how often, or missing response	Stands as original value	Stands as original value	
2	1: yes or missing response	-6: didn't need service or equipment	2: no	.C, question should be skipped	B F
3	2: no or missing response	1-4: how often	1: yes	Stands as original value	B
4	2: no	-6: didn't need service or equipment, or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 13:
H09037, H09038**

N13	H09037 is:	H09038 is:	H09037 is coded as:	H09038 is coded as:	*
1	1: yes	1-4: how often, or missing response	Stands as original value	Stands as original value	
2	1: yes or missing response	-6: didn't need prescription meds	2: no	.C, question should be skipped	B F
3	2: no or missing response	1-4: how often	1: yes	Stands as original value	B
4	2: no	-6: didn't need prescription meds, or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 14:
H09039, H09040-H09041**

N14	H09039 is:	H09040-H09041 are:	H09039 is coded as:	H09040-H09041 are coded as:	*
1	1: Yes	At least one is "marked" or "all are blank"	Stands as original value	., missing if -6; stand as original value otherwise	F
2	1: Yes or missing response	"Blank or NA"	2: No	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2: No or missing response	At least one is "marked"	1: Yes	., missing if -6; stand as original value otherwise	B F
4	2: No	"All are blank" or "blank or NA"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	"All are blank"	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of "all are blank" in Coding Table for Note 14:
Responses to H09040-H09041 are all missing.

Definition of "blank or NA" in Coding Table for Note 14:
All of the following are true: H09040-H09041 are a combination of not applicable (-6) or missing.

Definition of "marked" in Coding Table for Note 14:
Any pattern of marks outside the definitions "all are blank" and "blank or NA."

**Coding Table for Note 15:
H09042, H09043**

N15	H09042 is:	H09043 is:	H09042 is coded as:	H09043 is coded as:	*
1	1: yes	1-4: how often, or missing response	Stands as original value	Stands as original value	
2	1: yes or missing response	-6: didn't receive forms to fill out	2: no	.C, question should be skipped	B F
3	2: no or missing response	1-4: how often	1: yes	Stands as original value	B
4	2: no	-6: didn't receive forms to fill out, or missing response	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 16:
H09044, H09045-H09046**

N16	H09044 is:	H09045-H09046 are:	H09044 is coded as:	H09045-H09046 are coded as:	*
1	1: yes	At least one is "marked", "all are blank" or "blank or don't know"	Stands as original value	., missing if -6; stand as original value otherwise	F
2	1: yes, -5: don't know, missing	"Blank or NA" or "NA or don't know"	2: no	.N, valid skip if missing; .C, question should be skipped if marked	B F
3	2: no, -5: don't know, missing	At least one is "marked"	1: yes	., missing if -6; stand as original value otherwise	B F
4	2: no	"Blank or NA" or "blank or don't know" or "NA or don't know" or "all are blank"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
5	-5: don't know	"Blank or don't know" or "all are blank"	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
6	Missing response	"Blank or don't know" or "all are blank"	Stands as original value	Stand as original value	

* Indication of backward coding (B) or forward coding (F).

Definition of "all are blank" in Coding Table for Note 16:
Responses to H09045-H09046 are all missing.

Definition of "blank or NA" in Coding Table for Note 16:
Responses to H09045-H09046 are either all not applicable (-6) or a combination of missing and not applicable (-6).

Definition of "blank or don't know" in Coding Table for Note 16:
Responses to H09045-H09046 are either all don't know (-5) or a combination of missing and don't know (-5).

Definition of "NA or don't know" in Coding Table for Note 16:
Responses to H09045-H09046 are a combination of not applicable (-6) and don't know (-5).

Definition of "marked" in Coding Table for Note 16:
Any pattern of marks outside the definitions "all are blank," "blank or NA," "blank or don't know," or "NA or don't know".

