The goal of this forecast is to provide a dashboard of upcoming contracting opportunities. All projected procurements are subject to revision or cancellation. Final decisions on the extent of competition, small business participation, estimated value, or any aspect of the procurement action will not be made until each procurement is posted to Federal Business Opportunities (FEDBIZOPPS). Forecast data is for planning purposes only and is not a commitment by the Government to purchase the described products and/or services. Questions regarding a projected procurement should be addressed to the point of contact listed in the record.

The goal of this forecast is to provide a dashboard of upcoming contracting opportunities. All projected procurements are subject to revision or cancellation. Final decisions on the extent of competition, small business participation, estimated value, or any aspect of the procurement action will not be made until each procurement is posted to Federal Business Opportunities (FEDBIZOPPS). Forecast data is for planning purposes only and is not a commitment by the Government to purchase the described products and/or services. Questions regarding a projected procurement should be addressed to the point of contact listed in the record.