**Coding Table for Note 17:
H09051--H09055**

N17	H09051 is:	H09052 is:	H09053- H09055 are:	H09051 is coded as:	H09052 is coded as:	H09053- H09055 are coded as:	*
1	1: ever smoked	3 or 4: still smoke	Any value	Stands as original value	Stands as original value	Stand as original value	
2	1: ever smoked	2: quit, -5: don't know	Any value	Stands as original value	Stands as original value	.C, question should be skipped if marked; .N, valid skip if missing	F
3	1: ever smoked	Missing response	Any value	Stands as original value	Stands as original value	Stand as original value	
4	2: never, -5: don't know, missing response	3 or 4: still smoke	Any value	1: ever smoked	Stands as original value	Stand as original value	B
5	2: never or -5: don't know	2: quit, -5: don't know, or missing response	Any value	Stands as original value	.C, question should be skipped if marked; .N, valid skip if missing	.C, question should be skipped if marked; .N, valid skip if missing	F
6	Missing response	2: quit, missing response	Any = 2- 5: some visits	1: ever smoked	Stands as original value	Stand as original value	B
7	Missing response	2: quit, missing response	All = 1: None, -6: No visits, or missing	Stands as original value	Stands as original value	Stand as original value	
8	Missing response	-5: don't know	Any value	Stands as original value	Stands as original value	.C, question should be skipped if marked; .N, valid skip if missing	F

* Indication of backward coding (B) or forward coding (F).

Coding Table for Note 18:
H09053, H09054-H09055

N18	H09053 is:	H09054 is:	H09055 is:	H09053 is coded as:	H09054 is coded as:	H09055 is coded as:	*
1	.N: No doctor visits	Any value	Any value	Stands as original value	.C, question should be skipped if marked; .N: No doctor visits, otherwise	.C, question should be skipped if marked; .N: No doctor visits, otherwise	F
2	.C: Should be skipped	Any value	Any value	Stands as original value	Stands as original value	Stands as original value	
3	1: None	.N: No doctor visits	.N: No doctor visits	Stands as original value	1: None	1: None	F
4	1: None	.N: No doctor visits	1-5, missing	Stands as original value	1: None	Stands as original value	F
5	1: None	1-5, missing	.N: No doctor visits	Stands as original value	Stands as original value	1: None	F
6	2-5: Visits, missing	.N: No doctor visits	.N: No doctor visits	Stands as original value	.:Missing	.:Missing	F
7	2-5: Visits, missing	.N: No doctor visits	1-5, missing	Stands as original value	.:Missing	Stands as original value	F
8	2-5: Visits, missing	1-5, missing	.N: No doctor visits	Stands as original value	Stands as original value	.:Missing	F
9	1-5: 0 or more visits	More visits than indicated by H09053	More visits than indicated by H09053	Stands as original value	H09053	H09053	F
10	1-5: 0 or more visits	More visits than indicated by H09053	Same or fewer visits than indicated by H09053 or missing	Stands as original value	H09053	Stands as original value	F
11	1-5: 0 or more visits	Same or fewer visits than indicated by H09053 or missing	More visits than indicated by H09053	Stands as original value	Stands as original value	H09053	F
12	1-5: 0 or more visits	Same or fewer visits than indicated by H09053 or missing	Same or fewer visits than indicated by H09053 or missing	Stands as original value	Stands as original value	Stands as original value	
13	Missing	1-5, missing	1-5, missing	Stands as original value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

Coding Table for Note 19:

Note 19 (Part a)

H09056, SEX, XSEX, H09057-H09062

N19A	H09056 is :	SEX is:	H09057--H09062 are:	XSEX is coded as:
1	Missing response	F	Any marked	2, female
2	Missing response	F	All missing	2, female
3	Missing response	M	Any marked	1, male
4	Missing response	M	All missing	1, male
5	Missing response	Z, missing	Any marked	2, female
6	Missing response	Z	All missing	., missing value
7	Missing response	Missing	All missing	., missing value
8	1, male	Any value	All missing	1, male
9	1, male	F	Any marked	2, female
10	1, male	M, Z, or missing	Any marked	1, male
11	2, female	Any value	Any marked	2, female
12	2, female	M	All missing	1, male
13	2, female	F, Z, or missing	All missing	2, female

SEX (PNSEXCD) is the gender from the DEERS file. This variable is not used to override questionnaire responses, but to clear up any omissions or discrepancies in the responses.

XSEX is the recoded gender variable after taking into account the self-reported response (H09056), any responses to gender-specific questions, and the gender of the sample beneficiary from DEERS.

Note 19 (Part B):

XSEX, H09057 - H09062

N19B	XSEX is:	H09057--H09062 are:	H09057--H09062 are coded as:	*
1	1: Male	"All are blank"	.N, valid skip	F
2	1: Male	At least one is "marked"	.N, valid skip if missing; .C, question should be skipped if marked	F
3	2: Female	"All are blank" or at least one is "marked"	Stand as original value	
4	Missing	"All are blank" or at least one is "marked"	Missing value	F

* Indication of backward coding (B) or forward coding (F).

Definition of "all are blank" in Coding Table for Note 19b:
All variables H09057--H09062 are missing.

Definition of "marked" in Coding Table for Note 19b:
Any pattern of marks outside the definition "all are blank."

Coding Table for Note 20
XSEXA, AGE, H09058, H09059

N20	XSEXA is:	AGE is:	H09058 is:	H09059 is:	H09058 is coded as:	H09059 is coded as:	*
1	1: Male	Any value	.C, question should be skipped, or .N, valid skip	C, question should be skipped, or .N, valid skip	Stands as original value	Stands as original value	
2	2: Female	Any value	2: 40 or over	Any value	Stands as original value	Stands as original value	
3	2: Female	Any value	1: under 40	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
4	2: Female	Any value	Missing	Marked	2: >= 40	Stands as original value	B
5	2: Female	< 40	Missing	Missing	1: < 40	.N, valid skip	F B
6	2: Female	>=40	Missing	Missing	2: >= 40	Stands as original value	B
7	2: Female	Missing	Missing	Missing	Stands as original value	Stands as original value	
8	Missing	Any value	Missing	Missing	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

AGE (DAGEQY) is from the DEERS file. This variable is not used to override questionnaire responses, but to clear up any omissions or discrepancies in the responses.

**Coding Table for Note 21:
XSEXA, H09060, H09061, H09062**

N21	XSEXA is:	H09060 is:	H09061 is:	H09062 is:	H09060 is coded as:	H09061 is coded as:	H09062 is coded as:	*
1	1: Male	Any value	Any value	Any value	Stands as original value	Stands as original value	Stands as original value	
2	2: Female	1: pregnant now	1: first trimester	Any value	Stands as original value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	F
3	2: Female	1: pregnant now	2: second trimester	2: third trimester	Stands as original value	Stands as original value	.: missing value	F
4	2: Female	1: pregnant now	2: second trimester	4: first trimester, 3: second trimester, 1: Did not receive prenatal care, or missing	Stands as original value	Stands as original value	Stands as original value	
5	2: Female	1: pregnant now	3: third trimester, missing response	Any value	Stands as original value	Stands as original value	Stands as original value	
6	2: Female	2: pregnant in last 12 months	Any value	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	Stands as original value	F
7	2: Female	3: not pregnant in past 12 months	Any value	Any value	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	.N, valid skip if missing; .C, question should be skipped if marked	F
8	2: Female	Missing response	1: first trimester	Any value	1: pregnant now	Stands as original value	.N, valid skip if missing; .C, question should be skipped if marked	B F

* Indication of backward coding (B) or forward coding (F).

Coding Table for Note 21 continued:

N21	XSEXA is:	H09060 is:	H09061 is:	H09062 is:	H09060 is coded as:	H09061 is coded as:	H09062 is coded as:	*
9	2: Female	Missing response	2: second trimester	2: third trimester	1: pregnant now	Stands as original value	∴ missing value	B F
10	2: Female	Missing response	2: second trimester	4: first trimester, 3: second trimester, 1: Did not receive prenatal care, or missing	1: pregnant now	Stands as original value	Stands as original value	B
11	2: Female	Missing response	3: third trimester	Any value	1: pregnant now	Stands as original value	Stands as original value	B
12	2: Female	Missing response	Missing response	Any value	Stands as original value	Stands as original value	Stands as original value	F
13	Missing	Missing response	Marked, missing response	Any value	Stands as original value	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 22:
H09065, H09066**

N22	H09065 is:	H09066 is:	H09065 is coded as:	H09066 is coded as:	*
1	1: yes	Any value	Stands as original value	Stands as original value	
2	2: no or missing response	1: yes or 2: no	1: yes	Stands as original value	B
3	2: no	Missing response	Stands as original value	.N, valid skip	F
4	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 23:
H09067, H09068**

N23	H09067 is:	H09068 is:	H09067 is coded as:	H09068 is coded as:	*
1	1: yes	Any value	Stands as original value	Stands as original value	
2	2: no or missing response	1: yes or 2: no	1: yes	Stands as original value	B
3	2: no	Missing response	Stands as original value	.N, valid skip	F
4	Missing response	Missing response	Stands as original value	Stands as original value	

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 23A1:
S09B22, S09B22A-S09B22C**

N23A1	S09B22A is:	S09B22B is:	S09B22C is:	S09B22 is coded as:	S09B22A-C are coded as:	*
1	1: Marked	Any value	Any value	1: Yes, deployed in the past year	Stand as original value	F
2	2: Unmarked	1: Marked	Any value	2: Yes, deployed in the past two years	Stand as original value	F
3	2: Unmarked	2: Unmarked	1: Marked	3: No, not deployed in the past two years	Stand as original value	F
4	2: Unmarked	2: Unmarked	2: Unmarked	.:Missing	Stand as original value	F

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 24:
H09071, H09071A-H09071E**

N24	H09071A is:	H09071B is:	H09071C is:	H09071D is:	H09071E is:	H09071 is coded as:	H09071A-E are coded as:	*
1	Any value	1: Marked	Any value	Any value	Any value	2: Yes, Mexican, Mexican American, Chicano	Stand as original value	F
2	Any value	2: Unmarked	Any value	Any value	1: Marked	5: Yes, other Spanish, Hispanic, or Latino	Stand as original value	F
3	Any value	2: Unmarked	1: Marked	Any value	2: Unmarked	3: Yes, Puerto Rican	Stand as original value	F
4	Any value	2: Unmarked	2: Unmarked	1: Marked	2: Unmarked	4: Yes, Cuban	Stand as original value	F
5	1: Marked	2: Unmarked	2: Unmarked	2: Unmarked	2: Unmarked	1: No, not Spanish, Hispanic, or Latino	Stand as original value	F
6	2: Unmarked	2: Unmarked	2: Unmarked	2: Unmarked	2: Unmarked	.: Missing	Stand as original value	F

* Indication of backward coding (B) or forward coding (F).

**Coding Table for Note 24A1:
S09012, S09013**

N24A1	S09012 is:	S09013 is:	S09012 is coded as:	S09013 is coded as:	*
1	1-4 or missing	Any value	Stands as original value	Stands as original value	
2	-5: cannot remember most recent visit	1-5	., missing	Stands as original value	B
3	-5: cannot remember most recent visit	Missing	Stands as original value	.N, valid skip	F

* Indication of backward coding (B) or forward coding (F).

67	H09021	Num	4	OFTEN5_.		In 1st yr:how oftn Drs listen to you
68	H09022	Num	4	OFTEN5_.		In 1st yr:how oftn Drs explain things
69	H09023	Num	4	OFTEN5_.		In 1st yr:how oftn Drs show respect
70	H09024	Num	4	OFTEN5_.		In 1st yr:how oftn Drs spend enough time
71	H09025	Num	4	YN.		Lst yr: Did get care from doctor other than prsnl doctor

The CONTENTS Procedure

Alphabetic List of Variables and Attributes

#	Variable	Type	Len	Format	Informat	Label
72	H09026	Num	4	OFTEN8_.		Lst yr: How often prsnl doctor seemed infrmd of care from other doctors
73	H09027	Num	4	RATE6_.		Rating of your personal Dr
74	H09028	Num	4	YN.		Lst yr: Did make any appointments to see spclst
75	H09029	Num	4	OFTEN9_.		Lst yr: How often easy to get appointments with spclsts
76	H09030	Num	4	SPCLST.		Lst yr: How many spclsts seen
77	H09031	Num	4	RATE2_.		Rating of specialist seen in lst yr
78	H09032	Num	4	YN.		Lst yr: Did try to get care, test, or trtmnt through health plan
79	H09033	Num	4	OFTEN11_.		Lst yr: How often easy to get care, test, or trtmnt
81	H09034	Num	4	OFTEN12_.		Lst yr: How often written material/Internet provide needed info
82	H09035	Num	4	YN.		Lst yr: Did look for info from health plan on cost of service/equipment
83	H09036	Num	4	OFTEN13_.		Lst yr: How often able to find out cost of service/equipment
84	H09037	Num	4	YN.		Lst yr: Did look for info from health plan on cost of prescription meds
85	H09038	Num	4	OFTEN14_.		Lst yr: How often able to find out cost of prescription meds
86	H09039	Num	4	YN.		Lst yr: Did try to get info/help from health plan's cstmr service
87	H09040	Num	4	OFTEN15_.		Lst yr: How often did cstmr service give needed info/help
88	H09041	Num	4	OFTEN15_.		Lst yr: How often did cstmr service treat with courtesy/respect
89	H09042	Num	4	YN.		Lst yr: Did health plan give any forms to fill out
90	H09043	Num	4	OFTEN16_.		Lst yr: How often were forms easy to fill out
91	H09044	Num	4	YNDNK.		In lst yr: send in any claims
92	H09045	Num	4	OFTEN6_.		Lst yr: How often did health plan handle claims quickly
93	H09046	Num	4	OFTEN6_.		In lst yr: how oftn handle claims correctly
94	H09047	Num	4	RATE4_.		Rating of all experience with hlth plan
95	H09048	Num	4	TIME5_.		Blood pressure: when lst reading
96	H09049	Num	4	YNBP_.		Blood pressure: know if too high or not
97	H09050	Num	4	TIME7_.		When did you lst have a flu shot
98	H09051	Num	4	YNDNK.		Smoked at least 100 cigarettes in life
99	H09052	Num	4	TIME8_.		Smoke everyday, some days or not at all
100	H09053	Num	4	OFTEN7_.		Lst yr: # visits advised to quit smoking
101	H09054	Num	4	OFTEN7_.		# visits recom medic assist quit smoking
102	H09055	Num	4	OFTEN7_.		# vist discu meth/strag asst quit smokng
103	H09056	Num	4	SEX.		Are you male or female
104	H09057	Num	4	TIME11_.		Lst have a Pap smear test
105	H09058	Num	4	YN.		Are you under age 40
106	H09059	Num	4	TIME12_.		Lst time: breasts checked mammography
107	H09060	Num	4	YNPREG.		Been pregnant in lst yr or pregnant now
108	H09061	Num	4	PREG1_.		In what trimester is your pregnancy
109	H09062	Num	4	PREG2_.		Trimester first received prenatal care
110	H09063	Num	4	HEALTH.		In gnrl, how would you rate ovrall hlth
111	H09064	Num	4	YN.		Impairment/Hlth prblm limit activities
112	H09065	Num	4	YN.		Lst yr: Have seen doctor 3 or more times for same condition
113	H09066	Num	4	YN.		Has condition lasted for at least 3 months
114	H09067	Num	4	YN.		Need to take medicine prescribed by a doctor
115	H09068	Num	4	YN.		Medicine to treat condition that has lasted for at least 3 months
118	H09070	Num	4	TIME14_.		Weight without shoes
120	H09071	Num	4	HISP.		Are you Spanish/Hispanic/Latino
132	H09072	Num	4	MEDA.		Currently Covered Medicare Part A
133	H09073	Num	4	MEDB.		Currently Covered Medicare Part B
134	H09074	Num	4	MEDSUPP.		Currently Covered Medicare Supplemental
34	H09002A	Num	4	MARKED.		Health plan(s) covered: TRICARE Prime
35	H09002C	Num	4	MARKED.		Health plan(s) covered: TRICARE Ext/Stnd

#	Variable	Type	Len	Format	Informat	Label
89	H09042	Num	4	YN.		Lst yr: Did health plan give any forms to fill out
90	H09043	Num	4	OFTEN16_.		Lst yr: How often were forms easy to fill out
91	H09044	Num	4	YNDNK.		In lst yr: send in any claims
92	H09045	Num	4	OFTEN6_.		Lst yr: How often did health plan handle claims quickly
93	H09046	Num	4	OFTEN6_.		In lst yr: how often handle claims correctly
94	H09047	Num	4	RATE4_.		Rating of all experience with hlth plan
95	H09048	Num	4	TIME5_.		Blood pressure: when lst reading
96	H09049	Num	4	YNBP_.		Blood pressure: know if too high or not
97	H09050	Num	4	TIME7_.		When did you lst have a flu shot
98	H09051	Num	4	YNDNK.		Smoked at least 100 cigarettes in life
99	H09052	Num	4	TIME8_.		Smoke everyday, some days or not at all
100	H09053	Num	4	OFTEN7_.		Lst yr: # visits advised to quit smoking
101	H09054	Num	4	OFTEN7_.		# visits recom medic assist quit smoking
102	H09055	Num	4	OFTEN7_.		# vist discu meth/strag asst quit smokng
103	H09056	Num	4	SEX.		Are you male or female
104	H09057	Num	4	TIME11_.		Lst have a Pap smear test
105	H09058	Num	4	YN.		Are you under age 40
106	H09059	Num	4	TIME12_.		Lst time: breasts checked mammography
107	H09060	Num	4	YNPREG.		Been pregnant in lst yr or pregnant now
108	H09061	Num	4	PREG1_.		In what trimester is your pregnancy
109	H09062	Num	4	PREG2_.		Trimester first received prenatal care
110	H09063	Num	4	HEALTH.		In gnrl, how would you rate ovrrall hlth
111	H09064	Num	4	YN.		Impairment/Hlth prblm limit activities
112	H09065	Num	4	YN.		Lst yr: Have seen doctor 3 or more times for same condition
113	H09066	Num	4	YN.		Has condition lasted for at least 3 months
114	H09067	Num	4	YN.		Need to take medicine prescribed by a doctor
115	H09068	Num	4	YN.		Medicine to treat condition that has lasted for at least 3 months
116	H09069F	Num	4	TIME14_.		Height without shoes (feet)
117	H09069I	Num	4	TIME14_.		Height without shoes (inches)
118	H09070	Num	4	TIME14_.		Weight without shoes
119	SREDA	Num	4	EDUC.		Highest grade completed
120	H09071	Num	4	HISP.		Are you Spanish/Hispanic/Latino
121	H09071A	Num	4	MARKED.		Not Spanish/Hispanic/Latino
122	H09071B	Num	4	MARKED.		Mexican, Mexican American, Chicano
123	H09071C	Num	4	MARKED.		Puerto Rican
124	H09071D	Num	4	MARKED.		Cuban
125	H09071E	Num	4	MARKED.		Other Spanish, Hispanic, or Latino
126	SRRACEA	Num	4	MARKED.		Race: White
127	SRRACEB	Num	4	MARKED.		Race: Black or African American
128	SRRACEC	Num	4	MARKED.		Race: American Indian or Alaska Native
129	SRRACED	Num	4	MARKED.		Race: Asian
130	SRRACEE	Num	4	MARKED.		Race: Native Hawaiian/other Pacific Isl.
131	SRAGE	Num	4	AGEGRP.		What is your age now
132	H09072	Num	4	MEDA.		Currently Covered Medicare Part A
133	H09073	Num	4	MEDB.		Currently Covered Medicare Part B
134	H09074	Num	4	MEDSUPP.		Currently Covered Medicare Supplemental
135	S09W01	Num	4	S09W01_.		Last ER trip for accdnt/injry or other hlth prblm
136	S09W02	Num	4	YNDNK.		Able to contact doctor before going to ER
137	S09W03	Num	4	YNDNK.		Doctor told you to go to the ER
138	S09W04	Num	4	YNDNK.		Tried to see or call a doctor before going to ER
139	S09W05	Num	4	YNDNK.		Places other than ER could have gone for trtmnt
140	S09W06	Num	4	S09W06_.		Why decide to go to ER rather than alternative
141	S09W07	Num	4	YNDNK.		Admitted to hospital for overnight stay
142	S09009	Num	4	YN.		Same prsnl doctor/nurse before this hlth plan
143	S09010	Num	4	PROB1_.		Prblm getting prsnl doctor/nurse you are happy with
144	S09B01	Num	4	MNTLHLTH.		Self rate of overall mental/emotional health
145	S09B02	Num	4	YN.		Lst yr: Needed treatmnt/cnslng-prsnl prob
146	S09B03	Num	4	PROB1_.		Lst yr: Prblm gttng needed treatmnt/cnslng
147	S09B04	Num	4	RATE5_.		Lst yr: Rate of treatmnt/cnslng received
148	S09K12	Num	4	DISAGREE.		Hlth plan cares more about money than needed trtmnt

Variables in Creation Order

#	Variable	Type	Len	Format	Informat	Label
149	S09K13	Num	4	DISAGREE.		Need to double check everything hlth plan does
150	S09K14	Num	4	DISAGREE.		Hlth plan will pay for everything it is supposed to
151	S09K15	Num	4	DISAGREE.		Hlth plan will give straight answer to a question
152	S09K16	Num	4	DISAGREE.		Complete trust in hlth plan
153	S09K01	Num	4	DISAGREE.		Hlth care prvdr cares more about his/her convenience
154	S09K02	Num	4	DISAGREE.		Hlth care prvdr is always thoughtful and through
155	S09K03	Num	4	DISAGREE.		Completely trust trtmnt decisions of hlth care prvdr
156	S09K04	Num	4	DISAGREE.		Hlth care prvdr is honest about trtmnt options
157	S09K05	Num	4	DISAGREE.		Complete trust in hlth care prvdr
158	S09B22	Num	4	S09B22_.		You or spouse been deployed to combat in past two yrs
159	S09B22A	Num	4	MARKED.		Deployed in the past year
160	S09B22B	Num	4	MARKED.		Deployed in the past two years
161	S09B22C	Num	4	MARKED.		Not deployed in the past two years
162	S09B23	Num	4	YN.		Past month: nightmares/thoughts you did not want
163	S09B24	Num	4	YN.		Past month: tried not to think about or be reminded
164	S09B25	Num	4	YN.		Past month: constantly on guard, watchful, or startled
165	S09B26	Num	4	YN.		Past month: felt numb or detached from others
166	S09N11	Num	4	S09N11_.		Prefer civilian or military facilities for hlth care
167	S09011	Num	4	AGREE2_.		Able to see my provider when needed
168	S09012	Num	4	S09012_.		Last visit: days btwn making appntmnt and seeing prvdr
169	S09013	Num	4	SATISFY.		Last visit: satisfaction with time waited for appntmnt
170	S09014	Num	4	SATISFY.		Last visit: satisfaction with hlth care received
171	ONTIME	Char	3			Responded Within 8 weeks of Mail-Out
172	FLAG_FIN	Char	5	\$FINAL.		Final Desposition
173	DUPFLAG	Char	3			Multiple Response Indicator
174	FNSTATUS	Num	8	FNSTATS.		Final Status
175	KEYCOUNT	Num	8			# Key Questions Answered
176	WEB	Num	8	WEB.		Web survey indicator
177	N1	Num	8			Coding Scheme Note 1
178	N2	Num	8			Coding Scheme Note 2
179	N3	Num	8			Coding Scheme Note 3

211	MISS_1	Num	8	HAMISS.		Count of: Violates Skip Pattern
212	MISS_4	Num	8	HAMISS.		Count of: Incomplete grid error
213	MISS_5	Num	8	HAMISS.		Count of: Scalable reponse of Don't know
214	MISS_6	Num	8	HAMISS.		Count of: Not applicable - valid skip
215	MISS_7	Num	8	HAMISS.		Count of: Out-of-range error
216	MISS_8	Num	8	HAMISS.		Count of: Multiple response error
217	MISS_9	Num	8	HAMISS.		Count of: No response - invalid skip
218	MISS_TOT	Num	8	HAMISS.		Total number of missing responses
219	XENRLMT	Num	8	ENROLL.		Enrollment in TRICARE Prime
220	XENR_PCM	Num	8	PCM.		Enrollment by PCM type
221	XINS_COV	Num	8	INSURE.		Insurance Coverage
222	XBENCAT	Num	8	XBENCAT.		Beneficiary Category
223	XENR_RSV	Num	8	XENRRSV.		Enrollment by PCM type - Reservist
224	XINS_RSV	Num	8	XINSRSV.		Insurance Coverage - Reservist
225	XREGION	Num	3	CREG.		XREGION - Region
226	XTNEXREG	Num	3	TNEX.		TNEX Region
227	USA	Num	3	USAMHS.		USA - USA/OCONUS Indicator
228	XOCONUS	Num	3	XOCONUS.		Overseas Europe/Pacific/Latin Indicator
229	OUTCATCH	Num	8	OCATCH.		Out of catchment area indicator
230	XSEX	Num	8	HASEX.		Male or Female - R
231	XBMI	Num	8			Body Mass Index
232	XBMICAT	Num	3	XBMICAT.		Body Mass Index Category
233	XBNFGRP	Num	8	XBGC_S.		Constructed Beneficiary Group
234	XSERVAFF	Num	3	XSERVAFF.		Service Affiliation
235	KMILOPQY	Num	8	HAGRID.		Outpat. visits-use Military fcilty most
236	KCIVOPQY	Num	8	HAGRID.		Outpat. visits-use Civilian fcilty most
237	KCIVINS	Num	8	HAYNN2_.		Beneficiary covered by civilian insurance
238	HP_PRNTL	Num	8	PRNTL.		Prgnt in 1st yr, receivd cre 1st trimstr
239	HP_MAMOG	Num	8	HAYNN.		Women 40>=, mammography in pst 2 yrs
240	HP_MAM50	Num	8	HAYNN.		Women 50>=, mammography in pst 2 yrs
241	HP_PAP	Num	8	HAYNN.		All women, Pap smear in last 3 yrs
242	HP_BP	Num	8	HAYNN2_.		Bld prsre chck in last 2 yrs, know rslts
243	HP_FLU	Num	8	HAYNN.		65 and older, flu shot in last 12 mnths
244	HP_OBESE	Num	8	HAYNN.		Obese/Morbidly obese
245	HP_SMOKE	Num	8	HAYNN.		Advised to quit smoking in last 12 mnths
246	HP_SMKH2	Num	8	SMOKE.		Smoker under HEDIS definition (modified)
247	HP_CESH2	Num	8	SMOKE.		Had smoking cessation counseling - HEDIS (modified)
248	XCATCH	Num	8			XCATCH - Catchment Area (Reporting)
249	POSTCELL	Char	5			ps cell for new wts - for all 4 quarters
